I have often heard people express their wish that someone who has died would return to us and relate what the life-death-rebirth experience is really like. Well, someone has! This is exactly what Beethoven does in my third novel, Beethoven, Then and Now. Like Beethoven, each one of us is the proud possessor of a "human soul." This clearly defined object is none other than our very own spiritual subelectron. Our physical hulk is only a pile of ashes; but our "soul" (spiritual subelectron) is unique, eternal, indestructible. Because of its high vibrations, Beethoven's "soul" is immediately attracted to the third subelectronic ring of our First-Second-Order universe. Here it awaits rebirth via fusion with the spiritual subelectron of a Major-Order being within our Second-Order-Major universe. Paul Rezler (age seventeen) is the fortunate recipient of this unbelievable prize. He had awakened to the day at hand with his usual zero interest in music. Now (1827 Earth-time) he is the greatest Earth- musician yet to live. Try as Beethoven does, he cannot adjust to the Second-Order reality of corporate composers, not even to being the absolute leader of the Beethoven Corporation. He must be entirely on his own-- a single man vs. the world! Counselor Robinson does his best in selecting a Subsidiary culture which contains a "Vienna" as close as

possible to the one which Beethoven had left behind upon his Earthly death. Within a month, our hero makes his translation and enjoys living where there's not the trace of anything resembling a "musical corporation." Sketches for new "third-period" works begin to flow: a piano sonata, a string quartet, a piano trio, a violin concerto, even some encouraging vibrations of Symphony 10. A handful of piano and violin students emerges, including an exceptional young lady named Anna Rosecranz, who is already a master of these instruments. Her musicianship is so strong that they soon fall in love and are married. How they enjoy performing concerts together! In time, as Beethoven works at his composer's desk, she starts peering over his shoulder. She begs him for lessons in composition. He replies, "I compose, and AM NOT a teacher of composition!" This declaration does not frighten her away. As Beethoven fumbles and bumbles his way from sketchbook to finished score, Anna carefully watches each step of the process. Her comments are invaluable: Use a pedal-point here. Not so dissonant a chord.. Pure melody would fit here. Please, not so sustained. Too many notes in the melody. Avoid more of this rhythm. Two-voice counterpoint would do. Too much for the brass here. This use of strings is perfect. Thanks to Anna, Beethoven accomplishes the impossible. He realizes that he works far better with her help than without it. He now loves to share the very process which only yesterday had demanded his total aloofness. As if by magic, he is now prepared to return to Major-Order life as managing partner in charge of the Beethoven Corporation. But considering all that Anna has done for him, he cannot now simply go his own way. As a Subsidiary being, her lifespan is a mere 100 years, compared to his Second-Order-Major span of 1000 years. Being happily married, he plans to share life for the balance of her days. But Fate has his own plan for their lives--. After all their years of loving and sharing, Anna is "killed" in an automobile accident. When Beethoven returns to the Major Order, a super surprise awaits him. There stands Anna Rosecranz, a full Major-Second-Order being, with whom he can share the rest of their 1000 years in joyful creative activity. His first question: "On Earth, who were you, my dear?" Her reply causes our hero to faint for the second time in his entire Second-Order life!

**New Man in Town** Hal Leonard Publishing Corporation When two neighbors who live in Bucksport, Tennessee unexpectedly meet in New York City, they usually say the same thing, "Well, it's a small world!" This seems to be the phrase that always accompanies a remarkable coincidence. But what if it isn't coincidence at all? What if these extreme happenings could be orchestrated by God, to get our attention, to further His plan for our lives, or as some kind of heavenly protection? Have doubts about that? Well, Is It Really Just A Small World? promises to show one "coincidence" after another, all laced together in the life of one woman with the love of a heavenly valentine. The autobiography of Sandra Ghost reads like a page-turning soap opera when as a teen she tries to swim upstream in a troubled

home life and uses marriage as an escape from the parental river of alcohol. Physical abuse ends this union and a second marriage promises all her dreams will come true, until she finds herself desperately trying to win her new husband's approval to no avail. She feels planted in the country with the crops and a newborn baby, and tries to imitate the housewives on TV, submissively trying to just tie a starched apron around her troubled mind. In a fluke of circumstances, Sandy is thrust into singing onstage. This occurrence blossoms into a surprising career as a nightclub entertainer with bookings all over the US and Canada, appearances on television, plus a recording contract. And this is when the miracles begin to happen... So, fasten your spiritual seat belt, get prepared for the ups and downs of a heavenly roller coaster ride that will leave you breathless with what the world would deem to be remarkable "coincidences". (While this autobiography is told with humor and candor, it reflects solid and astonishing answers to prayer. When there are encounters with others whose stories of miracles also cross the path of the author, she has included affidavits by those involved to speak of the veracity of the episode.)

**My Own Voice** Tin House Books

Strikingly original in its structure, composed of highly distilled, lyric reports in which you discover if Rigoletto, the hunchbacked jester from Verdi's opera is alive and living in Toronto. In a Toronto library, notes appear, written by someone who believes he is Rigoletto, the hunchbacked jester from Verdi's opera. Convinced that the young librarian, Miriam, is his daughter, he promises to protect her. Little does he know how much loss she has already experienced; or does he? Strikingly original in its structure, composed of 140 highly distilled, lyric "reports," the novel depicts the tensions between private and public storytelling and the subtle dynamics of a socially exposed workplace. Reports on bizarre public behavior intertwine with reports on the private life of the novel's narrator. Both mystery and love story, The Incident Report daringly explores the fragility of our individual identities.

Apart from Love is not your typical love story. All-consuming, heart-wrenching, and dark, it is an epic that starts when Ben returns to meet his father, Lenny, and his new wife, Anita. It is then that he discovers a family secret. How will they find a path out of conflicts, out of isolation, from guilt to forgiveness? My Own Voice ("As told by Anita"): Ten years ago, Anita started an affair with Lenny, in spite of knowing that he was married and that his wife was succumbing to a mysterious disease. Now married to him and carrying his child, how can she compete with Natasha's shadow and with her brilliance in the past? Given Anita's lack of education, how can she resist his compelling wish to transform her? Can she survive his kind of love? Faced with the way he writes her as a character in his book, how can Anita find a voice of her own? And when his estranged son, Ben, comes back and lives in the same small apartment, can she keep the balance between the two men, whose desire for her is marred by guilt and blame? The White Piano ("As told by Ben"): Coming back to his childhood home after years of absence, Ben is unprepared for the secret, which is now revealed to him: his mother, Natasha, who used to be a brilliant pianist, is losing herself to early-onset Alzheimer's,

which turns the way her mind works into a riddle. His father has remarried, and his new wife, Anita, looks remarkably similar to Natasha—only much younger. In this state of being isolated, being apart from love, how will Ben react to these marital affairs, when it is so tempting to resort to blame and guilt? "In our family, forgiveness is something you pray for, something you yearn to receive—but so seldom do you give it to others." Behind his father's back, Ben and Anita find themselves increasingly drawn to each other. They take turns using an old tape recorder to express their most intimate thoughts, not realizing at first that their voices are being captured by him. These tapes, with his eloquent speech and her slang, reveal the story from two opposite viewpoints. Dealing with the challenging prospects of the marriage of opposites, this book can be read as a standalone novel as well as part of one of family sagas best sellers. Still Life with Memories is a family saga series tinged with family saga romance, fraught with marital issues, and riddled with the difficulty of connecting fathers and sons.
