JASLYN DANIKA

Popol Vuh Back Up Books Human Rights Press

This is the story of how the Mayan glyphs found in the ancient ruins of Copan and other Mayan sites have been deciphered within the last 20 years. Michael Coe worked with all the leading players in this field. Although the Mayan cities were discovered a century and a half ago, the field of Mayan scholarship was dominated by scholars who had a dogmatic approach to the decipherment.

The Tombs Mitchell Lane Pub Incorporated

***Featuring contributors such as: John Edward, Char Margolis,

Sandy Anastasia, Rick Levine, Glynis McCants, Mark Van Stone, Mary Jo McCabe, Gahl Sasson, Dr. Alicia Tisdale, Maggie Kerr, Kala Ambrose, Mirabai Devi, Linda West, Derek O'Neill, Alan Oken , John Holland and Austyn Wells.*** For the past forty years there have been a growing number of people who believe that nothing less than a cataclysmic change is coming in the evolution of Mankind. From the dawning of the Age of Aquarius to cosmic forces—read Aliens—coming to engineer our DNA, to the doomsday scenarios triggered by the end of the Mayan calendar, there have been those who are sure that the world as we know it is coming to an end. And soon. But that cataclysmic end has not (de)materialized, or has it? In 2012 new data was discovered in Guatemala that gives us concrete evidence of a new paradigm concerning the Mayans and their calendar. We are now faced

with the idea that perhaps we aren't staring at Armageddon but stand in the middle of a 33-year transformative process. While the Mayans might have seen a change for humanity it isn't an ending per se. And if there is change, why does that change need to imply destruction? Couldn't it be an opportunity for mankind to assess their place in the universe and engage in a positive rebirth in a new era? Beyond The Mayan Prophecy posits that our modern day weakness or confusion can be attributed to a less spiritual way of thinking. Perhaps our left side brain thinking has held us back from discovering and accepting higher planetary secrets for centuries. To move forward with more balanced understanding, Paul Shavelson, a multi-media story teller and former Executive Producer of the hit psychic television show CROSSING OVER, has spent the last decade exploring the world of psychics and mystics. Paul has assembled a "psychic dream team" to decode the past and to predict the future. With famed metaphysical experts such as Char Margolis, Rick Levine, Maggie Kerr, Alan Oken, and Numerologist Glynis McCants, Paul covers everything from alien communication to instant collective thinking (The Collective Unconscious) being cultivated on the internet. The dialogue and interviews will be discussed through sidebars by psychic medium, author, and TV personality, John Edward, who also provides the forward, and afterword of this provocative subject. With positive energy and a willingness to have us think outside the box (and a personal journey by the author that brings an unexpected and moving aspect to the experience), Beyond The Mayan Prophecy is an entertaining, thought provoking work that will let the reader embrace why the second half of this transition could be remarkable and inspiring.

The Eye of Heaven Capstone

Raised on a Native American reservation in New Mexico, Martin Prechtel wandered as a young man throughout the landscapes of Mexico and Guatemala. Drawn in his dreams to the traditional Mayan community of Santiago Atitlan, he carved a life for himself among the villagers. Though an outsider himself, Prechtel was adopted as an apprentice by a powerful ancient Shaman. He married a Mayan woman and became a village chief and famous Shaman in his own right - entrusted with the rich legacy of Atitlan's ancient Mayan heritage and its deepest spiritual traditions.

The Sacred Secret of the Maya, Egyptians, and Freemasons Simon and Schuster

Treasure hunting husband-and-wife team Sam and Remi Fargo must protect a discovery that redefines Toletec history in this high-stakes adventure from the #1 New York Times–bestselling author. Baffin Island: Sam and Remi Fargo are on a climate-control expedition in the Arctic, when to their astonishment they discover a Viking ship in the ice, perfectly preserved—and filled with pre-Columbian artifacts from Mexico. How can that be? As they plunge into their research, tantalizing clues about a link between the Vikings and the legendary Toltec feathered serpent god Quetzalcoatl—and a fabled object known as the Eye of Heaven—begin to emerge. But so do many dangerous people. Soon the Fargos find themselves on the run through jungles, temples, and secret tombs, caught between treasure hunters, crime cartels, and those with a far more personal motivation for

stopping them. At the end of the road will be the solution to a thousand-year-old mystery—or death.

Journey of the Pharaohs Three Rivers Press

Clive Cussler introduces Sam and Remi Fargo in *Spartan Gold*. An ancient treasure stolen by Xerxes the Great . . . Discovered by Napoleon Bonaparte . . . The clues to its hidden location lost until now . . . Adventurers and treasure hunters Sam and Remi Fargo are on a wild-goose chase. Up to their waists in the Great Pocomoke Swamp in Maryland, they're hunting for lost gold. What they find instead is a small Second World War German U-boat. Inside the submarine they find a body - and a puzzling, incredibly rare bottle of wine. This bottle was one of twelve taken from Napoleon's 'lost cellar'. But it is also a clue to a fabulous, ancient treasure. One that Hadeon Bondaruk - a half-Russian, half-Persian millionaire - will do anything to get his hands on. For he claims descent from treasure's one-time owner. It will be his, no matter who stands in his way . . . Clive Cussler, author of the celebrated Dirk Pitt novels *Arctic Drift* and *Crescent Dawn*, presents his newest series, following the adventures of treasure hunters Sam and Remi Fargo - beginning with *Spartan Gold*. Praise for Clive Cussler: 'The guy I read' Tom Clancy

Mystery of the Maya Bellwether Media

Mayan daykeeper Hunbatz Men reveals the multi-calendar system of the Maya that guided the lives of his ancestors and how it can guide us today • The first book to reveal the secrets of the Mayan Pleiades calendar: the Tzek'eb • Explains how the Maya used their astronomical knowledge to guide their lives on Earth The Mayan Calendar has taken on special prominence with the imminent arrival of 2012, a date that many claim is the end

of that calendar. However, as Mayan elder and daykeeper Hunbatz Men shows, the cosmological understanding of his ancestors was so sophisticated that they had not one, but many calendars, each based on the cycles of different systems in the cosmos. In this book he reveals for the first time the Tzek'eb, or Pleiades, Calendar of 26,000 years, which charts the revolution of our solar system around Alcyone, the central star of the Pleiades system. He also discusses the K'uuk'ulcan Calendar of the 4 seasons of the solar year and the wheel of the K'altunes Calendar, which is composed of 13 cycles of 20 years each that form a calendar of 260 years. In traditional Mayan culture the computation of time was not determined by simple economic or social motives. The calendars served the higher purpose of synchronizing the lives of human beings and their societies to the great cosmic pulsation, to the rhythm of the annual seasons, and to the other cycles that dictate changes upon Earth. Mayan understanding of the cosmic cycles was so exact that this knowledge could be used to influence all stages of life--from planning when to conceive (parents could choose not only the sex of their child but its vocation and future destiny) to plotting out the course of the entire society. Pyramids played a crucial role in applying this wisdom because, as Hunbatz Men shows, they were able to produce and transform energy in accordance with the cosmic cycles charted by the calendars. This book reveals for the first time the wisdom of the multi-calendar Mayan system and how it can help guide our modern world.

The Order of Days Harper Collins

Discover What the Prophecy of 2012 Means for Your Life According to the Mayan Elders, at the moment of birth every

human being is given a destiny. Our life challenge is to develop ourselves and our skills in order to fulfill this destiny, thus fueling our individual contribution to the planet. At the heart of *The Book of Destiny* is the sacred Mayan calendar, an extraordinary tool that allows the reader to discover this destiny, along with one's special Mayan symbol, origin, as well as the protection spirits that accompany them through life. Poetically narrated, the book describes how the calendar contains the scientific legacy of the Mayan people, preserved and transmitted over the centuries through oral tradition and written texts. Written at the request of the Mayan Elders, by member of the Guatemalan Elders Council and Mayan Priest Carlos Barrios, *The Book of Destiny* is a tool to help people understand their life purpose and to use this profound knowledge to make the best of their time on earth.

The Mayan Civilization St. Martin's Griffin

An engaging study that reveals sacred teachings that the Mayan priesthood hid from Spanish conquistadores in Mexico in 1519. The author explores the scientific and spiritual principles underlying the ancient glyphs, numbers, and language of the Maya.

The Gray Ghost Capstone

Unlock the mysteries of the Mayan world. Deep in the rain forests of South and Central America, the Mayan culture thrived for almost 4,000 years. From the earliest Mayan farmer in 2,600 BC through the thirteenth century AD, the Maya developed an elaborate society, built great cities and temples, and created the only real system of writing native to the Americas. Although many of the intricacies of the Mayan culture remain shrouded in mystery, hundreds of new discoveries have come to light in

recent years, and our body of knowledge about the Maya has grown by leaps and bounds. Now, the most fascinating new discoveries have been compiled into one volume: *Secrets of the Maya*, a book from the editors of *Archaeology Magazine*. From the discovery of ancient caves used for religious rituals—including human sacrifice—to the search for the long-lost "White City," *Secrets of the Maya* will take readers on an exciting and surprising archaeological journey. Featuring articles on the latest research, a comprehensive time line, and a special section on Mayan hieroglyphs, *Secrets of the Maya* will appeal to experts and amateurs alike.

The Mayan Secrets Palgrave Macmillan

The Native American guide is hunted for her knowledge in this "tour de force" thriller from the New York Times–bestselling author of *Vanishing Act* (Kirkus Reviews, starred review). Jane Whitefield of the Seneca Nation has spent years helping desperate people disappear. But now she is about to become the hunted one. When James Shelby is unjustly convicted of his wife's murder, Jane spirits him out of the heavily guarded criminal court building in downtown Los Angeles. Then, within minutes, Jane is kidnapped. The person who killed Shelby's wife now wants him dead, and Jane's captors will put her through excruciating torment to discover his whereabouts. Though Jane manages to escape, she is wounded and weak, thousands of miles from home without money or identification . . . and hunted by both police and criminals. Attempting to rejoin Shelby and get to safety, Jane is caught in a waking nightmare, as many of the pursuers she has eluded for years gather to bid on her capture in a multimillion-dollar auction. The winning bidder buys the chance to access

Jane's memory, and the locations of everyone she has helped disappear. "Fans of Jane Whitefield know what to expect from this fearless Indian guide in Thomas Perry's quick-witted capers: cunning strategies, clever disguises, ingenious escape tactics and breathtaking cross-country chases. Perry delivers to order in *Poison Flower*." —Marilyn Stasio, *The New York Times Book Review*

Secrets of the Maya Picador

Husband-and-wife treasure hunters Sam and Remi Fargo run afoul of a dangerous dictator in this adventure in the #1 *New York Times*-bestselling series. While scuba diving in Tanzania, Sam and Remi Fargo come upon a relic belonging to a long-lost Confederate ship. An anomaly about the relic sets them off chasing a mystery—but unknown to them, a much more powerful force is engaged in the same chase. Mexico's ruling party, the ultranationalist Mexica Tenochca, is intent on finding that artifact as well, because it contains a secret that could destroy the party utterly. Through Tanzania and Zanzibar, into the rainforests of Madagascar, and across the Indian Ocean to Indonesia and the legendary site of the 1883 Krakatoa explosion, the Fargos and their ruthless opponents pursue the hunt—but only one can win. And the penalty for failure is death.

The Mayan Secrets Choose Your Own Adventure

The Mayans are remembered today for their beautiful pyramid temples. But this ancient civilization had many other innovations! This fact-filled title explores the underground reservoirs, rubber creations, and astronomy studies of ancient Maya. Engaging text and vivid images combine with special features such as profiles of gods and leaders, a cause and effect graphic, a time and place

matrix, and a timeline to take readers on a journey to the past!

Ancient Maya Penguin

The Maya forged one of the greatest societies in the history of the ancient Americas and in all of human history. Long before contact with Europeans, Maya communities built spectacular cities with large, well-fed large populations. They mastered the visual arts, and developed a sophisticated writing system that recorded extraordinary knowledge in calendrics, mathematics, and astronomy. The Maya achieved all this without area-wide centralized control. There was never a single, unified Maya state or empire, but always numerous, evolving ethnic groups speaking dozens of distinct Mayan languages. The people we call "Maya" never thought of themselves as such; yet something definable, unique, and endlessly fascinating - what we call Maya culture - has clearly existed for millennia. So what was their self-identity and how did Maya civilization come to be "invented?" With the Maya historically subdivided and misunderstood in so many ways, the pursuit of what made them "the Maya" is all the more important. In this Very Short Introduction, Restall and Solari explore the themes of Maya identity, city-state political culture, art and architecture, the Maya concept of the cosmos, and the Maya experience of contact with including invasion by outsiders. Despite its brevity, this book is unique for its treatment of all periods of Maya civilization, from its origins to the present.

Buried Secrets HarperThorsons

The present world will end on 22nd December 2012, so prophesied the Maya 5000 years ago in their inscriptions deep within the Central American rainforests. Who were the Maya? Where did they come from and why did they suddenly disappear?

Will we suffer floods, volcanic eruptions and chaos in 2012?

We Were Taught to Plant Corn, Not to Kill Penguin

Treasure-hunting team Sam and Remi Fargo must protect a book that could help locate lost Mayan cities in this adventure in the #1 New York Times bestselling series. Husband-and-wife team Sam and Remi Fargo are in Mexico, packing medical supplies in the wake of an earthquake, when they come upon a remarkable discovery—the mummified remains of a man clutching an ancient sealed pot. Within the pot is a Mayan book, a codex larger than any known before. The book contains astonishing information about the Mayans, their cities, and about mankind itself. The secrets are so powerful that some people would do anything to possess them—as the Fargos are about to find out. Many men and women are going to die for that book.

The Pleiadian Cycle and the Key to Destiny Oxford University Press

An exposé of Guatemala's genocidal campaign against the Maya in the late 1970s and mid-1980s documents the massacres and displacements that took place as well as the experiences of Maya survivors seeking justice and healing.

The Mayan Secrets Free Preview Rowman Altamira

Exploring Maya Ritual Caves offers a rare survey and explication of most of the known ancient Maya ritual caves in Mexico, Guatemala, and Belize. The caves were the Maya underworld, where rituals, including animal and human sacrifice, were carried out. The Maya cave cult and mythology, construction and modification of the caves, and cult art and artifacts are discussed. Chládek, an intrepid explorer, then describes important caves that he has recently visited and provides photos of their wonders.

Lost City of the Incas Penguin

Retells the stories from the mythology of the K'iche' Indians which were written down and preserved after the Spanish conquest of Guatemala. Reprint.
