The Company Daughters Morgan & Claypool Publishers
 Ambitious, independent Jaleesa Greer was on the fast track building her real estate Appraisal firm in Miami and had no time for detours with flighty playboys. Not even those who made her lose her train of thought and fumble over sentences. Niko Talinos liked women, but he didn't trust them thanks to his mom's deceit. Now he's met a woman who blinds him to the past and makes him believe in the future. But someone doesn't want Niko or Jaleesa to take that next step. Determined that their love will survive every test and hurdle, from friends, families and enemies, Jaleesa and Niko are in the fight of their lives in Jaleesa's Pleasure.

'Blew my mind... so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book... I loved every moment of it... immersive, heart-wrenching, I feel emotional writing this review.' Goodreads reviewer, 5 stars
 Wanted: Company Daughters. Virtuous young ladies to become the brides of industrious settlers in a foreign land. The Company will pay the cost of the lady's dowry and travel. Returns not permitted, orphans preferred. Amsterdam, 1620. Jana Beil has learned that life rarely provides moments of joy. Having run away from a violent father, her days are spent searching for work in an effort to stay out of the city brothels, where desperate women trade their bodies for a mouthful of bread. But when Jana is hired as a servant for the wealthy and kind Master Reynst and his beautiful daughter Sontje, Jana's future begins to look brighter. Then Master Reynst loses his fortune on a bad investment, and everything changes. The house is sold to creditors, leaving Jana back on the street and Sontje without a future. With no other choice, Jana and Sontje are forced to sign with the East India Company as Company Daughters: sailing to a colonial Dutch outpost to become the brides of male settlers they know nothing about. With fear in their hearts, the girls begin their journey – but what awaits them on the other side of the world is nothing like what they've been promised... Based on true history, this is a gripping and unputdownable historical novel, perfect for fans of *Girl with a Pearl Earring*, *The Miniaturist* and *The Indigo Girl*.

AWARD. What readers are saying about *The Company Daughters*: 'Blew my mind... a book I've told so many people about purely because I'm still in disbelief that it exists, that it's so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book of a woman's struggle to survive... I loved every moment of it. Breathlessly, and in a way that took up my entire brain... immersive, heart-wrenching, and I feel emotional writing this review.' Goodreads reviewer, 5 stars 'From the moment I started reading *The Company Daughters*, I was captivated by this historical tale. Although it does contain a love story, it's not a romance... This was a gripping read.' Goodreads reviewer 'This book is so stunningly tender and beautiful, all mixed in with some seriously tragic and heart-wrenching events... Rajaram is an extremely skilled writer, and I love her writing style... The themes of sisterhood and female love were so present in this book and I found it very moving.' Goodreads reviewer 'I was enchanted by this book! It's a delightful read that will have your emotions all over the place.' Goodreads reviewer 'I love historical fiction, and this book touched on a topic and time I knew nearly nothing about... There's love, there's loss, there's surviving, there's thriving... It was a very beautiful book.' Goodreads reviewer 'The Company Daughters is a beautifully written love story... a perfect example of the power of human will and the endurance and hope that love can give a person.' Goodreads reviewer, 5 stars 'This book has a beauty and grace to it. The author's writing just flows off the page, and although there are struggles and upsets by the time you close the book over you are filled with a warm glow.' Goodreads reviewer 'A powerful and insightful read. I look forward to reading more historical work by Samantha Rajaram!' Goodreads reviewer 'Heartbreaking... a moving book... vivid, with amazing characters... This is a great read.' Goodreads reviewer

Four Truths and a Lie Routledge

This book is intended as an introductory text for students studying a wide range of courses concerned with animal management, zoo biology and wildlife conservation, and should also be useful to zookeepers and other zoo professionals. It is divided into three parts. Part 1 considers the function of zoos, their history, how zoos are managed, ethics, zoo legislation and wildlife conservation law. Part 2 discusses the design of zoos and zoo exhibits, animal nutrition, reproduction, animal behaviour (including enrichment and training), animal welfare, veterinary care, animal handling and transportation. Finally, Part 3 discusses captive breeding programmes, genetics, population biology, record keeping, and the educational role of zoos, including a consideration of visitor behaviour. It concludes with a discussion of the role of zoos in the conservation of species in the wild and in species reintroductions. This book takes an international perspective and includes a wide range of examples of the

operation of zoos and breeding programmes particularly in the UK, Europe, North America and Australasia. Visit www.wiley.com/go/rees/zoo to access the artwork from the book.

 Lecture Notes in Ophthalmology is a core text designed to meet the needs of medical students, junior doctors, optometrists and opticians who need a concise overview of this important subject. Lecture Notes on Ophthalmology begins with a brief introduction to the structure and function of the eye, which is integrated with the clinical science. With 17 chapters and now heavily illustrated with 50 full-colour line diagrams and more than 100 clinical photographs, this book concentrates on the most common eye problems that students and doctors can expect to diagnose and manage. Because the authors give each condition a highly structured description to facilitate easy access to information, they ensure, therefore, that the book is ideal for revision.

What causes two sisters who share a whimsical yet calamitous upbringing to become estranged adults? In her debut autobiography, *A Family Divided: A Memoir*, Jackson leaps brilliantly into the literary scene and candidly guides readers through a witty read as she searches for an answer to this very personal question. Clues are unearthed in a series of life events that combine sibling alcoholism, a secret life as a lesbian, a career in deaf education, and ever-faithful canine companions. She begins with a loving chronicle of her parents' unlikely meeting and takes readers along as the family embarks on a transient military lifestyle. But when Jackson's mother is diagnosed with amyotrophic lateral sclerosis (ALS), the fabric of the family begins to fray, and the sisters experience their mothers' declining health in vastly different ways. Told with a compelling and open heart, *A Family Divided: A Memoir* highlights parenting with the best of intentions and the disastrous interpersonal relationship with which the sisters are destined to contend. Delightfully surprising

is how life events come together in a quick and quirky read.

Eighth grader Scarlett is boy crazy -- and not just a little boy crazy. We're talking seriously, utterly, completely, 100-percent boy crazy! So much so that her mother, in an effort to curb Scarlett's enthusiasm, ships her off to a prestigious all-girls charter school. Scarlett thinks her life is absolutely over. But what she doesn't know is that her life is about to get absolutely interesting, because on her desk in her dorm room she finds a letter. The letter says it contains four truths and a lie -- and Scarlett's reputation depends on determining which is which.... Maybe an all-girls school isn't so boring after all.

New York Times bestselling author Mary Monroe sweeps readers back to the streets, porches, and parlors of civil rights-era Ohio to bring to life the first steps of an enduring friendship between two girls from opposite sides of the track. . . Annette Goode is a shy, awkward, overweight child with a terrible secret. Frightened and ashamed, Annette withdraws into a world of books and food. But the summer Annette turns thirteen, something incredible happens: Rhoda Nelson chooses her as a friend. Dazzling, generous Rhoda, who is everything Annette is not--gorgeous, slim, and worldly--welcomes Annette into the heart of her eccentric family, which includes her handsome and dignified father; her lovely, fragile "Muh'Dear;" her brooding, dangerous brother Jock; and her colorful white relatives--half-crazy Uncle Johnny, sultry Aunt Lola, and scary, surly Granny Goose. With Rhoda's help, Annette survives adolescence and blossoms as a woman. But when her beautiful best friend makes a stunning confession about a horrific childhood crime, Annette's world will never be the same. "A coming-of-age journey depicted with wit, poignancy and bite." --Publishers Weekly

The algebraic path problem is a generalization of the shortest path problem in graphs. Various instances of this abstract problem have appeared in the literature, and similar solutions have been independently discovered and rediscovered. The repeated appearance of a problem is evidence of its relevance. This book aims to help current and future researchers add this powerful tool to their arsenal, so that they can easily identify and use it in their own work. Path problems in networks can be conceptually divided into two parts: A distillation of the extensive theory behind the algebraic path problem, and an exposition of a broad range of applications. First of all, the shortest path problem is presented so as to fix terminology and concepts: existence and uniqueness of solutions, robustness to parameter changes, and centralized and distributed computation algorithms. Then, these concepts are generalized to the algebraic context of semirings.

Methods for creating new semirings, useful for modeling new problems, are provided. A large part of the book is then devoted to numerous applications of the algebraic path problem, ranging from mobile network routing to BGP routing to social networks. These applications show what kind of problems can be modeled as algebraic path problems; they also serve as examples on how to go about modeling new problems. This monograph will be useful to network researchers, engineers, and graduate students. It can be used either as an introduction to the topic, or as a quick reference to the theoretical facts, algorithms, and application examples. The theoretical background assumed for the reader is that of a graduate or advanced undergraduate student in computer science or engineering. Some familiarity with algebra and algorithms is helpful, but not necessary. Algebra, in particular, is used as a convenient and concise language to describe problems that are essentially combinatorial. A true adventure story and the go-to guide for "picking" American treasures from anyone's backyard, straight from the stars of History's American Pickers In these pages, professional treasure hunters Mike Wolfe and Frank Fritz chronicle their road trips across the American countryside in search of "rusty gold" to buy and sell among the picking world's one-of-a-kind characters. Whether you are a fan of the show or just like finding hidden riches, you will love seeing what Wolfe and Fritz dig up and enjoy meeting the devoted collectors, extreme stockpilers, and elite dealers who they encounter along the way. Wolfe and Fritz do not deal in fine antiques. Their secondhand treasures are of the down-and-dirty and sometimes even bizarre variety, from old bicycles and vintage tools, to sun-bleached cars and handmade furniture, retired carnival games and unusual taxidermy. Assisted by Danielle Colby, who helps out at Antique Archaeology, Wolfe and Fritz buy on the cheap and then sell to dealers, art directors, interior designers, or anyone looking for a little bit of authentic Americana. The three now share their secrets to finding hidden gems, offering helpful hints that will show what average Americans can do to find the treasures that await them. From American Pickers Guide to Picking: Junk is Beautiful When we knock on a door, 90 percent of the time the things we find are junk. But we don't care about the odds; a picker never turns down an opportunity, no matter where it is. We've picked pickup trucks. We've picked flat beds. We've picked dumpsters. We even picked a Mercury Sable. We're looking for the unusual, the impossible, the funky, the different, the bizarre-things we have never seen before. And we'll go anywhere we have to go to find it. No location is off-limits to a hard-core picker. And there's plenty of things to be found at antique stores, thrift and consignment shops, flea markets, estate sales, and swap meets, and a lot of the tips in this book apply to finding treasures at these joints. But that's not really the kind of picking we do anymore. We look outside the box to find our junk-a word we use almost like a term of endearment: to us: junk is beautiful.
