Short History of Yugoslavia Harvard University Press
 NATIONAL BOOK AWARD FINALIST • NEW YORK TIMES BESTSELLER • “Spectacular . . . [Téa Obreht] spins a tale of such marvel and magic in a literary voice so enchanting that the mesmerized reader wants her never to stop.”—Entertainment Weekly Look for Téa Obreht’s second novel, *Inland*, now available. NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY Michiko Kakutani, *The New York Times* • Entertainment Weekly • The Christian Science Monitor • The Kansas City Star • Library Journal Weaving a brilliant latticework of family legend, loss, and love, Téa Obreht, the youngest of *The New Yorker’s* twenty best American fiction writers under forty, has spun a timeless novel that will establish her as one of the most vibrant, original authors of her generation. In a Balkan country mending from war, Natalia, a young doctor, is compelled to

unravel the mysterious circumstances surrounding her beloved grandfather’s recent death. Searching for clues, she turns to his worn copy of *The Jungle Book* and the stories he told her of his encounters over the years with “the deathless man.” But most extraordinary of all is the story her grandfather never told her—the legend of the tiger’s wife. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY *The Wall Street Journal* • *O: The Oprah Magazine* • *The Economist* • *Vogue* • *Slate* • *Chicago Tribune* • *The Seattle Times* • *Dayton Daily News* • *Publishers Weekly* • Alan Cheuse, *NPR’s All Things Considered* “Stunning . . . a richly textured and searing novel.”—Michiko Kakutani, *The New York Times* “[Obreht] has a talent for subtle plotting that eludes most writers twice her age, and her descriptive powers suggest a kind of channeled genius. . . . No novel [this year] has been more satisfying.”—*The Wall Street Journal* “Filled with astonishing immediacy and presence, fleshed out with detail that seems firsthand, *The Tiger’s Wife* is all the more remarkable for being the product not of observation but of imagination.”—*The New York Times Book Review* “That *The Tiger’s Wife* never slips entirely into magical realism is part of its magic. . . . Its graceful commingling of contemporary realism and village legend seems even more absorbing.”—*The*

Washington Post

The Balkans Modern Library

From the assassination that triggered World War I to the ethnic warfare in Serbia, Bosnia, and Croatia, the Balkans have been the crucible of the twentieth century, the place where terrorism and genocide first became tools of policy. Chosen as one of the Best Books of the Year by *The New York Times*, and greeted with critical acclaim as “the most insightful and timely work on the Balkans to date” (*The Boston Globe*), Kaplan’s prescient, enthralling, and often chilling political travelogue is already a modern classic. This new edition of *Balkan Ghosts* includes six opinion pieces written by Robert Kaplan about the Balkans between 1996 and 2000 beginning just after the implementation of the Dayton Peace Accords and ending after the conclusion of the Kosovo war, with the removal of Slobodan Milosevic from power.

A Short History from Greek Times to the Present Day Thames & Hudson

Disentangling a controversial history of turmoil and progress, this Handbook provides essential guidance through the complex past of a region that was previously known as the Balkans but is

now better known as Southeastern Europe. It gathers 47 international scholars and researchers from the region. They stand back from the premodern claims and recent controversies stirred by the wars of Yugoslavia's dissolution. Parts I and II explore shifting early modern divisions among three empires to the national movements and independent states that intruded with Great Power intervention on Ottoman and Habsburg territory in the nineteenth century. Part III traces a full decade of war centered on the First World War, with forced migrations rivalling the great loss of life. Part IV addresses the interwar promise and the later authoritarian politics of five newly independent states: Albania, Bulgaria, Greece, Romania, and Yugoslavia. Separate attention is paid in Part V to the spread of European economic and social features that had begun in the nineteenth century. The Second World War again cost the region dearly in death and destruction and, as noted in Part VI, in interethnic violence. A final set of chapters in Part VII examines postwar and Cold War experiences that varied among the four Communist regimes as well as for non-Communist Greece. Lastly, a brief Epilogue takes the narrative past 1989 into the uncertainties that persist in Yugoslavia's successor states and its neighbors. Providing fresh analysis from recent scholarship, the brief and accessible chapters of the Handbook address the general reader as well as students and scholars. For further study, each chapter includes a short list of selected readings. *Nations and States since 1878* Bloomsbury Publishing

Throughout America's history, our laws have been a reflection of who we are, of what we value, of who has control. They embody our society's genetic code. In the masterful hands of the subject's greatest living historian, the story of the evolution of our laws serves to lay bare the deciding struggles over power and justice that have shaped this country from its birth pangs to the present. Law in America is a supreme example of the historian's art, its brevity a testament to the great elegance and wit of its composition.

A Short History of Modern Bulgaria Modern Library

Examines the causes of ethnic conflict in the Balkans, discussing how the meeting of European and Asian cultural influences and the blending of Christian and Muslim populations have created a complex and divisive situation. Winner of the Wolfson History Prize. Reprint. 25,000 first printing.

A Short History of a Revolutionary Idea Oxford University Press

Chosen by BusinessWeek as One of the Top Ten Business Books of the Year With apologies to Hegel, Marx, and Lenin, the basic unit of modern society is neither the state, nor the commune, nor the party; it is the company. From this bold premise, John Micklethwait and Adrian Wooldridge chart the rise of one of history's great catalysts for good and evil. In a "fast-paced and well-written" work (Forbes), the authors reveal how innovations such as limitations on liability have permitted companies to rival religions and even states in importance, governing the flow of wealth and controlling human affairs—all while being largely exempt from the rules that govern our lives. The Company is that rare, remarkable book that fills a major gap we scarcely knew existed. With it, we are better able to make sense of the past four centuries, as well as the events of today.

The Palgrave Concise Historical Atlas of the Balkans Princeton University Press

"A useful, important book that reminds us, at the right time, how hard [European unity] has been, and how much care must be taken to avoid the terrible old temptations." --Los Angeles Times Dark Continent provides an alternative history of the twentieth century, one in which the triumph of democracy was anything but a forgone conclusion and fascism and communism provided rival political solutions that battled and sometimes triumphed in an effort to determine the course the continent would take. Mark Mazower strips away myths that have comforted us since World War II, revealing Europe as an entity constantly engaged in a bloody project of self-invention. Here is a history not of inevitable victories and forward marches, but of narrow squeaks and unexpected twists, where townships boast a bronze of Mussolini on horseback one moment, only to melt it down and recast it as a pair of noble partisans the next. Unflinching, intelligent, Dark Continent provides a provocative vision of Europe's past, present, and future—and confirms Mark Mazower as a historian of valuable gifts.

The Balkans CUP Archive

In the historical and literary imagination, the Balkans loom large as a somewhat frightening and ill-defined space, often seen negatively as a region of small and spiteful peoples, racked by racial and ethnic hatred, always ready to burst into violent conflict. The Balkans in World History re-defines this space in positive terms, taking as a starting point the cultural, historical, and social threads

that allow us to see this region as a coherent if complex whole. Eminent historian Andrew Wachtel here depicts the Balkans as that borderland geographical space in which four of the world's greatest civilizations have overlapped in a sustained and meaningful way to produce a complex, dynamic, sometimes combustible, multi-layered local civilization. It is the space in which the cultures of ancient Greece and Rome, of Byzantium, of Ottoman Turkey, and of Roman Catholic Europe met, clashed and sometimes combined. The history of the Balkans is thus a history of creative borrowing by local people of the various civilizations that have nominally conquered the region. Encompassing Bulgaria, Croatia, Bosnia and Herzegovina, Serbia, Montenegro, Albania, Macedonia, Greece, and European Turkey, the Balkans have absorbed many voices and traditions, resulting in one of the most complex and interesting regions on earth.

Kosovo Cambridge Scholars Publishing

By the early-1980s Kosovo had reached a state of permanent crisis and military occupation, and it became the main focus for the revival of Serbian nationalism. This book traces the history of Kosovo, examining the Yugoslavian conflict, and the part played by Western Europe in its destruction. 'This is a profound and important book, essential reading for those who wish to understand either the complex history or the present politics of Yugoslavia.' Hugh Trevor-Roper, SUNDAY TELEGRAPH 'A dreadnought of a book, all big guns, covering the whole history of Kosovo, with an authority that is often breathtaking and never oppressive.' Norman Stone, SUNDAY TIMES *History and Culture of a Dervish Order in the Balkans* Penguin

Discusses the different ethnic and religious groups that inhabit Bosnia, and looks at the political and cultural upheaval that have been a continuing part of the region's history

Nationalism, War, and the Great Powers, 1804-2011 University of Toronto Press

"A splendidly pithy and provocative introduction to the culture of Romanticism."—The Sunday Times "[Tim Blanning is] in a particularly good position to speak of the arrival of Romanticism on the European scene, and he does so with a verve, a breadth, and an authority that exceed every expectation."—National Review From the preeminent historian of Europe in the eighteenth and nineteenth centuries comes a superb, concise account of a cultural upheaval that still shapes sensibilities today. A rebellion against the rationality of the Enlightenment, Romanticism was a profound shift in expression that altered the arts and ushered in modernity, even as it championed a return to the intuitive and the primitive. Tim Blanning describes its beginnings in Rousseau's novel *La Nouvelle Héloïse*, which placed the artistic creator at the center of aesthetic activity, and reveals how Goethe, Goya, Berlioz, and others began experimenting with themes of artistic madness, the role of sex as a psychological force, and the use of dreamlike imagery. Whether unearthing the origins of "sex appeal" or the celebration of accessible storytelling, *The Romantic Revolution* is a bold and brilliant introduction to an essential time whose influence would far outlast its age. "Anyone with an interest in cultural history will revel in the book's range and insights. Specialists will savor the anecdotes, casual readers will enjoy the introduction to rich and exciting material. Brilliant artistic output during a time of transformative upheaval never gets old, and this book shows us why."—The Washington Times "It's a pleasure to read a relatively concise piece of scholarship of so high a caliber, especially expressed as well as in this fine book."—Library Journal *The Routledge Handbook of Balkan and Southeast European History* Springer

This book explores historical discourses on the various forms of identity production in film that are based on memory and shows how these narratives get 'mediated' by (documentary) film. Most films about the Balkans produced in the last two decades were in fact made in response to immediate concerns about the economic crises and political conflicts that struck the region during the 1990s. These new forms of communication about history mostly show a rather self-critical approach. The book's case studies give the reader a clear idea of how processes informing identity formations are directly launched and later on maintained in peoples' real and everyday lives. Thus, the case studies' principal objective is to integrate the study of 'private space' with existing macro-debates in politics as well as with dominant discourses within the academic community. The included case studies focus on several topics, i.e. migration, the reproduction and protection of personal as well as collective identities in post-socialist societies, revolutionary processes towards the official end of the Cold War, the (re-)creation of politically constructed narratives, generational conflicts in the post-socialist period, and the fate of women during the war. The multifaceted view of the region under focus in this study shows that common grounds and differences co-exist in the Balkan space, be it on a cultural, economic, social or (geo)-political level. Apart from the field of

film studies, this work is a powerful contribution to cultural history as well as to the growing field of visual history.

The Balkans University of Toronto Press

At the turn of the 19th century, the Ottoman Empire straddled three continents and encompassed extraordinary ethnic and cultural diversity among the millions of people living within its borders. This text provides a concise history of the late empire between 1789 and 1918, turbulent years marked by incredible social change.

A Novel Modern Library

Presents the historical and geopolitical background of the country of Kosovo, including its annexation by Serbia in 1912 and incorporation into Yugoslavia, its declaration of independence in February, 2008, and its strategic importance to the Western Balkans.

Documents on the Balkans – History, Memory, Identity Oxford University Press

Discusses the different ethnic and religious groups that inhabit Bosnia, and looks at the political and cultural upheaval that have been a continuing part of the region's history

World War II Picador

The tragedies of Bosnia and Kosovo are often explained away as the unchangeable legacy of 'centuries-old hatreds'. In this richly detailed, expertly balanced chronicle of the Balkans across fifteen centuries, Hupchick sets a complicated record straight. Organized around the three great civilizations of the region - Western European, Orthodox Christian and Muslim - this is a much-needed guide to the political, social, cultural and religious threads of Balkan history, with a clear, convincing account of the reasons for nationalist violence and terror.

The Rose of the Balkans Modern Library

The Bektashi dervish order is a Sufi Alevite sect found in Anatolia and the Balkans with a strong presence in Albania. In this, his final book, Robert Elsie analyses the Albanian Bektashi and considers their role in the country's history and society. Although much has been written on the Bektashi in Turkey, little has appeared on the Albanian branch of the sect. Robert Elsie considers the history and culture of the Bektashi, analyses writings on the order by early travellers to the region such as Margaret Hasluck and Sir Arthur Evans and provides a comprehensive list of tekkes (convents) and tyrbes (shrines) in Albania and neighbouring countries. Finally he presents a catalogue of notable Albanian Bektashi figures in history and legend. This book provides a complete reference guide to the Bektashi in Albania which will be essential reading for scholars of the Balkans, Islamic sects and Albanian history and culture.

The Company Vintage

This survey of Bulgaria traces its history from the liberation from the Ottoman Empire to 1985.

A Short History of the Middle Ages, Fifth Edition Penguin UK

This unique and lively history of Balkan geopolitics since the early nineteenth century gives readers the essential historical background to recent events in this war-torn area. No other book covers the entire region, or offers such profound insights into the roots of Balkan violence, or explains so vividly the origins of modern Serbia, Croatia, Bosnia, Greece, Bulgaria, Romania, and Albania. Misha Glenny presents a lucid and fair-minded account of each national group in the Balkans and its struggle for statehood. The narrative is studded with sharply observed portraits of kings, guerrillas, bandits, generals, and politicians. Glenny also explores the often-catastrophic relationship between the Balkans and the Great Powers, raising some disturbing questions about Western intervention.

Nazi Rule in Occupied Europe NYU Press

The victors of the First World War created Hungary from the ruins of the Austro-Hungarian empire, but, in the centuries before, many called for its creation. Norman Stone traces the country's roots from the traditional representative councils of land-owning nobles to the Magyar nationalists of the nineteenth century and the first wars of independence. Hungary's history since 1918 has not been a happy one. Economic collapse and hyperinflation in the post-war years led to fascist dictatorships and then Nazi occupation. Optimism at the end of the Second World War ended when the Iron Curtain descended, and Soviet tanks crushed the last hopes for independence in 1956 along with the peaceful protests in Budapest. Even after the fall of the Berlin Wall, consistent economic growth has remained elusive. This is an extraordinary history - unique yet also representative of both the post-Soviet bloc and of nations forged from the fall of empires.
