Growing up and living in Kibera, Kenya, Abdul Kassim was well

aware of the disproportionate number of challenges faced by women due to the extreme gender inequalities that persist in the slums. After being raised by his aunts, mother, and grandmother and having a daughter himself, he felt that he needed to make a difference. In 2002, Abdul started a soccer team for girls called Girls Soccer in Kibera (GSK), with the hope of fostering a supportive community and providing emotional and mental support for the young women in the town. The soccer program was a success, but the looming dangers of slum life persisted, and the young women continued to fall victim to the worst kinds of human atrocities. Indeed, it was the unyielding injustice of these conditions that led Abdul to the conclusion that soccer alone was not enough to create the necessary systemic change. In 2006, after much work, the Kibera Girls Soccer Academy

(KGSA) was established with their first class of 11 girls and 2 volunteer teachers. Today, KGSA is composed of 20 full-time staff, provides a host of artistic and athletic programs for more than 130 students annually, and continues to expand. By providing academics inside and outside of the classroom along with artistic and athletic opportunities, KGSA inspires the young women of Kibera to become advocates for change within their own communities and for Kenya as a whole. *Play Like a Girl* tells the KGSA story through Abdul's voice and vision and the stories of key staff and students. It is written by Ellie Roscher who spent 2 summers doing research at KGSA and several years writing this book.

Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in

North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits - be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

World football is in crisis. The corruption scandal engulfing FIFA is arguably the biggest story in the history of modern sport and a watershed for sport governance. More than a decade ago, John Sugden and Alan Tomlinson laid the foundations for subsequent investigations with the publication of *Badfellas*, a groundbreaking work of critical sport sociology that exposed the systematic corruption at the heart of world football. It was a book that FIFA and Sepp Blatter tried to ban. Now re-issued to combine the original contents of *Badfellas* with new chapters covering the current crisis, this book points to the ways in which FIFA's new administration can learn from the Blatter story. The prequel traces the course of Sugden and Tomlinson's game-changing investigation into FIFA, while the sequel updates the FIFA story

from 2002 onwards and provides a chronology of crises and scandals within the FIFA narrative. Demonstrating the vital importance of critical investigative methods in sport studies, *Football, Corruption and Lies: Revisiting Badfellas*, the book FIFA tried to ban is essential reading for anybody looking to understand Blatter's rise and fall.
