### TRINITY KNOX

I Hear You Peter Lang

A classic in the black literary tradition, *The Spook Who Sat by the Door* is both a comment on the civil rights problems in the United States in the late 1960s and a serious attempt to focus on the issue of black militancy. Dan Freeman, the "spook who sat by the door," is enlisted in the CIA's elitist espionage program. Upon mastering agency tactics, however, he drops out to train young Chicago blacks as "Freedom Fighters" in this explosive, award-winning novel. As a story of one man's reaction to ruling-class hypocrisy, the book is autobiographical and personal. As a tale of a man's reaction to oppression, it is universal.

Hospitality McFarland

From movie villains to scream queens, here are interviews with 36 actors and actresses familiar to fans of sixties and seventies cult cinema. Interviewees include the well-known (David Carradine,

Christopher Lee), the relatively obscure (Marrie Lee), sex symbols (Valerie Leon), surfers who became movie stars (Don Stroud), and action heroes (Fred Williamson), among many others. Each interview is accompanied by a biography and filmography.

*The Spook who Sat by the Door* House of Anansi

In 1996, Josephine Grey and Freya Seymour are best friends and on the brink of great success. Both are students at the elite private school Greenwood Hall and Josephine, the daughter of the advisor to the Prime Minister, is heading for everything she has ever worked for: Head Girl, Oxford, the demons of her mother finally abated once and for all. But in 2014, Josephine is hiding in Jordan — and has been for eighteen years since those catastrophic events in her last year at school. And then one day she is found. Freya, whom she has not seen since those fateful four months, insists on meeting to revisit their difficult past once and for all and finally lay to rest the events that have haunted their adult lives ever since. But Josephine can't bear to — it only took one night for their whole lives, friendship, and even selves to unravel beyond comprehension. They have done truly terrible things to one another in the name of survival. She most of all. All she has ever wanted was

to forget, but Freya is no longer willing to let her and now at last, Josephine is to meet her reckoning... *The Exclusives* is a gripping and emotional thriller that explores the power the past can have on our present and confronts how far we are willing to go when everything we prize is threatened.

**Tackling the Intractable** Grand Central Publishing

A hilarious, candid account of what life in France is actually like, from a writer for *Vanity Fair* and *GQ* Americans love to love Paris. We buy books about how the French parent, why French women don't get fat, and how to be Parisian wherever you are. While our work hours increase every year, we think longingly of the six weeks of vacation the French enjoy, imagining them at the seaside in stripes with plates of fruits de mer. John von Sothen fell in love with Paris through the stories his mother told of her year spent there as a student. And then, after falling for and marrying a French waitress he met in New York, von Sothen moved to Paris. But fifteen years in, he's finally ready to admit his mother's Paris is mostly a fantasy. In this hilarious and delightful collection of essays, von Sothen walks us through real life in Paris--not only myth-busting our Parisian daydreams but also

revealing the inimitable and too often invisible pleasures of family life abroad. Relentlessly funny and full of incisive observations, Monsieur Mediocre is ultimately a love letter to France--to its absurdities, its history, its ideals--but it's a very French love letter: frank, smoky, unsentimental. It is a clear-eyed ode to a beautiful, complex, contradictory country from someone who both eagerly and grudgingly calls it home.

**Explosive Reunion** Spry Publishing

Gregory Benford is perhaps best known as the author of Benford's law of controversy: "Passion is inversely proportional to the amount of real information available." That maxim is a quotation from Timescape, Benford's Nebula and Campbell Award-winning 1980 novel, which established his work as an exemplar of "hard science fiction," dedicated to working out the consequences of modern science rather than substituting pseudoscience for fantasy. Like many other current science fiction writers, Benford has tackled the major genres: space travel, time travel, technology running amok, prolonged longevity, searing apocalyptic cosmic events, and alien life, which he theorizes to be more likely viral than intelligent. An astrophysicist by training and profession, Benford has published more than twenty novels, over one hundred short stories, some fifty essays, and myriad articles that display both his scientific rigor as well as a recognition of literary traditions. In this study, George Slusser explores the extraordinary, seemingly inexhaustible display of creative energy in Gregory Benford's life and work. Presenting Benford's ideas on science and the writing of science fiction, the volume addresses the writer's literary production and his place in contemporary science fiction. By identifying direct sources and making parallels with other works and writers, Slusser reveals the vast scope of Benford's knowledge, both of literature and of the major scientific and philosophical issues of our time. Slusser also discusses Benford's numerous scientific articles and nonfiction books and includes a new interview with Benford.

**Polybiblion** Allison & Busby

The autobiography of a boxing superstar and Olympic and world champion 'Khan is extraordinary ... To many ... the figure of an Olympic champion turned political icon suggests Muhammad Ali' OBSERVER Amir Khan is a hard-working, twenty-first-century hero: a standard bearer for his Pakistani heritage, his Lancashire upbringing and the future of British boxing. At just seventeen he won silver at the 2004 Olympics in Athens and when he turned professional in 2005 he won his first fight in 109 seconds. Tickets to his fights sold out in hours and he was watched by millions on prime-time television. But his feet were still firmly on the ground - he lived at home with his parents in Bolton, fasts in the holy month of Ramadan and could sometimes be spotted helping out at his uncle and auntie's curry house. Here he tells his story: of a boy from Bolton who just happens to be a world-class boxer.

**Bad Man** Lyrical Press

When a rising country star is found dead in the Missouri Ozarks, sheriff's detective Katrina "Hurricane" Williams must confront the possibility that the man she loves is involved... Called to investigate the theft of valuable timber, Katrina finds the dead body of young singer Sharon Rose lying in the snow, shot execution style. When Sheriff Billy Blevins arrives at the crime scene, his strong reaction to seeing the victim is as baffling as a pretty corpse surrounded by tree stumps ... Until Katrina learns that Billy was involved with Rose. The sheriff's refusal to confide in her, coupled with his erratic behavior, not only puts a strain on their already complicated relationship, it hobbles her homicide investigation. With Billy going rogue, Katrina can't rely on anyone but herself. Secrets and suspects abound, even in the singer's own family, and the key to the murder may lie in the lyrics of what is now her swan song ... Praise for Robert E. Dunn "This tale of deceit, corruption and betrayal from Dunn is long on violent action ... Fans of Clint Eastwood's spaghetti westerns will find a lot to like." —Publishers Weekly on Dead Man's Badge "Brutal, vivid, and unforgettable ... a modern-day western morality tale in crime-novel wrapping with a blood-red bow. This one will haunt you." —Lee Goldberg, #1 New York Times bestselling author, on Dead Man's Badge "This is hardboiled fiction at its best. We're talking Elmore Leonard territory. A fantastic read and I hope there's more to come." —Hunter Shea on A Living Grave

2013 Mom's Choice Awards® Winner MEN: Ever wonder about stay-at-home dads? What in the name of testosterone do they DO all day with those kids? I mean, are they really men at all, or are they some strange, invasive alien species, sent to Earth to defy and destroy all gender stereotypes?. WOMEN: Ever dream about stay-at-home dads? Do they really wash clothes, pick up after themselves, take great care of your kids, and have dinner waiting for you when you get home? There must be horrible, secret downside that they don't warn you about, right?. Life Is Short, Laundry Is Eternal provides a rare glimpse into the natural habitat of this most mysterious and splendid of creatures, the North American Stay-at-Home Father (Paternus domesticus). Learn what motivates a man to pursue this noble occupation. Discover the countless joys and periodic sorrows that come with raising a family.. Witness the life and family of Scott Benner, author, activist, humorist, and 12-year stay-at-home dad. When Scott's daughter, Arden, was diagnosed with type 1 diabetes at the age of two, his world took a sharp turn, but his positive outlook on life did not waver.. Scott's colloquial wisdom will warm your heart while it challenges your ideas about parenting and gender roles in today's household. Written from a truly unique point of view in a style both poignant and playful, Life Is Short, Laundry Is Eternal is an honest portrait of the modern family.

**Amir Khan** Kensington Books

Most expectant mothers talk to their unborn. But what if the unborn starts to respond? Mahika is hoping that a baby will breathe new life into her dead marriage. But all her pregnancies meet the same fate, because no baby is perfect for Shivam, her genius geneticist husband. Until there is one. Rudra, the world's first genetically altered foetus, is Shivam's perfect creation and Mahika's last hope. The six-week-pregnant Mahika has just walked into her fertility clinic when she discovers an anonymous note that discloses the ugly truth behind her pregnancy. Before Mahika can come to terms with the fact that her husband's quest for perfection has marked its territory in her womb, she finds herself locked in her own house. But then she discovers that her unborn son has extraordinary powers. As weeks pass by, Rudra calibrates and recalibrates his powers with one aim-Mahika's freedom. But Rudra needs more than his newly acquired powers to free his mother. He needs to betray his creator, his father. And he must do it before it's too late.

**A Killmaster Spy Chiller THE EXECUTIONERS** Harlequin

Finding a solution to the issue of Palestinian refugees has remained the main hurdle for an Israeli-Palestinian peace settlement. This book represents a comprehensive political analysis of the Palestinian refugee issue. It tackles the matter on four dimensions. First, the historical context of the Palestinian exodus in both 1948 and 1967 is reviewed. Second, the question is traced whether there exists a Palestinian right of return according to international law. Third, an examination is presented regarding how and why the issue of refugees has remained a stumbling block during the Israeli-Palestinian peace talks. Fourth, the main part of the book analyses potential solutions to the refugee question, complementing the existing proposals with models developed by the author. What are their implications for both sides? What are the advantages and disadvantages of each proposal to Israelis and Palestinians, respectively? What is the relevance of each proposal as a mutually acceptable solution? Finally, a set of recommendations and guide-lines for future Israeli-Palestinian negotiations on refugees is presented. Overall, this study constitutes a valuable reference for anyone interested in a solution of the most intractable aspect of the Israeli-

Palestinian conflict.

**Universal Horrors** Macmillan

The destruction of the World Trade Center complex on 9/11 set in motion a chain of events that fundamentally transformed both the United States and the wider world. War has raged in the Middle East for a decade and a half, and Americans have become accustomed to surveillance, enhanced security, and periodic terrorist attacks. But the symbolic locus of the post-9/11 world has always been "Ground Zero"--the sixteen acres in Manhattan's financial district where the twin towers collapsed. While idealism dominated in the initial rebuilding phase, interest-group trench warfare soon ensued. Myriad battles involving all of the interests with a stake in that space--real estate interests, victims' families, politicians, the Port Authority of New York and New Jersey, the federal government, community groups, architectural firms, and a panoply of ambitious entrepreneurs grasping for pieces of the pie--raged for over a decade, and nearly fifteen years later there are still loose ends that need resolution. In *Power at Ground Zero*, Lynne Sagalyn offers the definitive account of one of the greatest reconstruction projects in modern world history. Sagalyn is America's most eminent scholar of major urban reconstruction projects, and this is the culmination of over a decade of research. Both epic in scope and granular in detail, this is at base a classic New York story. Sagalyn has an extraordinary command over all of the actors and moving parts involved in the drama: the long parade of New York and New Jersey governors involved in the project, Mayor Michael Bloomberg, various Port Authority leaders, the ubiquitous real estate magnate Larry Silverstein, and architectural superstars like Santiago Calatrava and Daniel Libeskind. As she shows, political competition at the local, state, regional, and federal level along with vast sums of money drove every aspect of the planning process. But the reconstruction project was always about more than complex real estate deals and jockeying among local politicians. The symbolism of the reconstruction extended far beyond New York and was freighted with the twin tasks of symbolizing American resilience and projecting American power. As a result, every aspect was contested. As Sagalyn points out, while modern city building is often dismissed as cold-hearted and detached from meaning, the opposite was true at Ground Zero. Virtually every action was infused with symbolic significance and needed to be debated. The emotional dimension of 9/11 made this large-scale rebuilding effort unique; it supercharged the complexity of the rebuilding process with both sanctity and a truly unique politics. Covering all of this and more, *Power at Ground Zero* is sure to stand as the most important book ever written on the aftermath of arguably the most significant isolated event in the post-Cold War era.

**The Trap** Wayne State University Press

In the almost sixty years since the publication of the first edition of HVAC Engineer's Handbook, it has become widely known as a highly useful and definitive reference for HVAC engineers and technicians alike, and those working on domestic hot and cold water services, gas supply and steam services. The 11th edition continues in the tradition of previous editions, being easily transportable and therefore an integral part of the HVAC engineer or technician's daily tools. Newly updated data on natural ventilation, ventilation rates, free cooling and night-time cooling, make the 11th edition of the HVAC Engineer's Handbook a vital source of information. Fred Porges has worked in both the manufacturing and process industries, and became a partner in a building services consultancy in 1962. He has held senior positions with design contractors, and his experience covers every building service and type of building from schools to housing, factories to laboratories.

**TLA Film and Video Guide** Penguin Random House India Private Limited

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

**A Sci-Fi Swarm and Horror Horde** Start Publishing LLC

Relates the author's decision, years after her father was taken away by the KGB, to relocate to her uncle's home in America, where she pursued an education and worked as an interpreter before becoming a cultural adviser for the U.S. Army.

**Power at Ground Zero** McFarland

A twisted debut thriller about a reclusive author who sets the perfect trap for her sister's murderer—but is he really the killer? The renowned author Linda Conrads is famous for more than just her bestselling novels. For over eleven years, she has mystified fans by never setting foot

outside her home. Far-fetched, sometimes sinister rumors surround the shut-in writer, but they pale in comparison to the chilling truth: Linda is haunted by the unsolved murder of her younger sister, whom she discovered in a pool of blood twelve years ago, and by the face of the man she saw fleeing the scene. Now plagued by panic attacks, Linda copes with debilitating anxiety by secluding herself in her house, her last safe haven. But the sanctity of this refuge is shattered when her sister's murderer appears again--this time on her television screen. Empowered with sudden knowledge but hobbled by years of isolation, Linda resolves to use her only means of communication with the outside world--the plot of her next novel--to lay an irresistible trap for the man. But as the plan is set in motion and the past comes rushing back, Linda's memories of that traumatic night--and her very sanity--are called into question. Is this man really a heartless killer or merely a helpless victim?

Mormama Crown

The bastard-offspring of *They Live* and *The Day the Earth Stood Still*, as told by Jean Paul Sartre. Shape-changing aliens may have landed on the Whitehouse lawn and subsequently integrated into human society, but humanity is still full of self-centered and self-absorbed individuals. Laura's just scraping by on her art teacher's salary. Donald, a bestselling author and UFOlogist who provided

counseling to abductees, has tried to distance himself from the saucer landings and is looking to move on with his life. But everything changes when Shelly, an alien enrolled in Laura's art class, mysteriously switches places with Laura. Life begins to unravel. Laura then realizes this isn't the first time Shelly has moved into another person's body, and fragments of other people's memories have jumped with her, including those of Donald's wife. Laura begins to grasp that reality, or at least humanity's perception of it, may be more flexible than anyone wants to admit. And though she can't explain how or why, she suspects the aliens are behind it and will need Donald's help to stop them. In an egocentric society that sleepwalks through the rituals of daily life, would people even notice if the world around them suddenly and inexplicably changes? Part Jonathan Lethem (*Amnesia Moon*) and part Kurt Vonnegut (*Slaughterhouse Five*), Douglas Lain's latest novel uses science fiction's alien invasion rubric to examine and undermine the world we take for granted. This deeply unsettling satire places him alongside contemporaries like Jeff VanderMeer and Charles Yu as one of his generation's most exciting and challenging speculative fiction voices.

**Resources in Education** University of Illinois Press

Though discussing sexual material in novels aimed at the young adult market may make some individuals blush, the authors of such fiction often seek to represent a very real component in the

lives of many teens. Unfortunately, authentic and teen-relatable information on healthy adolescent sexuality is not readily available, and sex education classes have had a minimal effect on positive sexual identity development. Consequently, young adult literature that contains sexual elements can play a critical role in addressing the questions and concerns of teens. In *Sexual Content in Young Adult Fiction: Reading between the Sheets*, Bryan Gillis and Joanna Simpson examine sexual material in canonical, historical, dystopian, romantic, and realistic contemporary fiction for teens. The authors begin with an exploration of sexual identity development and discuss the constructive influence that realistic representations of teen sexual behavior can have on that development. The authors provide a myriad of texts and examples that will help parents, teachers, and librarians better understand the positive role that sexual content in YA fiction can play in the socio-emotional and academic development of adolescents. The book concludes with an overview and analysis of censorship in the world of young adult fiction. In addition to providing a survey of sexual content in young adult literature, this book can help inspire adults to facilitate effective and responsible discussions about young adult fiction that contains sexual material. Featuring a "novels cited" and "works cited" bibliography, *Sexual Content in Young Adult Fiction* is an important resource that parents and educators will find particularly valuable.
