"This book presents the ancient Hindu astrology in its occult and esoteric aspects. Traditional practitioners often failed to defend the veracity of the subject and dispel the scepticism of modern intellectuals. The ancient revelations have been restated here to meet contemporary requirements. The ancient seers presented Vedic Astrology under various assumptions and in allegorical and symbolic languages. They assumed polydimensional extension of human consciousness which was closely related with planetary impulses. Apart from the general approach to this ancient science, the study presents in depth the astrological description of the nature of man. It also provides deeper implications of various planetary combinations. Advanced practitioners as well as general readers will find the book informative, illuminating and highly rewarding.

Midlife crisis starts in life of the person when he crossed the age of 42 in his life. Uranus is the seventh planet from the Sun and completes one revolution every 84 years and stays in a zodiac for 7 years. The transit of Uranus affects the life of every person and it happens only once when Uranus makes an opposite aspect from its natal position at the age of 42 years. After crossing such age, Uranus makes an angle of 180 degrees from its birth position. Therefore, after 42 years, many important changes start in the life of a person. Human life is such a long journey with various twists and turns. Midlife is a junction from where the track of life starts changing. The pace in life does not remain the same and disharmony starts appearing in different aspects of life. This is a phase but this phase comes only to those people who have some specific combination in their birth chart. The stage of midlife crisis begins when the slow-moving planets begin to change their positions and form hard aspects with their natal positions. This situation becomes easier when they slowly move out of the respective sign. This book explains when and how the midlife crisis begins. What are those aspects and conjunctions of the planets that affect the person during such a phase. This book further explains the planetary combination for depression, and how to overcome such situation in life. How the transit of slow-moving planets affects the life of the native and what is their duration. Midlife crisis is a transition phase. When the journey is

long, more preparation has to be done. Midlife crisis offers an opportunity to see another side of coin that you were completely unaware of until now. Bringing together some of the most recognized and influential researchers and scientists in various space-related disciplines, Lunar Settlements addresses the many issues that surround the permanent human return to the Moon. Numerous international contributors offer their insights into how certain technological, physiological, and psychological challenges must be met to make permanent lunar settlements possible. The book first looks to the past, covering the Apollo and Saturn legacies. In addition, former astronaut and U.S. Senator Harrison H. Schmitt discusses how to maintain deep space exploration and settlement. The book then discusses economic aspects, such as funding for lunar commerce, managing human resources, and commercial transportation logistics. After examining how cultural elements will fit into habitat design, the text explores the physiological, psychological, and ethical impact of living on a lunar settlement. It also

describes the planning/technical requirements of lunar habitation, the design of both manned and modular lunar bases, and the protection of lunar habitats against meteoroids. Focusing on lunar soil mechanics, the book concludes with discussions on lunar concrete, terraforming, and using greenhouses for agricultural purposes. Drawing from the lunar experiences of the six Apollo landing missions to the many American and Soviet robotic missions to current space activities and research, this volume summarizes the problems, prospects, and practicality of enduring lunar settlements. It reflects the key disciplines, including engineering, physics, architecture, psychology, biology, and anthropology, that will play significant roles in establishing these settlements.

Revelations from the Source Llewellyn Worldwide

Do you know the Bowl from the Basket shape in a natal chart? Did you realise just how much information you can gain from examining the actual pattern of the planets in the chart? No matter how knowledgeable we are about astrology, natal chart analysis can still present a challenge - however, understanding chart shapes could make all the difference. In this fascinating study, Wanda Sellar pinpoints an effective route into the astrological labyrinth using a concept which was pioneered by Marc Edmund Jones and then followed by Robert Jansky in the last century. Each chart shape has its own central theme: a Locomotive shape has its starting point with the leading planet which may be in any house or sign, a See-Saw shape begins with the core opposition, a Wedge with the confining trine. Not all charts fit neatly into one of the idealised patterns, and those that take a little coaxing are still a revelation in interpretation. Sometimes it is the planet that stands outside the idealised shape that reveals the core of the personality. This treasure trove includes a multitude of worked case histories, including Arnold Schwarzenegger, Mata Hari, George Blake, Bobby Fischer, Harrison Ford and Agatha Christie. This fascinating and accessible book is suitable for all levels.

Horary astrology is a fascinating and exacting technique, and here is the perfect book to hone your skills. Author Petros Eleftheriadis presents over fifty valid charts taken from his client files which demonstrate, in clear steps, how to reach an answer. He stresses the importance of starting with the correct question; for instance, he doesn't accept 'Should I?' questions, saying 'Astrology charts cannot possibly show something that will NEVER materialize, something that will never become reality, so they cannot show how your life would be, had you made another decision.' So rather than asking whether you will win the lottery if you buy a ticket, the correct action would be to buy the ticket then ask if you will win. Ideal for students and professionals with some knowledge of horary astrology.
