Resumen: El ritmo, entendido como un principio dinámico que rige el mundo circundante, posee un sinnúmero de definiciones e ilustraciones propias de los múltiples espacios por entre los cuales podemos rastrear la noción en cuestión. Es posible encontrar una definición común para tales enfoques, la cual se pone en evidencia cuando consideramos el mismo desde su perspectiva etimológica y su condición fluctuante (no métrica), y que plantea éste como la forma y el movimiento que se abstrae de la disposición particular de unos elementos sobre un plano espaciotemporal. La

música, la pintura, la danza, el cine, entre otras muchas disciplinas y ámbitos está inmerso, de manera general, dentro de esta definición. En el terreno del lenguaje, el ritmo puede ser previsto tanto como el hilo conductor que guía la construcción de sentido al interior del discurso, como el efecto sensitivo que logran generar ciertas disposiciones particulares de elementos gramaticales. La primera forma de aparición está gobernada por las leyes del contenido y configuración de ideas, la segunda tiende a ser el resultado directo de la utilización de ornamentos estéticos y/o retóricos en la construcción del

discurso. Desde una posición histórica, ambos tipos de ritmo han sido encasillados dentro de las respectivas formas del lenguaje a las que se ciñe el discurso en lo regular, y que conocemos por el nombre de prosa y verso. En efecto, el ritmo semántico es propio de las obras en prosa, mientras que el ritmo estético o de sensación supone una particularidad de la obra en verso. La combinación de ambos tipos de ritmos dentro de una misma obra, tiende a dar paso a una serie de fenómenos aleatorios a los propios géneros a los cuales se inscribe la obra en un principio. En este conjunto de fenómenos rítmicos se encuentra lo que en palabras de Julio Calviño conocemos por ritmo prosístico. Éste, nace en el momento mismo en que una novela o el formato de una novela, acoge una serie de ornamento.

Book Awards--Richard Miller, Alastair Reid, Eliot Weinberger--cited Clayton Eshleman and Jose Rubia Barcia's translation of Cesar Vallejo's *The Complete Posthumous Poetry* as follows: "This, the first National Book Award to be given to a translation of modern poetry, is a recognition of Clayton Eshleman's seventeen-year apprenticeship to perhaps the most difficult poetry in the Spanish language. Eshleman and his present collaborator, Jose Rubia Barcia, have not only rendered these complex poems into brilliant and living English, but have also established a definitive Spanish test based on Vallejo's densely rewritten manuscripts. In recreating this modern master in English, they have also made a considerable addition to poetry in our language."

Grappling with his son's death, the painter David explores his grief through art and writing, etching out the rippled landscape of his loss. Over twenty years after his son's death, nearly blind and unable to paint, David turns to writing to examine the deep shades of his loss. Despite his acute pain, or perhaps because of it, David observes beauty in the ordinary: in the resemblance of a woman to Egyptian portraits, in the horseshoe crabs that wash up on Coney Island, in the foam gathering behind a ferry propeller; in these moments, González reveals the world through a painter's eyes. From one of

Colombia's greatest contemporary novelists, *Difficult Light* is a formally daring meditation on grief, written in candid, arresting prose.

Bogotá ya no es la misma... su imagen ha cambiado y por eso se hace necesario comprender las fuerzas que han producido dicho cambio. Este libro, *Bogotá, el cielo está roto*, indaga la relación literatura-ciudad a través del estudio de las prácticas urbanas de los personajes de *Opio en las nubes* (1992) de Rafael Chaparro Madiedo. El propósito es analizar las experiencias de habitar la ciudad que ellos tienen y las imágenes fruto de esas experiencias, con miras a entender los imaginarios de Bogotá que subyacen en sus páginas. Por ello, se estudia la ciudad de esta novela para explicar cómo la relación entre el narrador y su discurso por la urbe ayuda a entender las facetas que surgen de la misma, no solo como representaciones que pretenden describirla, sino como imágenes que la transforman, la modifican y le dan una nueva visión."

This volume considers the influential revival of ancient philosophical skepticism in the 16th and early 17th centuries and investigates, from a comparative perspective, its reception in early modern English, Spanish and French drama, dedicating detailed readings to plays by Shakespeare, Calderón, Lope de Vega, Rotrou, Desfontaines, and Cervantes. While all the plays employ similar dramatic devices for "putting skepticism on stage", the study explores how these dramas, however, give different "answers" to the challenges posed by skepticism in relation to their respective historico-cultural and "ideological" contexts.

#1 NEW YORK TIMES BESTSELLER
GOODREADS CHOICE AWARD WINNER FOR MYSTERY/THRILLER An addictive novel of psychological suspense from the author of #1 New York Times bestseller and global phenomenon *The Girl on the Train* and *A Slow Fire Burning*. "Hawkins is at the forefront of a group of female authors . . . who have reinvigorated the literary suspense novel by tapping a rich vein of psychological menace and social unease... there's a certain solace to a dark escape, in the promise of submerged truths coming to light." —Vogue A single mother turns up dead at the bottom of the river that runs through town. Earlier in the summer, a vulnerable teenage girl met the same fate. They are not the first women lost to these dark waters, but their deaths disturb the river and its history, dredging up secrets long submerged. Left behind is a lonely fifteen-year-old girl. Parentless

and friendless, she now finds herself in the care of her mother's sister, a fearful stranger who has been dragged back to the place she deliberately ran from—a place to which she vowed she'd never return. With the same propulsive writing and acute understanding of human instincts that captivated millions of readers around the world in her explosive debut thriller, *The Girl on the Train*, Paula Hawkins delivers an urgent, twisting, deeply satisfying read that hinges on the deceptiveness of emotion and memory, as well as the devastating ways that the past can reach a long arm into the present. Beware a calm surface—you never know what lies beneath.

Staging Doubt Routledge

This book is the first that describes the practices of any stock exchange; it makes evident a high development of practices, with puts, calls, pools, and manipulations; and it appeared as early as the seventeenth century. Not inappropriately the stock exchange described is that of Amsterdam, a city which at the date of the volume's publication —1688— was still the leading financial center of the world. The book, to be sure, is hardly a

systematic account of the institution; the author pursued moral, philosophical, and rhetorical objectives, and, while saying a lot that seems now to be of little value, manages somehow to leave unsaid a great deal that would be of interest for us. Nevertheless, it represents, even in its peculiar form, a really important source of information about the stock exchange, and indeed about the Dutch business world of that period.

En las obras de Laura Restrepo es relevante la construcción de sujeto que hacen mujeres, hombres y homosexuales inmersos en unas dinámicas de poder ya sean individuales, colectivas, centrales o subsidiarias; porque es desde cada individuo que se gestan los hechos históricos. Partiendo de esta propuesta, se

considera la reflexión sobre el sujeto indispensable para abordar las obras de la autora, ya que es en la formación de este ser particular donde se gesta la conexión entre Ficción e Historia, y por lo tanto desde donde se configura la metáfora con la "realidad" del mundo de referencia. I. V. O.

But when reality shifts, so does Jacob, mutating into another person entirely.
