Amalia - The Diary of Love - Bantam

There are many myths about serial killers: that they are all dysfunctional loners; all white males; only motivated by sex; that they all travel and operate across a wide area; cannot stop killing; are all insane, or evil geniuses; and that they all want to get caught. Of course, there are some serial killers who fit into these categories, but the married Green River Killer was not a dysfunctional loner; there are plenty of female and non-Caucasian serial killers; Dr Harold Shipman was certainly not motivated by sex; many serial killings (such as the Ipswich prostitute murders carried out by Steve Wright) happen within a confined area; the 'BTK Killer', Dennis Rader, stopped killing in 1991, but wasn't caught until fourteen years later. Many serial killers may have a low animal cunning, or be 'street smart', but few of them are Mensa-level geniuses. Each of the thirty cases covered here is unusual in some respect, perhaps in the way in which the killer carried out their crimes, the choice of victims, the way in which they were apprehended, or the method of their execution. The cases are presented alphabetically by country - from Australia via Colombia, Great Britain, Indonesia, Iran, South Africa and elsewhere to the United States - and then chronologically. They come from across history and from all over the world. The author has gone back as far as possible to contemporary source material - newspaper accounts, trial evidence, interviews with perpetrators or survivors - rather than rely on the increasingly blurred truth to be found online and in far too many collections.

"A witty rom-com reinvention ... with deeply relatable insights on family pressure and growing up." - Emily Wibberley and Austin Siegemund-Broka, authors of *Always Never Yours* and *If I'm Being Honest* "An adorable debut that updates a classic romantic trope with a buzzy twist." - Jenn Bennett, author of *Alex, Approximately* and *Serious Moonlight* A fresh, irresistible rom-com from debut author Emma Lord about the chances we take, the paths life can lead us on, and how love can be found in the opposite place you expected. One of *Forbes* Best YA of 2020 Meet Pepper, swim team captain, chronic overachiever, and all-around perfectionist. Her family may be falling apart, but their massive fast-food chain is booming — mainly thanks to Pepper, who is barely managing to juggle real life while secretly running Big League Burger's massive Twitter account. Enter Jack, class clown and constant thorn in Pepper's side. When he isn't trying to duck out of his obscenely popular twin's shadow, he's busy working in his family's deli. His relationship with the business that holds his future might be love/hate, but when Big League Burger steals his grandma's iconic grilled cheese recipe, he'll do whatever it takes to take them down, one tweet at a time. All's fair in love and cheese —

that is, until Pepper and Jack's spat turns into a viral Twitter war. Little do they know, while they're publicly duking it out with snarky memes and retweet battles, they're also falling for each other in real life — on an anonymous chat app Jack built. As their relationship deepens and their online shenanigans escalate — people on the internet are shipping them?? — their battle gets more and more personal, until even these two rivals can't ignore they were destined for the most unexpected, awkward, all-the-feels romance that neither of them expected.

A Novel Farrar, Straus and Giroux (BYR)

From the Man Booker Prize-nominated author of *Sleeping on Jupiter* and "one of India's greatest living authors" (*O, The Oprah Magazine*), a poignant and sweeping novel set in India during World War II and the present day about a son's quest to uncover the truth about his mother. In my childhood, I was known as the boy whose mother had run off with an Englishman. The man was in fact German, but in small-town India in those days, all white foreigners were largely thought of as British. So begins the "gracefully wrought" (*Kirkus Reviews*) story of Myshkin and his mother, Gayatri, who rebels against tradition to follow her artist's instinct for freedom. Freedom of a different kind is in the air across India. The fight against British rule is reaching a critical turn. The Nazis have come to power in Germany. At this point of crisis, two strangers arrive in Gayatri's town, opening up to her the vision of other possible lives. What took Myshkin's mother from India and Dutch-held Bali in the 1930s, ripping a knife through his comfortingly familiar universe? Excavating the roots of the world in which he was abandoned, Myshkin comes to understand the connections between the anguish at home and a war-torn universe overtaken by patriotism. Evocative and moving, "this mesmerizing exploration of the darker consequences of freedom, love, and loyalty is an astonishing display of Roy's literary prowess" (*Publishers Weekly*).

"Istanbul, Istanbul turns on the tension between the confines of a prison cell and the vastness of the imagination; between the vulnerable borders of the body and the unassailable depths of the mind. This is a harrowing, riveting novel, as unforgettable as it is inescapable." —Dale Peck, author of *Visions and Revisions* "A wrenching love poem to Istanbul told between torture sessions by four prisoners in their cell beneath the city. An ode to pain in which Dostoevsky meets *The Decameron*." —John Ralston Saul, author of *On Equilibrium*; former president, PEN International "Istanbul is a city of a million cells, and every cell is an Istanbul unto itself." Below the ancient streets of Istanbul, four prisoners—Demirtay the student, the doctor, Kamo the barber, and Uncle Küheylan—sit, awaiting their turn at the hands of their wardens. When they are not subject to unimaginable violence, the condemned tell one another stories about the city, shaded with love and humor, to pass the time. Quiet laughter is the prisoners' balm, delivered through parables and riddles. Gradually, the underground narrative turns into a narrative of the above-ground. Initially centered around people, the book comes to focus on the city itself. And we discover there is as much suffering and hope in the Istanbul above ground as there is in the cells underground. Despite its apparently bleak setting, this novel—translated into seventeen languages—is about creation, compassion, and the ultimate triumph of the imagination.

"Romantic and unforgettable." —Nicholas Sparks Two strangers take the road less traveled...

Heather Mulgrew's world is already mapped out: she is going to travel abroad with her friends after college, come back to a great career in September, and head into a life where not much is left to chance. But that was before an encounter on an overnight train introduces her to Jack, a passionate adventurer who changes the course of her journey and her life. Throwing Heather's careful itinerary to the wind, they follow Jack's grandfather's journal through post-World War II era Europe: Vienna, Budapest, Turkey—exotic places that serve only to heighten their feelings. As September looms, Jack urges Heather to stay with him, to keep traveling, to give in to the romance of their experience; Heather convinces him to return to the United States. Jack has a secret that could change everything. And Heather's world is about to be shaken to the core. J.P. Monninger's *The Map That Leads to You* is a breathtaking novel about love, loss, and the best-laid plans that are meant to be broken.

A Novel Translated from the Rumanian by A. V. Wise Simon and Schuster

A feel-good novel for fans of *A Man Called Ove* and *The Rosie Project*, about an eccentric, language-loving bachelor and the cat that opens his eyes to life's little pleasures *The Silver Linings Playbook* author Matthew Quick: "A delightfully absurd, life-affirming celebration. I literally stood up and cheered as I read the last page." When Samuel, a lonely linguistics lecturer, wakes up on New Year's Day, he is convinced that the year ahead will bring nothing more than passive verbs and un-italicized moments—until an unexpected visitor slips into his Barcelona apartment and refuses to leave. The appearance of Mishima, a stray, brindle-furred cat, becomes the catalyst that leads Samuel from the comforts of his favorite books, foreign films, and classical music to places he's never been (next door) and to people he might never have met (a neighbor with whom he's never exchanged a word). Even better, the Catalan cat leads him back to the mysterious Gabriela, whom he thought he'd lost long before, and shows him, in this international bestseller for fans of *The Rosie Project*, *The Solitude of Prime Numbers*, and *A Man Called Ove*, that sometimes love is hiding in the smallest characters.

The Art of Memoir Routledge

Bored with their work, three Milanese editors cook up "the Plan," a hoax that connects the medieval Knights Templar with other occult groups from ancient to modern times. This produces a map indicating the geographical point from which all the powers of the earth can be controlled—a point located in Paris, France, at Foucault's Pendulum. But in a fateful turn the joke becomes all too real, and when occult groups, including Satanists, get wind of the Plan, they go so far as to kill one of the editors in their quest to gain control of the earth. Orchestrating these and other diverse characters into his multilayered semiotic adventure, Eco has created a superb cerebral entertainment.

Credited with sparking the current memoir explosion, Mary Karr's *The Liars' Club* spent more than a

year at the top of the New York Times list. She followed with two other smash bestsellers: *Cherry and Lit*, which were critical hits as well. For thirty years Karr has also taught the form, winning teaching prizes at Syracuse. (The writing program there produced such acclaimed authors as Cheryl Strayed, Keith Gessen, and Koren Zailckas.) In *The Art of Memoir*, she synthesizes her expertise as professor and therapy patient, writer and spiritual seeker, recovered alcoholic and "black belt sinner," providing a unique window into the mechanics and art of the form that is as irreverent, insightful, and entertaining as her own work in the genre. Anchored by excerpts from her favorite memoirs and anecdotes from fellow writers' experience, *The Art of Memoir* lays bare Karr's own process. (Plus all those inside stories about how she dealt with family and friends get told—and the dark spaces in her own skull probed in depth.) As she breaks down the key elements of great literary memoir, she breaks open our concepts of memory and identity, and illuminates the cathartic power of reflecting on the past; anybody with an inner life or complicated history, whether writer or reader, will relate. Joining such classics as Stephen King's *On Writing* and Anne Lamott's *Bird by Bird*, *The Art of Memoir* is an elegant and accessible exploration of one of today's most popular literary forms—a tour de force from an accomplished master pulling back the curtain on her craft.

Based on a Navy SEAL's inspiring graduation speech, this #1 New York Times bestseller of powerful life lessons "should be read by every leader in America" (*Wall Street Journal*). If you want to change the world, start off by making your bed. On May 17, 2014, Admiral William H. McRaven addressed the graduating class of the University of Texas at Austin on their Commencement day. Taking inspiration from the university's slogan, "What starts here changes the world," he shared the ten principles he learned during Navy Seal training that helped him overcome challenges not only in his training and long Naval career, but also throughout his life; and he explained how anyone can use these basic lessons to change themselves—and the world—for the better. Admiral McRaven's original speech went viral with over 10 million views. Building on the core tenets laid out in his speech, McRaven now recounts tales from his own life and from those of people he encountered during his

military service who dealt with hardship and made tough decisions with determination, compassion, honor, and courage. Told with great humility and optimism, this timeless book provides simple wisdom, practical advice, and words of encouragement that will inspire readers to achieve more, even in life's darkest moments. "My predominant feeling is one of gratitude. I have loved and been loved. I have been given much and I have given something in return. Above all, I have been a sentient being, a thinking animal, on this beautiful planet, and that in itself has been an enormous privilege and adventure." —Oliver Sacks No writer has succeeded in capturing the medical and human drama of illness as honestly and as eloquently as Oliver Sacks. During the last few months of his life, he wrote a set of essays in which he movingly explored his feelings about completing a life and coming to terms with his own death. "It is the fate of every human being," Sacks writes, "to be a unique individual, to find his own path, to live his own life, to die his own death." Together, these four essays form an ode to the uniqueness of each human being and to gratitude for the gift of life. "Oliver Sacks was like no other clinician, or writer. He was drawn to the homes of the sick, the institutions of the most frail and disabled, the company of the unusual and the 'abnormal.' He wanted to see humanity in its many variants and to do so in his own, almost anachronistic way—face to face, over time, away from our burgeoning apparatus of computers and algorithms. And, through his writing, he showed us what he saw." —Atul Gawande, author of *Being Mortal*
