The following are the quantitative research questions. The questions usually start with 'how', 'what' and 'why'. It contains an independent and dependent variable. It shows the relation and comparison between the variables. Quantitative research questions are of three types i.e., descriptive, casual, and predictive. Quantitative vs. Quantitative Research - Methodology

& Design However, in 2020, the section was renamed as Quantitative Techniques wherein candidates can expect questions based only on graphs, tables, charts or a combination of graphs. The reason behind the change was to see if the candidate can reasonably deduce answers by looking at graphs, tables or charts. QUANTITATIVE TECHNIQUES Past Papers
