Simon and Schuster  
The first book on Santería's holiest divination system to thoroughly explore each family of odu and how their

actions and reactions affect the spiritual development of the client. • Includes the major considerations for sacrifice, providing the diviner with ways to placate and supplicate the Afro-Cuban deities known as orishas. • Demonstrates how to properly end a reading so that negative vibrations are fully removed from the diviner's home. • Provides a thoroughly detailed description of

each of the 12 families of odu that exist in the diloggun--from Okana through Ejila Shebora. The diloggun is more than a tool of divination. It is a powerful transformational process, and the forces that are set in motion when it is cast determine the future evolution of the adherent. The Diloggun is the first book to explore this Afro-Cuban oracle from the perspective of diaspora orisha

worship. It is also the first book to explore the lore surrounding this mysterious oracle, which is the living Bible of one of the world's fastest growing faiths. The twelve families of odu that are available to the diviner include 192 omo odu, the children of the odu, and each of these patterns or letters has its own proverbs, meanings, prohibitions, and sacrifices. Ócha'ni Lele provides the

secret but essential information that the adept diviner needs to know to ensure that every element affecting a client's spiritual development is taken into consideration during a reading. His book is also the first to detail how to properly end a session so that negative vibrations are absorbed by the orishas and fully removed from the diviner's home. For those seeking the wisdom of ancient Africa,

The Diloggun is an indispensable guide to the mysteries of the orishas. The Seven African Powers of the Periodic Table: Chemistry Lulu.com Buck Reilly's a lot like the rest of us -- trying to make ends meet and hoping for better times. He's living in a Key West hotel and operates Last Resort Charter and Salvage aboard a 1946 Grumman Widgeon flying boat, hunting for sunken treasure and

taking on an occasional passenger, no questions asked. But when he delivers a mysterious woman to a mission boat destined for Cuba, things start going downhill quick. He faces down the dark forces of Santeria priests, Cuban Secret Police, and an FBI agent with a grudge. Buck has nothing but ingenuity to save his skin and the lives he put in peril ... and prevent a war with America's

longest-running enemy ... When you see the world through Buck Reilly's eyes, the view will never be the same. About the Author John H. Cunningham, outdoorsman, world traveler, and aviation enthusiast, is a commercial real estate professional and former editor. He lives in Virginia with his wife and two daughters. "Red Right Return" is his first novel. Visit the author online

 Those who  
 know about  
 how  
 spirituality  
 plays into the

world of drug smuggling have likely heard of Santa Muerte, Jesus Malverde, and Santería, but the details of the more obscure African religions and Latin American folk saints and cults often remain a mystery. While the vast majority of these religions are practiced by law-abiding citizens with no connections to the drug trade, their religious beliefs and practices are often

appropriated by drug cartels and used to psychologically empower members of these organizations. Therefore, knowledge about narco-cults and spirituality related to the drug trade can be incredibly useful to narcotics officers, military and intelligence agents, and even the average street cop. Narco-Cults: Understanding the Use of Afro-Caribbean and Mexican

Religious Cultures in the Drug Wars looks at the growing phenomenon of narco-cults and the use of indigenous spiritual traditions among drug trafficking organizations. Based on two decades of experience from one of the top consultants in the field, it provides investigative agencies with a means of identifying symbols, rituals, artifacts, and customs endemic to various drug

trafficking organizations. The book features illustrations of altars, shrines, and tools along with detailed descriptions of their cultural significance and practical application in rituals and customs. Derived from empirical research, this sourcebook provides reliable information taken from ethnographic fieldwork, police reports, and interviews with practitioners. The knowledge

contained herein will help build cultural competency among the many agencies investigating drug crimes. **Regla Conga, Palo Monte--Mayombe** Lulu.com QUIMBANDA RELIGION, THE SECRETS OF AFRO-BRAZILIAN MAGIC, SPELLS & RITUALS. Regla de Ocha promotes worship of the Orisha (gods), and uses traditional oracles that originated in the old Yoruba city of Ile-Ife. The Regla de Palo Monte came from the Congo area.

The first book to provide complete, specific instructions on casting the Diloggún, the cowrie-shell oracle of the Orishas. • Provides step-by-step instructions never before published, detailing requirements

and procedure for casting the Diloggún. • Includes a detailed "mojuba" or prayer used to awaken the Orishas (spirit entities) for divination. • Devotes an entire chapter to each of the twelve basic Odu (random patterns in which the sixteen shells fall), providing ritual mechanics and oracular meanings for all possible castings. The Afro-Cuban faith, known to outsiders as Santeria and to adherents as Las Reglas

de Ocha de Los Lucumi, is not a static religion but a living conduit of energy for connecting the spirit world to our own. It came to the New World with the slave trade where it has evolved in response to the surrounding culture. For adherents of Lucumi, the Diloggún is the most important focus of worship: the sacred shells reveal the forces at play in an adherent's life. These

forces are redefined and placated by the Orisha priest, who makes direct contact with the spirit world in an effort to help the adherent evolve. While many books have been published about Santeria, *The Secrets of Afro-Cuban Divination* is the first to provide complete information on how to cast the Diloggún, including opening, reading, and closing the oracle, and how to give a

comprehensive reading. With a detailed discussion about why each prayer is offered and insight into the metaphysical core of the religion, this book will bring those seeking the wisdom of the Diloggún closer to the living Orishas than they have ever been.

This book explains how to ritually prepare, make and present

the sacred mysteries of the Aje Spirits initiation ceremony, Step by Step, (Regla De Congo). This book also contains how to make a spiritual food offering to the witches (Adimu), various spells and sacred rituals to these very powerful elemental forces that we call "the sacred mothers of the marketplace" and the "invisible mothers of the night". This book will tell you how to

summon these powerful spiritual entities for such things as protection against the evil eye, love attraction, money, wealth, health, marriage, Divine Justice and a peaceful home. [El Kimpúngulu](#) Lulu.com Botánicas is an exploration in text and photographs of spiritual shops found in Latino neighborhood s throughout the United States. Readers discover these marvelous

spaces and their alternative spiritualities that help patrons cope with the grind and challenges of city life. Botánicas provide access to an array of invisible powers and sell the ingredients to construct symbolic solutions to their patrons' problems. The stores are bright and baroque, and the powers they invoke come from religious traditions in Africa, Europe,

Asia, and the native Americas. In *Botánicas*, Joseph M. Murphy offers a cultural history of the devotions on display and a reflection on the efficacy of their powers to heal. Readers will come to see that the goods and devotions of *botánicas* give their patrons-- mostly Latino, often immigrants-- pathways for empowerment and transformation. The name *botánicas* comes from the "botanicals" for sale, herbs and plants with healing powers. The pharmacopeia of *botánicas* can be vast, and owners may know hundreds of remedies for treating problems of health, wealth, and love. *Botánicas* vend herbs for upset stomach, herbs for finding a job, and herbs for wooing back a wayward spouse. Supplementing these medicinal and magical plants, *botánicas* sell candles, holy statues, and tools for devotion to an array of spiritual powers-- Catholic saints, African gods, indigenous spirits, and Asian divinities. Each spirit has its own ritual of petition, and *botánica* owners can discern the proper offerings and prayers to help the supplicant. Murphy explains the religions of the *botánica* with subtlety and

sensitivity. He gives readers a deep sense of the contexts of the stores and a sophisticated analysis of the religious traditions that suffuse them. Visually fascinating, culturally rich, and religiously profound, *Botánicas* is a window into a world of beauty and power.

En el Palo Monte Mayombe, cualquier lenguaje está impregnado de religión: el

oral, el escrito, el artístico o el mímico. El poder, la responsabilidad, la obligatoriedad de la palabra y la conciencia de que sólo la palabra altera el mundo, son rasgos muy característicos de este sistema religioso afrocubano y son objeto de estudio en este libro. En este contexto se analizan los conjuros de los nganguleros, los cantos rituales o “mambos” congos, las formas

características de la música sacra del Palo Monte Mayombe (la polimetría y la polirritmia) y el empleo de las máscaras rituales.

Wheatmark, Inc. El Libro Palo Brakamundo con sus historias, les hará volar la imaginación a

tiempos remotos para que hagan un análisis de como se fue desarrollando la vida de los primeros pobladores del mundo. Según la mitología africana fueron los congos reales (Riat) a quienes les tocó la honorable misión de la procreación del género humano. Las páginas de este libro plasman el arduo trabajo de casi tres décadas de estudios sistemáticos de la cultura afrocubana,

guiado por el sentimiento que nos identifica con aquellos negros esclavos que fueron desarraigados de su lugar de origen. En este libro conocerán algunos de los aspectos de la antigua civilización de los congos, base sólida y única que se extendió por casi todo el continente africano y llegó posteriormente a muchos rincones del nuevo mundo. La religión de nuestros antepasados

congos es la progenitora de todas las religiones africanas, sus simbologías, sus signos son escrituras mágicas en los que se apoyan sus ritos, que hacen del mayombe congo una verdadera fuente de códigos y misterios, que ayudaron a romper las barreras que ataban al hombre con el mundo animal y lo catapultaron a la civilización. *QUIMBANDA MAGIC SPELLS, THE SECRETS OF AFRO-BRAZILIAN SPIRITUALISM, THE FOURTH KINGDOM OF THE CEMETERY, No.4 Ediciones Maiombe* "Fascinating insights into modern urban religious practice make Orsi's collection a must-read." -- Publishers Weekly "The essays provide insight into the cultural creativity, reinterpretation of worship and religious ingenuity of city people over the last 50 years." -- Library Journal "At last, a major dissection of the great mystery in modern American life -- how religion and spirituality prospered amidst industrialization, urbanization, and rampant technological change after 1880!" -- Jon Butler, Yale University "Urban religion" strikes many as an oxymoron. How can religion thrive in the alienated, secular, fast-paced, and materialistic

world of the modern, Western city? The authors in this collection believe that cities not only can provide the settings for religious expression, but also are material to the experiences which give rise to those religious expressions. In this book, they explore the distinctly urban forms of religious experience and practice that have developed in relation to the spaces, social conditions, and history of American cities.
