Md. Rafi ke 51 Geeton Ki sargam Rohan Bhanja Chowdhury
 Music is an integral part in the life of the Native Americans, playing a key role in ceremonies, recreational activities, self expression, and healing. Many different instruments are used in Native American music, including drums, flutes, and other percussion instruments. These songs were adapted here for Tongue Drum and Handpan and they are possible to play on most drum models. The steel tongue drum (aka tong drum, tank drum, gluck-o-phone, hapi, or steeldrum) and the handpan (aka hank drum, UFO drum, zen drum, meditation, healing, yoga or chakra drum) are percussion musical instruments

designed to help you focus on your feelings, sensations, and body. In musical science, a unique Native American style of singing can be distinguished. It is characterized by rhythmic breathing, a tense voice, and syllabic sounds being more important than lyrics. These technical features helped the shaman achieve a trance state. Although the tongue drum is a modern musical instrument, is perfectly suitable for any tribal songs. Attention: Songs have been transposed for a DIATONIC range. Some melodies might be changed and simplified. If your drum has flat keys, it is recommended that you use classic sheet music for piano. We write the note numbers above the notes because our sheet music is aimed at absolute beginners. Just follow numbers and enjoy. Here you can find traditional songs,

handed down from generation to generation: ceremonial (such as corn grinding or moccasin game songs) or healing songs. Also, we add a QR code to most songs. Follow the link and find this song on YouTube, so that you can listen to the rhythm before beginning to play. For which tongue drum are these songs suitable? Each tongue drum is very different and it is impossible to accommodate songs for all kinds of tongue drums in one book. The songs which have been collected in this book can be played on most drum models. If you have less than 1 octave of keys on your drum, you may need to skip some songs. However, if your drum has many sharp notes, you will need a book that contains chromatic songs. Here, we have collected only simplified diatonic melodies. Contents Ani Couni. Arapaho Song. Bollywood Sounds focuses on the songs of Indian films in their historical, social, commercial, and cinematic contexts. Author Jayson Beaster-Jones takes readers through the highly collaborative compositional process, highlighting the contributions of film directors, music directors (composers), lyricists, musicians, and singers in song production. Through close musical and multimedia analysis of more than twenty landmark compositions, Bollywood Sounds illustrates how the producers of Indian film songs have long mediated a variety of musical styles, instruments, and performance practices to create a uniquely cosmopolitan music genre. As an exploration of the music of seventy years of Hindi films, Bollywood Sounds provides long-term historical insights into film songs and their musical and cinematic conventions in ways that will appeal both to scholars and to newcomers to Indian cinema.
