LONGLISTED FOR THE ORWELL PRIZE 2018 'A blast, in all senses' Financial Times Includes a new preface and extra essays Smart and provocative, this collection of Laurie Penny's writing establishes her as one of the most urgent and vibrant feminist voices of our time. From the shock of Donald Trump's election and the victories of the far right, to online harassment and the transgender rights movement, these darkly humorous observations provoke challenging conversations about the definitive social issues of today. Featuring a new preface and nine new revelatory, revolutionary essays, Bitch Doctrine will give readers tools for change from one of today's boldest commentators.

A Novel Penguin

Journalist Rebecca Traister's New York Times bestselling exploration of the transformative power of female anger and its ability to transcend into a political movement is "a hopeful, maddening

compendium of righteous feminine anger, and the good it can do when wielded efficiently—and collectively" (Vanity Fair). Long before Pantsuit Nation, before the Women's March, and before the #MeToo movement, women's anger was not only politically catalytic—but politically problematic. The story of female fury and its cultural significance demonstrates its crucial role in women's slow rise to political power in America, as well as the ways that anger is received when it comes from women as opposed to when it comes from men. "Urgent, enlightened...realistic and compelling...Traister eloquently highlights the challenge of blaming not just forces and systems, but individuals" (The Washington Post). In Good and Mad, Traister tracks the history of female anger as political fuel—from suffragettes marching on the White House to office workers vacating their buildings after Clarence Thomas was confirmed to the Supreme Court. Traister explores women's anger at both men and other women; anger between ideological allies and foes; the varied ways anger is received based on who's expressing it; and the way women's collective fury has become transformative political fuel. She deconstructs society's (and the media's) condemnation of female emotion (especially rage) and the impact of their resulting repercussions. Highlighting a double standard perpetuated against women by all sexes, and its disastrous,

stultifying effect, Good and Mad is "perfectly timed and inspiring" (People, Book of the Week). This "admirably rousing narrative" (The Atlantic) offers a glimpse into the galvanizing force of women's collective anger, which, when harnessed, can change history.

Notes from an Ongoing Investigation Verso Books

Men to Avoid in Art and Life pairs classical fine art with modern captions that epitomize the spirit of mansplaining. This hilarious book perfectly captures those relatable moments when a man explains to a woman a subject about which he knows considerably less than she does. Situations include men sharing keen insight on the female anatomy, an eloquent defense of catcalling, or offering sage advice about horseback riding to the woman who owns the horse. • These less qualified men of antiquity dish out mediocrity as if it's pure genius • For the women who have endured overbearing men over the centuries • Written with hilariously painful accuracy "Now, when you're riding a horse, you need to make sure to keep a good grip on the reins." "These are my horses." Through cringe-induced empathy, this timeless gift book of shared experiences unites women across history in one of the most powerful forms of resistance: laughter. • Started as a Twitter thread and quickly gained widespread popularity. • Makes a perfect book for women and

feminists with a wry sense of humor, millennials, anyone who loves memes and Internet humor, as well as history and art buffs. • You'll love this book if you love books like *Men Explain Things to Me* by Rebecca Solnit, *Milk and Vine: Inspirational Quotes from Classic Vines* by Emily Beck, and *Awards For Good Boys: Tales Of Dating, Double Standards, And Doom* by Shelby Lorman.

An Office Survival Manual for a Sexist Workplace Haymarket Books

As seen in *Time*, *USA TODAY*, *The Atlantic*, *The Wall Street Journal*, and on CBS *This Morning*, BBC, PBS, CNN, and NPR, iGen is crucial reading to understand how the children, teens, and young adults born in the mid-1990s and later are vastly different from their Millennial predecessors, and from any other generation. With generational divides wider than ever, parents, educators, and employers have an urgent need to understand today's rising generation of teens and young adults. Born in the mid-1990s up to the mid-2000s, iGen is the first generation to spend their entire adolescence in the age of the smartphone. With social media and texting replacing other activities, iGen spends less time with their friends in person—perhaps contributing to their unprecedented levels of anxiety, depression, and loneliness. But technology is not the only thing that makes iGen distinct from every generation before them; they are also different in how they spend their time, how they behave, and in their attitudes toward religion, sexuality, and politics. They socialize in completely new ways, reject once sacred social taboos, and want different things from their lives and careers. More than previous generations, they are obsessed with safety, focused on tolerance, and have no patience for inequality. With the first members of iGen just graduating from college, we all need to understand them: friends and family need to look out for them; businesses must figure out how to recruit them and sell to them; colleges and universities must know how to educate and guide them. And members of iGen also need to understand themselves as they communicate with their elders and explain their views to their older peers. Because where iGen goes, so goes our nation—and the world.

Everyday Topics Mansplained So Well That Even a Woman Can Understand Them

HarperCollins

From the author of *Orwell's Roses*, a personal, lyrical narrative about storytelling and empathy—a fitting companion to Solnit's *A Field Guide to Getting Lost* Finalist for the National Book Critics Circle Award In this exquisitely written book by the author of *A Paradise Built in Hell*, Rebecca Solnit explores the ways we make our lives out of stories, and how we are connected by empathy, by narrative, by imagination. In the course of unpacking some of her own stories—of her mother and her decline from memory loss, of a trip to Iceland, of an illness—Solnit revisits fairytales and entertains other stories: about arctic explorers, Che Guevara among the leper colonies, and Mary Shelley's *Dr. Frankenstein*, about warmth and coldness, pain and kindness, decay and transformation, making art and making self. Woven together, these stories create a map which charts the boundaries and territories of storytelling, reframing who each of us is and how we might tell our story.

Men Explain Things to Me Haymarket Books

An urgent exploration of men's entitlement and how it serves to police and punish women, from the acclaimed author of *Down Girl* "Kate Manne is a thrilling and provocative feminist thinker. Her work is indispensable."--Rebecca Traister NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE ATLANTIC In this bold and stylish critique, Cornell philosopher Kate Manne offers a radical new framework for understanding misogyny. Ranging widely across the culture, from Harvey Weinstein and the Brett Kavanaugh hearings to "Cat Person" and the political misfortunes of Elizabeth Warren, Manne's book shows how privileged men's sense of entitlement--to sex, yes, but more insidiously to admiration, care, bodily autonomy, knowledge, and power--is a pervasive social problem with often devastating consequences. In clear, lucid prose, Manne argues that male entitlement can explain a wide array of phenomena, from mansplaining and the undertreatment of women's pain to mass shootings by incels and the seemingly intractable notion that women are "unelectable." Moreover, Manne implicates each of us in toxic masculinity: It's not just a product of a few bad actors; it's something we all perpetuate, conditioned as we are by the social and cultural mores of our time. The only way to combat it, she says, is to expose the flaws in our default modes of thought while enabling women to take up space, say their piece, and muster resistance to the entitled attitudes of the men around them. With wit and intellectual fierceness, Manne sheds new light on gender and power and offers a vision of a world in which women are just as entitled as men to our collective care and concern.

Haymarket Books+ORM

New York Times Bestseller Edited and with an introduction by Roxane Gay, the New York Times

bestselling and deeply beloved author of *Bad Feminist* and *Hunger*, this anthology of first-person essays tackles rape, assault, and harassment head-on. *Vogue*, "10 of the Most Anticipated Books of Spring 2018" * *Harper's Bazaar*, "10 New Books to Add to Your Reading List in 2018" * *Elle*, "21 Books We're Most Excited to Read in 2018" * *Boston Globe*, "25 books we can't wait to read in 2018" * *Huffington Post*, "60 Books We Can't Wait to Read in 2018" * *Hello Giggles*, "19 Books We Can't Wait to Read in 2018" * *Buzzfeed*, "33 Most Exciting New Books of 2018" In this valuable and revealing anthology, cultural critic and bestselling author Roxane Gay collects original and previously published pieces that address what it means to live in a world where women have to measure the harassment, violence, and aggression they face, and where they are "routinely second-guessed, blown off, discredited, denigrated, besmirched, belittled, patronized, mocked, shamed, gaslit, insulted, bullied" for speaking out. Contributions include essays from established and up-and-coming writers, performers, and critics, including actors Ally Sheedy and Gabrielle Union and writers Amy Jo Burns, Lyz Lenz, Claire Schwartz, and Bob Shacochis. Covering a wide range of topics and experiences, from an exploration of the rape epidemic embedded in the refugee crisis to first-person accounts of child molestation, this collection is often deeply personal and is always unflinchingly honest. Like Rebecca Solnit's *Men Explain Things to Me*, *Not That Bad* will resonate with every reader, saying "something in totality that we cannot say alone." Searing and heartbreakingly candid, this provocative collection both reflects the world we live in and offers a call to arms insisting that "not that bad" must no longer be good enough.

Untold Histories, Wild Possibilities Penguin

In this "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of *All Your Perfects*, a workaholic with a too-good-to-be-true romance can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).

The Siege of San Francisco and the Crisis of American Urbanism Hoover Institution Press

#1 New York Times bestselling author Dean Koontz unleashes a contagion on a small Maine town—one that triggers the darkest desires of the soul. Designed by top scientists and unleashed in a monstrous conspiracy, night chills are seizing the men and women of Black River—driving them to acts of rape and murder. The nightmare is real. And death is the only cure...

[Bitch Doctrine](#) Lulu.com

"[A] landmark book . . . Solnit illustrates how the uprisings that begin on the streets can upend the status quo and topple authoritarian regimes" (Vice). A book as powerful and influential as Rebecca Solnit's *Men Explain Things to Me*, her *Hope in the Dark* was written to counter the despair of activists at a moment when they were focused on their losses and had turned their back to the victories behind them—and the unimaginable changes soon to come. In it, she makes a radical case for hope as a commitment to act in a world whose future remains uncertain and unknowable. Drawing on her decades of activism and a wide reading of environmental, cultural, and political history, Solnit argues that radicals have a long, neglected history of transformative victories, that the positive consequences of our acts are not always immediately seen, directly knowable, or even measurable, and that pessimism and despair rest on an unwarranted confidence about what is going to happen next. Now, with a moving new introduction explaining how the book came about and a new afterword that helps teach us how to hope and act in our unnerving world, she brings a new illumination to the darkness of our times in an unforgettable new edition of this classic book. "One of the best books of the 21st century." —The Guardian "No writer has better understood the mix of fear and possibility, peril and exuberance that's marked this new millennium." —Bill McKibben, New York Times–bestselling author of *Falter* "An elegant reminder that activist victories

are easily forgotten, and that they often come in extremely unexpected, roundabout ways." —The New Yorker

Essays for Dissenting Adults Simon & Schuster

New York Times Bestseller USA Today Bestseller The Globe and Mail Bestseller Publishers Weekly Bestseller Whose truth is the lie? Stay up all night reading the sensational psychological thriller that has readers obsessed, from the #1 New York Times bestselling author of *It Ends With Us*. Lowen Ashleigh is a struggling writer on the brink of financial ruin when she accepts the job offer of a lifetime. Jeremy Crawford, husband of bestselling author Verity Crawford, has hired Lowen to complete the remaining books in a successful series his injured wife is unable to finish. Lowen arrives at the Crawford home, ready to sort through years of Verity's notes and outlines, hoping to find enough material to get her started. What Lowen doesn't expect to uncover in the chaotic office is an unfinished autobiography Verity never intended for anyone to read. Page after page of bone-chilling admissions, including Verity's recollection of the night her family was forever altered. Lowen decides to keep the manuscript hidden from Jeremy, knowing its contents could devastate the already grieving father. But as Lowen's feelings for Jeremy begin to intensify, she recognizes all the ways she could benefit if he were to read his wife's words. After all, no matter how devoted Jeremy is to his injured wife, a truth this horrifying would make it impossible for him to continue loving her.

[Why Today's Super-Connected Kids Are Growing Up Less Rebellious, More Tolerant, Less Happy--and Completely Unprepared for Adulthood--and What That Means for the Rest of Us](#) Bloomsbury Publishing

For Adults Only: From autumn leaves to the night sky to how to use jumper cables, Mr. V. I. Stepford, author of *101 Bimbo Mantras*, mansplains 33 everyday topics for girls who love condescending explanations.

A New Orleans Atlas Penguin

Part manual, part manifesto, a humorous yet incisive guide to navigating subtle sexism at work—a pocketbook *Lean In* for the BuzzFeed generation that provides real-life career advice and humorous reinforcement for a new generation of professional women. It was a fight club—but without the fighting and without the men. Every month, the women would huddle in a friend's apartment to share sexist job frustrations and trade tips for how best to tackle them. Once upon a time, you might have called them a consciousness-raising group. But the problems of today's working world are more subtle, less pronounced, harder to identify—and, if Ellen Pao is any indication, harder to prove—than those of their foremothers. These women weren't just there to vent. They needed battle tactics. And so the fight club was born. Hard-hitting and entertaining, *Feminist Fight Club* blends personal stories with research, statistics, infographics, and no-bullsh*t expert advice. Bennett offers a new vocabulary for the sexist workplace archetypes women encounter everyday—such as the Manterrupter who talks over female colleagues in meetings or the Himinator who appropriates their ideas—and provides practical hacks for navigating other gender landmines in today's working world. With original illustrations, *Feminist Mad Libs*, a Negotiation Cheat Sheet, as well as fascinating historical research and a kit for "How to Start Your Own Club," *Feminist Fight Club* tackles both the external (sexist) and internal (self-sabotaging) behaviors that plague today's women—as well as the system that perpetuates them.

[Orwell's Roses](#) HarperCollins

Shortlisted for the James Tait Black Prize for Biography Longlisted for The Orwell Prize for Political Writing An electric portrait of the artist as a young woman that asks how a writer finds her voice in a society that prefers women to be silent, from the author of *Orwell's Roses* In *Recollections of My Nonexistence*, Rebecca Solnit describes her formation as a writer and as a feminist in 1980s San Francisco, in an atmosphere of gender violence on the street and throughout society and the exclusion of women from cultural arenas. She tells of being poor, hopeful, and adrift in the city that became her great teacher, and of the small apartment that, when she was nineteen, became the home in which she transformed herself. She explores the forces that liberated her as a person and as a writer—books themselves; the gay community that presented a new model of what else gender, family, and joy could mean; and her eventual arrival in the spacious landscapes and overlooked conflicts of the American West. Beyond being a memoir, Solnit's book is also a passionate argument: that women are not just impacted by personal experience, but by membership in a society where violence against women pervades. Looking back, she describes how she came to recognize that her own experiences of harassment and menace were inseparable from the systemic problem of who has a voice, or rather who is heard and respected and who is

silenced--and how she was galvanized to use her own voice for change.

[Seeing Like a Feminist](#) Simon and Schuster

Winner of the National Book Critics Circle Award for Criticism and the Mark Lynton History Prize Through the story of the pioneering photographer Eadweard Muybridge, the author of *Recollections of My Nonexistence* explores what it was about California in the late 19th-century that enabled it to become such a center of technological and cultural innovation The world as we know it today began in California in the late 1800s, and Eadweard Muybridge had a lot to do with it. This striking assertion is at the heart of Rebecca Solnit's new book, which weaves together biography, history, and fascinating insights into art and technology to create a boldly original portrait of America on the threshold of modernity. The story of Muybridge—who in 1872 succeeded in capturing high-speed motion photographically—becomes a lens for a larger story about the acceleration and industrialization of everyday life. Solnit shows how the peculiar freedoms and opportunities of post-Civil War California led directly to the two industries—Hollywood and Silicon Valley—that have most powerfully defined contemporary society.

Old Conflicts, New Chapters Haymarket Books

The incomparable Rebecca Solnit, author of more than a dozen acclaimed, prizewinning books of nonfiction, brings the same dazzling writing to the essays in *Encyclopedia of Trouble and Spaciousness*. As the title suggests, the territory of Solnit's concerns is vast, and in her signature alchemical style she combines commentary on history, justice, war and peace, and explorations of place, art, and community, all while writing with the lyricism of a poet to achieve incandescence and wisdom. Gathered here are celebrated iconic essays along with little-known pieces that create a powerful survey of the world we live in, from the jungles of the Zapatistas in Mexico to the splendors of the Arctic. This rich collection tours places as diverse as Haiti and Iceland; movements

like Occupy Wall Street and the Arab Spring; an original take on the question of who did Henry David Thoreau's laundry; and a searching look at what the hatred of country music really means. Solnit moves nimbly from Orwell to Elvis, to contemporary urban gardening to 1970s California macramé and punk rock, and on to searing questions about the environment, freedom, family, class, work, and friendship. It's no wonder she's been compared in *Bookforum* to Susan Sontag and Annie Dillard and in the *San Francisco Chronicle* to Joan Didion. The *Encyclopedia of Trouble and Spaciousness* proves Rebecca Solnit worthy of the accolades and honors she's received. Rarely can a reader find such penetrating critiques of our time and its failures leavened with such generous heapings of hope. Solnit looks back to history and the progress of political movements to find an antidote to despair in what many feel as lost causes. In its encyclopedic reach and its generous compassion, Solnit's collection charts a way through the thickets of our complex social and political worlds. Her essays are a beacon for readers looking for alternative ideas in these imperiled times.

The Revolutionary Power of Women's Anger Macmillan

Throughout history, personal liberty, free markets, and peaceable, voluntary exchanges have been roundly denounced by tyrants and often greeted with suspicion by the general public.

Unfortunately, Americans have increasingly accepted the tyrannical ideas of reduced private property rights and reduced rights to profits, and have become enamored with restrictions on personal liberty and control by government. In this latest collection of essays selected from his syndicated newspaper columns, Walter E. Williams takes on a range of controversial issues surrounding race, education, the environment, the Constitution, health care, foreign policy, and more. Skewering the self-righteous and self-important forces throughout society, he makes the case for what he calls the "the moral superiority of personal liberty and its main ingredient—limited government." With his usual straightforward insights and honesty, Williams reveals the loss of

liberty in nearly every important aspect of our lives, the massive decline in our values, and the moral tragedy that has befallen Americans today: our belief that it is acceptable for the government to forcibly use one American to serve the purposes of another.

Feminist Fight Club Simon and Schuster

Feminist ideology has seeped into every aspect of our society. This book is a sobering true story of tragedy, suicide, and murder directly caused by feminism. It not only chronicles true stories that show feminism's discrimination against men, it's backed by peer-reviewed research. Additionally, it includes investigative journalism that proves feminism was never about equality. The reality is that feminism doesn't just victimize men. It also victimizes women, children, families, and communities.

Good and Mad Chronicle Books

A stimulating exploration of wandering, being lost, and the uses of the unknown from the author of *Orwell's Roses* Written as a series of autobiographical essays, *A Field Guide to Getting Lost* draws on emblematic moments and relationships in Rebecca Solnit's life to explore issues of uncertainty, trust, loss, memory, desire, and place. Solnit is interested in the stories we use to navigate our way through the world, and the places we traverse, from wilderness to cities, in finding ourselves, or losing ourselves. While deeply personal, her own stories link up to larger stories, from captivity narratives of early Americans to the use of the color blue in Renaissance painting, not to mention encounters with tortoises, monks, punk rockers, mountains, deserts, and the movie *Vertigo*. The result is a distinctive, stimulating voyage of discovery.

The Encyclopedia of Trouble and Spaciousness Grand Central Publishing

Reporting from the front lines of gentrification in San Francisco, Rebecca Solnit and Susan Schwarzenberg sound a warning bell to all urban residents. Wealth is just as capable of ravaging cities as poverty.
