MILLION+ COPIES SOLD
WORLDWIDE* “Workers
looking for more fulfilling
positions should start by
identifying their ikigai.”
—Business Insider “One of
the unintended—yet

positive—consequences of
the [pandemic] is that it is
forcing people to
reevaluate their jobs,
careers, and lives. Use
this time wisely, find your
personal ikigai, and live
your best life.” —Forbes
Find your ikigai
(pronounced ee-key-guy)
to live longer and bring
more meaning and joy to
all your days. “Only
staying active will make
you want to live a
hundred years.”

—Japanese proverb
According to the
Japanese, everyone has
an ikigai—a reason for
living. And according to
the residents of the
Japanese village with the
world’s longest-living
people, finding it is the
key to a happier and
longer life. Having a
strong sense of
ikigai—where what you
love, what you’re good at,
what you can get paid for,
and what the world needs

all overlap—means that each day is infused with meaning. It's the reason we get up in the morning. It's also the reason many Japanese never really retire (in fact there's no word in Japanese that means retire in the sense it does in English): They remain active and work at what they enjoy, because they've found a real purpose in life—the happiness of always being busy. In researching this book, the authors interviewed the residents of the Japanese village with the highest

percentage of 100-year-olds—one of the world's Blue Zones. Ikigai reveals the secrets to their longevity and happiness: how they eat, how they move, how they work, how they foster collaboration and community, and—their best-kept secret—how they find the ikigai that brings satisfaction to their lives. And it provides practical tools to help you discover your own ikigai. Because who doesn't want to find happiness in every day?
Breaking Money Silence®:

How to Shatter Money Taboos, Talk More Openly about Finances, and Live a Richer Life Business Plus
In *Rich Dad Poor Dad*, the #1 Personal Finance book of all time, Robert Kiyosaki shares the story of his two dad: his real father, whom he calls his poor dad,' and the father of his best friend, the man who became his mentor and his rich dad.' One man was well educated and an employee all his life, the other's education was street smarts" over traditional classroom education and he took the

path of entrepreneurship a road that led him to become one of the wealthiest men in Hawaii. Robert's poor dad struggled financially all his life, and these two dads these very different points of view of money, investing, and employment shaped Robert's thinking about money. Robert has challenged and changed the way tens of millions of people, around the world, think about money and investing and he has become a global advocate for financial education

and the path to financial freedom. Rich Dad Poor Dad (and the Rich Dad series it spawned) has sold over 36 million copies in English and translated editions around the world. Rich Dad Poor Dad will explode the myth that you need to earn a high income to become rich challenge the belief that your house is an asset show parents why they can't rely on the school system to teach their kids about money define, once and for all, an asset and a liability explain the difference between good

debt and bad debt teach you to see the world of money from different perspectives discuss the shift in mindset that can put you on the road to financial freedom
The Broke and Beautiful Life Coventry House Publishing
"Rich Dad, Poor Dad: What The Rich Teach Their Kids About Money-- That The Poor And The Middle Class Do Not!," by Robert T. Kiyosaki, compares the financial philosophies of the author's two fathers: his biological father - the poor

dad - and the father of his childhood best friend, Mike - the rich dad. Throughout the book the author compares both fathers, and how his real father, the poor and struggling but highly educated man, paled against his rich dad in terms of asset building and business acumen. - Save time on the go with the compact format and concise summary - Explore key quotations from the book
Rich Dad's Who Took My Money? Business Plus

Reveals how to actually speed up and maximize the return on investments to achieve total financial independence.
If You Want to be Rich & Happy, Don't Go to School? Business Plus
 It's Robert Kiyosaki's position that "It is our educational system that causes the gap between the rich and everyone else." He laid the foundation for many of his messages in the international best-seller Rich Dad Poor Dad -- the #1 Personal Finance book of all time -- and in Why

the Rich Are Getting Richer, he makes his case... In this book, the reader will learn why the gap between the rich and everyone else grows wider. In this book, the reader will get an explanation of why savers are losers. In this book, the reader will find out why debt and taxes make the rich richer. In this book, the reader will learn why traditional education actually causes many highly educated people, such as Robert's poor dad, to live poorly. In this book, the reader will find

out why going to school, working hard, saving money, buying a house, getting out of debt, and investing for the long term in the stock market is the worst financial advice for most people. In this book, the reader will learn the answers Robert found on his life-long search, after repeatedly asking the question, "When will we learn about money?" In this book, the reader will find out why real financial education may never be taught in schools. In this book, the reader will find out "What

financially education is... really."

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great

children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college."

“Regardless of whether I go to college,” he replied, “I’m going to be rich.”

Real Estate Riches Rich
Dad, Poor Dad
Don't get mad, get even...
Phil Town's first book, the
#1 New York Times
bestseller *Rule #1*, was a
guide to stock trading for
people who believe they
lack the knowledge to
trade. But because many
people aren't ready to go

from mutual funds directly
into trading without
understanding
investing—for the long
term - he created
Payback Time. Too often,
people see long-term
investing as "mutual fund
contributing" - otherwise
known as "long-term
hoping." But the sad truth
is that mutual fund
investors are, to a
stunning degree, pinning
their hopes on an
institution that is
hopeless. It turns out that
only 4% of fund managers
consistently beat the S&P
500 index over the long

term, which means that 96% of fund investors see a smaller return on their nest egg than a chimpanzee who simply buys stocks in the 500 biggest companies in America and watches what happens. But it's worse than that. The net effect of hitching your wagon to mutual funds is that over a lifetime they'll fritter away as much 60% of your nest egg in fees. Once you understand how funds engineer this, you'll rush to invest on your own. Payback Time's risk-free approach is called

“stockpiling” and it's how billionaires get rich in bad markets. It's a set of rules for investing (not trading but investing) in the right businesses at the right time -- rules that will ensure you make the big money.

Sex and Vanity Scribbl
How do the rich get rich? An updated edition of the “remarkable” New York Times bestseller, based on two decades of research (The Washington Post). Most of the truly wealthy in the United States don't live in Beverly Hills or on Park

Avenue. They live next door. America's wealthy seldom get that way through an inheritance or an advanced degree. They bargain-shop for used cars, raise children who don't realize how rich their families are, and reject a lifestyle of flashy exhibitionism and competitive spending. In fact, the glamorous people many of us think of as “rich” are actually a tiny minority of America's truly wealthy citizens—and behave quite differently than the majority. At the time of its

first publication, *The Millionaire Next Door* was a groundbreaking examination of America's rich—exposing for the first time the seven common qualities that appear over and over among this exclusive demographic. This edition includes a new foreword by Dr. Thomas J. Stanley—updating the original content in the context of the financial crash and the twenty-first century. “Their surprising results reveal fundamental qualities of this group that are

diametrically opposed to today's earn-and-consume culture.”
—Library Journal
Hacking Sales Words
Power
How do you get a child interested in learning about finance? Give them a comic book! Robert Kiyosaki, author of the Rich Dad series, recognised the increasing need for people to begin their their journey to financial literacy - and life-long wealth - as early as possible, even before they become teenagers! In *Escape from the Rat Race*

basic lessons about 'working to learn, not to earn', buying assets and understanding the financial statement are revealed through the kid-friendly tale of Timid E Turtle. When Tim runs out of cash at an amusement park his savvy friend, Red E Rat, shows him how to make money work for him - and tells Robert T. Kiyosaki's own riveting account of learning the basic principles of financial success. Illustrated with full-colour sequential art that ties in to Rich Dad's popular

cashflow games and Website, here's a book that allows children - and reluctant readers of all ages - the chance to take their first steps towards financial success.

Rich Dad Poor Dad for Teens Rosetta Books

The book describes the power positive thinking has and how a firm belief in something, does actually help in achieving it. In order to live a successful and constructive life, one needs to know about the secrets of positive thinking says the author

for it is the most important ingredient for a better and blissful life. The Power of Positive Thinking' will help you overcome negative attitudes, such as fear and lack of confidence and replace them with the traits of a positive thinker optimism, determination, patience and focus. Simple techniques of elevating low moods and energy levels by positive thinking also improve ones overall mental and physical health. This book will show you how you can deal more effectively with

tough situations and difficult people and dramatically improve your performance and confidence. You must learn that the easiest way to an easy mind is to create an easy mind. This is done by practice and by the application such as "Believe in yourself and in everything you do", "Build new power and determination", "Improve your personal and professional relationships" and "Be kind to yourself" etc.

The Power Of Positive Thinking Business Plus After moving to New York City to become a Broadway actress, Stefanie O'Connell faced one of two inevitabilities when faced with unemployment--spiral into debt or learn how to effectively manage her money. Punctuated with humor, insight, and essential money management lessons, *The Broke and Beautiful Life* offers practical strategies to make smarter financial decisions today as a means to fulfill the goals

and dreams of tomorrow. Specializing in personal finance (with an emphasis on personal), Stefanie engages those who shy away from the word "investing," scoff at the word "budget," and equate interest rates with "snooze fest." She encourages readers to redefine their relationship with money and approach budgeting as an exciting and sexy tool to transform from broke to beautiful while enjoying every step along the way.

The Richest Man in Babylon RDA Press, LLC

Many people have million-dollar ideas. They're confident that their new product or service or innovation will make them rich and that all their dreams will come true. The problem is: Most people don't know how to turn their million-dollar idea into millions of dollars. According to many social scientists, the most important thing in life is a person's social and professional network. In other words, the people around us--our associates, our team, our friends. The people we surround

ourselves with--and the people we go to for advice and guidance--can mean the difference between success and failure. And as he taught in Rich Dad Poor Dad, if the people around you have a poor person's mindset, it's likely that you'll be, or stay, poor. Your team, in life and in business, will determine if your million-dollar idea will give you a million-dollar payday. In More Important Than Money, Robert teams up with his most trusted Advisors who contribute not only chapters on the

strengths and talents they bring to the team, but offer candid and insightful individual Profiles and excerpts from each of the 14 Rich Dad Advisor Series books. Readers will meet all of Robert's Rich Dad Advisors and learn why they are among his most valuable assets.

Rich Dad's Guide to Investing Plata Pub
First published in 1926, 'The Richest Man in Babylon' is an inspirational classic that is celebrated as the greatest of books on finances by George S. Clason, an

American author. Clason was a successful businessman who founded the Clason Map Company of Denver, Colorado, and published the first road atlas of the United States and Canada. This book was initially a prominent series of pamphlets on thrift and financial success, using parables set in ancient Babylon, written by Clason, and circulated in large quantities by banks and insurance companies and later became familiar to millions. It is a timeless classic, revealing the

secrets to making money and keeping it. It reveals the secrets to wealth, providing priceless guidance, advice, unforgettable parables, financial problem-solving tools, and invaluable information which will get you on your way to prosperity. This book is an essential read for all who want to attain financial well-being. The parables are told by a fictional Babylonian character called Arkad, a poor scribe who evolved as the richest man in Babylon. Incorporated in Arkad's

advice are the 'Seven Cures' (or how to generate money and wealth), and the 'Five Laws of Gold' (or how to protect and invest wealth). An essence of Arkad's advice is around 'paying yourself first', 'living within your means', 'investing in what you know', the importance of 'long-term saving', and 'homeownership'. Title : The Richest Man in Babylon by George S. Clason ISBN 13 : 9789354990717 ISBN 10 : 9354990711

 NEW YORK TIMES
 BESTSELLER • A Good
 Morning America Book
 Club Pick The author of
 the New York Times
 bestselling phenomenon
Crazy Rich Asians takes
 you from Capri to NYC,
 where Lucie Tang
 Churchill finds herself torn
 between two men—and
 two very different
 cultures. On her very first
 morning on the jewel-like
 island of Capri, Lucie
 Churchill sets eyes on
 George Zao and she
 instantly can't stand him.
 She can't stand it when he

gallantly offers to trade
 hotel rooms with her so
 that she can have a view
 of the Tyrrhenian Sea, she
 can't stand that he knows
 more about Casa
 Malaparte than she does,
 and she really can't stand
 it when he kisses her in
 the darkness of the
 ancient ruins of a Roman
 villa and they are caught
 by her snobbish,
 disapproving cousin
 Charlotte. The daughter of
 an American-born Chinese
 mother and a blue-
 blooded New York father,
 Lucie has always
 sublimated the Asian side

of herself in favor of the
 white side, and she
 adamantly denies having
 feelings for George. But
 several years later, when
 George unexpectedly
 appears in East Hampton,
 where Lucie is
 weekending with her new
 fiancé, Lucie finds herself
 drawn to George again.
 Soon, Lucie is spinning a
 web of deceit that
 involves her family, her
 fiancé, the co-op board of
 her Fifth Avenue
 apartment building, and,
 ultimately, herself as she
 tries mightily to deny
 George entry into her

world—and her heart. Moving between summer playgrounds of privilege, peppered with decadent food and extravagant fashion, *Sex and Vanity* is a truly modern love story, a daring homage to *A Room with a View*, and a brilliantly funny comedy of manners set between two cultures.

Rich Dad's Rich Kid, Smart Kid Boom! Studios This special just-for-teens edition builds a foundation of self-confidence from which readers can realize their dreams of financial

security in an increasingly challenging and unreliable job market. Teen-friendly advice, examples, sidebars and straight talk will supplement all of Rich Dad's core advice: Work to learn, not to earn. Don't say "I can't afford it"--Instead, say "How can I afford it" " And don't work for money - make money work for you! No matter how confident or "good in school" readers consider themselves to be, this makes financial intelligence available to all young people with its streamlined structure,

clean design, and accessible voice.

Rich Dad, Poor Dad
Business Plus

In late January, 2009, Robert Kiyosaki launched CONSPIRACY OF THE RICH - a free online book which was written in serial basis to help people understand how the current recession came about, and what they need to learn on how to survive through the coming rough years. An unprecedented publishing event for Kiyosaki and The Rich Dad Company, CONSPIRACY OF THE RICH is an interactive, "Wiki-

style" project in which Kiyosaki has invited feedback, commentary, and questions from readers across the globe. The response so far has been totally fantastic.

Millions and millions of readers have flocked to the website (www.conspiracyoftherich.com) to read what Robert has to say about the

recession, and the readers have posted thousands of comments. Some of those reader comments will even be included in the final tradepaper version.
