When the great military hero and world conqueror, Napoleon Bonaparte, lived in exile on the island of St. Helena, he declared that Jesus was so supremely great that it is impossible to make comparisons between Him and any other being in the world. "I know men," said Napoleon, "and I tell you that Jesus is not a man. Everything in Him amazes me. His spirit outreaches mine, and His will confounds me." It is wonderful that a man like Napoleon, whose natural arms were fire and the sword, should be so deeply impressed by the life and teachings of the lowly Nazarene. But Napoleon is not alone in his admiration and love. Throughout the nineteen centuries that have passed since the Master lived upon the earth, men of every clime have learned to know Him and to worship Him. Today there are but few peoples known to mankind that do not acknowledge Jesus the Christ. The wonderful story of His life has thrilled both the young and the old the world over since first it was told. The wisdom, the justice, and the loving kindness of all His teachings, have inspired the nations to make them better. No other man in all the history of the world has exerted so profound an influence on the lives of his fellowmen, and on the laws that govern them. Now, you have read in other books the story of the life of Jesus. You know when and where He was born; how God the Father protected His Son; how he grew to manhood, waxing strong in spirit; how He taught, and wrought miracles amongst His own people; how they rejected Him and crucified Him; and how He rose from death and returned to His Father in heaven. It is a strangely beautiful story. But we do not want to retell it here. It must be our purpose, in this little book, to tell as interestingly as may be what Jesus taught. Certainly, it must be interesting to know something of the teachings of the Man who has made so profound an impression upon the history of the world. We want to know what the life-work of Jesus means to us and to our fellowmen. And to begin, we must try to find out what Jesus Himself thought about His mission on the earth.

Three Historical novels for the price of one in this eBook-e-only omnibus. From the hills of Norway to the coast of Maine, the streets of San Francisco and the Alaskan wilderness, comes this stirring trilogy about a group of Norwegian immigrants whose lives are forever intertwined. Set in the late nineteenth century, The Northern Lights series will captivate historical fiction fans. Lovers of family saga and adventure will be swept into the tender romances, as characters make important journeys toward growth and real faith. The Captain's Bride Leaving their home in Norway behind, Elsa and Peder Ramstad embark on a new life in with their closest friends, including: Kaatje Jansen, a woman seeking a new beginning for the sake of her marriage and for the child growing within her; Elsa's sister Tora, a sly young vixen who knows exactly what she wants--and exactly how to get it; and Karl Martensen, a man torn between his friendship for Peder and a forbidden, secret love for Elsa. Experience an epic saga of perseverance and passion, faith, and fidelity. Deep Harbor Determined to live "the good life," no matter the price, Tora Anders weaves a web of lies that could cost her everything she cares for-including a successful future and the man she loves. Her sister, Elsa Ramstad, has everything her heart desires: a loving husband, a family she adores, and a fulfilling life at sea. Then tragedy strikes. Now, drawing upon her faith and all the strength she can muster, Elsa must once again discover the woman she is and who she chooses to be. Four years after her husband's disappearance, Kaatje Janssen struggles to raise two young daughters and tend her farm. But when help comes from the most unlikely source, Kaatje faces both uncertainty about the future and a deep secret from her past. And after years of grappling with his feelings for Elsa and the mistakes he has made, Karl is caught in a life of loneliness and emptiness. Can he finally accept the reality of what he once lost and open himself up to the possibility of what could be? Separated by physical distance and emotional boundaries, these four bound by friendship and family find each other once again and discover that some ties can never be broken in Deep Harbor. Midnight Sun Desperate to know if her missing husband still lives, Kaatje Janssen hires the rugged, yet tenderhearted, James Walker to guide her through the perils of the Alaskan wilderness. What she finally discovers, however, is far from what she expected...and could well place her in the greatest danger of her life. As captain of the Majestic and mother of Kristian and Eve, Elsa Ramstad has sought to ease the ache of her lonely heart. But when an old friend rekindles the spark of romance within her, will she allow the flames of love to burn again? Her foolish youth behind her, Tora Anders looks forward to her wedding and a fresh start in life as the wife of her beloved, Trent Storm. But first she must confront, face-to-face, the terrible demons of her past--and her struggle to forgive the man who radically altered her future. Though widely admired, Captain Karl Martensen feels no depth of emotion for any of the women with whom his life becomes uncomfortably entangled. He has only tender memories of the love he once lost--a love who, by the grace of God, he may just find again. Witness the glorious conclusion of The Northern Lights Trilogy as four bound by friendship journey out of the shadow of their darkest days into the bright future awaiting them in the land of the Midnight Sun.

Susie Doheny, an Irish Catholic, and Peder Holm, a Norwegian Lutheran, fall in love and marry in South Dakota in the 1890s. Soon their marriage is tested by drought, depression, and family bickering. Susie believes they are being tested by their fathers' God. Peder blames Susie for the timidity of her beliefs; Susie fears Peder's pride and skepticism. When political antagonism grows between the Norwegian and Irish immigrant communities, it threatens to split their marriage. Against a backdrop of hard times, crisscrossed by Populists, antimonomopolists, and schemers, R"lvaag brings the struggle of immigrants into the twentieth century. In *Giants in the Earth* the Holm family strained to wrest a homestead from the land. In *Peder Victorious* the American-born children searched for a new national identity, often defying the traditions their parents fought to uphold. In *Their Fathers' God*, R"lvaag's most soul-searching novel, the first-generation americans enter a world of ruthless competition in the midst of scarcity. The University of Nebraska Press also publishes *Peder Victorious* and Paul Reigstad's *R"lvaag: His Life and Art*.

The assertion written on the Great Stone of Jelling is that it was Harold (Bluetooth) who converted the Danes to Christianity in c.965. In this comprehensive survey, Martin Schwarz Lausten charts the fortunes of the church in Denmark from its very beginnings to the present day. Starting with the pagan society of the Vikings, Lausten describes how the Danes were introduced to the new religion prior to Harald's enthronement through their contact with Christian traders and missionaries, and in the encounters of the Viking raiders with Christian culture in France and England. Drawing on a wealth of manuscript, printed and pictorial sources, the book details how Church and Royal power transformed an ancient peasant society into a typical medieval state. Following chapters examine the impact of Luther and the Reformation on Danish society, and the shift in the struggles for authority between the Church and the State. The influence of the Humanist movement and the European Enlightenment are also examined in full, together with the issues they raised such as how the Church was to speak to the modern man who no longer took at face value the authority of the Bible. Lausten brings his survey right up to current times with an overview of the nineteenth-century revivalist movements, the Danish Church's response to the Jewish question during the German occupation, through to the present day establishment of the People's Church.

WARNING: Explicit language, raw & brutal honesty. MAY CAUSE DEPRESSION! READ AT YOUR OWN RISK. Probably one of the most rawest, most brutal, yet honest books in existence! *Life: Darkness & Light*, explains the many thoughts, feelings and views on nearly everything in life. With these thoughts, feelings and views, the author, P Harrison, attempts to display an example of both the

negatives and positives that apply to everything we think of in life, helping us find a balance of both darkness & light within the many activities, religions, socialized problems, and the human self. What you decide is solely up to you.

*Relevance and Marginalisation in Scandinavian and European Performing Arts 1770-1860: Questioning Canons* reveals how various cultural processes have influenced what has been included, and what has been marginalised from canons of European music, dance, and theatre around the turn of the nineteenth century and the following decades. This collection of essays includes discussion of the piano repertory for young ladies in England; canonisation of the French minuet; marginalisation of the popular German dramatist Kotzebue from the dramatic canon; dance repertory and social life in Christiania (Oslo); informal cultural activities in Trondheim; repertory of Norwegian musical clocks; female itinerant performers in the Nordic sphere; preconditions, dissemination, and popularity of equestrian drama; marginalisation and amateur staging of a *Singspiel* by the renowned Danish playwright Oehlenschläger, also with perspectives on the music and its composers; and the perceived relevance of Henrik Ibsen's staged theatre repertory and early dramas. By questioning established notions about canon, marginalisation, and relevance within the performing arts in the period 1770-1860, this book asserts itself as an intriguing text both to the culturally interested public and to scholars and students of musicology, dance research, and theatre studies.

At the end of World War II, twenty-year-old Vera is brutally raped by an unknown assailant. From that rape is born a boy named Fred, a misfit who later becomes a talented boxer. Vera's young son, Barnum, forms a special but bizarre relationship with his half brother, fraught with rivalry and dependence as well as love. "I should have been your father," Fred tells Barnum, "instead of the fool who says he is." It is Barnum, who is now a screenwriter with a fondness for lies and alcohol, who narrates his family's saga. As he shares his family's history, he chronicles generations of independent women and absent and flawed men whom he calls the Night Men. Among them is his father, Arnold, who bequeaths to Barnum his circus name, his excessively small stature, and a con man's belief in the power of illusion. Filled with a galaxy of finely etched characters, this prize-winning novel is a tour de force and a literary masterpiece richly deserving of the accolades it has received.

"Beatles" is the story of Kim Karlsen and his three buddies, Gunnar, Ola and Seb - and, yes, they occasionally like to think of themselves as the Fab Four. They were born in 1951, and the story starts with the first wave of Beatlemania in Norway, in the spring of 1965. Each chapter takes a different Beatles song (or, near the end, post-Beatles solo songs) as its title and theme - all the way through the winter of 1972. There's drinking (lots of it), football, some love-fumblings (Kim has two girlfriends that he has to semi-juggle) and the sort of minor adventures that are part of growing up. "Beatles" is a well-written account of a generation, and of growing up in a specific time. It feels very real' - "The Complete Review".
