Oxford University Press
An innovative, flexible,
three-level short course in
Business English.

**Student's book. Pre-
intermediate** Cambridge
University Press
David Crystal's classic
English as a Global
Language considers the
history, present status
and future of the English
language, focusing on its
role as the leading
international language.
English has been deemed
the most 'successful'

language ever, with 1500
million speakers
internationally, presenting
a difficult task to those
who wish to investigate it
in its entirety. However,
Crystal explores the
subject in a measured but
engaging way, always
backing up observations
with facts and figures.
Written in a detailed and
fascinating manner, this is

a book written by an expert both for specialists in the subject and for general readers interested in the English language.

The Business 2.0

National Geographic

A celebration of Italian food that is fresh,

delicious, and unpretentious with 120 quick and easy recipes to elevate weeknight meals into no-fuss feasts. Before she was a Food Network star and bestselling cookbook author, Nigella found her way to Florence, where she learned to cook like an Italian. With beautiful color photographs to inspire, Nigellissima has all the hallmarks of traditional Italian fare in its faithfulness to the freshest ingredients and simplest methods. From pasta and meat to fish,

vegetables, and, of course, dolci, there is something for every mood, season, and occasion: Curly-Edged Pasta with Lamb Ragù; Spaghettini with Lemon and Garlic Breadcrumbs; Meatzza, a meatball mixture pressed into a pan and finished with traditional Margherita ingredients; and Baby Eggplant with Oregano and Red Onion. Never an afterthought, Nigella's low-maintenance "sweet things" include Instant Chocolate-Orange Mousse; light, doughnut-

like Sambuca Kisses; and One-Step No-Churn Coffee Ice Cream, to name just a few. Nigella believes that every ingredient must earn its place in a recipe, and she gives tips and techniques for making the most of your time in the kitchen. She guides you to stocking your pantry with a few supermarket ingredients and shows you how to make the most of them for spontaneous meals that taste boldly Italian. Nigellissima is a love letter to the pleasures of cooking—and eating—the

way Italians do. With a nod to the traditional but in Nigella's trademark style, here are recipes that excite the imagination without stressing the cook.

Penerbit Andi

This book describes the principles and techniques needed to analyze data that form a multiway contingency table.

Wickens discusses the description of association in such data using log-linear and log-multiplicative models and defines how the presence of association is tested

using hypotheses of independence and quasi-independence. The application of the procedures to real data is then detailed. This volume does not presuppose prior experience or knowledge of statistics beyond basic courses in fundamentals of probability and statistical inference. It serves as an ideal reference for professionals or as a textbook for graduate or advanced undergraduate students involved in statistics in the social sciences.

English as a Global Language Psychology Press

Business Result Second Edition offers business professionals more communication and language practice than ever before, helping students develop relevant communication skills they can use immediately in the workplace.

A Guide to Mindful Eating OUP Oxford

Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting "by the

textbook" implies compliance and a lack of creativity. It's time to ditch those textbooks-- and those textbook assumptions about learning. In *Ditch That Textbook*, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. *Ditch That Textbook* is a support system, toolbox, and manifesto to help

educators free their teaching and revolutionize their classrooms.
English Result:

Publishing
The Second Edition of Johnny Saldaña's international bestseller provides an in-depth guide to the multiple approaches available for coding qualitative data. Fully up to date, it includes new chapters, more coding techniques and an additional glossary. Clear, practical and authoritative, the book: -describes how coding initiates qualitative data analysis - demonstrates the writing of analytic memos - discusses available

analytic software - suggests how best to use The Coding Manual for Qualitative Researchers for particular studies. In total, 32 coding methods are profiled that can be applied to a range of research genres from grounded theory to phenomenology to narrative inquiry. For each approach, Saldaña discusses the method's origins, a description of the method, practical applications, and a clearly illustrated example with analytic follow-up. A unique and invaluable

reference for students, teachers, and practitioners of qualitative inquiry, this book is essential reading across the social sciences.

SAGE

From world-renowned scientist Jane Goodall, as seen in the new National Geographic documentary Jane, comes a provocative look into the ways we can positively impact the world by changing our eating habits. "One of those rare, truly great books that can change the world." - John Robbins, author of *The Food Revolution* The renowned scientist who fundamentally changed the way we view primates and our relationship with the animal kingdom now

turns her attention to an incredibly important and deeply personal issue-taking a stand for a more sustainable world. In this provocative and encouraging book, Jane Goodall sounds a clarion call to Western society, urging us to take a hard look at the food we produce and consume- and showing us how easy it is to create positive change. Offering her hopeful, but stirring vision, Goodall argues convincingly that each individual can make a difference. She offers

simple strategies each of us can employ to foster a sustainable society.

Brilliant, empowering, and irrepressibly optimistic, HARVEST FOR HOPE is one of the most crucial works of our age. If we follow Goodall's sound advice, we just might save ourselves before it's too late.

Business Result 2E Pre-intermediate Student's Book Clarkson Potter

This coursebook is designed primarily for accounting and management students who are taking English

practicum in STIESIA Surabaya. The materials are concerning to business and workplace contexts. Thus, various language skills and topics are developed to enhance student's English language proficiency. In particular, various vocabularies, phrases, texts, talks, and conversations for business purposes are presented to delineate student's comprehension as well as to advance student's communication skills with colleagues, superiors, clients, customers, and

other parties at work. In this book, each unit is organized into four language skills: reading skill, listening skill, speaking skill, and listening practice tests. Moreover, this book involves various English expressions that business people commonly use at work in the section of language skills. These can help students in practicing real English usage in the office.
