*My Grandfather's*  
*Gallery* Profile Books  
An exploration of the  
fascinating parallels  
and differences  
between Picasso's  
Woman with a Book  
and Ingres's Madame  
Moitessier This  
publication examines,  
in detail, two  
extraordinary  
interrelated works:

Picasso's Woman with  
a Book (1932) and  
Ingres's Madame  
Moitessier (1844-56).  
Each painting is  
explored in depth,  
illuminating the  
parallels and  
differences between  
the artists' techniques  
and creative ambitions.  
The first essay tells the  
story of the twelve-  
year gestation of  
Ingres's Madame  
Moitessier, focusing on  
the role of drawings in  
the elaboration of the

composition, and of the sitter herself in determining how she was to be presented. The second essay traces the development of Picasso's *Woman with a Book*, among the most celebrated likenesses of the artist's young lover, Marie-Thérèse Walter. In contrast to Ingres's work, it was painted in just a day or two. The final essay explores, through these two works, the artists' shared interest in the relationship between nude and clothed bodies, revealing the depth of Picasso's engagement with Madame Moitessier, which motivates and animates *Woman with a Book*.  
*Cubism* Cambridge University Press  
 An artistic analysis of

Picasso's 1909 portraits, published to coincide with a major exhibition, discusses his seemingly obsessive drive to resolve issues in his portraits of companion Fernande Olivier and the impact of Cubanism's invention on his work. (Fine Arts)

**Courbet, Impressionism, Picasso** Hamlyn  
 Features fifty of Picasso's one-liners--drawings in which the artist's drawing implement touches the paper and is not lifted until the drawing is finished

**Life with Picasso** University of Chicago Press  
 "Picasso and Truth" offers a breathtaking and original new look at the most significant artist of the modern

era. From Pablo Picasso's early "The Blue Room" to the later "Guernica", eminent art historian T. J. Clark offers a striking reassessment of the artist's paintings from the 1920s and 1930s. Why was the space of a room so basic to Picasso's worldview? And what happened to his art when he began to feel that room-space become too confined--too little exposed to the catastrophes of the twentieth century? Clark explores the role of space and the interior, and the battle between intimacy and monstrosity, in Picasso's art. Based on the A. W. Mellon Lectures in the Fine Arts delivered at the National Gallery of Art, this lavishly illustrated volume remedies the biographical and

idolatrous tendencies of most studies on Picasso, reasserting the structure and substance of the artist's work. With compelling insight, Clark focuses on three central works--the large-scale "Guitar and Mandolin on a Table" (1924), "The Three Dancers" (1925), and "The Painter and His Model" (1927)--and explores Picasso's answer to Nietzsche's belief that the age-old commitment to truth was imploding in modern European culture. Masterful in its historical contextualization, "Picasso and Truth" rescues Picasso from the celebrity culture that trivializes his accomplishments and returns us to the tragic vision of his art--humane and appalling,

naive and difficult, in mourning for a lost nineteenth century, yet utterly exposed to the hell of Europe between the wars.

*Michelangelo's Sculpture* UPNE

This thought-provoking book presents a lively introduction to the 20th century's most important artist, Pablo Picasso. Picasso was a passionate student of the European painting tradition, and his memory for images was voracious.

Naturally drawn to Spanish masters Velázquez and Goya, he also engaged with such figures as Rembrandt, Delacroix, Ingres, Manet, and Cézanne. Picasso repeatedly pitted himself against these masters, taking up their signature themes, techniques, and artistic

concerns in audacious paintings of his own. Sometimes his "quotations" were direct, other times highly allusive. Always, Picasso made the implicit case that it was he in the 20th century who most forcefully reinvigorated the European tradition. This book showcases his extraordinary work, where we witness the daring transformation of the art of the past into, in Picasso's own words, "something else entirely."

Art of the Extreme

1905-1914 Tate

Publishing & Enterprises

Examining the artistic development of Pablo Picasso and Diego Rivera, two towering figures in the world of modern art, this generously illustrated book tells an intriguing

story of ambition, competition, and how the ancient world inspired their most important work. Picasso and Rivera: Conversations Across Time explores the artistic dialogue between Pablo Picasso and Diego Rivera that spanned most of their careers. The book showcases nearly 150 iconic paintings, sculptures, and prints by both artists, along with objects from their native ancient Mediterranean and Pre-Columbian worlds. It gives an overview of their early training in national academies; important archaeological discoveries that occurred during their formative years; and their friendly and adversarial relationship in Montparnasse. A

series of essays accompanies the exquisitely reproduced works, allowing readers to understand how the work of each artist was informed by artworks from the past. Picasso drew upon Classical art to shape the foundations of 20th-century art, creating images that were at once deeply personal and universal. Meanwhile, Rivera traded the abstractions of European modernism for figuration and references to Mexico's Pre-Columbian civilization, focusing on public murals that emphasized his love of Mexico and his hopes for its future. Offering valuable insight into the trajectory of each artist, this book draws connections between two powerful figures

who transformed modern art."

Ballantine Books

What is "intellectual property"? This book examines the way in which this important area of law is constructed by the legal system. It argues that intellectual property is a body of rules, created by the legal system, that regulate the documented forms of abstract objects, which are also defined into existence by the legal system. Intellectual property law thus constructs its own objects of regulation, and it does so through the application of a collection of core concepts. By analyzing the metaphysical structure of intellectual property law and the concepts the legal

system uses to construct "intellectual property," the book sheds new light on the nature of this fascinating area of law. It explains anomalies between social and intellectual property uses of concepts such as authorship - here dubbed "creatorship" - and originality, and it helps to explain the role of intellectual property from a structural (rather than the traditional normative) perspective.

*Picasso and the Allure of Language*

Metropolitan Museum of Art

The compelling and revolutionary journal of the first real love of Pablo Picasso vividly depicts Olivier's turbulent relationship with the artist and sheds new light on the

Parisian art scene of the early twentieth century.

*Top 10 of London*  
Princeton University Press

While working as a costumer at the famous Moulin Rouge, Eva Gouel catches the attention of Pablo Picasso and, drawn into this brilliant but eccentric artist's world, has a torrid affair that evolves into what will become the first great love of his life. Original.

**The Cubist Portraits of Fernande Olivier**

Princeton University Press

This text presents an in-depth examination of Picasso as a politically and socially engaged artist, from the 1940s, when he defiantly remained in Paris during the Nazi occupation, throughout the subsequent Cold

War period.

Constructing Intellectual Property

Duke University Press

No pictorial device in nineteenth-century French painting more clearly represented the free-ranging self than the loose brushstroke. From the romantics through the impressionists and post-impressionists, the brushstroke bespoke autonomous artistic individuality and freedom from convention. Yet the question of how much we can credit to the individual brushstroke is complicated—and in *Brushstroke and Emergence*, James D. Herbert uses that question as a starting point for an extended essay that draws on philosophy of mind, the science of emergence, and art history.

Brushstrokes, he reminds us, are as much creatures of habit and embodied experience as they are of intent. When they gather in great numbers they take on a life of their own, out of which emerge complexity and meaning. Analyzing ten paintings by Courbet, Manet, Cézanne, Monet, Seurat, and Picasso, Herbert exposes vital relationships between intention and habit, the singular and the complex. In doing so, he uncovers a space worthy of historical and aesthetic analysis between the brushstroke and the self.

*Principles, Practice and New Technology* Basic Books

The most important scientist of the

twentieth century and the most important artist had their periods of greatest creativity almost simultaneously and in remarkably similar circumstances. This fascinating parallel biography of Albert Einstein and Pablo Picasso as young men examines their greatest creations -- Picasso's *Les Femmes d'Alger* and Einstein's special theory of relativity. Miller shows how these breakthroughs arose not only from within their respective fields but from larger currents in the intellectual culture of the times. Ultimately, Miller shows how Einstein and Picasso, in a deep and important sense, were both working on the same problem.

*Picasso's One-liners*

Metropolitan Museum of Art

A revealing investigation into Picasso's career-long fascination with the written word. Throughout his life, Pablo Picasso had close friendships with writers and an abiding interest in the written word. This groundbreaking book, which draws on the collections of Yale University, traces the relationship that Picasso had with literature and writing in his life and work. Beginning with the artist's early associations with such writers as Gertrude Stein, Guillaume Apollinaire, Max Jacob, and Pierre Reverdy, the book continues until the postwar period, by which time Picasso had become a worldwide celebrity. Distinguished

authorities in art and literature explore the theme of Picasso and language from historical, linguistic, and visual perspectives and contextualize Picasso's work within a rich literary framework. Presenting fascinating archival materials and written in an accessible style, *Picasso and the Allure of Language* is essential reading for anyone interested in this great artist and the history of modernism.

[On Classic Ground](#)

Simon & Schuster

Drawing on her grandfather's intimate correspondence with Picasso, Matisse, Braque and others, the author takes readers on a personal journey through the life of Paul Rosenberg, a legendary Parisian art dealer who was forced

to flee Vichy France, leaving several famous artworks behind to be captured by the Nazis.

### **A Picasso Portfolio**

Hol Art Books

In Picasso's *Demoiselles*, eminent art historian Suzanne Preston Blier uncovers the previously unknown history of Pablo Picasso's *Les Demoiselles d'Avignon*, one of the twentieth century's most important, celebrated, and studied paintings. Drawing on her expertise in African art and newly discovered sources, Blier reads the painting not as a simple bordello scene but as Picasso's interpretation of the diversity of representations of women from around the world that he encountered in photographs and

sculptures. These representations are central to understanding the painting's creation and help identify the *demoiselles* as global figures, mothers, grandmothers, lovers, and sisters, as well as part of the colonial world Picasso inhabited. Simply put, Blier fundamentally transforms what we know about this revolutionary and iconic work.

The doctrine of moral rights is based on the idea that authors have a special bond with their own creative work. At present, the legal status of moral rights demands clarification and assessment as never before, as the international expansion

of moral rights occurs in the new environment of digital technology. Just as the survival of copyright law depends on its capacity to adapt effectively to the new technological environment, a new approach to moral rights is also necessary. *Moral Rights: Principles Practice and New Technology* is the first work to comprehensively address the role of moral rights in an environment of digital technology, identifying the challenges and confronting moral rights in a digital environment. The challenges are addressed in both practical and theoretical terms, and examples drawn from the legislation and

practice of key jurisdictions around the world. *Moral Rights* concludes with a consideration of how the concept of moral rights can contribute to the re-shaping of copyright law in a digital context.

*A Life of Picasso IV: The Minotaur Years*

Rizzoli Publications

One of *The Christian Science Monitor's* Best Nonfiction Books of 2018 "An engrossing read...a historically and psychologically rich account of the young Picasso and his coteries in Barcelona and Paris" (*The Washington Post*) and how he achieved his breakthrough and revolutionized modern art through his masterpiece, *Les Demoiselles d'Avignon*. In 1900, eighteen-year-old Pablo Picasso

journeyed from Barcelona to Paris, the glittering capital of the art world. For the next several years he endured poverty and neglect before emerging as the leader of a bohemian band of painters, sculptors, and poets. Here he met his first true love and enjoyed his first taste of fame. Decades later Picasso would look back on these years as the happiest of his long life. Recognition came first from the avant-garde, then from daring collectors like Leo and Gertrude Stein. In 1907, Picasso began the vast, disturbing masterpiece known as *Les Femmes d'Alger (O. J. R. Version O)*. Inspired by the painting of Paul Cézanne and the inventions of African and tribal sculpture,

Picasso created a work that captured the disorienting experience of modernity itself. The painting proved so shocking that even his friends assumed he'd gone mad, but over the months and years it exerted an ever greater fascination on the most advanced painters and sculptors, ultimately laying the foundation for the most innovative century in the history of art. In *Picasso and the Painting That Shocked the World*, Miles J. Unger "combines the personal story of Picasso's early years in Paris—his friendships, his romances, his great ambition, his fears—with the larger story of modernism and the avant-garde" (*The Christian Science Monitor*). This is the story of an artistic

genius with a singular creative gift. It is “riveting...This engrossing book chronicles with precision and enthusiasm a painting with lasting impact in today’s art world” (Publishers Weekly, starred review), all of it played out against the backdrop of the world’s most captivating city.

**Picasso** Clark Art Institute Maryland Blue Crab Honor Book 2018 A big, brightly colored, playful introduction to various important painters and art movements. If someone asked you to paint a snowman, you would probably start with three white circles stacked one upon another. Then you would add black dots for eyes, an orange triangle for a nose, and

a black dotted smile. But if Picasso painted a snowman... From that simple premise flows this delightful, whimsical, educational picture book that shows how the artist’s imagination can summon magic from a prosaic subject. Greg Newbold’s chameleon-like artistry shows us Roy Lichtenstein’s snow hero saving the day, Georgia O’Keefe’s snowman blooming in the desert, Claude Monet’s snowmen among haystacks, Grant Wood’s American Gothic snowman, Jackson Pollock’s snowman in ten thousand splats, Salvador Dali’s snowmen dripping like melty cheese, and snowmen as they might have been rendered by J. M. W. Turner, Gustav Klimt,

Paul Klee, Marc Chagall, Georges Seurat, Pablita Velarde, Piet Mondrian, Sonia Delaunay, Jacob Lawrence, and Vincent van Gogh. Our guide for this tour is a lively hamster who—also chameleon-like—sports a Dali mustache on one spread, a Van Gogh ear bandage on the next. “What would your snowman look like?” the book asks, and then offers a page with a picture frame for a child to fill in. Backmatter thumbnail biographies of the artists complete this highly original tour of the creative imagination that will delight adults as well as children. Fountas & Pinnell Level O  
*The Leonard A. Lauder Collection* Macmillan  
For readers of Paula McLain, Nancy Horan,

and Melanie Benjamin, this captivating novel is inspired by a little-known interlude in the artist's life. “A tasty blend of romance, mystery, and French cooking.”--Margaret Atwood, via Twitter  
*The French Riviera, spring 1936: It's off-season in the lovely seaside village of Juan-les-Pins, where seventeen-year-old Ondine cooks with her mother in the kitchen of their family-owned Café Paradis. A mysterious new patron who's slipped out of Paris and is traveling under a different name has made an unusual request--to have his lunch served to him at the nearby villa he's secretly rented, where he wishes to remain incognito. Pablo Picasso is at a momentous crossroads in his personal and*

professional life--and for him, art and women are always entwined. The spirited Ondine, chafing under her family's authority and nursing a broken heart, is just beginning to discover her own talents and appetites. Her encounter with Picasso will continue to affect her life for many decades onward, as the great artist and the talented young chef each pursue their own passions and destiny. New York, present day: Céline, a Hollywood makeup artist who's come home for the holidays, learns from her mother, Julie, that Grandmother Ondine once cooked for Picasso. Prompted by her mother's enigmatic stories and the hint of more family secrets yet to be uncovered, Céline carries out

Julie's wishes and embarks on a voyage to the very town where Ondine and Picasso first met. In the lush, heady atmosphere of the Côte d'Azur, and with the help of several eccentric fellow guests attending a rigorous cooking class at her hotel, Céline discovers truths about art, culture, cuisine, and love that enable her to embrace her own future. Featuring an array of both fictional characters and the French Riviera's most famous historical residents, set against the breathtaking scenery of the South of France, *Cooking for Picasso* is a touching, delectable, and wise story, illuminating the powers of trust, money, art, and creativity in the choices that men and

women make as they seek a path toward love, success, and joie de vivre. Praise for Cooking for Picasso "Intrigue, art, food, and deception are woven together in a tale of love and betrayal around the life and legacy of Picasso. Touching and true, this well-written narrative

made me long for my mother's coq au vin and for the sun of Juan-les-Pins."--Jacques Pépin, chef, TV personality, author **Space, Time, and the Beauty That Causes Havoc** PicassoChallenging the Past
