A curated Portuguese word frequency list Are you looking for unconventional ways to speed up the process of learning Portuguese? Then this book is exactly what you are looking for. Following the Pareto principle (80/20 rule), this book is built to streamline the learning process by concentrating on the core words and sentence structures that make up everyday conversations. The result is a unique vocabulary book with 2000 of the most important Portuguese words and phrases ordered by their frequency of use. Who this Portuguese learning book is for: This book is for beginners and intermediate learners of Portuguese who are self-motivated and willing to spend 15 to 20 minutes a day on learning vocabularies. The simple structure of this vocabulary book is the result of taking all unnecessary things out allowing the learning effort to solely be spent on the parts that help you make the biggest progress in the shortest amount of time. If you are willing to put in 20 minutes of learning every day, this book is very likely the single best investment you can make if you are at a beginner or intermediate level. You will be amazed at the speed of progress within a matter of just weeks of daily practice. Who this Portuguese frequency list is not for: This book is not for you if you are an advanced learner of Portuguese. In this case, please go to our website or search for our Portuguese vocabulary book which comes with more vocabularies and is grouped by topic which is ideal for advanced learners who want to improve their language capabilities in certain fields. Furthermore, if you are looking for an all in one Portuguese learning book that guides you through the various steps of learning Portuguese, this book is most likely also not what you are looking for. This book contains vocabularies only and we expect buyers to learn things like grammar and

pronunciation either from other sources or through language courses. The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book. Please be aware of this when making the purchase. How to use this Portuguese workbook: This book is ideally used on a daily basis, reviewing a set number of pages in each session. The book is split into sections of 50 vocabularies which allows you to step by step progress through the book. Let's for example say you are currently reviewing vocabularies 101 to 200. Once you know vocabularies 101 to 150 very well, you can start learning vocabularies 201 to 250 and on the next day skip 101-150 and continue reviewing vocabularies 151 to 250. This way, step by step, you will work your way through the book and your language skills will jump with each page you master. Some final thoughts: Like many language hacking methods, this book is quite unconventional in its approach, but for a driven person that uses it correctly it can significantly speed up the learning process. Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work quite well - and that is what counts in the end. *Someone to Trust* Canelo

Who knew reading sexy alien abduction stories could get a girl into trouble? Or that an e-reader could also be the gateway to another galaxy? I definitely didn't... but here I am anyway, mated to the Tsenturion High Commander just like the unwilling human heroines in my favorite sci-fi romances. The Commander demands obedience. He intends to claim me, train me, and turn me into his perfect little pleasure trophy. He doesn't believe in love. I don't believe in giving in without a fight. There's no amount of discipline or ecstasy that could break me to his will... I hope. Alien Captive is a hot alien abduction romance, starring one feisty human and the Tsenturion Warrior strong enough to master her. Disclaimer: the authors are not responsible for any actual alien abductions that may result should you purchase this book.

Draping—the art of using cotton muslin to create womenswear directly on a dress form—is an essential skill for fashion designers. Through a series of step-by-step projects, designed to develop skills from the most basic to more advanced techniques, this book will guide you in creating both classic and contemporary garments, as well as historical styles and costumes. Draping projects include dresses, bustiers, and jackets, and highlight key fashion garments such as Audrey Hepburn's dress from Breakfast at Tiffany's and the Dolce & Gabbana tuxedo jacket. Starting with the basics of choosing and preparing the dress form for draping, the book advances through pinning, trimming, and clipping, and creating shape using darts and tucks, to adding volume using pleats and gathers, and handling complex curves. Advanced skills include how to use support elements such as shoulder pads, under layers, and petticoats, and how to handle bias draping. The book culminates with a chapter on improvisational skills. Each skill and technique throughout the book is explained with step-by-step photographs and line drawings that bring the art of creating womenswear in three dimensions to life.

Mijn nieuwe opdracht op het werk: speeltjes uitproberen. Yep, dat soort speeltjes. Nou, eigenlijk is het om de app te testen die het speeltje op afstand bestuurt. Het probleem? De danseres die de hardware moet testen (dus de eigenlijke speeltjes) gaat zich bij een nonnenklooster aansluiten. Een ander probleem? Dit project is belangrijk voor mijn Russische baas, de zwaarmoedige, overheerlijk sexy Vlad, ook bekend als de Spietser. Er is maar één oplossing: zowel de software als de hardware zelf testen... met zijn hulp. OPMERKING: dit is een op zichzelf staande, ordinaire, slow burn romantische komedie met een eigenzinnige, nerdachtige heldin, haar hete, mysterieuze Russische baas en twee cavia's die wel of niet met elkaar op kunnen schieten. Als een van de bovenstaande dingen niet jouw ding is, loop er dan nu van weg. Zet je anders schrap voor een hele grappige feel-good rit.

Previously titled Fall From Grace, this classic Jill Barnett love and laughter novella is set in the Highlands of Scotland, where the Clan McNish has been raided and left starving by their bitter rivals, the McNabs. As granddaughter to the clan chieftain, Grace McNish decides it is her duty to capture and ransom a vile McNab. Chasing the Wild Sparks Hachette UK

Set in the untamed wilds of nineteenth-century colonial India, this dazzling historical thriller introduces Blake and Avery—an unforgettable investigative pair. India, 1837: William Avery is a young soldier with few prospects except rotting away in campaigns in India; Jeremiah Blake is a secret political agent gone native, a genius at languages and disguises, disenchanted with the whole ethos of British rule, but who cannot resist the challenge of an unresolved mystery. What starts as a wild goose chase for this unlikely pair—trying to track down a missing writer who lifts the lid on Calcutta society—becomes very much more sinister as Blake and Avery get sucked into the mysterious Thuggee cult and its even more ominous suppression. There are shades of Heart of Darkness, sly references to Conan Doyle, that bring brilliantly to life the India of the 1830s with its urban squalor, glamorous princely courts and bazaars, and the ambiguous presence of the British overlords—the officers of the East India Company—who have their own predatory ambitions beyond London's oversight.
