 Maru by Bessie Head November 9, 2010 by Rebecca Reid I have so struggled to put Maru (by Bessie Head, published 1971) into context that I even reread the short novel (130 pages) before I attempted to write my thoughts. My second read solidified my perception that Maru is a type of warped fairy tale, one especially with no happily ever after.
 Maru by Bessie Head - Rebecca Reads
 Born from a white mother and a black father, Bessie Head grew up in the early stages of Apartheid South Africa. In Maru she reflects upon her own experiences of love, loneliness and prejudice. Prejudice spreads as one discriminates against another and creates false images. Love contradicts loneliness, which diminishes as the plot progresses. Themes in the Novel Maru Analysis - PHDessay.com
 Far more than an African love story, Head's novel is a statement on racial and tribal prejudice. Margaret represents a group of people reduced through discrimination to nonhuman status.

 Maru, the well-written and revered novel by Bessie Head, is primarily concerned with two themes: that of love, and prejudice. Set in the rural and unforgiving village of Dilepe, Maru sets about exploring the ability of people to love others, despite their palpable differences. Moving in a circular sequence, the story begins at the end of the novel, where readers are introduced to the main characters, Maru (who gives the novel its title) and Margaret, his new wife.
