Are you a student preparing for the NBCOT exam? Looking for only one study guide to help you prepare for this important day? Wondering what thousands of your peers and fellow students have relied on for their studying needs? The answer is the OTA Exam Review Manual-now available in a completely updated and revised second edition with over 550 questions. This invaluable study tool is designed to guide students through the studying process from start to finish. With a redesigned question format to match the NBCOT exam, more questions, and an on-line testing component, this second edition is a study guide that inspires critical thinking. Karen Sladyk and her co-authors incorporate domain-, task-, and knowledge-style questions as a way to prepare students for the pace of the NBCOT exam. This collection of questions enables students to think logically for the answers, not just practice for the exam. The OTA Exam Review Manual, Second Edition also includes an on-line testing component. With 250 questions (50 more than the previous edition), this feature assists students with integrated learning and the ability to maximize their computer testing skills. Covering topics such as study techniques, content outlines, fieldwork, and life after the exam, the OTA Exam Review Manual, Second Edition is the most current and extensive review on the market for OTA students. Features: Contains 550 questions (50 more than the previous edition) divided into 11 one-hour test period simulations Redesigned question format to match new NBCOT exam Includes a new user-friendly, on-line testing component incorporating domain-style questions from the book Worksheets, time organizers, and appendix resources
