After the successful release of the first Hunger Games film in 2012, the film's distributor, Lionsgate, was preparing to release the next movie in the series, Hunger Games: Catching Fire. Fan expectations had grown after the success of Hunger Games and Lionsgate faced the challenge of keeping moviegoers interested and engaged in another Hunger Games movie. In an era marked by the rising popularity of digital and social media, Lionsgate knew that attracting fans to a sequel meant pushing the boundaries of traditional marketing tactics. Digital brand storytelling is about using digital media in a holistic way to tell a brand story and build excitement for an audience. Brand storytelling seeks to make a connection with the audience by giving them an emotional experience that resonates with them. While Lionsgate was aware that traditional marketing would need to be blended with a digital campaign to bring in moviegoers, it also needed to strike a careful balance between the two and choose the appropriate platforms to tell a cohesive story. Should Lionsgate launch a brand storytelling campaign to appeal to fans? Lionsgate's comparatively small marketing team gathered to brainstorm about how to execute such a campaign and position the film for another big success.

But soon after, while on a 'Victory Tour' of the other districts, she becomes aware of growing dissent to the Capitol's rule, and realises that rebellion is in the air. As Panem prepares itself for the third 'Quarter Quell' (75th Hunger Games), autocratic ruler President Coriolanus Snow (Donald Sutherland), still smarting from the Capitol's humiliation in the last games, stacks the deck to ensure that the upcoming tournament will wipe out any resistance from the districts once and for all.
