[Valuing Black Lives and Property in America's Black Cities](#) Del Rey

In this dazzling multidisciplinary tour of Mexico City, Mauricio Tenorio-Trillo focuses on the period 1880 to 1940, the decisive decades that shaped the city into what it is today. Through a kaleidoscope of expository forms, *I Speak of the City* connects the realms of literature, architecture, music, popular language, art, and public health to investigate the city in a variety of contexts: as a living history textbook, as an expression of the state, as a modernist capital, as a laboratory, and as language. Tenorio's formal imagination allows the reader to revel in the free-flowing richness of his narratives, opening startling new vistas onto the urban experience. From art to city planning, from epidemiology to poetry, this book challenges the conventional wisdom about both Mexico City and the turn-of-the-century world to which it belonged. And by engaging directly with the rise of modernism and the cultural experiences of such personalities as Hart Crane, Mina Loy, and Diego Rivera, *I Speak of the City* will find an enthusiastic audience across the disciplines.

They live amid terrible poverty in one of the most crowded places on earth, the sector of Calcutta known as the City of Joy . This is the story of living saints and heroes, those who abandoned affluent and middle-class lives to dedicate themselves to the poor. And it is a testament to the people of the City of Joy. Their tragedies will move you, their faith, generosity, and most of all, boundless love will lift you, bless you, and possibly change your life.

THE REPUBLIC Plato's Republic is widely acknowledged as one of the most influential works in the history of philosophy. Presented in the form of a dialogue between Socrates and three different interlocutors, it is an inquiry into the notion of a perfect community and the ideal individual within it. During the conversation, other questions are raised: what is goodness; what is reality; what is knowledge; what is the purpose of education? With remarkable lucidity and deft use of allegory, Plato arrives at a depiction of a state bound by harmony and ruled by 'philosopher kings'. THE REPUBLIC The Republic is a philosophical dialogue about the nature of justice and the order and character of the just city-state and the just individual. The dialogues, among Socrates and various Athenians and foreigners, discuss the meaning of justice and examine whether or not the just man is happier than the unjust man, by proposing a society ruled by philosopher-kings and the guardians. THE REPUBLIC In this intellectually and historically influential work of philosophy and political theory, Plato discusses the theory of forms, the immortality of the soul, and the roles of the philosopher

and of poetry in society. THE REPUBLIC

*Community and Cooperation Among the Mormons* Harvard Univ Council on East Asian

The Four Realms-Life, Death, Light, and Darkness-all converge on the city of dusk. For each realm there is a god, and for each god there is an heir. But the gods have withdrawn their favor from the once vibrant and thriving city. And without it, all the realms are dying. Unwilling to stand by and watch the destruction, the four heirs-Risha, a necromancer struggling to keep the peace; Angelica, an elemental with her eyes set on the throne; Taesia, a shadow-wielding rogue with rebellion in her heart; and Nik, a soldier who struggles to see the light- will sacrifice everything to save the city. But their defiance will cost them dearly.

**Detransition, Baby** Courier Corporation

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Library Journal | Vulture | The Verge | SYFYWire Step into The City of Brass, the spellbinding debut from S. A. Chakrabarty perfect for fans of The Golem and the Jinni, The Grace of Kings, and Uprooted, in which the future of a magical Middle Eastern kingdom rests in the hands of a clever and defiant young con artist with miraculous healing gifts. On the streets of eighteenth-century Cairo, Nahri is a con woman of unsurpassed skill. She makes her living swindling Ottoman nobles, hoping to one day earn enough to change her fortunes. But when Nahri accidentally summons Dara, an equally sly, darkly mysterious djinn warrior, during one of her cons, she learns that even the cleverest of schemes can have deadly consequences. Forced to flee Cairo, Dara and Nahri journey together across hot, windswept sands teeming with creatures of fire and rivers where the mythical marid sleep, past ruins of once-magnificent human metropolises and mountains where the circling birds of prey are more than what they seem, to Daevabad, the legendary city of brass. It's a city steeped in magic and fire, where blood can be as dangerous as any spell; a city where old resentments run deep and the royal court rules with a tenuous grip; a city to which Nahri is irrevocably bound—and where her very presence threatens to ignite a war that has been simmering for centuries. \*Finalist for the World Fantasy Award: Best Novel \*Nominated for the Locus Award: Best First Novel \*Finalist for the British Fantasy Award: Best Newcomer Featuring a stepback and extra content including a bonus scene and an excerpt from The Kingdom of Copper.

*The Death and Life of Great American Cities* | Speak of the City Poems of New York

This landmarked bilingual edition gathers all the poetry the 1990 Nobel Laureate has published in book form since 1957, the year his long poem "Sunstone"--her translated anew--made its first appearance. Included are the complete texts of "Days and Occasions", "Solo for Two Voices", "A Drift of Shadows", "East Slope", "Toward the Beginning", and more; plus Paz's most recent collection, A Tree Within.

**The Art of City Sketching** Gestalten

The critically acclaimed, award-winning, modern classic Speak is now a stunning graphic novel. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's Speak: The Graphic Novel comes alive for new audiences and fans of the classic novel. This title has Common Core connections.

University of Chicago Press

From the critically acclaimed author of The 25th Hour and When the Nines Roll Over and co-creator of the HBO series Game of Thrones, a captivating novel about war, courage, survival — and a remarkable friendship that ripples across a lifetime. During the Nazis' brutal siege of Leningrad, Lev Beniov is arrested for looting and thrown into the same cell as a handsome deserter named Kolya. Instead of being executed, Lev and Kolya are given a shot at saving their own lives by complying with an outrageous directive: secure a dozen eggs for a powerful Soviet colonel to use in his daughter's wedding cake. In a city cut off from all supplies and suffering unbelievable deprivation, Lev and Kolya embark on a hunt through the dire lawlessness of Leningrad and behind enemy lines to find the impossible. By turns insightful and funny, thrilling and terrifying, the New York Times bestseller City of Thieves is a gripping, cinematic World War II adventure and an intimate coming-of-age story with an utterly contemporary feel for how boys become men.

*Feminist City* Colchis Books

The city is an always changing human experiment. But in the last half century, it has changed more than ever before - with little sign of slowing down. As this phenomenon takes place, an increasing number of architects, innovators and policy-makers are rethinking the city to make the most of space and resources. This book chronicles the design of urban futures. From apps designed to curb food waste to inventive fresh water infrastructure, The Ideal City explores the many initiatives and experiments, all with the shared goal of making the cities of tomorrow a happier, healthier and more inclusive place to be.

1940 Edition One World

NATIONAL BESTSELLER • The lives of three women—transgender and cisgender—collide after an unexpected pregnancy forces them to confront their deepest desires in “one of the most celebrated novels of the year” (Time) “Reading this novel is like holding a live wire in your hand.”—Vulture Named one of the Best Books of the Year by more than twenty publications, including The New York Times Book Review, Entertainment Weekly, NPR, Time, Vogue, Esquire, Vulture, and Autostraddle PEN/Hemingway Award Winner • Finalist for the National Book Critics Circle Award and the Gotham Book Prize • Longlisted for The Women's Prize • Roxane Gay's Audacious Book Club Pick • New York Times Editors' Choice Reese almost had it all: a loving relationship with Amy, an apartment in New York City, a job she didn't hate. She had scraped together what previous generations of trans women could only dream of: a life of mundane, bourgeois comforts. The only thing missing was a child. But then her girlfriend, Amy, detransitioned and became Ames, and everything fell apart. Now Reese is caught in a self-destructive pattern: avoiding her loneliness by sleeping with married men. Ames isn't happy either. He thought detransitioning to live as a man would make life easier, but that decision cost him his relationship with Reese—and losing her meant losing his only family. Even though their romance is over, he longs to find a way back to her. When Ames's boss and lover, Katrina, reveals that she's pregnant with his baby—and that she's not sure whether she wants to keep it—Ames wonders if this is the chance

he's been waiting for. Could the three of them form some kind of unconventional family—and raise the baby together? This provocative debut is about what happens at the emotional, messy, vulnerable corners of womanhood that platitudes and good intentions can't reach. Torrey Peters brilliantly and fearlessly navigates the most dangerous taboos around gender, sex, and relationships, gifting us a thrillingly original, witty, and deeply moving novel.

*Exploring Urban Futures* Routledge

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

*A City on a Lake* Columbia University Press

The deliberate devaluation of Blacks and their communities has had very real, far-reaching, and negative economic and social effects. An enduring white supremacist myth claims brutal conditions in Black communities are mainly the result of Black people's collective choices and moral failings. "That's just how they are" or "there's really no excuse": we've all heard those not so subtle digs. But there is nothing wrong with Black people that ending racism can't solve. We haven't known how much the country will gain by properly valuing homes and businesses, family structures, voters, and school districts in Black neighborhoods. And we need to know. Noted educator, journalist, and scholar Andre Perry takes readers on a tour of six Black-majority cities whose assets and strengths are undervalued. Perry begins in his hometown of Wilkinsburg, a small city east of Pittsburgh that, unlike its much larger neighbor, is struggling and failing to attract new jobs and industry. Bringing his own personal story of growing up in Black-majority Wilkinsburg, Perry also spotlights five others where he has deep connections: Detroit, Birmingham, New Orleans, Atlanta, and Washington, D.C. He provides an intimate look at the assets that should be of greater value to residents—and that can be if they demand it. Perry provides a new means of determining the value of Black communities. Rejecting policies shaped by flawed perspectives of the past and present, it gives fresh insights on the historical effects of racism and provides a new value paradigm to limit them in the future. Know Your Price demonstrates the worth of Black people's intrinsic personal strengths, real property, and traditional institutions. These assets are a means of empowerment and, as Perry argues in this provocative and very personal book, are what we need to know and understand to build Black prosperity.

*Mexico City at the Turn of the Twentieth Century* Harper Collins

In The Affordable City, housing expert Shane Phillips argues that to effectively address the housing crisis, cities must support both tenant protections and housing abundance. Phillips offers 55 policy recommendations addressing what he refers to as the "Three S's" of Supply, Stability, and Subsidy. He makes a moral and economic case for why each is essential and recommendations for making them work together. He ends with a policy blueprint and concise implementation plan for each policy, including whether it should be pursued as an immediate, medium-term, or long-term priority. The Affordable City is an essential tool for professional city planners, policymakers, public officials, and advocates working to improve affordability and increase community resilience through local action.

**Cities, Space and Power** Verso Books

I Speak of the City is the most extensive collection of poems ever assembled about New York. Beginning with an early piece by Jacob Steendam (from when the city was called New Amsterdam) and continuing through poems written in the aftermath of 9/11, this anthology features voices from more than a dozen countries. It includes two Nobel Prize recipients, fifteen Pulitzer Prize winners, and many other recognizable names, but it also preserves the work of long-neglected poets who celebrate the wild possibilities and colossal achievements of this epic city. Poets capture New York's major moments and transformations, writing of Hudson's arrival, Stuyvesant's prejudice, and the city's astonishing growth and gentrification. They speak of the thrills of a skyscraper's observation deck and the privations of teeming tenements. They portray the immigrant experience at Ellis Island and the decay, fear, and unexpected kindness on a subway ride. They take place on sidewalks, bridges, and docks; in taxis, buses, and ferries; and even within nature. The Brooklyn Bridge, Times Square, Broadway, the Statue of Liberty, and other familiar landmarks are recast through the prism of individual experience yet still reflect the seeming invincibility of New York and its status as a cultural magnet for the freethinking and experimental. While certain subjects and themes can be found in all urban verse, poems about New York have their own restless rhythm and ever-changing style, much like the city itself. Whether writing sonnets, epics, or experimental or imagistic verse, each of these poets has been inspired by the marvels and madness, humor and heartbreak of an enduring city.

**Claiming Space in a Man-Made World** Princeton University Press

This is in some ways a biography of a city that acquired a personality, even a gender, and became an actor in its own history. The author examines the city's place in the history of the late imperial era and of the meanings that accrued to Yangzhou.

*Because the Opposite Never Works* New Directions Publishing

"As a kid growing up in Manhattan, William Helmreich played a game with his father they called "Last Stop." They would pick a subway line and ride it to its final destination, and explore the neighborhood there. Decades later, Helmreich teaches university courses about New York, and his love for exploring the city is as strong as ever. Putting his feet to the test, he decided that the only way to truly understand New York was to walk virtually every block of all five boroughs--an astonishing 6,000 miles. His epic journey lasted four years and took him to every corner of Manhattan, Brooklyn, Queens, the Bronx, and Staten Island. Helmreich spoke with hundreds of New Yorkers from every part of the globe and from every walk of life, including Mayor Michael Bloomberg and former mayors Rudolph Giuliani, David Dinkins, and Edward Koch. Their stories and his are the subject of this captivating and highly original book. We meet the Guyanese immigrant who grows beautiful flowers outside his modest Queens residence in order to always remember the homeland he left behind, the Brooklyn-raised grandchild of Italian immigrants who illuminates a window of his brownstone with the family's old neon grocery-store sign, and many, many others. Helmreich draws on firsthand insights to examine essential aspects of urban social life such as ethnicity, gentrification, and the use of space. He finds that to be a New Yorker is to struggle to understand the place and to make a life

that is as highly local as it is dynamically cosmopolitan."--Publisher's description.

**The Shame of the Cities** Penguin UK

A "vivid and devastating" (The New York Times) portrait of an indomitable girl—from Pulitzer Prize-winning journalist Andrea Elliott "From its first indelible pages to its rich and startling conclusion, *Invisible Child* had me, by turns, stricken, inspired, outraged, illuminated, in tears, and hungering for reimmersion in its Dickensian depths."—Ayad Akhtar, author of *Homeland Elegies* ONE OF THE TEN BEST BOOKS OF THE YEAR: The New York Times • ONE OF THE BEST BOOKS OF THE YEAR: The Atlantic, The New York Times Book Review, Time, NPR, Library Journal In *Invisible Child*, Pulitzer Prize winner Andrea Elliott follows eight dramatic years in the life of Dasani, a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. In this sweeping narrative, Elliott weaves the story of Dasani's childhood with the history of her ancestors, tracing their passage from slavery to the Great Migration north. As Dasani comes of age, New York City's homeless crisis has exploded, deepening the chasm between rich and poor. She must guide her siblings through a world riddled by hunger, violence, racism, drug addiction, and the threat of foster care. Out on the street, Dasani becomes a fierce fighter "to protect those who I love." When she finally escapes city life to enroll in a boarding school, she faces an

impossible question: What if leaving poverty means abandoning your family, and yourself? A work of luminous and riveting prose, Elliott's *Invisible Child* reads like a page-turning novel. It is an astonishing story about the power of resilience, the importance of family and the cost of inequality—told through the crucible of one remarkable girl. Finalist for the PEN/John Kenneth Galbraith Award
