WERNER PAUL

Lessons in Classical Painting Titan Books (US, CA)
 A must-have reference book for today's artists and art students. Every artist needs to learn and master the still life. Written by a well-known artist and expert instructor, *The Art of Still Life* offers a comprehensive, contemporary approach to the subject that instructs artists on the foundation basics and advanced techniques they need for successful drawing and painting. In addition to Casey's stunning paintings, the work of over fifty past and present masters is included, so that the book will do double duty as a hardworking how-to manual and a visual treasure trove of some of the finest still life art throughout history and being created today.
45th Anniversary Edition 3dtotal Publishing
LumenPicturae is a pictorial guide to classical drawing as exemplified by the sublime work of the influential 17th century Dutch engraver Frederick de Wit. Presenting a carefully curated set of images never before seen outside of rare book archives, *Lumen Picturae* renders de Wits' incomparable figure drawings available to the public for the first time. In the tradition of Harold Speed's *The Practice and Science of Drawing*, Andrew Loomis's *Figure Drawing for All It's Worth*, Gottfried Bammes' *Der Nackte Mensch*, and George Bridgman's *Complete Guide to Drawing from Life*, the step-by-step visuals in *Lumen Picturae* are an indispensable handbook for visual artists both professional and amateur, and for readers of any age or language who want to incorporate the incomparable insight of classical Dutch figure studies into their drawing today.
Lessons in Life Drawing Watson-Guption
 A companion volume to *Lessons in Classical Drawing* and an atelier in book form, *Lessons in Classical Painting* breaks down the foundational skills and techniques of painting in a format that is accessible and manageable for all readers. With the same direct, easy-to-follow approach of Juliette Aristides's previous books, *Lessons in Classical Painting* presents aspiring artists with the fundamental skills and tools needed to master painting in the atelier style. With more than 25 years of experience in ateliers and as an art instructor, Aristides pairs personal examples and insights with theory, assignments and demonstrations for readers, discussions of technical issues, and inspirational quotes. After taking a bird's eye look at painting as a whole, Aristides breaks down painting into big picture topics like grisaille, temperature, and color, demonstrating how these key subjects can be applied by all painters.

Lessons in Classical Drawing (Enhanced Edition) Essential Techniques from Inside the Atelier/Potter/TenSpeed/Harmony
A Portrait of Lucian Freud Penguin
 Packed with helpful photographs, hundreds of techniques, and loads of expert instruction, *The Complete Book of Poses for Artists* is the perfect resource for artists of all skill levels. The human figure is one of the most difficult subjects to capture in drawing. *The Complete Book of Poses for Artists* combines photographs and illustrations that demonstrate how to accurately render the human form in hundreds of realistic poses using a variety of drawing media, including graphite pencil, charcoal, and pastel. The book guides artists through the process of drawing the human figure as it pertains to anatomy, proportions, volume, mass, gesture, movement, and expression. From there, the book reveals how these characteristics come together using light, shape, line, and form to accurately depict the human figure in a variety of everyday poses, including standing, sitting, reclining, and action. Each section features color photographs of people in several "core" poses (e.g., sitting, reclining, and action), as well as multiple variations of those poses. Step-by-step artist illustrations demonstrate how to render the core pose, whereas illustrations and professional tips demonstrate how to turn the core pose into a new variation. In addition, step-by-step drawing instructions and techniques demonstrate how to capture realistic poses as they differ from one person to the next across a range of human characteristics, such as age (child, teen, adult, senior citizen); body type (ectomorph, mesomorph, endomorph); gender; and activity (e.g., athlete, dancer, etc.). Packed with helpful photographs, hundreds of techniques, and loads of expert instruction, *The Complete Book of Poses for Artists* is the perfect resource for artists of all skill levels—and one that will be referred to over and over again.
A Contemporary Guide to Traditional Studio Practice Watson-Guption
 Collects never-before-published 19th- and 20th-century drawings with insight from drawing teachers from the Art Students League of New York.
A Classical Drawing Manual Gioffredi
 This comprehensive guide explores one of the great traditions of Western painting: alla prima, or direct, painting. Bold brushwork and a painterly surface are the hallmarks of this renowned technique, and one of the great masters of alla prima was Arthur DeCosta, the legendary Pennsylvania Academy of Fine Arts teacher. In *Alla Prima*, author Al Gury reveals the step-by-step lessons he learned in his years of study with DeCosta. From start to finish, with clear explanations of color mixing, palettes, drawing and layering, structure, brushwork, and more, Gury guides readers through the full alla prima process. Portraiture,

still life, figure, and landscapes are explored, all illustrated with the work of the greats, from Rubens, Rembrandt, and Velazquez, through Degas, Manet, and Cezanne, to Sargent and Whistler. Today alla prima is the ideal choice for artists who want to return to skill-based training yet retain a contemporary style—and *Alla Prima* is the perfect guide to the technique.
On Earth We're Briefly Gorgeous Watson-Guption
 Want to paint more like Manet and less like Jackson Pollock? Students of art hailed *Classical Drawing Atelier*, Juliette Aristides' first book, as a dynamic return to the atelier educational model. Ateliers, popular in the nineteenth century, teach emerging artists by pairing them with a master artist over a period of years. The educational process begins as students copy masterworks, then gradually progress to painting as their skills develop. The many artists at every level who learned from *Classical Drawing Atelier* have been clamoring for more of this sophisticated approach to teaching and learning. In *Classical Painting Atelier*, Aristides, a leader in the atelier movement, takes students step-by-step through the finest works of Old Masters and today's most respected realist artists to reveal the principles of creating full-color realist still lifes, portraits, and figure paintings. Rich in tradition, yet practical for today's artists, *Classical Painting Atelier* is ideal for serious art students seeking a timeless visual education.
Drawing Course Hansebooks
 Written by a well-known artist and best-selling art-instruction author with almost rock-star popularity in the contemporary world of representational art, *Beginning Drawing Atelier*, with its unique workbook/sketchbook approach, and high-quality paper, offers a comprehensive and contemporary twist on traditional Atelier art instruction practices. Atelier education is centered on the belief that working in a studio, not sitting in the lecture hall, is the best place to learn about art. Every artist needs to learn basic drawing skills. In this elegant and inspiring workbook, master contemporary artist and best selling author Juliette Aristides breaks down the drawing process into small, manageable lessons; presents them progressively; introduces time-tested principles and techniques in the Atelier tradition that are easily accessible; and shares the language and context necessary to understand the artistic process and create superior, well-crafted drawings. What makes this approach unique is the fact that it includes blank pages for copying and practicing within each lesson, facilitating traditional Atelier methods. Ateliers have produced the greatest artists of all time—and now that educational model is experiencing a renaissance. These studios, in a return to classical art training, are based on the nineteenth-century model of teaching artists by pairing them with a master artist over a period of years. Students begin by copying masterworks, then gradually progress to

painting as their skills develop. Beginning Drawing Atelier is like having an atelier in a book—and the master is Juliette Aristides, a classically trained artist. On every page, Aristides uses the works of Old Masters and today's most respected realist artists to demonstrate and teach the principles of realist drawing and painting, taking students step by step through the learning curve yet allowing them to work at their own pace. Unique and inspiring, the approach in this new book offers serious art courses for serious art students.

Vincent's Trees Watson-Guptill

An instant New York Times Bestseller! Longlisted for the 2019 National Book Award for Fiction, the Carnegie Medal in Fiction, the 2019 Aspen Words Literacy Prize, and the PEN/Hemingway Debut Novel Award Shortlisted for the 2019 Center for Fiction First Novel Prize Winner of the 2019 New England Book Award for Fiction! Named one of the most anticipated books of 2019 by Vulture, Entertainment Weekly, BuzzFeed, Los Angeles Times, Boston Globe, Oprah.com, Huffington Post, The A.V. Club, Nylon, The Week, The Rumpus, The Millions, The Guardian, Publishers Weekly, and more. "A lyrical work of self-discovery that's shockingly intimate and insistently universal...Not so much briefly gorgeous as permanently stunning." —Ron Charles, The Washington Post Poet Ocean Vuong's debut novel is a shattering portrait of a family, a first love, and the redemptive power of storytelling. On Earth We're Briefly Gorgeous is a letter from a son to a mother who cannot read. Written when the speaker, Little Dog, is in his late twenties, the letter unearths a family's history that began before he was born — a history whose epicenter is rooted in Vietnam — and serves as a doorway into parts of his life his mother has never known, all of it leading to an unforgettable revelation. At once a witness to the fraught yet undeniable love between a single mother and her son, it is also a brutally honest exploration of race, class, and masculinity. Asking questions central to our American moment, immersed as we are in addiction, violence, and trauma, but undergirded by compassion and tenderness, On Earth We're Briefly Gorgeous is as much about the power of telling one's own story as it is about the obliterating silence of not being heard. With stunning urgency and grace, Ocean Vuong writes of people caught between disparate worlds, and asks how we heal and rescue one another without forsaking who we are. The question of how to survive, and how to make of it a kind of joy, powers the most important debut novel of many years. Named a Best Book of the Year by: GQ, Kirkus Reviews, Booklist, Library Journal, TIME, Esquire, The Washington Post, Apple, Good Housekeeping, The New Yorker, The New York Public Library, Elle.com, The Guardian, The A.V. Club, NPR, Lithub, Entertainment Weekly, Vogue.com, The San Francisco Chronicle, Mother Jones, Vanity Fair, The Wall Street Journal Magazine and more!

Handbook of Drawing Penguin

The art of portraiture approached its apex during the sixteenth century in Europe with the discovery of oil painting when the old masters developed and refined techniques that remain unsurpassed to this day. The ascendance of nonrepresentational art in the middle of the twentieth century displaced these venerable skills, especially in academic art circles. Fortunately for aspiring artists today who wish to learn the methods that allowed the Old Masters to achieve the luminous color and subtle tonalities so characteristic of their work, this knowledge has been preserved in hundreds of small traditional painting ateliers that persevered in the old ways in this country and throughout the world. Coming out of this dedicated movement, Portrait Painting Atelier is an essential resource for an art community still recovering from a time when solid instruction in art technique was unavailable in our schools. Of particular value here is a demonstration of the Old Masters' technique of layering paint over a toned-ground surface, a process that builds from the transparent dark areas to the more densely painted lights. This method unifies the entire painting, creating a beautiful glow that illuminates skin tones and softly blends all the color tones. Readers will also find valuable instruction in paint mediums from classic oil-based to alkyd-based, the interactive principles of composition and photograph-based composition, and the anatomy of the human face and the key relationships among its

features. Richly illustrated with the work of preeminent masters such as Millet, Géricault, and van Gogh, as well as some of today's leading portrait artists—and featuring seven detailed step-by-step portrait demonstrations—Portrait Painting Atelier is the first book in many years to so comprehensively cover the concepts and techniques of traditional portraiture.

Figure It Out Lessons in Classical Drawing (Enhanced Edition) Essential Techniques from Inside the Atelier Ateliers have produced the greatest artists of all time—and now that educational model is experiencing a renaissance. These studios, a return to classical art training, are based on the nineteenth-century model of teaching artists by pairing them with a master artist over a period of years. Students begin by copying masterworks, then gradually progress to painting as their skills develop. Classical Drawing Atelier is an atelier in a book—and the master is Juliette Aristides, a classically trained artist. Unique and inspiring, Classical Drawing Atelier is a serious art course for serious art students.

The Art of Composition Harper Collins

Bestselling author Christopher Hart helps artists master the fundamentals of drawing natural-looking figures. Eschewing esoteric art poses, he portrays real-life gestures, such as standing, sitting, kneeling, and reclining, with arms folded, ankles crossed, hands on hips, and more, all shown from various angles. Hart also explores deeper concepts such as perspective, depth, shadows, and foreshortening, and provides step-by-step tutorials throughout."

The Artist's Complete Guide to Figure Drawing The Monacelli Press, LLC

Draw Natural and Believable Clothed Figures In Drawing People, award-winning illustrator and instructor Barbara Bradley provides all the information you need to render clothed human figures with energy, detail and control. Bradley begins by teaching the basics of any drawing, including proportion, perspective and value. Next, you'll learn how to overcome the special challenges posed by clothing, including fabric folds and draping effects. Bradley illustrates how they're constructed and how to draw them in different situations—on male and female figures that are active or at rest. These reliable, proven drawing techniques will add a natural feel to your art, resulting in figures that look as if they could walk, run or dance right off the page.

Classical Life Drawing Studio Sterling Publishing Company Incorporated

The practice of drawing...distilled to its essential elements. Embedded with videos, beautifully filmed in Florence, Italy, that provide real-time drawing lessons so that any gaps in the learning process are filled in with live instruction. In this elegant and inspiring primer, master contemporary artist and author Juliette Aristides breaks down the drawing process into small, manageable lessons; introduces time-tested principles and techniques that are easily accessible; and shares the language and context necessary to understand the artistic process and create superior, well-crafted drawings.

A Contemporary Perspective On the Classical Tradition The Monacelli Press, LLC

A book whose sales have not diminished but rather increased dramatically since its publication 45 years ago, this bestselling classic is the ultimate manual of drawing taught by the late Robert Beverly Hale, who's famed lectures and classes at New York City's Art Student League captivated artists and art educators from around the world. Faithfully producing and methodically analyzing 100 master drawings—including works of Michelangelo, Leonardo da Vinci, Rodin, Goya, and Rembrandt among others—Hale shows how these artists tackled basic problems such as line, light and planes, mass, position and thrust, and anatomy. With detailed analytical captions and diagrams, every lesson is clearly delineated and illustrated. Throughout, also, is commentary that sheds light on the creative process of drawing and offers deep insight into the unsurpassed achievements of the masters.

Figure Drawing Atelier Penguin

Revel in the luminous and vibrant qualities of pastel with Ellen Eagle's essential course in the history, techniques, and practices of the medium. In this comprehensive yet intimate guide, Eagle explores pastel's rich but relatively unexamined past, reveals her own personal influences and approaches, and guides you toward the discovery and mastery of your own vision. In Pastel Painting Atelier, you will find: • Advice on basic materials: guidance on building, storing, and organizing a collection of pastels; choosing the right paper; and the importance of experimentation • Studio practice suggestions: ideas for creating your ideal working environment and recipes for making your own pastels and supports • Study of the working process: lessons on proportion, gesture, composition, color, application, identifying and correcting problems, and recognizing when a work is finished • Meditation on subject: cues for extrapolating the subtle details, presence, and temporal features of whatever you choose to paint • Step-by-step demonstrations: Eagle's acute insights into her own works as they progress A magnificent selection of works by masters such as James Abbott McNeill Whistler, Rosalba Carriera, Mary Cassatt, and Eugene Delacroix augment this guide, as do works by contemporary artists including Harvey Dinnerstein, Elizabeth Mowry, and Daniel Massad. Aimed at serious artists, this guide enlightens, instructs, and inspires readers to create brilliant and sensitive works in the historic medium of pastel.

An Instructional Sketchbook Knopf

Drawing the Nude presents an exciting approach to drawing the human body. Divided into three parts, on structure, anatomy and observation, it introduces a set of principles and develops a treasury of ideas for the artist to follow. Whilst recognizing the importance of observation, it focuses more on a conceptual understanding of the construction of the body in anatomical terms. In doing so, it encourages the cultivation of more informed observation and accommodates those who work from memory, imagination and invention. Contents: the drawing of elementary forms that can then be distorted, transformed and combined, leading on to compound forms; explains the use of light and shadows to express form; explains the gesture of the figure through short drawings that analyse the flow of movement through the body; studies the musculo-skeletal form and provides a set of tools for analysing its parts; uses direct and concise drawings, alongside images of digital sculptures of human anatomy; gives practical instruction relevant to both the novice and the experienced figure artist, as well as those working within the visual effects and game industries. Superbly illustrated with 199 images that include digital sculptures of human anatomy and concise drawings.

Classical Drawing Atelier Walter Foster

The illustrator Andrew Loomis (1892-1959) is revered among artists - including comics superstar Alex Ross - for his mastery of figure drawing and clean, Realist style. His hugely influential series of art instruction books have never been bettered, and Figure Drawing is the first in Titan's programme of facsimile editions, returning these classic titles to print for the first time in decades.

Portrait Painting Atelier Watson-Guptill

In order for economic specialization to develop, it is important that well-defined property rights are established and that suspicion and fear of fraud do not pervade transactions. Such conditions cannot be created ex abrupto, but must somehow evolve. What needs to develop is not only suitable practices and rules themselves, but also the public agencies and moral environment without which generalized trust is difficult to establish. The cultural endowment of societies as they have developed over their particular histories is bound to play a major role in this regard, and the matter of cultural endowment is one of the central themes of this book. On the other hand, division of labour does not only require well-enforced property rights and trust in economic dealings. It is also critically conditioned by the thickness of economic space, itself dependent on population density. This provides the second major theme of the volume: market development, including the development of private property rights is not possible, or will remain very incomplete, if populations are thinly spread over large areas of land. The book makes special reference to sub-Saharan Africa.
