*Guiding Principles on Business and Human Rights* Praeger

The United Nations General Assembly is arguably the most important discussion forum for global politics. This book examines the history, organisation and politics of the institution and assesses its future prospects.

**Issues before the ... General Assembly of the United Nations : an annual publication of the United Nations Association of the United States of America.**

**36.1981/82(1981)** Cambridge University Press

On 20 November 2009, the global community celebrates the 20th anniversary of the adoption by the United Nations General Assembly of the Convention on the Rights of the Child, the unique document that sets international standards for the care, treatment and protection of all individuals below age 18. To celebrate this landmark, the United Nations Children's Fund is dedicating a special edition of its flagship report *The State of the*

*World's Children* to examining the Convention's evolution, progress achieved on child rights, challenges remaining, and actions to be taken to ensure that its promise becomes a reality for all children.

**Congressional Record** Cambridge University Press

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States* (1789-1824), *the Register of Debates in Congress* (1824-1837), and *the Congressional Globe* (1833-1873)

*Japan's Development Assistance* UN

The first casebook of its kind, *Judicial Decisions on the Law of International Organizations* contains relevant excerpts of leading court opinions and decisions on the law of international organizations (international institutional law) and critical commentaries written by leading experts in the field.

**Official Records - General Assembly, United Nations**

Cambridge University Press

This annual publication provides readers with the most accurate, complete, and up-to-date information on the work of the United Nations. Designed to serve international affairs experts, concerned citizens, and students, each volume of *A Global Agenda* offers a comprehensive overview of the complex and disparate activities of the entire UN system over the course of a year and describes their significance within the context of contemporary events. Sponsored by the United Nations Association of the United States of America. Praise for previous editions: 'Authoritative, well-documented, and easily accessible. As always, this is a must reading for faculty, students, and the public following UN affairs.' \_Thomas G. Weiss, CUNY 'Invaluable guide to specific background documents . . . a mirror on the most significant global issues of the time . . . an excellent way to keep informed on global issues and actions taken within the UN system.' \_Karen A. Mingst, University of Kentucky 'A Global Agenda is unmatched for its coverage of the wide range of issues now on General Assembly's agenda . . . an invaluable resource.' \_Margaret P. Karns, University of Dayton

*The General Assembly of the United Nations* Psychology Press  
"An annual publication of the United Nations Association of the United States of America." Includes index.

*The Legal Significance of the Declarations of the General Assembly of the United Nations* Springer

This publication presents the resolutions and decisions adopted by the General Assembly of the United Nations during its sessions. The report indicates the allocation of agenda items; contains a list of principal and subsidiary organs with reference to their composition; and includes a list of conventions, declarations, and other instruments.

*The Essential UN*. Palgrave Macmillan

Mr. Asamoah's book is concerned with an area of growing importance in the evolution of contemporary international law. The traditional division of the sources of International law into custom and treaties has already been supplemented in Article 38 of the Statute of the International Court of Justice by the "general principles of law recognized by civilized nations" and-as subsidiary sources, the judicial decisions and the teachings of highly qualified publicists. But in order to cope with the diversity of international law in our time, we have to look to a far greater variety of sources of international law, and we shall have to recognize that, in accordance with the many-sided character of international law, these sources may vary greatly in intensity. In recent years, Declaratory Resolutions of the General Assembly have been much concerned with the general principles of international law. Sometimes these Declarations are interpretations of the Charter and other instruments; sometimes they are evidence of state practice and a developing customary international law ; sometimes they formulate new principles which, in some cases will eventually lead to international treaties or new custom, or in other cases will be accepted as authoritative statements of international legal principles, in circumstances where a formal treaty cannot be attained. There are many reasons--often of an internal character--which prevent the conclusion of a treaty but not the acceptance of the principles contained in it.

*Judicial Decisions on the Law of International Organizations* CUP Archive

International Justice in the United Nations General Assembly probes the role that the UN's plenary body has played in developing international criminal law and addressing country-specific impunity gaps. It covers the General Assembly's norm-making capabilities, its judicial and investigatory functions, and the legal effect of its recommendations. With talk of a 'new Cold War' and growing levels of plenary activism in the face of

Security Council deadlock, this book will make for timely and essential reading for all in the field of international criminal justice.

*The General Assembly of the United Nations* Psychology Press  
Key resolutions from the first fifty years of the United Nations General Assembly.

**The International Court of Justice and Decolonisation**

Rowman & Littlefield Publishers

Once the world's largest ODA provider, contemporary Japan seems much less visible in international development. However, this book demonstrates that Japan, with its own aid philosophy, experiences, and models of aid, has ample lessons to offer to the international community as the latter seeks new paradigms of development cooperation.

*Key Resolutions of the United Nations General Assembly 1946-1996* BRILL

"This publication contains the 'Guiding Principles on Business and Human Rights: Implementing the United Nations Protect, Respect and Remedy Framework', which were developed by the Special Representative of the Secretary-General on the issue of human rights and transnational corporations and other business enterprises. The Special Representative annexed the Guiding Principles to his final report to the Human Rights Council (A/HRC/17/31), which also includes an introduction to the Guiding Principles and an overview of the process that led to their development. The Human Rights Council endorsed the Guiding Principles in its resolution 17/4 of 16 June 2011."--P. iv.

**The United Nations Security Council in the Age of Human Rights** Rowman & Littlefield Publishers

"Everything you always wanted to know about the United Nations in one book! This primer to the United Nations is designed for all global citizens. It covers the history of the UN, what it does and how it does it. As the world's only truly global organization, the United Nations is where countries meet to address universal issues that cannot be resolved by any one of them acting alone. From international peace and security to sustainable development, climate change, human rights, and humanitarian action, the United Nations acts on our behalf around the world." --  
*Resolutions and Decisions Adopted by the General Assembly During Its Sixty-Sixth Session* UNICEF

\*Winner of the 2014 Nobel Peace Prize\* In 2009 Malala Yousafzai began writing a blog on BBC Urdu about life in the Swat Valley as the Taliban gained control, at times banning girls from attending school. When her identity was discovered, Malala began to appear in both Pakistani and international media, advocating the freedom to pursue education for all. In October 2012, gunmen boarded Malala's school bus and shot her in the face, a bullet passing through her head and into her shoulder. Remarkably, Malala survived the shooting. At a very young age, Malala Yousafzai has become a worldwide symbol of courage and hope. Her shooting has sparked a wave of solidarity across Pakistan, not to mention globally, for the right to education, freedom from terror and female emancipation.

*The UN General Assembly* Cambridge University Press

The first comprehensive look at the human rights dimensions of the work of the only UN body capable of compelling action by its member states.

*Global Governance and the Emergence of Global Institutions for the 21st Century* Oslo : Universitetsforlaget

This is the first major exploration of the United Nations Security Council's part in addressing the problem of war, both civil and international, since 1945. Both during and after the Cold War the Council has acted in a limited and selective manner, and its work has sometimes resulted in failure. It has not been - and was never equipped to be - the centre of a comprehensive system of

collective security. However, it remains the body charged with primary responsibility for international peace and security. It offers unique opportunities for international consultation and military collaboration, and for developing legal and normative frameworks. It has played a part in the reduction in the incidence of international war in the period since 1945. This study examines the extent to which the work of the UN Security Council, as it has evolved, has or has not replaced older systems of power politics and practices regarding the use of force. Its starting point is the failure to implement the UN Charter scheme of having combat forces under direct UN command. Instead, the Council has advanced the use of international peacekeeping forces; it has authorized coalitions of states to take military action; and it has developed some unanticipated roles such as the establishment of post-conflict transitional administrations, international criminal tribunals, and anti-terrorism committees. The book, bringing together distinguished scholars and practitioners, draws on the methods of the lawyer, the historian, the student of international relations, and the practitioner. It begins with an introductory overview of the Council's evolving roles and responsibilities. It then discusses specific thematic issues, and through a wide range of case studies examines the scope and limitations of the Council's involvement in war. It offers frank accounts of how belligerents viewed the UN, and how the Council acted and sometimes failed to act. The appendices provide comprehensive information - much of it not previously brought together in this form - of the extraordinary range of the Council's activities. This book is a project of the Oxford Leverhulme Programme on the Changing Character of War.

The 2010 Kampala Amendments to the Rome Statute empowered the International Criminal Court to prosecute the 'supreme crime' under international law: the crime of aggression. This landmark commentary provides the first analysis of the history, theory, legal interpretation and future of the crime of aggression. As well as explaining the positions of the main actors in the negotiations, the authoritative team of leading scholars and practitioners set out exactly how countries have themselves criminalized illegal war-making in domestic law and practice. In light of the anticipated activation of the Court's jurisdiction over this crime in 2017, this work offers, over two volumes, a comprehensive legal analysis of how to understand the material and mental elements of the crime of aggression as defined at Kampala. Alongside *The Travaux Préparatoires of the Crime of Aggression* (Cambridge, 2011), this commentary provides the definitive resource for anyone concerned with the illegal use of force.
