The Hindenburg Wall HarperCollins

A part of Harper Perennial's special "Resistance Library" highlighting classic works that illuminate our times: A

special edition reissue of Stanley Milgram's landmark examination of humanity's susceptibility to authoritarianism. "The classic account of the human tendency to follow orders, no matter who they hurt or what their consequences." — Washington Post Book World In the 1960s, Yale University psychologist Stanley Milgram famously carried out a series of experiments that forever changed our perceptions of morality and free will. The subjects—or "teachers"—were instructed to administer electroshocks to a human "learner," with the shocks becoming progressively more powerful and painful. Controversial but now strongly vindicated by the scientific community, these experiments attempted to determine to what extent people will obey orders from authority figures regardless of consequences. "Milgram's experiments on obedience have made us more aware of the dangers of uncritically accepting authority," wrote Peter Singer in the New York Times Book Review. With an introduction from Dr. Philip Zimbardo, who conducted the famous Stanford Prison Experiment, *Obedience to Authority* is Milgram's fascinating and troubling chronicle of his classic study and a vivid and persuasive explanation of his conclusions.

Delia's Crossing Sandstorm Productions 'Immensely satisfying' Kate Elliott, author of King's Dragon Someone is murdering the Merry Men . . . It's been a mostly quiet life since Robin Hood put aside his pregnant wife Marian, turned his back on his Merry Men and his former life and retreated to a monastery to repent his sins . . . although no one knows what was so heinous he would leave behind Sherwood Forest and those he loved most. But when friends from their outlaw days start dying, Father Tuck, now the Abbott of St Mary's, suspects a curse and begs Marian to use her magic to break it. A grieving Marian must bargain for protection for her children before she sets out with a soldier who's lost his faith, a trickster Fey lord, and a sullen Robin Hood, angry at being drawn back into the real world. It's not long before Marian finds herself enmeshed in a maze of secrets and betrayals, tangled relationships and a vicious struggle for the Fey throne. And if she can't find and stop the spell-caster, no protection in Sherwood Forest will be enough to save her children. A wonderful re-imagining of Robin Hood and Maid Marian, perfect for fans of Katherine Arden, Naomi Novik and

Christina Henry. 'Beautiful inside and out, gorgeously written and filled with bittersweet magic. A lush, immersive read, perfect for readers of Juliet Marillier' Stephanie Burgis, author of Masks and Shadows

Prize-winning British historian tells the story of the English-speaking peoples in the 20th century Winston Churchill's History of the English-Speaking Peoples ended in 1900. Andrew Roberts, Wolfson History prizewinner has been inspired by Churchill's example to write the story of the 20th century. Churchill wrote: 'Every nation or group of nations has its own tale to tell. Knowledge of the trials and struggles is necessary to all who would

comprehend the problems, perils, challenges, and opportunities which confront us today 'It is in the hope that contemplation of the trials and tribulations of our forefathers may not only fortify the English-speaking peoples of today, but also play some small part in uniting the whole world, that I present this account.' As the greatest of all the trials and tribulations of the English-speaking peoples took place in the twentieth century, Roberts' book covers the four world-historical struggles in which the English-speaking peoples have been engaged - the wars against German Nationalism, Axis Fascism, Soviet Communism and now the War against Terror. But just as Churchill did in his four volumes, Roberts also deals with the cultural, social and political history of the English global diaspora.

The Moths and Other Stories Delia's Shadow

Delia's new house isn't just a house. Long ago, it was the Piven Institute for the Care and Correction of Troubled Females -- an insane asylum nicknamed "Hysteria Hall." However, many of the inmates were not insane, just defiant and strong willed. Kind of like Delia herself. But the house still wants to keep "troubled" girls locked away. So, in the most horrifying way, Delia becomes trapped. And that's when she learns that the house is also haunted. Ghost girls wander the hallways in their old-fashioned nightgowns. A handsome ghost boy named Theo roams the grounds. Delia learns that all the spirits are unsettled and full of dark secrets. The house, too, harbors shocking truths within its walls -- truths that only Delia can uncover, and that may set her free. And she'll need to act quickly -- before the house's power overtakes everything she loves. Katie Alender brings heart-

pounding suspense, gorgeous writing, and a feminist twist to this tale of memories and madness.

The first in a steampunk paranormal romance series in which a woman is transported to a world filled with vampires and magic. When nurse Tish Everett forced open the lovely locket she found at an estate sale, she had no idea she was answering the call of Criminy Stain, from the far off land of Sang. He'd cast a spell for her, but when she's transported right to him, she's not so sure she's ready to be under the spell of another man. If only Criminy wasn't so deliciously rakish... Half the inhabitants

of Sang are Pinkies—human—and the other half are Bludmen, who in Tish's world would be called vampires. But they don't mess with any of the bat/coffin/no sunlight nonsense. They're rather like you and me, just more fabulous, long living, and mostly indestructible—they're also very good kissers. But when the evil Mayor of Manchester (formerly Bludchester) redoubles his efforts to rid Sang of the Bludmen once and for all, he steals Tish's locket in hopes of traveling back to her world himself for reinforcements. Criminy and Tish must now battle ghosts, sea monsters, wayward submarines, a secret cabal, and thundering Bludmares to get the locket back and allow Tish to return home...but has she found love with Criminy? Could she stay in Sang forever?

Everyone knows the story of Joan of Arc, a peasant girl who put Charles VII on the throne - before being burned by the English as a heretic and witch. But things are not always as they appear. Jeanne d'Arc was only five when three angels and saints first came to her. Shrouded by a halo of heavenly light, she believed their claim to be holy. The Archangel Michael and Saint Margaret told her she was the foretold Warrior Maid of Lorraine, fated to free France and put a king upon his throne. Saint Catherine made her promise to obey their commands and embrace her destiny; the three saints would guide her every step. Jeanne bound herself to these creatures without knowing what she'd done. As she got older, Jeanne grew to mistrust and fear the voices, and they didn't hesitate to punish her cruelly for disobedience. She quickly learned that their cherished prophecy was more important than the girl expected to make it come true. Jeanne is only a shepherd's daughter, not the Warrior Maid of the prophecy, but she is

stubborn and rebellious, and finds ways to avoid doing - and being - what these creatures want. Resistance has a terrifying price, but Jeanne is determined to fight for the life she wants. But when the cost grows too high, Jeanne will risk everything to save her brother, her one true friend and the man she loves. Not

everyone is destined to be a hero. Sometimes you have no choice.
