Oswald and the Assassination of JFK
Humiliated at the Bay of Pigs, John and
Robert Kennedy sought desperately to
eliminate Castro. Their strategies for
overthrowing the Cuban leader were so
elaborate and bizarre, they could only
engender paranoia. Castro openly
threatened to retaliate. Pro-Castro agitator
Lee Harvey Oswald learned that Robert

Kennedy was personally supervising
groups plotting against the Cuban leader.
Filled with rage and a sense of destiny,
Oswald went to the Cuban embassy in
Mexico, announcing he would kill
America's president in exchange for
sanctuary in Havana. Live By the Sword
forces the conclusion that members of the
Cuban regime accepted the troubled
American's offer. Russo shows that Oswald
was indeed JFK's lone assailant, but that
after the president's murder, a devastated
Robert Kennedy and key officials launched
a comprehensive coverup to hide its true
causes. Gus Russo, based in Baltimore,

Maryland, has reported for acclaimed ABC
and PBS documentaries on JFK, and done
research for authors Gerald Posner,
Seymour Hersh, and Anthony Summers.
Exhaustively researched, Live By the
Sword ends 35 years of public mistrust
and confusion over the Kennedy
assassination.

**Lee Harvey Oswald and the
Assassination of JFK** Pelican Publishing
William Manchester's epic and definitive
account of President John F. Kennedy's
assassination--now restored to print in a
new paperback edition. As the world still
reeled from the tragic and historic events

of November 22, 1963, William Manchester set out, at the request of the Kennedy family, to create a detailed, authoritative record of the days immediately preceding and following President John F. Kennedy's death. Through hundreds of interviews, abundant travel and firsthand observation, and with unique access to the proceedings of the Warren Commission, Manchester conducted an exhaustive historical investigation, accumulating forty-five volumes of documents, exhibits, and transcribed tapes. His ultimate objective -- to set down as a whole the national and personal tragedy that was JFK's assassination -- is brilliantly achieved in this galvanizing narrative, a book universally acclaimed as a landmark work of modern history.

With Malice Skyhorse

Follows Lee Harvey Oswald in the forty-eight hours after John F. Kennedy was shot, drawing from photos and recently declassified documents to examine whether he pulled the trigger, and, if so, if he acted alone.

The Complete Story Birch Lane Press
An original and illuminating narrative

revealing John F. Kennedy's lasting influence on America, by the acclaimed political analyst Larry J. Sabato. *Oswald's Tale* Brookings Institution Press
The inside story of Lee Harvey Oswald's path to killing John. F. Kennedy. Reissued to mark the 50th anniversary of the Kennedy assassination, Marina and Lee is an indispensable account of one of America's most traumatic events, and a classic work of narrative history. In her meticulous, at times even moment by moment, account of Oswald's progress toward the assassination, Priscilla Johnson McMillan takes us inside Oswald's fevered mind and his manic marriage. When Marina, only a few weeks after giving birth to their second child, hears of Kennedy's death and discovers that Lee's rifle is missing from the garage where it was stored, she knows that her husband has killed the President. McMillan came to the story with a unique knowledge of the two main characters. In the 1950s she had worked for Kennedy and had known him well for a time. Later, working in Moscow as a journalist, she interviewed Lee Harvey Oswald during his attempt to defect to the Soviet Union. When she heard his name

again on November 22, 1963, she said, "My God! I know that boy!" Marina and Lee was written with the complete and exclusive cooperation of Oswald's Russian-born wife, Marina Prusakova, whom McMillan debriefed for seven months in the immediate aftermath of the President's assassination and her husband's nationally televised execution at the hands of Jack Ruby. The truth is far more compelling, and unsettling, than the most imaginative conspiracy theory. Marina and Lee is a human drama that is outrageous, heartbreaking, tragic, fascinating. . . and real. From the Trade Paperback edition.

The Never-before-told Story of Lee Harvey Oswald by the KGB Colonel who Knew Him
Northernblues Books

Award-winning journalist and New York Times bestselling author Gerald Posner reveals the heroes and villains of the trillion-dollar-a-year pharmaceutical industry and delivers "a withering and encyclopedic indictment of a drug industry that often seems to prioritize profits over patients (The New York Times Book Review). Pharmaceutical breakthroughs such as antibiotics and vaccines rank

among some of the greatest advancements in human history. Yet exorbitant prices for life-saving drugs, safety recalls affecting tens of millions of Americans, and soaring rates of addiction and overdose on prescription opioids have caused many to lose faith in drug companies. Now, Americans are demanding a national reckoning with a monolithic industry. “Gerald’s dogged reporting, sets Pharma apart from all books on this subject” (The Washington Standard) as we are introduced to brilliant scientists, incorruptible government regulators, and brave whistleblowers facing off against company executives often blinded by greed. A business that profits from treating ills can create far deadlier problems than it cures. Addictive products are part of the industry’s DNA, from the days when corner drugstores sold morphine, heroin, and cocaine, to the past two decades of dangerously overprescribed opioids. Pharma also uncovers the real story of the Sacklers, the family that became one of America’s wealthiest from the success of OxyContin, their blockbuster narcotic painkiller at the center of the opioid crisis. Relying on

thousands of pages of government and corporate archives, dozens of hours of interviews with insiders, and previously classified FBI files, Posner exposes the secrets of the Sacklers’ rise to power—revelations that have long been buried under a byzantine web of interlocking companies with ever-changing names and hidden owners. The unexpected twists and turns of the Sackler family saga are told against the startling chronicle of a powerful industry that sits at the intersection of public health and profits. “Explosively, even addictively, readable” (Booklist, starred review), Pharma reveals how and why American drug companies have put earnings ahead of patients.

The Inside Story of Labour Under Corbyn Skyhorse

An in-depth analysis of Ross Perot discusses his rise to power and fortune, his 1992 presidential bid, his creation of a third political party in the U.S., and its implications for the American political process. 100,000 first printing. Tour.

Miami Babylon Carroll & Graf Pub
Blood, Money, & Power exposes the secret, high-level conspiracy in Texas that

led to President John F. Kennedy’s death and the succession of Lyndon B. Johnson as president in 1963. Attorney Barr McClellan, a former member of L.B.J.’s legal team, uses hundreds of newly released documents, including insider interviews, court papers, and the Warren Commission, to illuminate the maneuvers, payoffs, and power plays that revolved around the assassination of Kennedy and to expose L.B.J.’s involvement in the murder plot. In addition to revealing new information, McClellan answers common questions surrounding the assassination of our thirty-fifth president. Who had the opportunity, motive, and means to assassinate J.F.K.? Who controlled the investigation and findings of the Warren Commission? This historically significant book is proof that absolute power, money, blood, corruption, and deception were at the heart of politics in the early 1960s, and it represents the very best investigative journalism has to offer.

Jim Garrison, JFK’s Assassination, and the Case That Should Have Changed History
Random House Incorporated

On the afternoon of November 22, 1963, a nineteen-year-old Buell Wesley Frazier was

thrown up against the wall by two detectives and escorted to Dallas Police Station. His coworker and sometimes passenger to and from work Lee Harvey Oswald was the presumed assassin of President John F. Kennedy and Officer J. D. Tippit. It didn't take Buell long to figure out that he was presumed guilty by association. Buell was afraid for himself and his family. Years of emotional pain built up. He had long forgotten how to trust people. He became resentful of the police force, and he doubted whether he would be ever to hold his head up in public and see people who believed his story. In the early nineties, Buell's life was changed forever when he met a man who would become his best friend and confidant. Over the years, Buell emerged from the shadows and slowly found the peace and self-confidence he had longed to have. At the request of some friends, he began to talk to the public. From panel discussions to classrooms, Buell was surprised to learn that there were people who not only wanted to hear his story believed him too! This turn of events caused a paradigm shift in the way Buell saw himself. As a result, he became inspired by those

people to write his complete story. For the first time in fifty years, he welcomes you to be a passenger on this road trip to learn how hard work, perseverance, self-belief, and resiliency became the pillars that supported the long transition of the boy he was to the man he became.

The Secret War Against Castro and the Death of JFK Page Publishing Inc

On November 22, 1963, a murder was committed in Dallas, Texas. Nearly 80 percent of the American people don't believe the victim was killed by a lone gunman. The House Assassinations Committee determined it was the work of "a conspiracy," yet no conspirators were ever identified or brought to justice. For more than forty years the case has remained unsolved—until now. Mark Fuhrman has cracked some of the best-known, most puzzling crimes in American history. In *A Simple Act of Murder*, he investigates the tragedy that rocked a nation: the assassination of President John F. Kennedy. Cutting through the myths and misinformation, Fuhrman focuses on the hard evidence, unveiling a major clue that was ignored for more than four decades—a breakthrough that will change

the ongoing debate forever. Once you read this book, you'll know definitively who killed JFK.

The Pharmacist of Auschwitz Simon and Schuster

Definitive accounts of JFK's and Martin Luther King's assassinations by a Pulitzer Prize finalist and New York Times–bestselling author. Case Closed: A Pulitzer Prize finalist and New York Times bestseller, Case Closed is a vivid and straightforward account that stands as one of the most authoritative books on the assassination of John F. Kennedy. Drawing from official sources and dozens of interviews, filled with powerful historical detail, and including an updated comment for the fiftieth anniversary, Posner's "utterly convincing" book lays to rest all of the convoluted conspiracy theories—concerning the mafia, a second shooter, and the CIA—that have obscured what really happened in Dealey Plaza on November 22, 1963 (Chicago Tribune). "By far the most lucid and compelling account . . . of what probably did happen in Dallas—and what almost certainly did not." —The New York Times Book Review
Killing the Dream: On April 4, 1968, Martin

Luther King Jr., was killed in Memphis, Tennessee, by a single assassin's bullet. James Earl Ray was seen fleeing from a rooming house that overlooked the hotel balcony where King was shot. An international manhunt ended two months later with Ray's capture. Though Ray initially pled guilty, he quickly recanted and for the rest of his life insisted he was an unwitting pawn in a grand conspiracy. In *Killing the Dream*, expert investigative reporter Gerald Posner cuts through phony witnesses, false claims, and a web of misinformation to put Ray's conspiracy theory to rest and disclose what really happened the day King was murdered. "A superb book: a model of investigation, meticulous in its discovery and presentation of evidence, unbiased in its exploration of every claim. And it is a wonderfully readable book, as gripping as a first-class detective story." —The New York Times

A Farewell to Justice Little, Brown

The assassination of President John F. Kennedy was an appalling and grisly conspiracy. In this unvarnished story, Kaiser shows that the events of November 22, 1963, cannot be understood without

fully grasping the two larger stories of which they were a part: the U.S. government's campaign against organized crime, which began in the late 1950s and accelerated dramatically under Robert Kennedy; and the furtive quest of two administrations to eliminate Fidel Castro. This book brings to light the complete, frequently shocking, story of the JFK assassination and its aftermath.

God's Bankers Sterling Publishing Company Incorporated

Working with thousands of previously unreleased documents and drawing on more than one thousand interviews, with many witnesses speaking out for the first time, Joan Mellen revisits the investigation of New Orleans district attorney Jim Garrison, the only public official to have indicted, in 1969, a suspect in President John F. Kennedy's murder. Garrison began by exposing the contradictions in the Warren Report, which concluded that Lee Harvey Oswald was an unstable pro-Castro Marxist who acted alone in killing Kennedy. *A Farewell to Justice* reveals that Oswald, no Marxist, was in fact working with both the FBI and the CIA, as well as with US Customs, and that the attempts to

sabotage Garrison's investigation reached the highest levels of the US government. Garrison's suspects included CIA-sponsored soldiers of fortune enlisted in assassination attempts against Fidel Castro, an anti-Castro Cuban asset, and a young runner for the conspirators, interviewed here for the first time by the author. Building upon Garrison's effort, Mellen uncovers decisive new evidence and clearly establishes the intelligence agencies' roles in both a president's assassination and its cover-up. In this revised edition, to be published in time for the fiftieth anniversary of the president's assassination, the author reveals new sources and recently uncovered documents confirming in greater detail just how involved the CIA was in the events of November 22, 1963. More than one hundred new pages add critical evidence and information into one of the most significant events in human history.

Lone Gunman Versus Conspiracy Open Road Media

The definitive work on the murder of Dallas patrolman J. D. Tippit—killed forty-five minutes after President Kennedy—and its far-reaching implications for the JFK

assassination and aftermath Although considered the Rosetta stone of the case against Lee Harvey Oswald, the murder of Dallas police officer J. D. Tippit—killed less than an hour after the assassination of President Kennedy—has proven to be one of the most misunderstood, largely ignored, and often twisted aspects of the Kennedy assassination. For five decades, a community of doubters has contorted official accounts of the shooting to exonerate Oswald. There have been many questions raised about Tippit's death over the past fifty years, but few real attempts to find the answers. Did Oswald murder Tippit? Was Tippit a part of the plot to murder President Kennedy? What really happened on Tenth Street? In *With Malice*, Dale K. Myers brings thirty-five years of research to this second-by-second account of the murder of Officer Tippit and the frantic manhunt that ended in the arrest of Lee Harvey Oswald. Filling a major void in Kennedy assassination literature, it weaves firsthand accounts, newly released documents, and previously unpublished photographs into a detailed tapestry of facts that lifts the veil on the mystery surrounding this pivotal moment in

American history.

An American Mystery Open Road Media
Case Closed Lee Harvey Oswald and the Assassination of JFK Open Road Media
Killing the Dream Open Road Media
 Fred Litwin exposes the truth about Jim Garrison, the New Orleans District Attorney, who 'solved' the JFK assassination in 1967. *On the Trail of Delusion* shows how Garrison persecuted an innocent gay man in order to spout his crazy conspiracy theories. There is also a touch of bribery and intimidation, the story of his attempt to charge a dead man with being a grassy knoll assassin, the former Marine he believed was a 'second Oswald,' several con men who turned the tables and fooled Garrison, the use of truth serum and hypnosis to recover memories, the ugly story of Oliver Stone's homophobic film *JFK*, and a lawyer from Montreal who was unjustly accused of operating an international assassination bureau. There's even a chapter with flying saucers. And a whole lot more.

His Life and Times Catapult
 Discusses the growing menace of Chinese youth gangs and their usurpation of power from traditional crime organizations

The Road to Dallas Crux Publishing Ltd
 Provides new evidence from computerized film enhancements and other sources, including an explanation of Kennedy's assassination renouncing conspiracy theories.

The New Evidence in the JFK Assassination Steerforth

"The assassination of John F. Kennedy on November 22, 1963, continues to inspire interest ranging from well-meaning speculation to bizarre conspiracy theories and controversial filmmaking. But in this landmark book, reissued with a new afterword for the 40th anniversary of the assassination, Gerald Posner examines all of the available evidence and reaches the only possible conclusion: Lee Harvey Oswald acted alone. There was no second gunman on the grassy knoll. The CIA was not involved. And although more than four million pages of documents have been released since Posner first made his case, they have served only to corroborate his findings. *Case Closed* remains the classic account against which all books about JFK's death must be measured."--BOOK JACKET.

The Tormented Love and Fatal

**Obsession Behind Lee Harvey
Oswald's Assassination of John F.
Kennedy** Simon & Schuster

In perhaps his most important literary feat, Norman Mailer fashions an unprecedented portrait of one of the great villains—and enigmas—in United States history. Here is Lee Harvey Oswald—his family background, troubled marriage, controversial journey to Russia, and return to an “America [waiting] for him like an angry relative whose eyes glare in the heat.” Based on KGB and FBI transcripts, government reports, letters and diaries, and Mailer’s own international research, this is an epic account of a man whose cunning, duplicity, and self-invention were both at home in and at odds with the country he forever altered. Praise for

Oswald’s Tale “America’s largest mystery has found its greatest interpreter.”—The Washington Post Book World “Mailer is fierce, courageous, and reckless and nearly everything he writes has sections of headlong brilliance. . . . From the American master conjurer of dark and swirling purpose, a moving reflection.”—Robert Stone, The New York Review of Books “A narrative of tremendous energy and panache; the author at the top of his form.”—Christopher Hitchens, Financial Times “The performance of an author relishing the force and reach of his own acuity.”—Martin Amis, The Sunday Times (London) Praise for Norman Mailer “[Norman Mailer] loomed over American letters longer and larger than any other

writer of his generation.”—The New York Times “A writer of the greatest and most reckless talent.”—The New Yorker “Mailer is indispensable, an American treasure.”—The Washington Post “A devastatingly alive and original creative mind.”—Life “Mailer is fierce, courageous, and reckless and nearly everything he writes has sections of headlong brilliance.”—The New York Review of Books “The largest mind and imagination [in modern] American literature . . . Unlike just about every American writer since Henry James, Mailer has managed to grow and become richer in wisdom with each new book.”—Chicago Tribune “Mailer is a master of his craft. His language carries you through the story like a leaf on a stream.”—The Cincinnati Post
