**Kurt Vonnegut and the American Novel** Dial Press  
 "A funny, savage appraisal of a totally automated American society of the future."—San Francisco Chronicle  
 Kurt Vonnegut's first novel spins the chilling tale of engineer Paul Proteus, who must find a way to live in a world dominated by a supercomputer and run completely by machines. Paul's rebellion is vintage Vonnegut—wildly funny, deadly serious, and terrifyingly close to reality. Praise for *Player Piano* "An exuberant, crackling style . . . Vonnegut is a black humorist, fantasist and satirist, a man disposed to deep and comic reflection on the human dilemma."—Life "His black logic . . . gives us something to laugh about and much to fear."—The New York Times Book Review  
*Posthumanism in the Novels of Kurt Vonnegut* Dial Press  
 The novels of Kurt Vonnegut depict a profoundly absurd and distinctly postmodern world. But in this critical study, Robert Tally argues that Vonnegut himself is actually a modernist, who is less interested in indulging in the free play of signifiers than in attempting to construct a model that could encompass the

American experience at the end of the twentieth century. As a modernist wrestling with a postmodern condition, Vonnegut makes use of diverse and sometimes eccentric narrative techniques (such as metafiction, collage, and temporal slippages) to project a comprehensive vision of life in the United States. Vonnegut's novels thus become experiments in making sense of the radical transformations of self and society during that curious, unstable period called, perhaps ironically, the 'American Century.' An untimely figure, Vonnegut develops a postmodern iconography of American civilization while simultaneously acknowledging the impossibility of a truly comprehensive representation.

### **A Novel** HarperCollins Publishers

Considered by many the greatest war novel of all time, *All Quiet on the Western Front* is Erich Maria Remarque's masterpiece of the German experience during World War I. I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of duty, culture, and progress they had been taught breaks in pieces under the

first bombardment in the trenches. Through years of vivid horror, Paul holds fast to a single vow: to fight against the principle of hate that meaninglessly pits young men of the same generation but different uniforms against one another . . . if only he can come out of the war alive. "The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure."—The New York Times Book Review

**The Jungle** National Academies Press

"A free-wheeling vehicle . . . an unforgettable ride!"—The New York Times  
 Cat's Cradle is Kurt Vonnegut's satirical commentary on modern man and his madness. An apocalyptic tale of this planet's ultimate fate, it features a midget as the protagonist, a complete, original theology created by a calypso singer, and a vision of the future that is at once blackly fatalistic and hilariously funny. A book that left an indelible mark on an entire generation of readers, Cat's Cradle is one of the twentieth century's most important works—and Vonnegut at his very best. "[Vonnegut is] an unimitative and inimitable social satirist."—Harper's Magazine  
 "Our finest black-humorist . . . We laugh in self-defense."—Atlantic Monthly

**Valley of the Dolls** Simon and Schuster

The New York Times bestseller from the author of Slaughterhouse-Five—a "gripping" posthumous collection of Kurt Vonnegut's previously unpublished work on the subject of war and peace. A fitting tribute to a literary legend and a profoundly humane humorist, Armageddon in Retrospect is a collection of twelve previously unpublished writings. Imbued with Vonnegut's trademark rueful humor and outraged moral sense, the pieces range from a letter written by Vonnegut to his family in 1945, informing them that he'd been taken prisoner by the Germans, to his last speech, delivered after his death by his son Mark, who provides a warmly personal introduction to the collection. Taken together, these pieces provide fresh insight into Vonnegut's enduring literary genius and reinforce his ongoing moral relevance in today's world. Includes an Introduction by Mark Vonnegut

**A Novel** Graphic Arts Books

This tale of dispossessed American Indians tells how Fleur Pillager, twice drowns in Lake Matchimanito and returns to life to bedevil her enemies, using the strength of the black underwaters. The other novels in this saga are Love Medicine, The Beet Queen and The Bingo Palace.

**Constructing Slaughterhouse-Five** Dial Press Trade Paperback

Henry Fleming dreams of the thrill of battle and performing heroic deeds in the American Civil War. But his illusions are shattered when he comes face to face with the bloodshed and horrors of war. Now he's a raw recruit, Henry experiences both fear and self-doubt. Will war make Henry a coward or a hero? A vivid fictionalised account of the experiences of an ordinary innocent young soldier on the battlefields of the American Civil War, introduced by American writer, illustrator and historian, Wendell Minor.

**True Grit** Vintage

NATIONAL BOOK AWARD FINALIST • NATIONAL BESTSELLER • A twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history, from the author of The Lost City of Z. In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart,

became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history.

**Killers of the Flower Moon** GRIN Verlag

A CLASSIC FROM THE NEW YORK TIMES BESTSELLING AUTHOR OF THE THINGS THEY CARRIED "To call Going After Cacciato a novel about war is like calling Moby-Dick a novel about whales." So wrote The New York Times of Tim O'Brien's now classic novel of Vietnam. Winner of the 1979 National Book Award, Going After Cacciato captures the peculiar mixture of horror and hallucination that marked this strangest of wars. In a blend of reality and fantasy, this novel tells the story of a young soldier who one day lays down his rifle and sets off on a quixotic journey from the jungles of Indochina to the streets of Paris. In its memorable evocation of men both fleeing from and meeting the demands of battle, Going After Cacciato stands as much more than just a great war novel. Ultimately it's about the forces of fear and heroism that do battle in the hearts of us all. Now with Extra Libris material, including a reader's guide and bonus content

**A Novel** Prabhat Prakashan

"[Vonnegut] at his wildest best."—The New York Times Book Review  
 Eliot Rosewater—drunk, volunteer fireman, and President of the fabulously rich Rosewater Foundation—is about to attempt a noble experiment with human nature . . . with a little help from writer Kilgore Trout. God Bless You, Mr. Rosewater is Kurt Vonnegut's funniest satire, an etched-in-acid portrayal of the greed, hypocrisy, and follies of the flesh we are all heir to. "A brilliantly funny satire on almost everything."—Conrad Aiken  
 "[Vonnegut was] our finest black humorist. . . . We laugh in self-defense."—The Atlantic Monthly  
 OUP Oxford

NATIONAL BESTSELLER • Set against London's racial and cultural tapestry, venturing across the former empire and into the past as it barrels toward the future, White Teeth revels in the ecstatic hodgepodge of modern life, flirting with disaster, confounding expectations, and embracing the comedy of daily existence. Zadie Smith's dazzling debut caught critics grasping for comparisons and deciding on everyone from Charles Dickens to Salman Rushdie to John Irving and Martin Amis. But the truth is that Zadie Smith's voice is remarkably, fluently, and altogether wonderfully her own. At the center of this invigorating novel are two unlikely friends, Archie Jones and Samad Iqbal. Hapless veterans of World War II, Archie and Samad and their families become agents of England's irrevocable transformation. A second marriage to Clara Bowden, a beautiful, albeit tooth-challenged, Jamaican half his age, quite literally gives Archie a second lease on life, and produces Irie, a knowing child whose personality doesn't quite match her name (Jamaican for "no problem"). Samad's late-in-life arranged marriage (he had to wait for his bride to be born), produces twin sons whose separate paths confound Iqbal's every effort to direct them, and a renewed, if selective, submission to his Islamic faith.

**Slaughterhouse Five Or the Children's Crusade** Vintage

In the tradition of How to Live and How Proust Can Change Your Life, a philosopher asks how ancient Stoicism can help us flourish today Whenever we worry about what to eat, how to love, or simply how to be happy, we are worrying about how to lead a

good life. No goal is more elusive. In *How to Be a Stoic*, philosopher Massimo Pigliucci offers Stoicism, the ancient philosophy that inspired the great emperor Marcus Aurelius, as the best way to attain it. Stoicism is a pragmatic philosophy that focuses our attention on what is possible and gives us perspective on what is unimportant. By understanding Stoicism, we can learn to answer crucial questions: Should we get married or divorced? How should we handle our money in a world nearly destroyed by a financial crisis? How can we survive great personal tragedy? Whoever we are, Stoicism has something for us--and *How to Be a Stoic* is the essential guide.

*Catch-22* Youcanprint

*The Jungle* is a 1906 novel written by the American journalist and novelist Upton Sinclair (1878-1968). Sinclair wrote the novel to portray the lives of immigrants in the United States in Chicago and similar industrialized cities. Many readers were most concerned with his exposure of health violations and unsanitary practices in the American meatpacking industry during the early 20th century, based on an investigation he did for a socialist newspaper. The book depicts working class poverty, the lack of social supports, harsh and unpleasant living and working conditions, and a hopelessness among many workers. These elements are contrasted with the deeply rooted corruption of people in power. A review by the writer Jack London called it, "the Uncle Tom's Cabin of wage slavery." Sinclair was considered a muckraker, or journalist who exposed corruption in government and business. He first published the novel in serial form in 1905 in the Socialist newspaper, *Appeal to Reason*, between February 25, 1905, and November 4, 1905. In 1904, Sinclair had spent seven weeks gathering information while working incognito in the meatpacking plants of the Chicago stockyards for the newspaper. It was published as a book on February 26, 1906 by Doubleday and in a subscribers' edition.

**The Brothers Karamazov** Melville House

America's farms and farmers are integral to the U.S. economy and, more broadly, to the nation's social and cultural fabric. A healthy agricultural sector helps ensure a safe and reliable food supply, improves energy security, and contributes to employment and economic development, traditionally in small towns and rural areas where farming serves as a nexus for related sectors from farm machinery manufacturing to food processing. The agricultural sector also plays a role in the nation's overall economic growth by providing crucial raw inputs for the production of a wide range of goods and services, including many that generate substantial export value. If the agricultural sector is to be accurately understood and the policies that affect its functioning are to remain well informed, the statistical system's data collection programs must be periodically revisited to ensure they are keeping up with current realities. This report reviews current information and makes recommendations to the U.S. Department of Agriculture's (USDA's) National Agricultural Statistics Service (NASS) and Economic Research Service (ERS) to help identify effective methods for collecting data and reporting information about American agriculture, given increased complexity and other changes in farm business structure in recent decades.

*White Teeth* Slaughterhouse-FiveA Novel

"A madcap genealogical adventure . . . Vonnegut is a postmodern Mark Twain."—The New York Times Book Review *Galápagos* takes the reader back one million years, to A.D. 1986. A simple vacation cruise suddenly becomes an evolutionary journey.

Thanks to an apocalypse, a small group of survivors stranded on the Galápagos Islands are about to become the progenitors of a brave, new, and totally different human race. In this inimitable novel, America's master satirist looks at our world and shows us

all that is sadly, madly awry—and all that is worth saving. Praise for *Galápagos* "The best Vonnegut novel yet!"—John Irving "Beautiful . . . provocative, arresting reading."—USA Today "A satire in the classic tradition . . . a dark vision, a heartfelt warning."—The Detroit Free Press "Interesting, engaging, sad and yet very funny . . . Vonnegut is still in top form. If he has no prescription for alleviating the pain of the human condition, at least he is a first-rate diagnostician."—Susan Isaacs, *Newsday* "Dark . . . original and funny."—People "A triumph of style, originality and warped yet consistent logic . . . a condensation, an evolution of Vonnegut's entire career, including all the issues and questions he has pursued relentlessly for four decades."—The Philadelphia Inquirer "Wild details, wry humor, outrageous characters . . . *Galápagos* is a comic lament, a sadly ironic vision."—St. Louis Post-Dispatch "A work of high comedy, sadness and imagination."—The Denver Post "Wacky wit and irreverent imagination . . . and the full range of technical innovations have made [Vonnegut] America's preeminent experimental novelist."—The Minneapolis Star and Tribune

*Noggin* Penguin

*Posthumanism in the Novels of Kurt Vonnegut: Matter That Complains* So re-examines the prevailing critical consensus that Kurt Vonnegut was a humanist writer. While more difficult elements of his work have often been the subject of scholarly attention, the tendency amongst critics writing on Vonnegut is to disavow them, or to subsume them within a liberal humanist framework. When Vonnegut's work is read from a posthumanist perspective, however, the productive paradoxes of his work are more fully realised. Drawing on New Materialist, Eco-Critical and Systems Theory methodologies, this book highlights posthumanist themes in six of Vonnegut's most famous novels, and emphasises the ways in which Vonnegut troubles human/non-human, natural/artificial, and material/discursive hierarchical binaries

**A Postmodern Iconography** Canongate Books

*Slaughterhouse-Five* A Novel Dial Press Trade Paperback  
*Player Piano* Vintage

Presents the contemporary classic depicting the struggles of a U.S. airman attempting to survive the lunacy and depravity of a World War II base

**All Quiet on the Western Front** Henry Holt and Company

A searing novel of social realism, Upton Sinclair's *The Jungle* follows the fortunes of Jurgis Rudkus, an immigrant who finds in the stockyards of turn-of-the-century Chicago a ruthless system that degrades and impoverishes him, and an industry whose filthy practices contaminate the meat it processes. From the stench of the killing-beds to the horrors of the fertilizer-works, the appalling conditions in which Jurgis works are described in intense detail by an author bent on social reform. So powerful was the book's message that it caught the eye of President Theodore Roosevelt and led to changes to the food hygiene laws. In his Introduction to this new edition, Russ Castronovo highlights the aesthetic concerns that were central to Sinclair's aspirations, examining the relationship between history and historical fiction, and between the documentary impulse and literary narrative. As he examines the book's disputed status as novel (it is propaganda or literature?), he reveals why Sinclair's message-driven fiction has relevance to literary and historical matters today, now more than a hundred years after the novel first appeared in print.

*A Novel* Dial Press

*Letters of Note*, the book based on the beloved website of the same name, became an instant classic on publication in 2013, selling hundreds of thousands of copies. This new edition sees the collection of the world's most entertaining, inspiring and

unusual letters updated with fourteen riveting new missives and a new introduction from curator Shaun Usher. From Virginia Woolf's heart-breaking suicide letter to Queen Elizabeth II's recipe for drop scones sent to President Eisenhower; from the first recorded use of the expression 'OMG' in a letter to Winston Churchill, to Gandhi's appeal for calm to Hitler; and from Iggy

Pop's beautiful letter of advice to a troubled young fan, to Leonardo da Vinci's remarkable job application letter, Letters of Note is a celebration of the power of written correspondence which captures the humour, seriousness, sadness and brilliance that make up all of our lives.
