and as concisely as possible, giving you the best possible chance of acing the exam. All-new Second Edition updated for the most current version of the exam's Common Body of Knowledge The only guide you need for last minute studying Answers the toughest questions and highlights core topics No fluff - streamlined for maximum efficiency of study - perfect for professionals who are updating their certification or taking the test for the first time

(ISC)2 SSCP Systems Security Certified Practitioner Official Practice Tests John Wiley & Sons

This value-packed packed for the serious CISSP certification candidate combines the bestselling CISSP

(ISC)2 Certified Information Systems Security Professional Official Study Guide, 7th Edition with an all new collection of Practice Exams to give you the best preparation ever for the high-stakes CISSP Exam. CISSP (ISC)2 Certified Information Systems Security Professional Official Study Guide, 7th Edition has been completely updated for the latest 2015 CISSP Body of Knowledge. This bestselling Sybex study guide covers 100% of all exam objectives. You'll prepare for the exam smarter and faster with Sybex thanks to expert content, real-world examples, advice on passing each section of the exam, access to the Sybex online interactive learning

environment, and much more. Reinforce what you've learned with key topic exam essentials and chapter review questions. Along with the book, you also get access to Sybex's superior online interactive learning environment that includes four unique 250 question practice exams to help you identify where you need to study more, more than 650 Electronic Flashcards to reinforce your learning and give you last-minute test prep before the exam, a searchable glossary in PDF to give you instant access to the key terms you need to know for the exam. Add to that the all-new CISSP Official ISC2 Practice Tests with 2 more complete 250-question exams and

another 100 questions for each of the 8 domains and you'll be as ready as you can be for the CISSP exam. Coverage of all of the exam topics in each book means you'll be ready for: Security and Risk Management
Asset Security
Security Engineering
Communication and Network Security
Identity and Access Management
Security Assessment and Testing
Security Operations
Software Development Security
(ISC)2 SSCP Systems Security Certified Practitioner Official Study Guide John Wiley & Sons
CISSP Study Guide, Third Edition provides readers with information on the CISSP certification, the most prestigious, globally-recognized,

vendor-neutral exam for information security professionals. With over 100,000 professionals certified worldwide, and many more joining their ranks, this new third edition presents everything a reader needs to know on the newest version of the exam's Common Body of Knowledge. The eight domains are covered completely and as concisely as possible, allowing users to ace the exam. Each domain has its own chapter that includes a specially-designed pedagogy to help users pass the exam, including clearly-stated exam objectives, unique terms and definitions, exam warnings, "learning by example" modules, hands-on exercises, and chapter

ending questions. Provides the most complete and effective study guide to prepare users for passing the CISSP exam, giving them exactly what they need to pass the test Authored by Eric Conrad who has prepared hundreds of professionals for passing the CISSP exam through SANS, a popular and well-known organization for information security professionals Covers all of the new information in the Common Body of Knowledge updated in January 2015, and also provides two exams, tiered end-of-chapter questions for a gradual learning curve, and a complete self-test appendix
CISSP (ISC)2 Certification Practice Exams and Tests John Wiley & Sons

Countless time and money is spent preparing for the CISSP certification exam. So why aren't students laser-focused on taking practice exams before attempting the real thing? Based on the official CISSP Common Body of Knowledge (CBK) and the ten CBK domains, the practice exams in this book are designed to help students adjust to the pace, subject matter, and difficulty of the real CISSP exam. Geared towards anyone preparing for the exam, all tests include clear solutions to help you understand core CISSP concepts. If you plan on passing the CISSP certification exam, it's time to test your knowledge. It's time for CISSP Exam Prep Questions, Answers, and

Explanations. Now packed with Over 1,000 realistic CISSP sample questions to help you pass the exam on your FIRST try. In this book:

- 1000+ detailed CISSP exam practice questions including 19 condensed CISSP mock exams that can be completed in one hour;
- 12 Targeted CISSP Domain Area tests, and detailed solution sets for all CISSP questions which include clear explanations and wording, CISSP Domain references, and reasoning based on the CISSP Common Body of Knowledge (CBK) materials (2011). ***

Edition Updates ***

The latest edition of CISSP Exam Prep Questions, Answers, & Explanations includes content improvements and edits which further

assist students in preparing for their CISSP Exam. Improvements include:

- Content updated to reflect 2012 revisions to CISSP domains
- Questions updated for improved readability and applicability to exam Explanations updated to further reinforce CISSP concepts
- Specific responses edited to reflect minor labeling corrections [CISSP is a registered certification mark and (ISC)2 is a service mark of the International Information Systems Security Certification Consortium, Inc.]

Student Testimonials

"It is the only product I have seen which utilizes the same question logic as the actual CISSP exam. If you utilize this training course you will have

the ability to apply your already learned knowledge to the real exam very well. CISSP exam prep provides an important tool which helped me pass the CISSP on the first try." Bobby Narasimham, CISSP - Information Security Engineer - Boston, MA "This exam prep delivers as promised. Top notch CISSP questions and explanations are provided that will dramatically expand your insight base. A comprehensive yet affordable augment for your exam preparation." John Latawiec, CISSP "Great exam prep! Test questions are very similar to what I saw on the actual test. Passed CISSP on first attempt! Thanks." Steve Toole, CISSP - Buffalo, NY "The thing

that made this book stand out is that it helps to train the mind to tackle questions in a more systematic way... and are not just questions that need to be memorized. The questions are real life and I could not find any other set of questions similar." Ali Jawad, CISSP - HRSmart INC, Lebanon "I passed the CISSP exam which and also have completed my endorsement as a CISSP. The question quality was very good. Keep up the good work. I would recommend this product to anyone who aspires for CISSP." Ninad Varadkar, CISSP ** Visit CISSPEXAMPRACTICE.COM for support and additional materials ** *CISSP* John Wiley & Sons A must-have prep

guide for taking the CISSP certification exam. If practice does, indeed, make perfect, then this is the book you need to prepare for the CISSP certification exam! And while the six-hour exam may be grueling, the preparation for it doesn't have to be. This invaluable guide offers an unparalleled number of test questions along with their answers and explanations so that you can fully understand the "why" behind the correct and incorrect answers. An impressive number of multiple-choice questions covering breadth and depth of security topics provides you with a wealth of information that will increase your confidence for passing the exam. The sample

questions cover all ten of the domains tested: access control; telecommunications and network security; information security governance and risk management; application development security; cryptography; security architecture and design; operations security; business continuity and disaster recovery planning; legal, regulations, investigations, and compliance; and physical and environmental security. Prepares you for taking the intense CISSP certification exam with an impressive and unique 2,250 test prep questions and answers. Includes the explanation behind each answer so you can benefit from

learning the correct answer, but also discover why the other answers are not correct. Features more than twice the number of practice questions of any other book on the market and covers nine times the number of questions tested on the exam. With CISSP certification now a requirement for anyone seeking security positions in corporations and government, passing the exam is critical. Packed with more than 2,000 test questions, *CISSP Practice* will prepare you better than any other resource on the market.
