Storyline In 1821 Old California--after humiliating once more the evil Spanish governor, Don Rafael Montero--the mysterious black-caped masked avenger of the oppressed, Don Diego de la Vega, or Zorro, finds himself incarcerated. With his only daughter raised by Don Rafael as his own, the grizzled swordsman makes a daring escape nearly two decades later, and takes under his wing the unrefined outlaw, Alejandro Murietta, to teach him the ropes and, hopefully, become the next Zorro. Now, the stage seems set for a ferocious final confrontation, as the new young rapier-wielder prepares to thwart the despicable governor's sinister plans. Can Alejandro live up to legendary Zorro's name?

In this volume Don Peri expands his extraordinary work conducting in-depth interviews with Disney employees and animators. These recent interviews include conversations with actors and performers rather than solely animators. This book offers Peri's extensive interviews with Marc Davis, Frank Thomas, and Ollie Johnston, three of Walt Disney's famed "Nine Old Men of Animation." Peri interviewed two Disney Mouseketeers-Bobby Burgess and Sharon Baird-from the original Mickey Mouse Club Show, providing valuable perspectives on how the Walt Disney Company worked with television. Lou Debney, a Disney television producer, discusses the company's engagement with television and live-action film. Walter Lantz talks about his work in the animation business, especially with Oswald the Lucky Rabbit. And Dave Hand discusses his legendary work on Snow White and the Seven Dwarfs. Taken together, the interviews in Working with Disney create an enlightening perspective on the Walt Disney Company as it grew from its animation roots into a media powerhouse.

**A Novelization** Independently Published

Long before Superman or Batman made their first appearances, there was Zorro. Born on the pages of the pulps in 1919, Zorro fenced his way through the American popular imagination, carving his signature letter Z into the flesh of evildoers in Old Spanish California. Zorro is the original caped crusader, the first hero to have a band called the Avengers, and the character who laid the blueprint for the modern American superhero: the mask, the alter-ego, extraordinary physical skills, and a struggle against arch-villains. Famed comics pioneer Bob Kane even wrote that &quot;Zorro was a major influence on my creation of Batman.&quot; In *Zorro's Shadow*, historian and Latin American studies expert Stephen J. C. Andes investigates the legends behind the mask of Zorro, revealing that the origin of America's first superhero lies in Latinx history and experience. Andes begins his investigation in Mexico City at a statue of William Lamport, the so-called &quot;Irish Zorro,&quot; who was burned at the stake by the Mexican Inquisition. There, he discovers new documents at the Mexican National Archives and travels to the Sonoran desert to find the birthplace of Joaquín Murrieta, a California Gold Rush bandit who many claim inspired the creation of Zorro. Based on the never-before-seen letters of Zorro creator Johnston McCulley, Andes describes how the legends around Lamport and Murrieta influenced the development of the masked hero in black, and further, how Zorro went from a real life Mexican bandido to a distinctly white, aristocratic hero. Revealing the length of Zorro's shadow on the superhero genre is a reclamation of the legend of Zorro for a multiethnic and multicultural America.

The story of the American West is that of a journey. It is the story of a movement, of a geographical and human transition, of the delineation of a route that would soon become a rooted myth. The story of the American West has similarly journeyed across boundaries, in a two-way movement, sometimes feeding the idea of that myth, sometimes challenging it. This collection of essays relates to the notion of the traveling essence of the myth of the American West from different geographical and disciplinary standpoints. The volume originates in Europe, in Spain, where the myth traveled, was received, assimilated, and re-presented. It intends to travel back to the West, in a two-way cross-cultural journey, which will hopefully contribute to the delineation of the New—always self-renewing—American West. It includes the work of authors of both sides of the Atlantic ocean who propose a cross-cultural, transdisciplinary dialogue upon the idea, the geography and the representation of the American West.

Excerpt: The Mask of Zorro is a 1998 American swashbuckler film based on the Zorro character created by Johnston McCulley. It was directed by Martin Campbell and stars Antonio Banderas, Anthony Hopkins, Catherine Zeta-Jones, and Stuart Wilson. In the story, the original Zorro (Hopkins) escapes from prison to find his long-lost daughter (Zeta-Jones) and avenge the death of his wife against the corrupt governor (Wilson). He is aided by his successor (Banderas), who also pursues his own vendetta. Producer Steven Spielberg had developed the film for TriStar Pictures with directors Mikael Salomon and Robert Rodriguez before Campbell signed on in 1996. Salomon cast Sean Connery as Don Diego de la Vega, while Rodriguez brought Banderas in the lead role. Connery dropped out and was replaced with Hopkins, and The Mask of Zorro began filming in January 1997 at Estudios Churubusco in Mexico City, Mexico. The film encountered scheduling problems when Campbell was hospitalized for bronchitis, resulting in Zorro going over \$10 million in its production budget. The film was released in the United States on July 17, 1998 with both financial and critical success. The Legend of Zorro, a sequel also...

The Mask Of Zorro Original Screenplay

Working with Disney Justin, Charles & Co.

Sandwiched between the ocean and the mountains surrounding the Pueblo de Los Angeles, wealthy Spanish caballeros live side by side with Native Americans. One boy with both Spanish and Indian blood belongs to both worlds. He is Diego de la Vega, who will one day wear the mask of Zorro. As a boy Diego is more concerned with riding horses and making mischief with his best friend, Bernardo, than about fighting injustice. But when men start disappearing from the pueblo of Los Angeles and cattle are missing from Diego's father's rancho, Diego and Bernardo encounter an injustice so wicked that they must take action. Inspired by Isabel Allende's novel *Zorro*, which reveals how Diego de la Vega became the legendary masked hero, *Young Zorro: The Iron Brand* introduces readers to a land of vaqueros and kidnappers -- an exciting world in which a young hero is formed. First

introduced in 1919, the legend of Zorro, "the fox," swiftly grew into a phenomenon. A hero of Spanish California with a dual identity, Zorro has vanquished evildoers and conquered hearts in books, movies, and television series around the world. Most recently the Zorro tale has been brought to life by Antonio Banderas and Catherine Zeta-Jones in the 1998 major motion picture *The Mask of Zorro* and its 2005 sequel, *The Legend of Zorro*.

*The Mask of Zorro*. [read by Catherine Zeta-Jones]. Harper Collins

A thrill-a minute ride set in the days of Spanish colonialism in California, where thugs and greedy tyrants try to wrest every penny from peasants . . . and the one hero who defends the common man is the mysterious masked stranger who calls himself Zorro--The Fox! The first Zorro story appeared as a 5-part serial in *All-Story Weekly*, a famous American pulp fiction magazine, starting in the August 9, 1919 issue. In a case of fortunate timing, Douglas Fairbanks, the silent movie star, was in the process of trying to change his image at the time, and he chose Zorro as his next starring role. In 1920, when the romantic swashbuckler debuted, it set movie box office records. Riot police had to disperse the huge crowds that showed up at the New York opening. Zorro entered the public consciousness and is now a part of popular culture, the same as such heroes as Superman, Tarzan, and The Lone Ranger. The rest is history.
