Today Bestseller A candid, riveting
account of the Trump White House, on the
front lines and behind the scenes. Sarah
Huckabee Sanders served as White House

Press Secretary for President Donald J.
Trump from 2017 to 2019. A trusted
confidante of the President, Sanders
advised him on everything from press and
communications strategy to personnel and
policy. She was at the President's side for
two and a half years, battling with the
media, working with lawmakers and CEOs,
and accompanying the President on every
international trip, including dozens of
meetings with foreign leaders—all while
unfailingly exhibiting grace under

pressure. Upon her departure from the
administration, President Trump described
Sarah as “irreplaceable,” a “warrior” and
“very special person with extraordinary
talents, who has done an incredible job.”
Now, in *Speaking for Myself*, Sarah
Huckabee Sanders describes what it was
like on the front lines and inside the White
House, discussing her faith, the challenges
of being a working mother at the highest
level of American politics, her relationship
with the press, and her unique role in the

historic fight raging between the Trump administration and its critics for the future of our country. This frank, revealing, and engaging memoir will offer a truly unique perspective on the most important issues and events of the era, and unprecedented access to both public and behind-the-scenes conversations within the Trump White House.

The critically acclaimed, award-winning, modern classic *Speak* is now a stunning graphic novel. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's *Speak*: The

Graphic Novel comes alive for new audiences and fans of the classic novel. This title has Common Core connections. *In the Garden of Beasts* Algonquin Books Here is a collection of poems that explore the social norms of the day and questions what is socially acceptable. *Love, Terror, and an American Family in Hitler's Berlin* Farrar, Straus and Giroux (BYR)

"In all of the literature addressing education, race, poverty, and criminal justice, there has been nothing quite like *Reading with Patrick*."—The Atlantic A memoir of the life-changing friendship between an idealistic young teacher and her gifted student, jailed for murder in the Mississippi Delta FINALIST FOR THE DAYTON LITERARY PEACE PRIZE Recently graduated from Harvard University, Michelle Kuo arrived in the rural town of Helena, Arkansas, as a Teach for America volunteer, bursting with optimism and drive. But she soon encountered the jarring realities of life in one of the poorest counties in America, still disabled by the legacy of slavery and Jim Crow. In this stirring memoir, Kuo, the child of Taiwanese immigrants, shares the story of

her complicated but rewarding mentorship of one student, Patrick Browning, and his remarkable literary and personal awakening. Convinced she can make a difference in the lives of her teenaged students, Michelle Kuo puts her heart into her work, using quiet reading time and guided writing to foster a sense of self in students left behind by a broken school system. Though Michelle loses some students to truancy and even gun violence, she is inspired by some such as Patrick. Fifteen and in the eighth grade, Patrick begins to thrive under Michelle's exacting attention. However, after two years of teaching, Michelle feels pressure from her parents and the draw of opportunities outside the Delta and leaves Arkansas to attend law school. Then, on the eve of her law-school graduation, Michelle learns that Patrick has been jailed for murder. Feeling that she left the Delta prematurely and determined to fix her mistake, Michelle returns to Helena and resumes Patrick's education—even as he sits in a jail cell awaiting trial. Every day for the next seven months they pore over classic novels, poems, and works of history. Little by little, Patrick grows into a

confident, expressive writer and a dedicated reader galvanized by the works of Frederick Douglass, James Baldwin, Walt Whitman, W. S. Merwin, and others. In her time reading with Patrick, Michelle is herself transformed, contending with the legacy of racism and the questions of what constitutes a “good” life and what the privileged owe to those with bleaker prospects. “A powerful meditation on how one person can affect the life of another . . . One of the great strengths of Reading with Patrick is its portrayal of the risk inherent to teaching.”—The Seattle Times “[A] tender memoir.”—O: The Oprah Magazine

This title addresses the creation of God, the New World, and what's referred to as the "metaphysical" side of Elijah Muhammad's teaching. It eloquently delves into the subject of form and spirit in the simplest terms. The relationship of Jesus, Joseph and Mary is given a critical analysis as it relates to blacks in America. *An American Lyric* St. Martin's Press Growing up in middle-class India, Rajika Bhandari has seen generations of her family look westward, where an American education means status and success. But she resists the lure of America because those who left never return—they all become flies trapped in honey in a land of opportunity. As a young woman, however,

she finds herself heading to a US university to study, following her heart and a relationship. When that relationship ends and she fails in her attempt to move back to India as a foreign-educated woman, she returns to the US and finds herself in a job where the personal is political and professional: she is immersed in the lives of international students who come to America from over 200 countries, the universities that attract them, and the tangled web of immigration that a student must navigate. An unflinching and insightful narrative that explores the global appeal of a Made in America education that is a bridge to America's successful past and to its future, *America Calling* is both a deeply personal story of Bhandari's search for her place and voice, and an incisive analysis of America's relationship with the rest of the world through the most powerful tool of diplomacy: education. At a time of growing nationalism, a turning inward, and fear of the "other," *America Calling* is ultimately a call to action to keep America's borders—and minds—open. *A Novel One World*

"Extraordinary." --Stephen King "This book is not simply the great American novel; it's the great novel of las Americas. It's the great world novel! This is the international story of our times. Masterful." --Sandra Cisneros También de este lado hay sueños. On this side too, there are dreams. Lydia Quixano Pérez lives in the Mexican city of Acapulco. She runs a bookstore. She has a son, Luca, the love of her life, and a wonderful husband who is a journalist. And while there are cracks beginning to show in Acapulco because of the drug cartels, her life is, by and large, fairly comfortable. Even though she knows they'll never sell, Lydia stocks some of her all-time favorite books in her store. And then one day a man enters the shop to browse and comes up to the register with a few books he would like to buy--two of them her favorites. Javier is erudite. He is charming. And, unbeknownst to Lydia, he is the jefe of the newest drug cartel that has gruesomely taken over the city. When Lydia's husband's tell-all profile of Javier is

published, none of their lives will ever be the same. Forced to flee, Lydia and eight-year-old Luca soon find themselves miles and worlds away from their comfortable middle-class existence. Instantly transformed into migrants, Lydia and Luca ride la bestia--trains that make their way north toward the United States, which is the only place Javier's reach doesn't extend. As they join the countless people trying to reach el norte, Lydia soon sees that everyone is running from something. But what exactly are they running to? *American Dirt* will leave readers utterly changed. It is a literary achievement filled with poignancy, drama, and humanity on every page. #1 NEW YORK TIMES BESTSELLER • A dramatic expansion of a groundbreaking work of journalism, *The 1619 Project: A New Origin Story* offers a profoundly revealing vision of the American past and present. ONE OF THE BEST BOOKS OF THE YEAR: *The Washington Post*, *NPR*, *Esquire*, *Marie Claire*, *Electric Lit*, *Ms. magazine*, *Kirkus Reviews*, *Booklist* In late August 1619, a ship arrived in the British colony of Virginia bearing a cargo of twenty to thirty enslaved people from Africa. Their arrival led to the barbaric and unprecedented system of American chattel slavery that would last for the next 250 years. This is sometimes referred to as the country's original sin, but it is more than that: It is the source of so much that still defines the United States. *The New York Times Magazine's* award-winning "1619 Project" issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This new book

substantially expands on that work, weaving together eighteen essays that explore the legacy of slavery in present-day America with thirty-six poems and works of fiction that illuminate key moments of oppression, struggle, and resistance. The essays show how the inheritance of 1619 reaches into every part of contemporary American society, from politics, music, diet, traffic, and citizenship to capitalism, religion, and our democracy itself. This is a book that speaks directly to our current moment, contextualizing the systems of race and caste within which we operate today. It reveals long-glossed-over truths around our nation's founding and construction—and the way that the legacy of slavery did not end with emancipation, but continues to shape contemporary American life. All-American I Speak for Myself American Women on Being Muslim
Forty women under the age of 40, born and raised in the United States, dismantle stereotypes of what it means to be a Muslim woman in America.

[The 1619 Project](#) I Speak for Myself
American Christian Women under 40 are being theologically trained in unprecedented numbers, accessing leadership in their communities through both orthodox and unorthodox avenues,

and balancing the roles of professional, wife, mother, girlfriend, and friend. With all of the perceived progress, why do they feel like their young voices still aren't being heard? And if they found the courage to speak, what would they want to say? The latest book in the *Speak For Myself* series addresses the experiences of faith, gender, and identity that remain taboo for American Christian Women Under 40. Is it our desire to remain childless in a Catholic tradition that largely defines women by their ability to reproduce? Is it our struggle with pornography in an evangelical subculture that addresses it only as the temptation of unsatisfied men? From masturbation, miscarriage, and menstruation to ordination, co-habitation, and immigration, this collection of essays explores the most provocative topics of faith left largely unspoken in 21st century American faith life. For women and their partners, faith leaders and their members, historians and their students, this book documents the voices of young Christian women and their refusal to be silent any longer.

First published in 1963, James Baldwin's *A Fire Next Time* stabbed at the heart of America's so-called "Negro problem";. As remarkable for its masterful prose as it is for its uncompromising account of black experience in the United States, it is considered to this day one of the most articulate and influential expressions of 1960s race relations. The book consists of two essays, "My Dungeon Shook" — Letter to my Nephew on the One Hundredth Anniversary of Emancipation, and "Down At The Cross" — Letter from a Region of My Mind. It weaves thematic threads of love, faith, and family into a candid assault on the hypocrisy of the so-called "land of the free";, insisting on the inequality implicit to American society. "You were born where you were born and faced the future that you faced";, Baldwin writes to his nephew, "because you were black and for no other reason."; His profound sense of injustice is matched by a robust belief in "monumental dignity";, in patience, empathy, and the possibility of transforming America into "what

America must become." *I Speak for Myself* Penguin Longlisted for the National Book Award for Young People's Literature! From the New York Times and USA Today bestselling author of the *Shatter Me* series comes a powerful, heartrending contemporary novel about fear, first love, and the devastating impact of prejudice. It's 2002, a year after 9/11. It's an extremely turbulent time politically, but especially so for someone like Shirin, a sixteen-year-old Muslim girl who's tired of being stereotyped. Shirin is never surprised by how horrible people can be. She's tired of the rude stares, the degrading comments—even the physical violence—she endures as a result of her race, her religion, and the hijab she wears every day. So she's built up protective walls and refuses to let anyone close enough to hurt her. Instead, she drowns her frustrations in music and spends her afternoons break-dancing with her brother. But then she meets Ocean James. He's the first person in forever who really seems to want to get to know Shirin. It terrifies her—they seem to come from two irreconcilable worlds—and Shirin has had

America Calling HarperCollins

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’ (Claudia

Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.
