It had seemed

so simple,  
even fun,  
when they  
explained it:  
New York  
needed non-  
satellite-based  
relay towers.  
Commco sent  
me to find  
towns along  
the needed  
pathway, to  
offer to  
restore some  
of the boons  
of civilization  
in return for  
an agreement  
to build,  
power and  
guard the  
towers. After  
all, it had only

been fifty years. I would never have believed that the countryside would have turned barbaric so fast. Thus begins Martin Barrister's journey through an unfamiliar landscape, where his training and skills are of little help, and only quick wits and creativity will allow him to survive. When his job turns out to be a ruse, and he becomes bait in a dispute he can barely fathom, Martin discovers

what loyalty is worth. And what civilization is - and isn't - comprised of. Defending Free Speech for All Bmd Publishing In the battle between mazes and kids, who will win? Your child might, if he/she has the patience and right strategy to get out of all these mazes. Answering mazes is a fun learning experience that will help improve your child's ability to think of strategies quite fast.

Start your child's training with one book of mazes at a time.

The workplace has changed forever.

Working from home has become working from anywhere.

Companies need to move forward and transition into this new era of remote work to grow and retain top talent. Is your company poised to falter or thrive in the hybrid environment?

In this book, Kathleen Quinn Votaw shares her signature plan for creating people-centric, relationship-based workplaces where employees replace the nine-to-five work mentality with purpose and personal fulfillment. You'll learn the value of ...

- breaking the status quo, -
- shifting into a strong company culture, -
- cultivating a workplace that values empathy, and

- building a solid community that can withstand any storm. It takes everyone at a company working together to create a supportive employee experience. Put people first, and all else follows.

Have you ever had one of those really bad days at work? You know, one where your sexy AF boss catches you

photocopying your backside in his office? No? Just me then? I blame my bestie and partner in chaos. She challenged me with a not-so-innocent dare that I should've flat out declined. But I'm an adrenaline junkie, and now, here I am. I know it sounds crazy, and daredevil tendencies aside, I definitely went too far to get his attention. But you haven't seen him. Colton Wolfe. My boss. Tall, dark, and

handsome,  
with the  
sexiest British  
accent I've  
ever heard.  
His only flaw?  
That he's  
completely  
oblivious to  
what's been  
right in front  
of him all  
along. Me.  
Well, he was  
until a few  
minutes ago.  
Remember  
those good old  
days? Before I  
got caught  
bare-assed  
and making  
nice with the  
copy machine,  
and before I  
was totally  
getting fired?  
But wait.  
Maybe I'm  
not. If I can  
take on the  
biggest dare

of all. Making

This book is  
for the person  
that has done  
a great deal of  
work for  
personal  
growth and  
knows that  
there is more  
to understand  
and want to

continue  
through a  
process of  
how you can  
learn to view  
your existence  
in a  
completely  
different way.  
The simple  
isn't always  
easy, as you  
will notice  
when you are  
led through  
how your  
awareness  
can change.  
What if we  
started to  
think big and  
where we  
included our  
fellow man.  
Where  
kindness and  
the ability to  
have long  
term will to do  
good,  
becomes a  
natural way of

being. Not only for our fellow man but for the whole planet. You can continuously change your perception, and with that, all of you. You can process life differently and become flexible and open to find new solutions continually. By following the book, you can, through personal reflections, experience a transformation, and gain another awareness and conciseness. A transformation process where

codes of life can be cracked, and you obtain a changed existential awareness and integrated within you. This transformation might be the internal structural change that the world needs in the paradigm changes that are going on. In the process, you will learn how to release old self-centered defense patterns and behaviors. You will create a platform for a completely different way

of looking at and lead your life. With total accountability for your acts and actions, you will be able to exist for yourself and then for others with a natural humanity. Over the years, I have tried to find out what it means to take full personal responsibility for myself. What personal responsibility means in a broader context, and when I started to get it, a new world opened up, and a completely

different way of looking at life and this is what I want to share. Nothing is cut into the stone, and everything can change, not at least the knowledge of how you function. When you accept that you can change and that your subjectivity can continuously be revised, it is when you stop being governed by your own and others' limitations.

Platform Far in the distant reaches of the universe is a world called Azmantium. A planet with lilac skies, jade green seas and fiery red suns. A planet where everything, from the tides of the sea to life itself, is rooted in magic. Children are assessed at an early age and trained according to their unique magical talents. Lara, an orphan who has no memory of her true origins, is unaware that

she has a vital role to play in the ancient prophecies that are about to begin coming true. Older than most who are just beginning their magical training, Lara will soon find out that destiny waits for no one, especially when the fate of the world rests on their shoulders. With the help of her new friends, Lara will learn that in order to save the future, she must journey into the past - to a time when Dragons

ruled the world! This is the first book in the upcoming Dragon Born series!

Do you feel overwhelmed by all the stuff in your home? Is your home office a messy file drawer of papers? Do you want to get organized, but you do not know where to start? This book will help you look at your stuff differently and put you on the right track to get organized and stay

organized, so you can better enjoy life. We will consider the real value of our possessions. Is "real value" a dollar amount? Or the usefulness of the item? Or how it makes you feel? There are many ways to consider an item's value, none of them right or wrong. Everything is relative in terms of what is really important to you, whether it be your time, your space, or your stuff.

How does it feel to be here and there - at the same time? Maxwell Greyson refers to himself as a project manager but really only makes use of that title in an attempt to mask his ridiculousness, which is something that has plagued him all of his life. He unwittingly embarks on a quest to find what he's always sought. He finds it, or

rather he finds something, but doesn't know exactly how to process it or what to do with it. What ensues is a journey that starts at zero and ends up near the edge of the multiverse. Or is it the other way around?

Become a Dare-to-Serve Leader! How do you transform an ailing company into

an industry darling? Adopt servant leadership. When Cheryl Bachelder was named CEO of Popeyes in 2007, the stock price had slipped from \$34 in 2002 to \$13. The brand was stagnant, the team discouraged, and the franchisees were just plain angry. Nine years later, restaurant sales were up 45%, restaurant profits had doubled, and the stock price was over \$61. Some see servant

leadership as incongruent with results, but this book confirms that challenging people to reach a daring destination, while treating them with dignity, creates the conditions for superior performance. In this updated edition, Bachelder includes her post-Popeyes observations and new examples of how you can switch your leadership from self to serve. *A Brave Boy's Fight for*

I'm  
Zara...warrior

princess. I don't usually tell that last bit to strangers, but I say it in my head all the time. It's one of the many mantras that have helped me to get to where I am today. And believe me when I say that I've come a long way. Besides, if you're a woman and you happen to have ever struggled with issues of self-esteem, we're probably gonna be fast friends anyway, so I won't hold anything

(much) back. Oh, and Zara wasn't the name I was born with-but you'll find out more about that in the book. I don't know about you, but my own struggle with my weight has held me back a bit in life. And my self-esteem took a real nose dive after my fiance dumped me-via text, no less. (I know, right? Jerk!...but I don't usually dwell on things in the past, so let's just move right along

from that, shall we?) So, I'm still a work-in-progress for sure, but I'm really starting to figure it all out-how to be more of who I'm meant to be every day-including the bumps, the lumps, and my bruised ego along the way. Oh and I love my sisterhood (more about that later) - the women who join me in believing that we are all capable of being strong, amazing, warrior princesses-just the way we are right

now."
