What is the secret to happiness? Is it an unlimited bank account? Is it a perfect life in which everything goes your way? Or is it being able to achieve all your goals and dreams? The truth is that if you lack this one critical thing, you could have all those advantages plus a herd of puppies in your backyard, and it would not be enough. Even more surprising is that you don't need any of those things at all to feel joyful and fulfilled in life. It is not glamorous or talked about much in our gratification-seeking world, but if you are missing this vital part in your heart,

everything else becomes meaningless. With gratitude, life is good no matter how bad it gets, and without it, life can never be good enough. When you gripe about what you don't have and forget to count your blessings, you always come up short. Adding new and better things into your life won't fill the void. Believe it or not, the key to your happiness has been with you the whole time. If you look for it, you will find it. Sure, it can be hard to change your whole outlook on life in a day, especially after just hearing the idea from an unknown person on the internet, but gratitude works. That is why it is essential to practice gratitude daily and absorb wisdom from a wide range of people with different perspectives. With Grateful Every Day, you get an inside look into the secret of a happy life through the eyes of 365 great people from all walks of life in the past and present. That is one

enlightening quote for each new day! Through the collection of insights gathered in Grateful Every Day, you will discover: How to rewire your brain for profound gratitude and joy Why there is always a legitimate reason to give thanks for every day The biggest happiness myth that you probably still believe How to let go of fear and embrace the unknown The single most effective yet low-effort habit to turn your life around Why wanting less can actually bring you a rich life of abundance How to value yourself more and makes others feel valued Why giving more makes you more present in life The true meaning of not knowing what you have until it's gone, and how to avoid losing it How to find comfort even when life is rough And so much more... So if you feel unhappy about your life because something is missing, try first taking stock of the gifts you have already been given. You might notice that you have more reasons to smile for than you thought possible. Gratitude is not always easy, but it is simple and very doable. When you are thankful, you are not being overoptimistic and convincing yourself that life is just peachy year-round. You are building an active habit of filtering out the negatives and concentrating on the positives, amplifying your ability to attract good things and keep them in your life. If you are ready to receive abundance with an open heart, and mind, and walk on the bright side, then scroll up and click the "Add to Cart" button now!

In the eternal quest for happiness, we go through seven levels of happiness until we attain what we have always wanted – ultimate bliss. This book shall teach you to move to higher levels of happiness. It shall open a pathway to true and everlasting

happiness that eludes us. It shows us how it is possible to attain true instant happiness – here and now! This book is the beginning to shift to higher levels of consciousness. It reveals the secret of happiness. Review of this book: The author facilitates the attainment of happiness, firstly by describing the seven levels of happiness, and secondly, by stating the steps which lead towards it. The first four levels are mundane, meaning less tempered and worldly. The remaining three—Happiness through service, Divine Happiness and Eternal Bliss are higher levels. Sirshree, gently, but firmly guides us towards them. He steers us away from false happiness and lays great stress on acceptance on the path to happiness. His methods and information make attaining instant happiness and true; and everlasting bliss, here and now, a possibility.

"We are what we repeatedly do. Excellence then is not an act but a habit" - Aristotle What is the #1 delineating factor between the poor and rich, the successful and unsuccessful, the happy and unhappy people? Self-discipline. Think about it. When you're not disciplined about your work/job, you'll stack up work and eventually you'll be stressed out and burnt out. When you're not disciplined about your finance, you'll stack up unnecessary expenses and debt and eventually be financially stressed and burnt out. You get the idea. However, what's the deal with a "365 Days Self Discipline Quotes" book? Do you agree that mindset is 80% and the strategies and mechanics are only 20% when it comes to achieving success? You get the idea. People are always chasing the 20%, the fanciful stuffs, and thinking that ONE big idea is going to get them disciplined. It is however, all the daily reminders, influence and environment that gets people disciplined and committed every single day. I do not know what you are trying to achieve. Maybe it is your desired body, having that six packs you've always wanted. Maybe it is a breakthrough in your business, adding one more zero behind the annual income

this year. It doesn't matter. What I know about you, though, is that you are someone who wants more. And that is pretty damn awesome. You want more money, more health, more happiness, more sex, more pleasure, more knowledge and more freedom... and there is absolutely nothing wrong with that. Life is about growing and expanding ourselves. We are either growing a little each day or dying a little each day. I give you my deepest respect for wanting to choose the uphill path, the path of growth and self-discipline.

If you need inspiration let the words of God's most obedient servants light your path. The word "saint" comes from the Latin word "sanctus," a translation of the Greek word, "hagios," which means "holy." While all of us are capable of holiness, canonization is the Church's official recognition that a particular person displayed an extraordinary degree of holiness, or devotion to God, during his or her time on Earth. There is much to be learned from the words, acts, and lives of the saints of the Roman Catholic Church. They provide undeniable examples of the best

that humankind is capable of virtues like kindness, charity, love for each other, especially for the lowest and the least among us, courage in the face of adversity, humility, and selflessness. They embody the deepest love a person can have for God through their willingness to sacrifice all, even their lives, for their faith. They remind us that in our darkest moments we are not alone, and in our joys and triumphs they are reminders of God's grace. You can take a few minutes every day to read one of the 365 quotes in this book and the accompanying text. Some start each day with prayer and devotional reading, and they carry that bit of serenity with them throughout their day. Others prefer to save these readings until the day is done, drifting to sleep wrapped in the warm blanket of God's love. We hope that the wisdom of the ages, as articulated through the words of the saints, find their way into your heart.
