The Seventh Edition of Canadian  
Organizational Behaviour is truly a "new  
and improved" McShane: new trim size,  
fresh new design, new co-author,  
reorganized table of contents, improved  
examples, and even enhanced  
readability. The McShane brand is known  
for its cutting edge research and  
scholarship, recognized for its "for

Canadians, by Canadians" approach to  
content, and respected for its firm  
anchoring of Canadian material within a  
global context. No other OB book offers  
the kind of comprehensive coverage in  
such an accessible, readable format.  
Canadian Organizational Behaviour  
continues to lead the way as the most  
innovative OB text on the market.  
McShane was the first OB textbook to  
include topics such as workplace  
emotions, appreciative inquiry, social  
identity theory, future search events,  
virtual teams, workaholism, and  
emotional intelligence. The innovation

continues in the seventh edition with new and expanded coverage of topics such as employee engagement, resilience, four-drive theory, blogs and wikis, psychological harassment, learning orientation, Schwartz's values model, and separating socioemotional from constructive conflict. The pedagogical features have been completely overhauled to speak to new and emerging topics in OB worldwide, including the opening vignettes, the photo essays in each chapter, and many of the end-of-chapter exercises and end-of-part cases.
