One of the Best Books of the Year as chosen by The New York Times, The Washington Post, The Economist, Time, USA TODAY, Christian Science Monitor, and more. "A tale so gripping that one questions the need for fiction when real life is so plump with drama and intrigue" (Associated Press). Doris Kearns Goodwin's *The Bully Pulpit* is a dynamic history of the first decade of the Progressive era, that tumultuous time when the nation was coming unseamed and reform was in the air. The story is told through the intense friendship of Theodore Roosevelt and William Howard Taft—a close relationship that strengthens both men before it ruptures in 1912, when they engage in a brutal fight for the presidential nomination that divides their wives, their

children, and their closest friends, while crippling the progressive wing of the Republican Party, causing Democrat Woodrow Wilson to be elected, and changing the country's history. *The Bully Pulpit* is also the story of the muckraking press, which arouses the spirit of reform that helps Roosevelt push the government to shed its laissez-faire attitude toward robber barons, corrupt politicians, and corporate exploiters of our natural resources. The muckrakers are portrayed through the greatest group of journalists ever assembled at one magazine—Ida Tarbell, Ray Stannard Baker, Lincoln Steffens, and William Allen White—teamed under the mercurial genius of publisher S.S. McClure. Goodwin's narrative is founded upon a wealth of primary materials. The correspondence of more than four hundred letters between Roosevelt and Taft begins in their early thirties and ends only months before Roosevelt's death. Edith Roosevelt and Nellie Taft kept diaries. The muckrakers wrote hundreds of letters to one another, kept journals, and wrote their memoirs. The letters of Captain Archie Butt, who served as a personal aide to both Roosevelt and Taft, provide an intimate view of both men. *The Bully Pulpit*, like Goodwin's brilliant chronicles of the Civil War and World War II, exquisitely demonstrates her distinctive ability to combine scholarly rigor with accessibility. It is a major work of history—an examination of

leadership in a rare moment of activism and reform that brought the country closer to its founding ideals.

An authoritative history of the groundbreaking syndicated television show that has become an icon of American pop culture, from acclaimed author and filmmaker Nelson George, "the most accomplished black music critic of his generation" (Washington Post Book World). When it debuted in October 1971, seven years after the Civil Rights Act, Soul Train boldly went where no variety show had gone before, showcasing the cultural preferences of young African-Americans and the sounds that defined their lives: R&B, funk, jazz, disco, and gospel music. The brainchild of radio announcer Don Cornelius, the show's producer and host, Soul Train featured a diverse range of stars, from James Brown and David Bowie to Christine Aguilera and R. Kelly; Marvin Gaye and Elton John to the New Kids on the Block and Stevie Wonder. The Hippest Trip in America tells the full story of this pop culture phenomenon that appealed not only to blacks, but to a wide crossover audience as well. Famous dancers like Rosie Perez and Jody Watley, performers such as Aretha Franklin, Al Green, and Barry White, and Cornelius himself share their memories, offering insights into the show and its time—a period of extraordinary social and political change. Colorful and pulsating, The Hippest Trip In America is a fascinating portrait of a revered cultural institution that has left an indelible mark on our national consciousness.

Everything we know about the world today follows an invisible set of rules-how we work, love, parent, spend our money, and define success. But what if we could remove these outdated ideas and start anew? What would our lives look like if we could redefine the meaning of happiness, purpose, and success? The Code of the Extraordinary Mind blends computational thinking, integral theory, modern spirituality, evolutionary biology, and a little bit of humor to provide a revolutionary framework for re-coding ourselves with new, empowering beliefs and behaviors so we can live extraordinary lives. Throughout, Vishen Lakhiani shares transformative insights from legendary thinkers including Elon Musk, Richard Branson, and Arianna Huffington, among others, helping us to think like the greatest creative minds of our era-questioning, challenging, and creating new rules for our lives. Lakhiani's 10 laws help us retrain our minds to grow and achieve more than we ever thought was possible, showing us that we do not need to follow convention and can succeed on our own terms no matter where we are starting from.

But there are other narratives that gain purchase in the media and paint her in a different light. Renowned Hollywood screenwriter Scott Z. *Ulysses Chiado Editorial*

The sweeping scientific and social history of the humble dung beetle The humble and industrious dung beetle is a marvelous beast: the 6,000 species identified so far are intricately entwined with human history and scientific endeavor. These night-soil collectors of the planet have been worshipped as gods, worn as jewelry, and painted by artists. More practically, they saved Hawaii from ecological blight, and rescued Australia from plagues of flies. They fertilize soil, cleanse pastures, steer by the stars, and have a unique relationship with the African elephant (along with many other ungulates). Above all, they are the ideal subject for biological study in an evolving world. In this sweeping history of more than 3,000 years, beginning with Ancient Egypt, scientist Marcus Byrne and writer Helen Lunn capture the diversity of dung beetles and their unique behavior patterns. Dung beetles' fortunes have followed the shifts from a world dominated by a religion that symbolically incorporated them into some of its key concepts of rebirth, to a world in which science has largely separated itself from religion and alchemy. With over 6,000 species found throughout the world, these unassuming but remarkable creatures are fundamental to some of humanity's most cherished beliefs and have been ever present in religion, art, literature, science and the environment. They are at the center of current gene research, play an important role in keeping our planet healthy, and some nocturnal dung beetles have been found to navigate by the starry skies. Outlining the development of science from the point of view of the humble dung beetle is what makes this charming story of immense interest to general readers and entomologists alike.

¿Todo final es un nuevo comienzo? ¿Todo encuentro es un reencuentro? ¿Será que todos tenemos una caja llena de fotos que nos ponen tristes? Nos conocimos en una red social. Nos encontramos para vivir una aventura sin imaginar que llegaríamos a enamorarnos. Hicimos todo lo posible para que el amor prosperara, pero hubo una barrera que no pudimos franquear. Una vez que el destino precipitó el final, la pregunta es ¿existe la vida después de la muerte? Quizás haya chances para un último beso porque... No pude decirte adiós. Hoy, a dos años de la partida de Nacho quiero que todos conozcan la historia de amor que vivimos, historia que se escribió con puntos suspensivos. Historia que nunca tendrá un final. Adiós amor, hasta el reencuentro. Te juro que jamás podré olvidarte.

Giuseppe (7 de marzo de 2016) No todas las historias de amor tienen finales felices. A veces la vida nos golpea fuerte, y tenemos que dejar ir aquello que más amamos. Esto le pasó a mi ahijado Giuseppe. Él sufrió el peor dolor de todos al perder a su gran amor, pero logró ponerse de pie para contarle, iniciando así un largo proceso de sanación, un proceso en el cual los invito a acompañarlo. Natalia Hatt (Autora de la saga *Sangre Enamorada*). La trilogía #HomoAmantes relata los desafíos, las derrotas y los triunfos de distintas relaciones entre varones gais, poniendo en primer plano la red de vínculos (siempre en tensión, a veces paralela o superpuesta a lo normado) que se construye, compuesta por exes, amantes, parejas, amigos, los familiares que los aceptan, quienes les hacen el aguante en los momentos más oscuros. Cuando la muerte continúa acechando a los personajes, ellos nos demuestran de qué se trata el verdadero amor, que va mucho más allá del romance y el sexo. Matías

Un portachiavi a forma de ippopotamo strabico e una chiavetta USB, oggetti misteriosi e, a loro modo, magici, sono i protagonisti delle vicende di questo noir italiano. Magici perché, nel momento in cui vengono in contatto con i personaggi del romanzo, ne cambiano definitivamente la vita, fino alle più estreme e fatali conseguenze. Ne sanno qualcosa Alice, una bruna intraprendente che ama giocare col destino, che diventa l'inconsapevole burattinaia dell'intera vicenda, e Diego, veterinario sfigato, ma di bell'aspetto, col terrore di essere piantato dalle donne, che è costretto a lasciare da parte le sue ansie e a trasformarsi in un eroe alla James Bond. Subiranno l'influenza di questi oggetti anche Josefina, alias Sabine, una ragazza giovane e ricca di sogni che, fuggita di casa a causa di un litigio, viene ingannata e costretta a prostituirsi, e il cattivo di turno, un malavitoso alla caccia della chiavetta USB e del segreto in essa contenuto. Ma il vero eroe consapevole è l'aspirante suicida, che agisce come *deus ex machina* del romanzo: seduto sul cornicione di un palazzo, con i piedi a penzoloni nel vuoto, svela al lettore, in virtù della distanza non solo fisica che lo separa dalle umane vicissitudini, il segreto del romanzo, e cioè che il mondo, visto dal quindicesimo piano, appare molto più logico, ordinato e coerente di quanto non sembri ai suoi abitanti.

LibroTwitter @EnPrivado\_Libro [Modern Genç'in Yeni Dergisi](#) Simon and Schuster A Elena Ferrán le diagnostican cáncer de pulmón. Ingresó en el hospital San Judas Tadeo, el mejor y más moderno de toda Europa para el tratamiento de ésta terrible enfermedad. Allí conoce a Erika y Juancho, dos compañeros de batalla con los que vive momentos que, además de ayudarla a pasar mejor su estancia en el hospital, la van transformando en una auténtica guerrera. Una noche estando en su habitación, aparece Marcos. Un chico algo mayor que ella, de sonrisa perpetua y verdadera, que ha tenido una apasionante vida y del cual Elena se enamora irremediabilmente. De su mano navega las aguas del Mediterráneo; vive increíbles aventuras; pesca tiburones en el Atlántico, contempla juguetones delfines desde la proa de un pesquero y recorre ciudades que jamás imaginó conocer. Todo, sin salir de la habitación celeste. El amor y la amistad son dos valiosos aliados con los que la chica de ojos esmeralda se enfrenta al miedo, a la enfermedad y a la propia muerte.

«Cuando la muerte nos mira directamente a los ojos disfrazada de enfermedad, solo nos queda mantenerle la mirada. Tal vez así, sea ella la que tiemble, se asuste y acabe posando sus gélidas pupilas sobre otro desdichado mortal. El amor, en ciertas circunstancias, más que un sentimiento, es un salvoconducto para mantenerse con vida».
