SAGE ZIMMERMAN

Charmides, Laches, Lysis, Meno Indiana University Press

Gathers translations of Plato's works and includes guidance on approaching their reading and study

with introd. and prefatory notes Routledge

All the writings of Plato generally considered to be authentic are presented in this volume. The editors set out to choose the contents of this collected edition from the work of the best British and American translators of the last 100 years, ranging from Jowett (1871) to scholars of the present day. The volume contains prefatory notes to each dialogue, by Edith Hamilton; an introductory essay on Plato's philosophy and writings, by Huntington Cairns; and a comprehensive index which seeks, by means of cross references, to assist the reader with the philosophical vocabulary of the different translators.

Ten Forgotten Socratic Dialogues Translated, with Interpretive Studies Penguin UK

Opening an entirely new dimension of Platonic studies, this volume addresses major themes: the nature of law, property, and acquisitiveness; Socrates' famous demonic voice; the poetic claim to inspiration; and the psychology of the tyrannic.

Plato's Republic is one of the best-known and most widely-discussed texts in the history of philosophy. But how might we get to the heart of this work today, 2,500 years after its original composition? Alain Badiou breathes life into Plato's landmark text and revives its universality.

Rather than producing yet another critical commentary, he has instead worked closely on the original Greek and, through spectacular changes, adapted it to our times. In this innovative reimagining of Plato's work, Badiou has removed all references specific to ancient Greek society—from lengthy exchanges about moral courage in archaic poetry to political considerations mainly of interest to the aristocratic elite—and has expanded the range of cultural references. Here, philosophy is firing on all cylinders: Socrates and his companions are joined by Beckett, Pessoa, Freud, and Hegel, among others. Together these thinkers demonstrate that true philosophy endures, ready to absorb new horizons without changing its essence. Moreover, Badiou—who is also a dramatist—has transformed the Socratic dialogue into a genuine oratorical contest. In his version of the Republic, the interlocutors do much more than simply agree with Socrates. They argue, stand up to him, put him on the spot, and show thought in motion. In this work of dramatic scholarship and philosophy, we encounter a modern version of Plato's text that is alive, stimulating, and directly relevant to our own world.

The Collected Dialogues of Plato, Including the Letters Good Press

[Being and Logos is] a philosophical adventure of rare inspiration. . . . Its power to illuminate the

text . . . , its ecumenicity of inspiration, its methodological rigor, its originality, and its philosophical profundity—all together make it one of the few philosophical interpretations that the philosopher will want to re-read along with the dialogues themselves. A superadded gift is the author's prose, which is a model of lucidity and grace." —International Philosophical Quarterly John Sallis's luminous reading of six major Platonic dialogues—Apology, Meno, Phaedrus, Cratylus, Republic, and Sophist—weaves discussion of dramatic and mythical aspects together with basic philosophical issues. Being and Logos fundamentally reorients our reading and understanding of the platonic dialogues. This new edition of this classic of philosophical interpretation augments the Collected Writings of John Sallis, published by Indiana University Press.

The Dialogues of Plato Penn State Press

Although &"the Socratic method&" is commonly understood as a style of pedagogy involving cross-questioning between teacher and student, there has long been debate among scholars of ancient philosophy about how this method as attributed to Socrates should be defined or, indeed, whether Socrates can be said to have used any single, uniform method at all distinctive to his way of philosophizing. This volume brings together essays by classicists and philosophers examining this controversy anew. The point of departure for many of those engaged in the debate has been the identification of Socratic method with &"the elenchus&" as a technique of logical argumentation aimed at refuting an interlocutor, which Gregory Vlastos highlighted in an influential article in 1983. The essays in this volume look again at many of the issues to which Vlastos drew attention but also seek to broaden the discussion well beyond the limits of his formulation. Some contributors question the suitability of the elenchus as a general description of how Socrates engages his interlocutors; others trace the historical origins of the kinds of argumentation Socrates employs; others explore methods in addition to the elenchus that Socrates uses; several propose new ways of thinking about Socratic practices. Eight essays focus on specific dialogues, each examining why Plato has Socrates use the particular methods he does in the context defined by the dialogue. Overall, representing a wide range of approaches in Platonic scholarship, the volume aims to enliven and reorient the debate over Socratic method so as to set a new agenda for future research. Contributors are Hayden W. Ausland, Hugh H. Benson, Thomas C. Brickhouse, Michelle Carpenter, John M. Carvalho, Lloyd P. Gerson, Francisco J. Gonzalez, James H. Lesher, Mark McPherran, Ronald M. Polansky, Gerald A. Press, Fran&çois Renaud, and W. Thomas Schmid, Nicholas D. Smith, P. Christopher Smith, Harold Tarrant, Joanne B. Waugh, and Charles M. Young. Does Socrates Have a Method? Strelbytskyy Multimedia Publishing Benjamin Jowett's translations of Plato have long been classics in their own right. In this volume, Professor Hayden Pelliccia has revised Jowett's renderings of five key dialogues, giving us a modern Plato faithful to both Jowett's best features and Plato's own masterly style. Gathered here are many of Plato's liveliest and richest texts. Ion takes up the question of poetry and introduces the Socratic method. Protagoras discusses poetic interpretation and shows why cross-examination is the best way to get at the truth. Phaedrus takes on the nature of rhetoric, psychology, and love, as does the famous Symposium. Finally, Apology gives us Socrates' art of persuasion put to the ultimate test--defending his own life. Pelliccia's new Introduction to this volume clarifies its contents and addresses the challenges of translating Plato freshly and accurately. In its combination of accessibility and depth, Selected Dialogues of Plato is the ideal introduction to one of the key thinkers of all time.

Phaedrus Cambridge University Press

Timaeus Plato - The dialogue takes place the day after Socrates described his ideal state. In Plato's

works such a discussion occurs in the Republic. Socrates feels that his description of the ideal state wasn't sufficient for the purposes of entertainment and that "I would be glad to hear some account of it engaging in transactions with other states" (19b). Hermocrates wishes to oblige Socrates and mentions that Critias knows just the account (20b) to do so. Critias proceeds to tell the story of Solon's journey to Egypt where he hears the story of Atlantis, and how Athens used to be an ideal state that subsequently waged war against Atlantis (25a). Critias believes that he is getting ahead of himself, and mentions that Timaeus will tell part of the account from the origin of the universe to man.

The collected dialogues of Plato Random House Digital, Inc.

This translation of four of Plato's dialogues brings these classic texts alive for modern readers.

Allen introduces and comments on the dialogues in an accessible way, inviting the reader to re-examine the issues Plato continually raises.

Rethinking the Elenchus in Plato's Dialogues and Beyond Penguin UK

A major writer and a leading figure in the public life of Rome, Seneca (c. 4BC-AD 65) ranks among the most eloquent and influential masters of Latin prose. This selection explores his thoughts on philosophy and the trials of life. In the Consolation to Helvia he strives to offer solace to his mother, following his exile in AD 41, while On the Shortness of Life and On Tranquillity of Mind are lucid and compelling explorations of Stoic thought. Witty and self-critical, the Letters - written to his young friend Lucilius - explore Seneca's struggle to acquire philosophical wisdom. A fascinating insight into one of the greatest minds of Ancient Rome, these works inspired writers and thinkers including Montaigne, Rousseau, and Bacon, and continue to intrigue and enlighten.

The Dialogues of Plato The Collected Dialogues of Plato

Of all Plato's dialogues, the Parmenides is notoriously the most difficult to interpret. Scholars of all periods have disagreed about its aims and subject matter. The interpretations have ranged from reading the dialogue as an introduction to the whole of Platonic metaphysics to seeing it as a collection of sophisticated tricks, or even as an elaborate joke. This work presents an illuminating new translation of the dialogue together with an extensive introduction and running commentary, giving a unified explanation of the Parmenides and integrating it firmly within the context of Plato's metaphysics and methodology. Scolnicov shows that in the Parmenides Plato addresses the most serious challenge to his own philosophy: the monism of Parmenides and the Eleatics. In addition to providing a serious rebuttal to Parmenides, Plato here re-formulates his own theory of forms and participation, arguments that are central to the whole of Platonic thought, and provides these concepts with a rigorous logical and philosophical foundation. In Scolnicov's analysis, the Parmenides emerges as an extension of ideas from Plato's middle dialogues and as an opening to the later dialogues. Scolnicov's analysis is crisp and lucid, offering a persuasive approach to a complicated dialogue. This translation follows the Greek closely, and the commentary affords the Greekless reader a clear understanding of how Scolnicov's interpretation emerges from the text. This volume will provide a valuable introduction and framework for understanding a dialogue that continues to generate lively discussion today.

The Collected Dialogues of Plato Routledge

A unique selection of four dialogues in which Plato considers virtue-- individual virtue as well as virtue as a whole-- and its definition. Charmides, Laches, and Lysis investigate the specific virtues of self-control, courage, and friendship. The later Meno discusses the concept of virtue as a whole, and whether it is something that can be taught. Plato is a major figure in the history of Western philosophy, and these dialogues are an essential part of his work. Robin Waterfield is an acclaimed translator of Plato, Euripedes, Plutarch, and Aristotle. The introduction and notes explain the course of the four dialogues and analyze the philosophical importance of Socrates' questions and arguments, providing an invaluable aid to understanding for student and non-specialist alike. About the Series: For over 100 years Oxford World's Classics has made available the broadest spectrum of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable

features, including expert introductions by leading authorities, voluminous notes to clarify the text, up-to-date bibliographies for further study, and much more.

Dialogues and Letters Modern Library

'I'll stop doing it as soon as I understand what I'm doing.' Somewhere between a historical account and work of philosophy, Socrates' Defence details the final plea of Plato's beloved mentor.

Introducing Little Black Classics: 80 books for Penguin's 80th birthday. Little Black Classics celebrate the huge range and diversity of Penguin Classics, with books from around the world and across many centuries. They take us from a balloon ride over Victorian London to a garden of blossom in Japan, from Tierra del Fuego to 16th-century California and the Russian steppe. Here are stories lyrical and savage; poems epic and intimate; essays satirical and inspirational; and ideas that have shaped the lives of millions. Plato (474 BC-347 BC). Plato's works available in Penguin Classics are Republic, The Last Days of Socrates, The Laws, Phaedrus, Protagoras and Meno, Timaeus and Critias, Theaetetus, Early Socratic Dialogues, The Symposium and Gorgias.

The Dialogues Of Plato Princeton University Press

THE REPUBLIC Plato's Republic is widely acknowledged as one of the most influential works in the history of philosophy. Presented in the form of a dialogue between Socrates and three different interlocutors, it is an inquiry into the notion of a perfect community and the ideal individual within it. During the conversation, other questions are raised: what is goodness; what is reality; what is knowledge; what is the purpose of education? With remarkable lucidity and deft use of allegory, Plato arrives at a depiction of a state bound by harmony and ruled by 'philosopher kings'. THE REPUBLIC The Republic is a philosophical dialogue about the nature of justice and the order and character of the just city-state and the just individual. The dialogues, among Socrates and various Athenians and foreigners, discuss the meaning of justice and examine whether or not the just man is happier than the unjust man, by proposing a society ruled by philosopher-kings and the guardians. THE REPUBLIC In this intellectually and historically influential work of philosophy and political theory, Plato discusses the theory of forms, the immortality of the soul, and the roles of the philosopher and of poetry in society. THE REPUBLIC Circle of Enemies BEYOND BOOKS HUB

J. B. Kennedy argues that Plato's dialogues have an unsuspected musical structure and use symbols to encode Pythagorean doctrines. The followers of Pythagoras famously thought that the cosmos had a hidden musical structure and that wise philosophers would be able to hear this harmony of the spheres. Kennedy shows that Plato gave his dialogues a similar, hidden musical structure. He divided each dialogue into twelve parts and inserted symbols at each twelfth to mark a musical note. These passages are relatively harmonious or dissonant, and so traverse the ups and downs of a known musical scale. Many of Plato's ancient followers insisted that Plato used symbols to conceal his own views within the dialogues, but modern scholars have denied this. Kennedy, an expert in Pythagorean mathematics and music theory, now shows that Plato's dialogues do contain a system of symbols. Scholars in the humanities, without knowledge of obsolete Greek mathematics, would not have been able to detect these musical patterns. This book begins with a concise and accessible introduction to Plato's symbolic schemes and the role of allegory in ancient times. The following chapters then annotate the musical symbols in two of Plato's most popular dialogues, the Symposium and Euthyphro, and show that Plato used the musical scale as an outline for structuring his narratives.

THE REPUBLIC Univ of California Press

Among the most important and influential philosophical works in Western thought: the dialogues entitled Euthyphro, Apology, Crito and Phaedo. Translations by distinguished classical scholar Benjamin Jowett.

Essential Dialogues of Plato Bantam Classics
