It All Happened for a Reason Seven Stories Press

"Complex and gripping. . . . Newcomers to Arcadia will be captivated by the rich history, while those familiar with it will find that Sophia's legend grants them a new perspective on the earlier tales." —Publishers Weekly (starred review) "[The Lizard Princess] encourages big-picture thinking. . . . The combination of a straightforward quest complicated by hindsight, with magic,

science, and meditations on the building of myths and the role of stories, makes for a book not like much else out there. . . .

Gorgeously written and complex." —New York Journal of Books

"This fantasy quest lends a hand toward making our

contemporary world a little better."—Foreword Reviews "The

impressive The Lizard Princess continues Tod Davies' imaginative

History of Arcadia series with her trademark brilliant

storytelling."—Largehearted Boy "Look inside this world and find

wonder."—Kate Bernheimer, editor of Fairy Tale Review "Blending

the magic of fairy tales with the great existential mysteries, Tod

Davies leads us into a phantasmagorical world that resurrects the

complex lore of times past with vibrant narrative energy."—Maria

Tatar, editor of The Cambridge Companion to Fairy Tales

"Imaginative."—Jack Zipes, author of The Irresistible Fairy Tale

"Innovative form and spellbinding content . . . Stories, as Tod

Davies's History of Arcadia novels ultimately suggest, serve as a

civilization's backbone, and it is therefore in stories too that we

can discover the potential for fundamental change and a better

society."—Marvels & Tales Bittersweet. Lush. Human. The Lizard

Princess crosses mountains, oceans, deserts, and the Moon itself

to meet her fate and the fate of Arcadia on the Road of the Dead.

Her reward is the Key that opens the door to the Domain of Life where wisdom trumps knowledge, as it should in all good tales about the world, whether Arcadia's, or our own. Tod Davies is the author of *Snotty Saves the Day* and *Lily the Silent*, the first two books in The History of Arcadia series, as well as the cooking memoirs *Jam Today: A Diary of Cooking With What You've Got* and *Jam Today Too: The Revolution Will Not Be Catered*. Unsurprisingly, her attitude toward literature is the same as her attitude toward cooking—it's all about working with what you have to find new ways of looking and new ways of being.

Were you looking for a roch, nyer? An oily voice spoke up just by the elbow of George Hanlon. "I have some excellent ones here, sir." "Yes, nyer, I want several, if I can find ones to suit me," the young man replied. Nor could anyone, glancing at him, know he was not a native of this planet, Szstruyyah, which the Inter-Stellar Corpsmen, in self-defense, called "Estrella." For the cosmetic-specialist who handled the secret servicemen's disguises had done a marvelous job in transforming the blond young Corpsman into an Estrellan native.

An orphan and a fugitive find a connection in their secret pasts in this "love story that moves with the pace of a thriller" from an award-winning author (Yorkshire Post). At sixteen, Lamb walks out on her life. Her parents are dead and she has no brothers or sisters. For money, she cleans people's homes. For shelter, she lives in the cellar of an elderly client. For survival, she imagines herself as a tightrope walker—one foot in front of the other, eyes straight ahead, and never allowing anyone to touch her, lest she lose her balance. Then she meets Doggo. And Lamb can feel herself falling. Doggo walked out on his life, too—or more precisely, he ran. A fugitive fleeing from a violent criminal past, he needs Lamb's help staying under the radar. Quick-tempered, foul-mouthed, yet surprisingly tender, Doggo needs Lamb in other ways, too. But the closer they get, the more Lamb risks her precarious balance between life and death. And fear has never felt so comforting. Now You See Me, from Somerset Maugham Award winner Lesley Glaister, is an empowering novel about loneliness, trust, the fictions we tell ourselves to survive, and the primal need to connect. It also "boasts a protagonist so heartbreakingly well-realized that you are forced to live through her eyes, in her head, her heart . . . if only all fiction made us worry and care so hard, posed us such dreadfully difficult questions" (The Guardian). "Glaister is at her best . . . written in the crisply poetic prose for which she's known, [she] transforms the bleakest situations into compelling fiction." —The Independent "Before Gillian Flynn, there was Lesley Glaister." —Harper's Bazaar

Alistair, Alex, and Alice have always been an inseparable (though not necessarily harmonious) triplet of mice...that is until Alistair is kidnapped one summer's night. While Alistair tries to make heads or tails of falling from the sky onto another young ginger-colored mouse named Tibby Rose (a most unusual incident on all accounts), Alex and Alice set off to find their missing brother. But in a world where spies abound and an elusive underground organization called FIG is only heard about in shushed bits and pieces, figuring out whom to trust is no small task for this intrepid trio. The key to the mystery seems to be within their grasp, but it only hints at another hair-raising adventure and creates more questions that seemed destined to remain unanswered. Full of warm, clean humor and whippet-quick wit, Frances Watts' new trilogy will effortlessly charm readers and adventurers alike. Chosen as a Children's Book Council of Australia Notable Book 2011
