From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green

does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

In today's highly competitive realm of professional service firms, the quest for individual stardom is at an all-time high. The temptation to rack up the most billable hours and out-perform one's fellow advisers is often irresistible. But it is also shortsighted and terribly counterproductive, according to world-renowned authority and acclaimed author David Maister. In this groundbreaking book, Maister issues a much-needed wake-up call to today's professional service firms. Arguing that a far greater contribution to a firm's success can come from those who find fulfilment in seeing other's succeed rather than those who assume the role of "most valuable player". The author outlines and discusses in detail the nine key "people" issues upon which successfully managed and profitable organisations rely.

Supporting his findings with a range of compelling data, Maister demonstrates how and why firms that emphasise the highest standards of employee professionalism are invariably more financially successful than those that don't.

#### The Life-Changing Magic of Tidying Up Ballantine Books

As our world grows smaller, opportunities for conflict multiply. Ethnic, religious, political, and personal differences drive people apart—with potentially disastrous consequences—and it's the task of perceptive leaders to bring them together again. World-renowned mediation expert Mark Gerzon argues that leaders have failed to rise to this challenge. Our organisations, schools, and governments remain filled with divisive dictators and everyday managers, instead of what he calls mediators—leaders who transform conflict so that everyone can move forward together. Through absorbing examples drawn from decades of work with organisational, political, and global conflicts of all kinds, *Leading Through Conflict* provides a powerful new framework for the leader as mediator, and outlines eight specific tools these leaders use to transform seemingly intractable differences into progress on deep-seated problems. Both practical and passionate, this book makes the tools of cross-border leaders accessible to anyone who wants to help create healthier companies, communities, and countries.

Japanese cleaning consultant Marie Kondo takes tidying to a whole new level, promising that if you properly simplify and organize your home once, you'll never have to do it again. Most methods advocate a room-by-room or little-by-little approach, which doom you to pick away at your piles of stuff forever. The KonMari Method, with its revolutionary category-by-category system, leads to lasting results. In fact, none of Kondo's clients have lapsed (and she still has a three-month waiting list). With detailed guidance for determining which items in your house “spark joy” (and which don't), this international bestseller will help you clear your clutter and enjoy the unique magic of a tidy home—and the calm, motivated mindset it can inspire.

Managing people when you're not their boss is a challenge, particularly in professional service firms where, increasingly, top professionals are being tapped to lead their peers. Now Patrick McKenna and David Maister provide a 'play book' for professionals trying to be both a team member and coach. In industries ranging from banking and insurance to law and engineering, as well as in research labs and software companies, management responsibility is increasingly delegated - usually without guidance - to those who head up smaller teams of professionals. **FIRST AMONG EQUALS** speaks directly to those who have gone from focusing on their own performance to being a group manager in charge of leading others. From understanding the group leader role to setting terms of reference and effectively dealing with talented prima donnas, McKenna and

Maister present a thorough introduction to managing and orchestrating talent.
