Endorsements: "The reissue of Camus' seminal essay, 'Neither Victims nor Executioners,' could hardly be more timely. In Iraq and Afghanistan, the hideous march to oblivion goes on apace. America is ironically reversing the ethic proposed by Camus' title. American adventuring, playing the part of omnipotent executioner, is creating multitudes of victims. No search is undertaken for a 'third way.' Indeed, were the Camus thesis proposed, it would evoke only wide-eyed innocent arrogance. Kennedy and Klotz-Chamberlin have dedicated a lifetime to the 'third way' commended by Camus. Our gratitude to our mentors for a prescient, timely introduction." --Fr. Daniel Berrigan, SJ
"Pacifists are not looking for a Utopian outlook nor unrealistic expectations. Many said, 'South Africa will not change.' But it did. Others looked at Northern Ireland and, it took years, but it also changed. The Soviet Union changed. The Middle East will change but not through violence or murder. We still think of ourselves within borders, protecting ourselves from others, Europe took its borders away and they are better. South, Central, and North America should take away their borders, as well as people in the Middle East. . . . We should build a culture of nonviolence through an understanding of human rights without regard to race, religion, and nationality." --Mubarak Awad, founder of Nonviolence International
"If we spontaneously approve of nuclear terrorism, if we become apologists for the uninhibited use of naked power, we are thinking like Communists, we are behaving like Nazis, and we are well on the way to becoming either one or the other. In that event we had better face the fact that we are destroying our own Christian heritage." --Thomas Merton
Author Biography: Albert Camus (November 7, 1913 - January 4, 1960) was a French author and philosopher and one of the principal luminaries (with Jean-Paul Sartre) of existentialism. He was awarded the Nobel Prize for Literature in 1957.

The Book Thief Princeton University Press

Call it the year of dreaming dangerously: 2011 caught the world off guard with a series of shattering events. While protesters in New York, Cairo, London, and Athens took to the streets in pursuit of emancipation, obscure destructive fantasies inspired the world's racist populists in places as far apart as Hungary and Arizona, achieving a horrific consummation in the actions of mass murderer Anders Breivik. The subterranean work of dissatisfaction continues. Rage is building, and a new wave of revolts and disturbances will follow. Why? Because the events of 2011 augur a new political reality. These are limited, distorted—sometimes even perverted—fragments of a utopian future lying dormant in the present

Their Eyes Were Watching God Vintage

This volume puts to rest the myth that the Jews went passively to the slaughter like sheep. Indeed Jews resisted in every Nazi-occupied country - in the forests, the ghettos, and the concentration camps. The essays presented here consider Jewish resistance to be resistance by Jewish persons in specifically Jewish groups, or by Jewish persons working within non-Jewish organizations. Resistance

could be armed revolt; flight; the rescue of targeted individuals by concealment in non-Jewish homes, farms, and institutions; or by the smuggling of Jews into countries where Jews were not objects of Nazi persecution. Other forms of resistance include every act that Jewish people carried out to fight against the dehumanizing agenda of the Nazis - acts such as smuggling food, clothing, and medicine into the ghettos, putting on plays, reading poetry, organizing orchestras and art exhibits, forming schools, leaving diaries, and praying. These attempts to remain physically, intellectually, culturally, morally, and theologically alive constituted resistance to Nazi oppression, which was designed to demolish individuals, destroy their soul, and obliterate their desire to live.

To Lose a Battle Penguin UK

The local community around the Nat Turner rebellion
The 1831 Southampton Rebellion led by Nat Turner involved an entire community. Vanessa M. Holden rediscovers the women and children, free and enslaved, who lived in Southampton County before, during, and after the revolt. Mapping the region's multilayered human geography, Holden draws a fuller picture of the inhabitants, revealing not only their interactions with physical locations but also their social relationships in space and time. Her analysis recasts the Southampton Rebellion as one event that reveals the continuum of practices that sustained resistance and survival among local Black people. Holden follows how African Americans continued those practices through the rebellion's immediate aftermath and into the future, showing how Black women and communities raised children who remembered and heeded the lessons absorbed during the calamitous events of 1831. A bold challenge to traditional accounts, *Surviving Southampton* sheds new light on the places and people surrounding America's most famous rebellion against slavery.

Happy Death Penguin UK

Contemporary scholarship tends to view Albert Camus as a modern, but he himself was conscious of the past and called the transition from Hellenism to Christianity "the true and only turning point in history." For Camus, modernity was not fully comprehensible without an examination of the aspirations that were first articulated in antiquity and that later received their clearest expression in Christianity. These aspirations amounted to a fundamental reorientation of human life in politics, religion, science, and philosophy. Understanding the nature and achievement of that reorientation became the central task of Christian Metaphysics and Neoplatonism. Primarily known through its inclusion in a French omnibus edition, it has remained one of Camus' least-read works, yet it marks his first attempt to understand the relationship between Greek philosophy and Christianity as he charted the movement from the Gospels through Gnosticism and Plotinus to what he calls Augustine's "second revelation" of the Christian faith. Ronald Srigley's translation of this seminal document helps illuminate these aspects of Camus' work. His freestanding English edition exposes readers to an important part of Camus' thought that is often overlooked by those concerned primarily with the book's literary value and supersedes the extant McBride translation by retaining a greater degree of literalness. Srigley has fully annotated *Christian Metaphysics* to include nearly all of Camus' original citations and has tracked down many poorly identified sources. When Camus cites an ancient primary source, whether in French translation or in the original language, Srigley

substitutes a standard English translation in the interest of making his edition accessible to a wider range of readers. His introduction places the text in the context of Camus' better-known later work, explicating its relationship to those mature writings and exploring how its themes were reworked in subsequent books. Arguing that Camus was one of the great critics of modernity through his attempt to disentangle the Greeks from the Christians, Srigley clearly demonstrates the place of Christian Metaphysics in Camus' oeuvre. As the only stand-alone English version of this important work—and a long-overdue critical edition—his fluent translation is an essential benchmark in our understanding of Camus and his place in modern thought.

Uncommon People Vintage

Edited by Philip Thody, translated by Ellen Conroy Kennedy. "Here now, for the first time in a complete English translation, we have Camus' three little volumes of essays, plus a selection of his critical comments on literature and his own place in it. As might be expected, the main interest of these writings is that they illuminate new facets of his usual subject matter."--The New York Times Book Review "...a new single work for American readers that stands among the very finest."--The Nation

An Ethic Superior to Murder Wipf and Stock Publishers

In a classic work of alternate history, the United States is divided up and ruled by the Axis powers after the defeat of the Allies during World War II. Reissue. Winner of the Hugo Award for Best Novel. *Civil Disobedience* University of Missouri Press

A Book that Transformed America "Friendship is first, Friendship last. But it is equally impossible to forget our Friends, and to make them answer to our ideal."- Civil Disobedience, Henry David Thoreau Civil Disobedience was Thoreau's first published book and continues to transform American discourse. It is unusual for its symbolism and structure, its criticism of Christian institutions, and its many-layered storytelling. This Xist Classics edition has been professionally formatted for e-readers with a linked table of contents. This eBook also contains a bonus book club leadership guide and discussion questions. We hope you'll share this book with your friends, neighbors and colleagues and can't wait to hear what you have to say about it. Xist Publishing is a digital-first publisher. Xist Publishing creates books for the touchscreen generation and is dedicated to helping everyone develop a lifetime love of reading, no matter what form it takes.

France 1940 Harper Perennial Modern Classics

DIV In this witty, accessible study, the prominent Marxist thinker Terry Eagleton launches a surprising defense of the reality of evil, drawing on literary, theological, and psychoanalytic sources to suggest that evil, no mere medieval artifact, is a real phenomenon with palpable force in our contemporary world. In a book that ranges from St. Augustine to alcoholism, Thomas Aquinas to Thomas Mann, Shakespeare to the Holocaust, Eagleton investigates the frightful plight of those doomed souls who apparently destroy for no reason. In the process, he poses a set of intriguing questions. Is evil really a kind of nothingness? Why should it appear so glamorous and seductive? Why does goodness seem so boring? Is it really possible for human beings to delight in destruction for no reason at all? /div

Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

On Evil Harvard University Press

A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.

The Rebel Ivan R Dee

Their Eyes Were Watching God is a 1937 novel by African-American writer Zora Neale Hurston. It is considered a classic of the Harlem Renaissance of the 1920s, and it is likely Hurston's best known work.

The Year of Dreaming Dangerously Vintage

The Nobel Prize winner's most influential and enduring political writings, newly curated and introduced by acclaimed Camus scholar Alice Kaplan. Albert Camus (1913-1960) is unsurpassed among writers for a body of work that animates the wonder and absurdity of existence. Committed Writings brings together, for the first time, thematically-linked essays from across Camus's writing career that reflect the scope of his political thought. This pivotal collection embodies Camus's radical and unwavering commitment to upholding human rights, resisting fascism, and creating art in the service of justice.

The Power and Responsibility of the Artist Vintage

For the first time in English, "Camus at Combat" presents all of Camus' World War II resistance and early postwar writings published in "Combat," the resistance newspaper where he served as editor-

in-chief and editorial writer between 1944 and 1947.

Neither Victims nor Executioners Xist Publishing

Also includes *The Misunderstanding*, *State of Siege*, and *The Just Assassins*. Translated by Stuart Gilbert.

Jewish Resistance Against the Nazis Vintage

Insight into the evolution of some of the Nobel Prize winner's famous works is provided through the compilation of quotations and commentaries that reveal the nature of the author's spiritual, intellectual, and moral conflicts.

Create Dangerously Univ of South Carolina Press

'When silence or tricks of language contribute to maintaining an abuse that must be reformed or a suffering that can be relieved, then there is no other solution but to speak out' Written when execution by guillotine was still legal in France, Albert Camus' devastating attack on the 'obscene exhibition' of capital punishment remains one of the most powerful, persuasive arguments ever made against the death penalty. One of twenty new books in the bestselling Penguin Great Ideas series. This new selection showcases a diverse list of thinkers who have helped shape our world today, from anarchists to stoics, feminists to prophets, satirists to Zen Buddhists.

Summer in Algiers University of Illinois Press

In the speech he gave upon accepting the Nobel Prize for Literature in 1957, Albert Camus said that a writer "cannot serve today those who make history; he must serve those who are subject to it." And in these twenty-three political essays, he demonstrates his commitment to history's victims, from the fallen maquis of the French Resistance to the casualties of the Cold War. *Resistance, Rebellion and Death* displays Camus' rigorous moral intelligence addressing issues that range from colonial warfare in Algeria to the social cancer of capital punishment. But this stirring book is above all a reflection on the problem of freedom, and, as such, belongs in the same tradition as the works that gave Camus his reputation as the conscience of our century: *The Stranger*, *The Rebel*, and *The Myth of Sisyphus*.
