HARTMAN LIN

The World Book Encyclopedia HarperCollins

Italo Calvino's beloved, intricately crafted novel about an Emperor's travels—a brilliant journey across far-off places and distant memory. "Cities, like dreams, are made of desires and fears, even if the thread of their discourse is secret, their rules are absurd, their perspectives deceitful, and everything conceals something else." In a garden sit the aged Kublai Khan and the young Marco Polo—Mongol emperor and Venetian traveler. Kublai Khan has sensed the end of his empire coming soon. Marco Polo diverts his host with stories of the cities he has seen in his travels around the empire: cities and memory, cities and desire, cities and designs, cities and the dead, cities and the sky, trading cities, hidden cities. As Marco Polo unspools his tales, the emperor detects these fantastic places are more than they appear.

Aeneid Palala Press

One of the most visited places in the world, Rome attracts millions of tourists each year to walk its storied streets and see famous sites like the Colosseum, St. Peter's Basilica, and the Trevi Fountain. Yet this ancient city's allure is due as much to its rich, unbroken history as to its extraordinary array of landmarks. Countless incarnations and eras merge in the Roman cityscape. With a history spanning nearly three millennia, no other place can quite match the resilience and reinventions of the aptly nicknamed Eternal City. In this unique and visually engaging book, Jessica Maier considers Rome through the eyes of mapmakers and artists who have managed to capture something of its essence over the centuries. Viewing the city as not one but ten "Romes," she explores how the varying maps and art reflect each era's key themes. Ranging from modest to magnificent, the images comprise singular aesthetic monuments like paintings and grand prints as well as more popular and practical items like mass-produced tourist plans, archaeological surveys, and digitizations. The most iconic and important images of the city appear alongside relatively obscure, unassuming items that have just as much to teach us about Rome's past. Through 140 full-color images and thoughtful overviews of each era, Maier provides an accessible, comprehensive look at Rome's many overlapping layers of history in this landmark volume. The first English-language book to tell Rome's rich story through its maps, *The Eternal City* beautifully captures the past, present, and future of one of the most famous and enduring places on the planet.

Engineering the Eternal City CreateSpace

Rome Canongate Books

The magnificent and definitive history of the Eternal City, narrated by a master historian. Why does Rome continue to exert a hold on our imagination? How did the "Caput mundi" come to play such a critical role in the development of Western civilization? Ferdinand Addis addresses these questions

by tracing the history of the "Eternal City" told through the dramatic key moments in its history: from the mythic founding of Rome in 753 BC, via such landmarks as the murder of Caesar in 44 BC, the coronation of Charlemagne in AD 800 and the reinvention of the imperial ideal, the painting of the Sistine chapel, the trial of Galileo, Mussolini's March on Rome of 1922, the release of Fellini's *La Dolce Vita* in 1960, and the Occupy riots of 2011. City of the Seven Hills, spiritual home of Catholic Christianity, city of the artistic imagination, enduring symbol of our common European heritage—Rome has inspired, charmed, and tempted empire-builders, dreamers, writers, and travelers across the twenty-seven centuries of its existence. Ferdinand Addis tells this rich story in a grand narrative style for a new generation of readers.

The Fall of the Roman Empire W. W. Norton & Company

A future archeologist finds the remnants of a mysterious ancient people—us—in a wry satire that is "a marvel of imagination and . . . wonderfully illustrated" (*The New York Times*). It is the year 4022, and the entire ancient country of Usa has been buried under many feet of detritus from a catastrophe that occurred back in 1985. Howard Carson, an amateur archeologist, is crossing the perimeter of an abandoned excavation site when he feels the ground give way beneath him. Suddenly, he finds himself at the bottom of a shaft, which, judging from the DO NOT DISTURB sign hanging from an archaic doorknob, is clearly the entrance to a still-sealed burial chamber. Carson's incredible discoveries, including the remains of two bodies, one laid to rest on a ceremonial bed facing an altar that appeared to be a means of communicating with the Gods and the other lying in a porcelain sarcophagus in the Inner Chamber. These dramatic discoveries give Carson all the clues he needs to piece together the entire civilization—which he gets utterly wrong. The acclaimed author and illustrator of *Castle and Pyramid*, David Macaulay presents a wonderfully tongue-in-cheek satire of both historical presumption and American self-importance.

SPQR: A History of Ancient Rome Clarkson Potter

At its most expansive, the Roman Empire stretched from the British Isles to Egypt; Rome was the ancient world's greatest superpower. *Roman Architecture: A Visual Guide* is an illustrated introduction to the great buildings and engineering marvels of Rome and its empire. Published as a companion volume to Diana E. E. Kleiner's course on Roman Architecture given through Coursera (first offered in January 2014 but based on a class she has long taught at Yale), this enhanced e-book explores not only Rome but also buildings preserved at Pompeii, Herculaneum, Ostia, Tivoli, North Italy, Sicily, France, Spain, Germany, Greece, Turkey, Croatia, Jordan, Lebanon, and North Africa. Beginning with the birth of Rome as an Iron Age village, *Roman Architecture* traces the growth and expansion of the Roman Empire through its cities, which featured civic, religious, commercial, entertainment, and residential districts in the urban setting. A valuable resource for both the student and the traveler, *Roman Architecture* features over 250 photographs and site plans of the most intriguing and consequential buildings in the Roman Empire. These are presented from the fresh perspective of an author who has journeyed to nearly all of the sites, revealing most of them through her own digital images. In addition, this interactive e-book makes learning about these

monuments easier than ever, with handy maps and geolocation links that show you just where the monuments are and, if you're traveling, how to get there. Suitable for the classroom and as a guidebook, Roman Architecture is a fascinating introduction to some of history's most compelling and influential architecture.

The Rise and Fall of the House of Caesar Loeb Classical Library

Paul was the most influential figure in the early Christian church. In this epistle, written to the founders of the church in Rome, he sets out some of his ideas on the importance of faith in overcoming mankind's innate sinfulness and in obtaining redemption. With an introduction by Ruth Rendell

Nero and the Fire That Ended a Dynasty Random House Digital, Inc.

Shows how Europe's barbarians, strengthened by centuries of contact with Rome on many levels, turned into an enemy capable of overturning and dismantling the mighty Empire.

The Novel of Ancient Rome Yale University Press

Four Lost Cities: A Secret History of the Urban Age OUP USA

New York Times Bestseller A New York Times Notable Book Named one of the Best Books of the Year by the Wall Street Journal, the Economist, Foreign Affairs, and Kirkus Reviews Finalist for the National Book Critics Circle Award (Nonfiction) Shortlisted for the Cundill Prize in Historical Literature Finalist for the Los Angeles Times Book Prize (History) A San Francisco Chronicle Holiday Gift Guide Selection A New York Times Book Review Editors' Choice Selection A sweeping, "magisterial" history of the Roman Empire from one of our foremost classicists shows why Rome remains "relevant to people many centuries later" (Atlantic). In SPQR, an instant classic, Mary Beard narrates the history of Rome "with passion and without technical jargon" and demonstrates how "a slightly shabby Iron Age village" rose to become the "undisputed hegemon of the Mediterranean" (Wall Street Journal). Hailed by critics as animating "the grand sweep and the intimate details that bring the distant past vividly to life" (Economist) in a way that makes "your hair stand on end" (Christian Science Monitor) and spanning nearly a thousand years of history, this "highly informative, highly readable" (Dallas Morning News) work examines not just how we think of ancient Rome but challenges the comfortable historical perspectives that have existed for centuries. With its nuanced attention to class, democratic struggles, and the lives of entire groups of people omitted from the historical

narrative for centuries, SPQR will to shape our view of Roman history for decades to come.

Women and the Roman City in the Latin West Abrams

A #1 New York Times bestseller! Sarah J. Maas's brand-new CRESCENT CITY series begins with House of Earth and Blood: the story of half-Fae and half-human Bryce Quinlan as she seeks revenge in a contemporary fantasy world of magic, danger, and searing romance. Bryce Quinlan had the perfect life-working hard all day and partying all night-until a demon murdered her closest friends, leaving her bereft, wounded, and alone. When the accused is behind bars but the crimes start up again, Bryce finds herself at the heart of the investigation. She'll do whatever it takes to avenge their deaths. Hunt Athalar is a notorious Fallen angel, now enslaved to the Archangels he once attempted to overthrow. His brutal skills and incredible strength have been set to one purpose-to assassinate his boss's enemies, no questions asked. But with a demon wreaking havoc in the city, he's offered an irresistible deal: help Bryce find the murderer, and his freedom will be within reach. As Bryce and Hunt dig deep into Crescent City's underbelly, they discover a dark power that threatens everything and everyone they hold dear, and they find, in each other, a blazing passion-one that could set them both free, if they'd only let it. With unforgettable characters, sizzling romance, and page-turning suspense, this richly inventive new fantasy series by #1 New York Times bestselling author Sarah J. Maas delves into the heartache of loss, the price of freedom-and the power of love.

The City in History W. W. Norton & Company

"Even 150 years after unification, Italy is still a divided nation where individual regions are defined by their local cuisine-- mirrors of their culture, history, and geography. But the cucina romana is the country's greatest standout. In [this book], journalist Katie Parla and photographer Kristina Gill capture Rome's unique character and truly evolved food culture--a [culmination] of two thousand years of history"--Amazon.com.

The Adventurer's Son Vintage

The sweeping story of the city of Rome, told through twenty-two moments that shaped its history. ***A TimesHistory Book of the Year*** 'Vivid, pacy ... Superb'The Times. 'Grand narrative underpinned by serious reading'Guardian. 'Confident, elegant ... Admirably ambitious'Daily Mail. From Romulus and Remus to the films of Fellini, Rome has always exerted a hold on the world's imagination. Now Ferdinand Addis brings the city of Rome to life by concentrating on vivid episodes from its long and unimaginably rich history. Each beautifully composed chapter is an evocative, self-contained narrative, whether it is the murder of Caesar; the near-destruction of the city by the Gauls in 387 BC; the construction of the Colosseum and the fate of the gladiators; Bernini's creation of the Baroque masterpiece that is St Peter's Basilica; the brutal crushing of republican dreams in 1849; the sinister degeneration of Mussolini's first state, or the magical, corrupt Rome of Fellini's La Dolce Vita. This is an epic, kaleidoscopic history of a city indelibly associated with republicanism and dictatorship, Christian orthodoxy and its rivals, high art and low life in all its forms. REVIEWS FOR ROME: 'Superb ... Rome's history is written in bloodand Addis, who has a vivid, pacy writing style,

sparing not the squeamish as he describes three millennia of violence from the first kings to Il Duce' The Times. 'This is a confident, elegant account of the city's progress ... [Addis's] version is admirably ambitious and succeeds splendidly in a task that would daunt lesser authors' Daily Mail. '[Addis] brings Rome's history alive through grand narrative... The snappy paragraphs are underpinned by serious reading ... Addis's chosen formula is to serve up selected highlights but to come at them from quirky angles' Guardian. 'From its ancient foundation to the Second World War, via Gauls, ghettos and gladiators, its 22 chapters focus on the themes of individuals, myths and beliefs' BBC World Histories. 'He brings the myth of Rome alive by concentrating on vivid episodes from its rich history. This is a book about people, and their experiences, prejudices and beliefs' Oxford Times.

A History of Rome in Maps Anchor

"Coriolanus is a tragedy by William Shakespeare, believed to have been written between 1605 and 1608. The play is based on the life of the legendary Roman leader Caius Marcius Coriolanus. The tragedy is one of the last two tragedies written by Shakespeare, along with Antony and Cleopatra. Coriolanus is the name given to a Roman general after his military success against various uprisings challenging the government of Rome. Following this success, Coriolanus becomes active in politics and seeks political leadership. His temperament is unsuited for popular leadership and he is quickly deposed, whereupon he aligns himself to set matters straight according to his own will. The alliances he forges along the way result in his ultimate downfall."

Gay London from the Romans to the Present Day Houghton Mifflin

In dialogues with three celestial ladies, Reason, Rectitude, and Justice, Christine de Pizan (1365-ca. 1429) builds an allegorical fortified city for women using examples of the important contributions women have made to Western Civilization and arguments that prove their intellectual and moral equality to men. Earl Jeffrey Richards' acclaimed translation is used nationwide in the most eminent colleges and universities in America, from Columbia to Stanford.

Early Modern Maps of the Eternal City University of Chicago Press

What went wrong in imperial Rome, and how we can avoid it: "If you want to understand where America stands in the world today, read this." —Thomas E. Ricks The rise and fall of ancient Rome has been on American minds since the beginning of our republic. Depending on who's doing the talking, the history of Rome serves as either a triumphal call to action—or a dire warning of imminent collapse. In this "provocative and lively" book, Cullen Murphy points out that today we focus less on the Roman Republic than on the empire that took its place, and reveals a wide array of similarities between the two societies (The New York Times). Looking at the blinkered, insular culture of our capitals; the debilitating effect of bribery in public life; the paradoxical issue of borders; and the weakening of the body politic through various forms of privatization, Murphy persuasively argues that we most resemble Rome in the burgeoning corruption of our government and in our arrogant ignorance of the world outside—two things that must be changed if we are to avoid Rome's fate. "Are We Rome? is just about a perfect book. . . . I wish every politician would spend an evening with this book." —James Fallows
