Jones and George are dedicated to the challenge of "Making It Real" for students. As a team, they are uniquely qualified to write about the organizational challenges facing today's managers. No other author team in the management discipline matches their combined research and text-writing experience. Essentials of Management concisely surveys current management theories and research. Through a variety of real world examples from small, medium, and large companies the reader learns how those ideas are used by practicing managers. The organization of this text follows the mainstream functional approach of planning, organizing, leading, and controlling; but the content is flexible and encourages instructors to use the organization they are most comfortable with. The themes of diversity, ethics, and information technology are clearly evident through in-text examples, photographs, "unboxed" stories, and the end-of-chapter material - all areas of importance that truly serve to bring to life the workplace realities that today's student will encounter in the course of a career.

**MKTG4** Pearson

This book examines current topics and trends in strategic auditing, accounting and finance in digital transformation both from a theoretical and practical perspective. It covers areas such as internal control, corporate governance, enterprise risk management, sustainability and competition. The contributors of this volume emphasize how strategic approaches in this area help companies in achieving targets. The contributions illustrate how by providing good governance, reliable financial reporting, and accountability, businesses can win a competitive advantage. It further discusses how new technological developments like artificial intelligence (AI), cybersystems, network technologies, financial mobility and smart applications, will shape the future of accounting and auditing for firms.

**Principles of Marketing** Prentice Hall

An exciting new book that covers all the latest buzzwords within marketing and consumer behavior: building brand cultures; gender; ethics; sustainable marketing; the green and the global consumer among many more. Importantly, Contemporary Issues in Marketing and Consumer Behaviour makes clear links between theory and practice in marketing. It also locates the recent development of both

marketing ideas and applications within the wider global, social and economic contexts. Written by a team of experts in the field, this title fills a gap in a growing market interested in these contemporary issues. It provides a complete off-the-shelf teaching package for Masters, MBA and advanced undergraduate modules in marketing and consumer behavior and a useful resource for dissertation study at both undergraduate and postgraduate levels.
