New true crime cases from the No.1 podcast Penguin

The first English-language book to document the men who emerged from the gulags to become Russia's much-feared crime class: the vory v zakone Mark Galeotti is the go-to expert on organized crime in Russia, consulted by governments and police around the world. Now, Western readers can explore the fascinating history of the vory v zakone, a group that has survived and thrived amid the changes brought on by Stalinism, the Cold War, the Afghan War, and the end of the Soviet experiment. The vory—as the Russian mafia is also known—was born early in the twentieth century, largely in the Gulags and criminal camps, where they developed their unique culture. Identified by their signature tattoos, members abided by the thieves' code, a strict system that forbade all paid employment and cooperation with law enforcement and the state. Based on two decades of on-the-ground research, Galeotti's captivating study details the vory's journey to power from their early days to their adaptation to modern-day Russia's free-wheeling oligarchy and global opportunities beyond.

**McMafia** Little, Brown Spark

For decades, a secret army of tax attorneys, accountants and wealth managers has been developing into the shadowy Wealth Defence Industry. These 'agents of inequality' are paid millions to hide trillions for the richest 0.01%. In this book, inequality expert Chuck Collins, who himself inherited a fortune, interviews the leading players and gives a unique insider account of how this industry is doing everything it can to create and entrench hereditary dynasties of wealth and power. He exposes the inner workings of these "agents of inequality", showing how they deploy anonymous shell companies, family offices, offshore accounts, opaque trusts, and sham transactions to ensure the world's richest pay next to no tax. He ends by outlining a robust set of policies that democratic nations can implement to shut down the Wealth Defence Industry for good. This shocking exposé of the insidious machinery of inequality is essential reading for anyone wanting the inside story of our age of plutocratic plunder and stashed cash.

**Interview with the Vampire** Little, Brown

Pride and Prejudice is a romantic novel of manners written by Jane Austen in 1813. The novel follows the character development of Elizabeth Bennet, the dynamic protagonist of the book who learns about the repercussions of hasty judgments and comes to appreciate the difference between superficial goodness and actual goodness. Its humour lies in its honest depiction of manners, education, marriage, and money during the Regency era in Great Britain. Mr Bennet of Longbourn estate has five daughters, but his property is entailed and can only be passed to a male heir. His wife also lacks an inheritance, so his family will be destitute upon his death. Thus it is imperative that at least one of the girls marry well to support the others, which is a motivation that drives the plot. The novel revolves around the importance of marrying for love, not for money or social prestige, despite the communal pressure to make a wealthy match

*A Journey Through the Global Criminal Underworld* Open Road Media

Drugs, weapons, migrant labour, women — these are just a few of the many goods that effortlessly cross national borders in this globalized age, often without the knowledge or permission of the nations concerned. How is this remarkable criminal feat managed? From gun runners in the Ukraine, to money launderers in Dubai, cyber criminals in Brazil, racketeers in Japan, and the booming marijuana industry in western Canada, McMafia builds a breathtaking picture of a secret and bloody business. Internationally celebrated writer Misha Glenny crafts a fascinating, highly readable, and impressively well-researched account of the emergence of organized crime as a globalized phenomenon and shows how its secret and bloody business mirrors both the methods and the rewards of the legitimate world economy. Employing his journalistic talent and his prior experience covering organized crime in Eastern Europe, Glenny reports on his travels around the planet to investigate this worrying and worsening situation. After comprehensively surveying the criminal scene, Glenny ends by considering the future of organized crime. McMafia is an important book that assembles all the pieces of this worldwide puzzle for the first time.

How Hackers Became the New Mafia Penguin

One of the Financial Times' Best Business Books of 2019 The New York Times bestseller about a noted tech venture capitalist, early mentor to Mark Zuckerberg, and Facebook investor, who wakes up to the serious damage Facebook is doing to our society—and sets out to try to stop it. If you had told Roger McNamee even three years ago that he would soon be devoting himself to stopping Facebook from destroying our democracy, he would have howled with laughter. He had mentored many tech leaders in his illustrious career as an investor, but few things had made him prouder, or been better for his fund's bottom line, than his early service to Mark Zuckerberg. Still a large shareholder in Facebook, he had every good reason to stay on the bright side. Until he simply couldn't. Zucked is McNamee's intimate reckoning with the catastrophic failure of the head of one of the world's most powerful companies to face up to the damage he is doing. It's a story that begins with a series of rude awakenings. First there is the author's dawning realization that the platform is being manipulated by some very bad actors. Then there is the even more unsettling realization that Zuckerberg and Sheryl Sandberg are unable or unwilling to share his concerns, polite as they may be to his face. And then comes the election of Donald Trump, and the emergence of one horrific piece of news after another about the malign ends to which the Facebook platform has been put. To McNamee's shock, even still Facebook's leaders duck and dissemble, viewing the matter as a public relations problem. Now thoroughly alienated, McNamee digs into the issue, and fortuitously meets up with some fellow travelers who share his concern, and help him sharpen its focus. Soon he and a dream team of Silicon Valley technologists are charging into the fray, to raise consciousness about the existential threat of Facebook, and the persuasion architecture of the attention economy more broadly—to our public health and to our political order. Zucked is both an enthralling personal narrative and a masterful explication of the forces that have conspired to place us all on the horns of this dilemma. This is the story of a company and its leadership, but it's also a larger tale of a business sector unmoored from normal constraints, just at a moment of political and cultural crisis,

the worst possible time to be given new tools for summoning the darker angels of our nature and whipping them into a frenzy. Like Jimmy Stewart in *Rear Window*, Roger McNamee happened to be in the right place to witness a crime, and it took him some time to make sense of what he was seeing and what we ought to do about it. The result of that effort is a wise, hard-hitting, and urgently necessary account that crystallizes the issue definitively for the rest of us.

*CyberThieves, CyberCops and You* Random House Trade Paperbacks

An electrifying, internationally bestselling investigation of the global cocaine trade now a series on Prime Video starring Andrea Riseborough, Dane DeHaan, and Gabriel Byrne, from the author of the #1 international bestseller *Gomorra* “Zero zero zero” flour is the finest, whitest available. It is also the nickname among narco-traffickers for the purest cocaine on the market. And it is the title of Roberto Saviano’s unforgettable exploration of the inner workings of the global cocaine trade—its rules and armies, and the true depth of its reach into the world economy. Saviano’s *Gomorra*, his explosive account of the Neapolitan mob, the *Camorra*, was a worldwide sensation. It struck such a nerve with the *Camorra* that Saviano has lived with twenty-four-hour police protection for more than eight years. During this time he has come to know law enforcement agencies and officials around the world. With their cooperation, Saviano has broadened his perspective to take in the entire global “corporate” entity that is the drug trade and the complex money-laundering operations that allow it to function, often with the help of the world’s biggest banks. The result is a harrowing and groundbreaking synthesis of literary narrative and geopolitical analysis exploring one of the most powerful dark forces in our economy. Saviano tracks the shift in the cocaine trade’s axis of power, from Colombia to Mexico, and relates how the Latin American cartels and gangs have forged alliances with crime syndicates across the globe. He charts the increasing sophistication of these criminal entities as they diversify into other products and markets. He also reveals the astonishing increase in the severity of violence as they have fought to protect and extend their power. Saviano is a writer and journalist of rare courage and a thinker of impressive intellectual depth, able to see connections between far-flung phenomena and bind them into a single epic story. Most drug-war narratives feel safely removed from our own lives; Saviano offers no such comfort. Both heart-racing and eye-opening, *ZeroZeroZero* is an investigative story like none other. Praise for *ZerZeroZero*: “[Saviano] has developed a literary style that switches from vivid descriptions of human depravity to a philosophical consideration of the meaning of violence in the modern world. . . . Most important of all is the hope Saviano gives to countless victims of criminal violence by standing up to its perpetrators.” —Financial Times

**Hello, Shadowlands** St. Martin's Paperbacks

A dangerous proposal In *Nico*, the first book in the *Ruin & Revenge* series by New York Times bestselling author Sarah Castille, Las Vegas Mafia boss, Nico Toscani, is used to getting what he wants, whether it is having the City of Sin under his rule or a beautiful woman in his bed. But when he meets his match in the gorgeous, headstrong Mia Cordano, the daughter of a rival crime lord, all bets are off. . . . Sexy computer hacker, Mia, struggles to break free of her ruthless father’s Mafia ties...but she can’t resist the powerful and seductive Nico, who will stop at nothing to possess her. With their families locked in a brutal war for control of the city, Mia and Nico enter into a forbidden game. Will they surrender to the passion that burns between them—and risk tearing apart their

families? Or will Nico be forced to betray the only woman who sets his blood on fire?

*Inside the Meth Fiefdoms, Rebel Hideouts and Bomb-Scarred Party Towns of Southeast Asia* Profile Books

Finalist for the Book Club category of the 2016 National Jewish Book Awards. The #1 International Best Seller, *The Beauty Queen of Jerusalem* is a dazzling novel of mothers and daughters, stories told and untold, and the ties that bind four generations of women. Gabriela's mother Luna is the most beautiful woman in all of Jerusalem, though her famed beauty and charm seem to be reserved for everyone but her daughter. Ever since Gabriela can remember, she and Luna have struggled to connect. But when tragedy strikes, Gabriela senses there's more to her mother than painted nails and lips. Desperate to understand their relationship, Gabriela pieces together the stories of her family's previous generations—from Great-Grandmother Mercada the renowned healer, to Grandma Rosa who cleaned houses for the English, to Luna who had the nicest legs in Jerusalem. But as she uncovers shocking secrets, forbidden romances, and the family curse that links the women together, Gabriela must face a past and present far more complex than she ever imagined. Set against the Golden Age of Hollywood, the dark days of World War II, and the swinging '70s, *The Beauty Queen of Jerusalem* follows generations of unforgettable women as they forge their own paths through times of dramatic change. With great humor and heart, Sarit Yishai-Levi has given us a powerful story of love and forgiveness—and the unexpected and enchanting places we find each.

*The Terror* Penguin

The incredible true story of the decade-long quest to bring down Paul Le Roux—the creator of a frighteningly powerful Internet-enabled cartel who merged the ruthlessness of a drug lord with the technological savvy of a Silicon Valley entrepreneur. “A tour de force of shoe-leather reporting—undertaken, amid threats and menacing, at considerable personal risk.”—Los Angeles Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • NPR • Evening Standard • Kirkus Reviews It all started as an online prescription drug network, supplying hundreds of millions of dollars’ worth of painkillers to American customers. It would not stop there. Before long, the business had turned into a sprawling multinational conglomerate engaged in almost every conceivable aspect of criminal mayhem. Yachts carrying \$100 million in cocaine. Safe houses in Hong Kong filled with gold bars. Shipments of methamphetamine from North Korea. Weapons deals with Iran. Mercenary armies in Somalia. Teams of hit men in the Philippines. Encryption programs so advanced that the government could not break them. The man behind it all, pulling the strings from a laptop in Manila, was Paul Calder Le Roux—a reclusive programmer turned criminal genius who could only exist in the networked world of the twenty-first century, and the kind of self-made crime boss that American law enforcement had never imagined. For half a decade, DEA agents played a global game of cat-and-mouse with Le Roux as he left terror and chaos in his wake. Each time they came close, he would slip away. It would take relentless investigative work, and a shocking betrayal from within his organization, to catch him. And when he was finally caught, the story turned again, as Le Roux struck a deal to bring down his own organization and the people he had once employed. Award-winning investigative journalist Evan Ratliff spent four years piecing together this intricate puzzle, chasing Le Roux’s empire and his shadowy henchmen around the world, conducting hundreds of interviews and uncovering thousands of documents. The result is a

riveting, unprecedented account of a crime boss built by and for the digital age. Praise for *The Mastermind* "The Mastermind is true crime at its most stark and vivid depiction. Evan Ratliff's work is well done from beginning to end, paralleling his investigative work with the work of the many federal agents developing the case against LeRoux."—San Francisco Book Review (five stars) "A wholly engrossing story that joins the worlds of El Chapo and Edward Snowden; both disturbing and memorable."—Kirkus Reviews (starred review)

*Natural History* MEHTA PUBLISHING HOUSE

Recounting his first two hundred years of life, a vampire tells of his erotic alliance with Claudia, whose passions are forever locked up in the body of a child

*An Introduction for Students, Law Enforcement, and International Business* Random House

Five years after 26/11 - the siege of terror in Mumbai that brought the country to its knees - India still seeks justice. The terrorists who planned it have disappeared into the darkness they emerged from and Mumbai seethes with fury. All the Indian government has achieved is the establishment of counter-terrorism committees. But one man will stop at nothing in his quest to avenge the dastardly act. Retired Lt Gen. Sayed Ali Waris of the Indian army masterminds a covert mission with a team of daredevil agents: a sharp policeman, a suave tech expert, a cerebral scientist and two battle-hardened army officers. They strike like lightning even as they are pursued by the Pakistani army and the ISI, combing through every land and possibility in pursuit of the deadly killers. From Sweden to Istanbul, through Dubai, Pakistan and Singapore, they annihilate the perpetrators with single-minded focus, veiling the deaths as natural ones to save the Indian government diplomatic and political embarrassment. The stakes have never been higher. This is a nifty, edge-of-your seat thriller with an intricate plot and jaw-dropping twists. As Waris and his team navigate untold dangers towards a nail-biting climax, will Mumbai finally be avenged?

*A Novel* HarperCollins

"I ran from the beast into the arms of the Devil." Sophia Moretti Maverick It takes a special kind of glue to mend a broken Angel. She came to the right place—or so she thought. Broken, traumatized and scared. Her past was a place that had no business in her future. But she ran to me. She should have kept running. Sophia A man that keeps his secrets hidden behind eyes that are shielded by the blackest shade. A prince shrouded in the helm of darkness to disguise a heart that is cloaked with the souls of the damned. A wild Boar dressed in biker leathers, sunglasses and a stinking attitude. A man who could pick a fight in an empty room. A God of war. Just the man I need right now. As it turns out - I should have kept on running. From the Amazon top 100 bestselling Author Stella Andrews, a dark tale of love, lust and twisted happy ever afters. Full of heat and no holding back. Fast-paced and thrilling, delving into a world where the shadows claim your soul. One wild ride with a HEA guaranteed. Lock the door and put your feet up - you're going nowhere.

*How Billionaires Pay Millions to Hide Trillions* Penguin UK

A Washington Post Notable Book of the Year • An Economist Book of the Year "A must-read for anyone wanting to better understand what has already happened here in America and what lies ahead if Trump is reelected in November.... A magisterial account of the money and violence behind the world's most powerful dictatorships." —Washington Post In this shocking, meticulously reported work of narrative nonfiction, an award-winning investigative journalist exposes "capitalism's

monster"—global kleptocracy—and reveals how it is corrupting the world around us. They are everywhere, the thieves and their people. Masters of secrecy. Until now we have detected their presence only by what they leave behind. A body in a burned-out Audi. Workers riddled with bullets in the Kazakh Desert. A rigged election in Zimbabwe. A British banker silenced and humiliated for trying to expose the truth about the City of London. They have amassed more money than most countries. But what they are really stealing is power. In this real-life thriller packed with jaw-dropping revelations, award-winning investigative journalist Tom Burgis weaves together four stories that reveal a terrifying global web of corruption: the troublemaker from Basingstoke who stumbles on the secrets of a Swiss bank, the ex-Soviet billionaire constructing a private empire, the righteous Canadian lawyer with a mysterious client, and the Brooklyn crook protected by the CIA. Glimpses of this shadowy world have emerged over the years. In *Kleptopia*, Burgis connects the dots. He follows the dirty money that is flooding the global economy, emboldening dictators, and poisoning democracies. From the Kremlin to Beijing, Harare to Riyadh, Paris to the White House, the trail shows something even more sinister: the thieves are uniting. And the human cost will be great.

*DarkMarket* Harper Collins

In this powerful and groundbreaking book, Misha Glenny takes us on a journey through the new world of international organised crime. For three years, he has been recording the stories of gun runners in Ukraine, money launderers in Dubai, drug syndicates in Canada, cyber criminals in Brazil, racketeers in Japan and many more. During his investigation of the dark side, he has spoken to countless gangsters, policemen and victims of organised crime while also exploring the ferocious consumer demand for drugs, trafficked women, illegal labour and arms across five continents. The journey begins with an appalling and inexplicable murder in England's stockbroker belt and continues with stories that are often horrifying, sometimes inspiring, usually bizarre and occasionally funny. But together they build a breathtaking picture of the shadow economy that has grown so fast that it may now account for about 20% of the world's GDP. Usually the preserve of sensationalist reporting in the tabloid press, organised crime has seeped into our lives in so many ways and often without our knowledge. This consistently riveting account unveils the nature of crime in today's world but it also offers profound insights into the pitfalls of a globalisation where the rules dividing the legal from the illegal are often far from clear. *McMafia* unpicks the nexus of crime, politics and money worldwide which have become entangled and interdependent in entirely novel forms since the 1980s. It argues that conventional policing methods are no longer appropriate to deal with a problem whose roots lie in global poverty and the ever widening divisions between rich and poor.

*And Walking with Ghosts - On Health and Architecture* Random House

Three days before his bid for reelection, in the wake of a school shooting in his hometown of Raleigh, North Carolina, a Republican U.S. senator makes an off-the-cuff comment to a blogger that gets leaked on "the Twitter," calling into question the senator's stance on guns and God. As his devoutly Christian wife and liberal Jewish campaign manager try to contain the damage, this look at how religion influences politics and how politics has become a religion is simultaneously funny, heartbreaking, and uplifting.

*Waking Up to the Facebook Catastrophe* Random House Digital, Inc.

'Married five times. Mother. Lover. Aunt. Friend. She plays many roles round here. And never Scared

to tell the whole of her truth, whether Or not anyone wants to hear it. Wife Of Willesden: pissed enough to tell her life Story to whoever has ears and eyes . . .' Zadie Smith's first time writing for the stage, The Wife of Willesden is a riotous twenty-first century translation of Geoffrey Chaucer's classic The Wife of Bath's Prologue, brought to glorious life on the Kilburn High Road. Commissioned to celebrate Brent's year as Borough of Culture 2020, The Wife of Willesden will premiere at the Kiln Theatre, London in September 2020.

Dramatists Play Service, Inc.

The spine-tingling, bone-chilling novel of supernatural suspense from the #1 New York Times bestselling author of The Fireman and Horns—now an AMC original series starring Zachary Quinto, Ebon Moss-Bachrach, and Ashleigh Cummings. "A masterwork of horror."—Time Victoria McQueen has an uncanny knack for finding things: a misplaced bracelet, a missing photograph, answers to unanswerable questions. When she rides her bicycle over the rickety old covered bridge in the woods near her house, she always emerges in the places she needs to be. Charles Talent Manx has a gift of his own. He likes to take children for rides in his 1938 Rolls-Royce Wraith with the vanity plate NOS4A2. In the Wraith, he and his innocent guests can slip out of the everyday world and onto hidden roads that lead to an astonishing playground of amusements he calls Christmasland. The journey across the highway of Charlie's twisted imagination transforms his precious passengers, leaving them as terrifying and unstoppable as their benefactor. Then comes the day when Vic goes looking for trouble...and finds her way to Charlie. That was a lifetime ago. Now, the only kid ever to escape Charlie's evil is all grown up and desperate to forget. But Charlie Manx hasn't stopped thinking about Victoria McQueen. On the road again, he won't slow down until he's taken his revenge. He's after something very special—something Vic can never replace. As a life-and-death battle of wills builds, Vic McQueen prepares to destroy Charlie once and for all—or die trying.

**How Totalitarianism Reclaimed Russia** HarperCollins UK

In the US edition of this international bestseller, Adam Kay channels Henry Marsh and David Sedaris to tell us the "darkly funny" (The New Yorker) -- and sometimes horrifying -- truth about life and work in a hospital. Welcome to 97-hour weeks. Welcome to life and death decisions. Welcome to a

constant tsunami of bodily fluids. Welcome to earning less than the hospital parking meter. Wave goodbye to your friends and relationships. Welcome to the life of a first-year doctor. Scribbled in secret after endless days, sleepless nights and missed weekends, comedian and former medical resident Adam Kay's This Is Going to Hurt provides a no-holds-barred account of his time on the front lines of medicine. Hilarious, horrifying and heartbreaking by turns, this is everything you wanted to know -- and more than a few things you didn't -- about life on and off the hospital ward. And yes, it may leave a scar.

McMafia Bloomsbury Publishing USA

The "masterfully chilling" novel that inspired the hit AMC series (Entertainment Weekly). The men on board the HMS Terror — part of the 1845 Franklin Expedition, the first steam-powered vessels ever to search for the legendary Northwest Passage — are entering a second summer in the Arctic Circle without a thaw, stranded in a nightmarish landscape of encroaching ice and darkness. Endlessly cold, they struggle to survive with poisonous rations, a dwindling coal supply, and ships buckling in the grip of crushing ice. But their real enemy is even more terrifying. There is something out there in the frigid darkness: an unseen predator stalking their ship, a monstrous terror clawing to get in. "The best and most unusual historical novel I have read in years." —Katherine A. Powers, Boston Globe

**This Is Going to Hurt** Macmillan

In the Hugo-award winning, epic New York Times Bestseller and basis for the BBC miniseries, two men change England's history when they bring magic back into the world. In the midst of the Napoleonic Wars in 1806, most people believe magic to have long since disappeared from England - until the reclusive Mr. Norrell reveals his powers and becomes an overnight celebrity. Another practicing magician then emerges: the young and daring Jonathan Strange. He becomes Norrell's pupil, and the two join forces in the war against France. But Strange is increasingly drawn to the wild, most perilous forms of magic, and he soon risks sacrificing his partnership with Norrell and everything else he holds dear. Susanna Clarke's brilliant first novel is an utterly compelling epic tale of nineteenth-century England and the two magicians who, first as teacher and pupil and then as rivals, emerge to change its history.
