This book examines
American public
culture and the means
by which communities
in the U.S. reconstruct
the past and
reinterpret the present

in the development of tourism. Norkunas shows how public culture is not confined to just museums or monuments, but can be constructed on many different levels and in different settings, such as community ethnicity, natural setting (environment), literary landscape, and history. In her case study of Monterey, the author explores the particular ideologies that prompt the community to represent itself in tourism, and that also act to legitimate the current social structure.

Over the past two decades there has been a continuing debate among Western

scholars concerning the nature of Indonesian politics and the best approaches for understanding them. Several of the most important contributions to this debate were never published and others have gone out of print. Thus, it has been difficult for a new generation of students of Indonesia to be aware of the range of opinions and discussion in Western academic circles concerning the character of postrevolutionary Indonesian politics. For this reason, it appeared to us useful to bring together a series of articles that can provide a framework for understanding the evolution of these perspectives. Clearly,

we could not include all the important contributions to the debate, and this selection has been made on the basis of the best representation of differing views over time. In general the pieces appear in chronological sequence in order to delineate more clearly the evolution of the debate. To maintain this chronological development we have also made no changes in the arguments as originally presented, nor, with one exception, permitted the authors to do so, even when they have altered their opinions since originally writing the essays. Passages, however, have occasionally been cut from published articles where they are too repetitive, or where

they are not relevant to the major themes being presented here. All such omissions are indicated by a series of dots (...). Because of the continuing nature of the debate, the collection is being published as an Interim Report which we hope will stimulate further reactions and analyses. [An Old Shop of Lonely Tuesdays](#) A&C Black The story of Hawaiian cooking, by a two-time Top Chef finalist and Fan Favorite, through 100 recipes that embody the beautiful cross-cultural exchange of the islands. NAMED ONE OF THE BEST COOKBOOKS OF THE YEAR BY TASTE OF HOME Even when he was winning accolades and adulation for his cooking, two-time Top Chef finalist Sheldon

Simeon decided to drop what he thought he was supposed to cook as a chef. He dedicated himself instead to the local Hawai'i food that feeds his 'ohana—his family and neighbors. With uncomplicated, flavor-forward recipes, he shows us the many cultures that have come to create the cuisine of his beloved home: the native Hawaiian traditions, Japanese influences, Chinese cooking techniques, and dynamic Korean, Portuguese, and Filipino flavors that are closest to his heart. Through stunning photography, poignant stories, and dishes like wok-fried poke, pork dumplings made with biscuit dough, crispy cauliflower katsu, and charred huli-huli

chicken slicked with a sweet-savory butter glaze, Cook Real Hawai'i will bring a true taste of the cookouts, homes, and iconic mom and pop shops of Hawai'i into your kitchen.

Clair Miller's fast paced novel, *Forgotten Brother*, brings to light the plight of those pilots and soldiers left behind without ever having a full account of their plight given to the American people, let alone to their own relatives after the war. More than 1,000 M.I.A and P.O.W.'s from the North Vietnamese Theater are still unaccounted for. Only 9 of 565 in Laos have been released, 76 of them taken to Cambodia are still

listed as missing.

A stunning memoir of an intercultural marriage gone wrong. When Susan, a shy Midwesterner in love with Chinese culture, started graduate school in Hong Kong, she quickly fell for Cai, the Chinese man of her dreams. As they exchanged vows,

Susan thought she'd stumbled into an exotic fairy tale, until she realized Cai—and his culture—where not what she thought. In her riveting memoir, Susan recounts her struggle to be the perfect traditional "Chinese" wife to her increasingly controlling and abusive husband. With keen insight and heart-wrenching candor, she confronts the hopes and hazards of intercultural marriage, including dismissing her own values and needs to save her relationship and protect her newborn son, Jake. But when Cai threatens to take Jake back to China for good, Susan must find the courage to stand up for herself, her son, and her future. Moving between rural China

and the bustling cities of Hong Kong and San Francisco, Good Chinese Wife is an eye-opening look at marriage and family in contemporary China and America and an inspiring testament to the resilience of a mother's love—across any border.
