Reluctantly a young boy becomes more

and more involved in the activities of a local gang, until a tragic event involving his cousin forces him to make a choice about the course of his life.

Indian No More Innovative Language Learning

A picture book that captures a child's discovery of the power of reading. Before he leaves for his first day of school, Chepito runs outside to play. He comes across all kinds of people in his neighborhood who are reading. "Why, why, why?" he sings, and they each have a different answer for him, whether it's a man reading a newspaper, a young girl enjoying a comic, a couple of tourists consulting a guidebook or an archeologist studying hieroglyphics. Later that day, Chepito discovers the fun of reading for himself, and he even

brings home a book to share with his little sister. Elisa Amado has written a perfect introduction to the pleasures and uses of the written word. Set in a delightfully retro world by illustrator Manuel Monroy, this book is a true celebration of reading. Correlates to the Common Core State Standards in English Language Arts: CCSS.ELA-LITERACY.RL.K.4 Ask and answer questions about unknown words in a text. CCSS.ELA-LITERACY.RL.1.2 Retell stories, including key details, and demonstrate understanding of their central message or lesson. CCSS.ELA-LITERACY.RL.2.4 Describe how words and phrases (e.g., regular beats, alliteration, rhymes, repeated lines) supply rhythm and meaning in a story, poem, or song.

Forget the 10,000 hour rule— what if it's possible to learn the basics of any new skill in 20 hours or less? Take a moment to consider how many things you want to learn to do. What's on your list? What's holding you back from getting started? Are you worried about the time and effort it takes to acquire new skills—time you don't have and effort you can't spare? Research suggests it takes 10,000 hours to develop a new skill. In this nonstop world when will you ever find that much time and energy? To make matters worse, the early hours of practicing something new are always the most frustrating. That's why it's difficult to learn how to speak a new language, play an instrument, hit a golf ball, or

shoot great photos. It's so much easier to watch TV or surf the web . . . In *The First 20 Hours*, Josh Kaufman offers a systematic approach to rapid skill acquisition— how to learn any new skill as quickly as possible. His method shows you how to deconstruct complex skills, maximize productive practice, and remove common learning barriers. By completing just 20 hours of focused, deliberate practice you'll go from knowing absolutely nothing to performing noticeably well. Kaufman personally field-tested the methods in this book. You'll have a front row seat as he develops a personal yoga practice, writes his own web-based computer programs, teaches himself to touch type on a nonstandard keyboard, explores the oldest and most complex board game in

history, picks up the ukulele, and learns how to windsurf. Here are a few of the simple techniques he teaches: Define your target performance level: Figure out what your desired level of skill looks like, what you're trying to achieve, and what you'll be able to do when you're done. The more specific, the better.

Deconstruct the skill: Most of the things we think of as skills are actually bundles of smaller subskills. If you break down the subcomponents, it's easier to figure out which ones are most important and practice those first. Eliminate barriers to practice: Removing common distractions and unnecessary effort makes it much easier to sit down and focus on deliberate practice. Create fast feedback loops: Getting accurate, real-time information about how well you're

performing during practice makes it much easier to improve. Whether you want to paint a portrait, launch a start-up, fly an airplane, or juggle flaming chainsaws, *The First 20 Hours* will help you pick up the basics of any skill in record time . . . and have more fun along the way.

Random House Books for Young Readers
An easy reader about animals—real and imaginary—with illustrations by Dr. Seuss! Featuring a mix of real animals and Seussian creatures, this super-simple rhymed riff about animals is both a concept book AND a funny introduction to the world of Dr. Seuss. Illustrated with art from beloved Dr. Seuss books—including *One Fish Two Fish Red Fish Blue Fish*, *Mr. Brown Can Moo! Can*

You?, and Dr. Seuss's ABC—it teaches beginning readers to identify animals in the world around them and ones only found in classic books by Dr. Seuss! Nurture a love of reading—and of Seussian creatures—with this great new concept book for beginning readers! *Who Would Win?: Ultimate Showdown* Innovative Language Learning “Hilarious. Barbara Park makes reading fun.” —Dav Pilkey, author of *Dog Man* Barbara Park’s #1 New York Times bestselling chapter book series, *Junie B. Jones*, has been keeping kids laughing—and reading—for more than twenty-five years. Over 65 million copies sold! Meet the World’s Funniest Kindergartner—Junie B. Jones! A terrible thing happened to Junie B.! And it’s called—someone took her new black

furry mittens! And they kept them! They didn’t even put them in the Lost and Found at school. So when Junie B. finds a wonderful pen on the floor, she should be allowed to keep it, too. Right? That’s fair. Right? Right? USA Today: “Junie B. is the darling of the young-reader set.” Publishers Weekly: “Park convinces beginning readers that Junie B.—and reading—are lots of fun.” Kirkus Reviews: “Junie’s swarms of young fans will continue to delight in her unique take on the world. . . . A hilarious, first-rate read-aloud.” Time: “Junie B. Jones is a feisty six-year-old with an endearing penchant for honesty.” *Learn Spanish - Level 6: Lower Intermediate* Addison Wesley Longman Print Student Edition Dr. Seuss's Book of Animals Penguin

This all-Spanish grammar review is used in classrooms across the country. *En Español!* Carson-Dellosa Publishing *Who Would Win?* is back with another exciting bind-up featuring five more books in this action-packed animal series! What if one dangerous animal had a fight with another? Who do you think would win? In this five-book bind-up of the popular *Who Would Win?* series, kids will learn about each animal's anatomy, behavior, and more. Then compare and contrast the battling pairs before finally discovering the winner! This nonfiction collection is full of facts, photos, and realistic illustrations, and it includes a range of mammals, sea creatures, insects, and dinosaurs to satisfy all kinds of animal fans, including Lion vs. Tiger,

Hammerhead vs. Bull Shark, Polar Bear vs. Grizzly Bear, Hornet vs. Wasp, and Triceratops vs. Spinosaurus. So who do YOU think would win?

Español en Vivo Level 2 Sky Oaks Productions, Incorporated

Many language books are boring—this one is not. Written by a native English speaker who learned Spanish the hard way—by trying to talk to Spanish-speaking people—it offers English speakers with a basic knowledge of Spanish hundreds of tips for using the language more fluently and colloquially, with fewer obvious "gringo" errors. Writing with humor, common sense, and a minimum of jargon, Joseph Keenan covers everything from pronunciation, verb usage, and common grammatical mistakes to the subtleties of addressing

other people, "trickster" words that look alike in both languages, inadvertent obscenities, and intentional swearing. He guides readers through the set phrases and idiomatic expressions that pepper the native speaker's conversation and provides a valuable introduction to the most widely used Spanish slang. With this book, both students in school and adult learners who never want to see another classroom can rapidly improve their speaking ability. *Breaking Out of Beginner's Spanish* will be an essential aid in passing the supreme language test-communicating fluently with native speakers.
