Alex Rider is now an IMDb

TV/Amazon Original Series! Alex Rider is an orphan turned teen superspy who's saving the world one mission at a time—from #1 New York Times bestselling author! A charity broker con artist has raised millions of dollars in donations, only to invest them in a form of genetically modified corn that has the power to release an airborne strain of virus so powerful it can knock out an entire country in one windy day.

A catastrophe so far-reaching that it would raise millions of dollars more in charitable donations, all of which would be embezzled by one man. The antidote? Alex Rider, of course, who survives gunfire, explosions, and hand-to-hand combat with mercenaries--just another day in the life of an average kid. From the author of Magpie Murders and Moriarty. *Nightshade* Penguin

What goes up must come down, and when we last saw Alex Rider, he was as up as can be—in outer space. When he crash lands off the coast of Australia, the Australian Secret Service recruits him to infiltrate one of the ruthless gangs operating across South East Asia. Known as snakeheads, the gangs smuggle drugs, weapons, and worst of all, people. Alex accepts the assignment, in part for the chance to work with his godfather and learn more about his parents. What he uncovers,

however, is a secret that will make this his darkest and most dangerous mission yet . . . and that his old nemesis, Scorpia, is anything but out of his life. From the slums of Bangkok to the Australian Outback to the middle of the Timor Sea, Snakehead is Alex Rider's most action-packed adventure yet. Watch a QuickTime trailer for this book.
