This book is an in-depth analysis of three of the most crucial years in twentieth-century Italian history, the years 1943-46. After more than two decades of a Fascist regime and a disastrous war experience during which Italy changed sides, these years saw the laying of the political and cultural foundations for what has since become known as Italy's First Republic. Drawing on texts from the literature, film, journalism, and political debate of the period, *Antifascisms* offers a thorough survey of the personalities and positions that informed the decisions taken in this crucial phase of modern Italian history.

Despite their hardships, mother and daughter both adjusted to life, making friends with the residents of the trailers and creating a deep connection to each other"--Amazon.com.

"The deer park is set in the town of Desert D'Or, a man-made oasis of bars, neon signs, motels, and gambling clubs located in the desert just over the mountains from California. To Desert D'Or come the Hollywood contingents of aspiring movie stars, black-listed writers, call girls, pimps, and paternalistic studio officials -- all to enact in the strenuousness of their leisure-taking, the fevered dreams, sexual conflicts, and sputtering hopes of a rich, but lost, society."--Book jacket.
