iPhone 5 All-in-One For Dummies

Vasanth Simon

Create beautiful iPhone photos with the techniques found in this book *iPhone Photography For Dummies*, shares the expertise of photography workshop instructor Mark Hemmings as he shows readers how to get stunning images using their favorite iPhone. By implementing Hemmings' simple techniques, you'll get professional-looking results in a fraction of the time you'd expect. You'll learn to: Adjust camera settings Create majestic landscape images Capture exciting action shots Shoot beautiful portraits Select an editing app Share and organize images Shoot photos comfortably while on the go Perfect for those who want to take breathtaking photos without investing in a top-of-the-line camera, *iPhone Photography For Dummies* takes the guesswork and luck out of creating beautiful imagery. It shows people without formal training in photography how to make meaningful and noticeable improvements in their shooting technique using either the latest iPhone model or older versions of the device.

The iPhone Book (Covers iPhone 3G, Original iPhone, and iPod Touch)

Peachpit Press

The phenomenal success of the iPhone and the iPod touch has ushered in a "gold rush" for developers, but with well over 100,000 apps in the highly competitive App Store, it has become increasingly difficult for new apps to stand out in the crowd. Achieving consumer awareness and sales longevity for your iPhone app requires a lot of

organization and some strategic planning. This book will show you how to incorporate marketing and business savvy into every aspect of the design and development process, giving your app the best possible chance of succeeding in the App Store. The *Business of iPhone App Development* was written by experienced developers with business backgrounds, taking you step-by-step through cost-effective marketing techniques that have proven successful for professional iPhone app creators—perfect for independent developers on shoestring budgets. Although there are a few iPhone app marketing books on the horizon, they appear to tackle the subject from purely a marketer's perspective. What makes this book unique is that it was written by developers for developers, showing you not only what to do, but also how to do it, complete with time-saving resources and ready-to-use code examples. No prior business knowledge is required. This is the book you wish you had read before you launched your first app!

iPhone for Seniors in easy steps

Peachpit Press

Provides a variety of tips to maximize the functionality of iPads, iPad minis, and iPhones, covering such topics as customizing settings, third-party apps, using Siri, syncing and sharing files with iCloud, managing email, and using Safari.

iPhone 4S All-in-One For Dummies Que Publishing

Congratulations—you've purchased the new iPhone 4S, the coolest smartphone on the market. Now it's time to learn how to take advantage of the new iOS 5 and all its features, apps, and secret techniques available. To accomplish this, look no further than iPhone 4S Made Simple. More than 1,000 screen visuals and clear-cut instructions guide you through both basic and advanced features of the iPhone 4S, from email and calendar tips to navigating the App Store and understanding Bluetooth and Wi-Fi networks. Written by two successful smartphone trainers and authors, this is the go-to guide for the latest and greatest version of the iPhone. This book should also help those who use the popular iPhone 4 or earlier iPhones, that are now running or can run the new iOS 5 operating system as well.

iPhone 4 Pocket Genius John Wiley & Sons

In this uplifting and transformational book, spiritual teacher Mary Davis

shares daily reflections, inspiring quotes, practices, prayers and meditations that fill your heart with encouragement, joy and inner peace. With a page for each day of the year, this gentle book will become a companion and a wise teacher that takes you on a spiritual journey of finding joy and gratitude in simple things, peace and comfort even in the midst of chaos, and a deeper love for others through kindness, compassion and service. Written during a year of solitude in the isolation of a cabin, Mary's poetic gift with words, loving guidance, humor and heart will feed your soul and have you looking forward to each day's reading. Every Day Spirit is packed with spiritual wisdom, making it a road map to a more meaningful and fulfilling life - and a reminder to slow down and notice the blessings. It's the perfect gift for yourself...and anyone in need of inspiration, hope, comfort and wisdom.

Mac Life In Easy Steps

No one wanted Ai Ling. And deep down she is relieved—despite the dishonor she has brought upon her family—to be unbetrothed and free, not some stranger's subservient bride banished to the inner quarters. But now, something is after her. Something terrifying—a force she cannot comprehend. And as pieces of the puzzle start to fit together, Ai Ling begins to understand that her journey to the Palace of Fragrant Dreams isn't only a quest to find her beloved father but a venture with stakes larger than she could have imagined. Bravery, intelligence, the will to fight and fight hard . . . she will need all of these things. Just as she will need the new and mysterious power growing within her. She will also need help. It is Chen Yong who finds her partly submerged and barely breathing at the edge of a deep lake. There is something of unspeakable evil trying to drag her under. On a quest of his own, Chen Yong offers that help . . . and perhaps more.

My iPhone for Seniors (covers all iPhone running iOS 15, including the new series 13 family) Que Publishing

If you're looking for a book that focuses on just the most important, most useful, and most fun stuff about your iPhone 3G or 3GS—you've found it. There are basically two types of iPhone books out there: (1) The “tell-me-all-about-it” kind,

which includes in-depth discussions on everything from wireless network protocols to advanced compression codes. (2) Then there's this book, which instead is a “show-me-how-to-do-it” book that skips all the confusing techno-jargon and just tells you, in plain, simple English, exactly how to use the iPhone features you want to use most. The iPhone Book is from Scott Kelby, the award-winning author of the smash bestseller, *The iPod Book*, who takes that same highly acclaimed, casual, straight-to-the-point concept and layout and brings it to learning Apple's amazing iPhone. Scott teams up once again with gadget guru and leading iPhone authority Terry White to put together a book that is an awful lot like the iPhone itself—simple to use and fun to learn. The book's layout is brilliant, with each page covering just one single topic, so finding the information you need is quick and easy, with a large full-color photo on each page so you can see exactly how it works. The first edition of this book was named Best Computer Book of 2007 and, since then, Scott and Terry added even more tips and more tricks, and made it even easier by focusing on just the most useful and most requested iPhone 3G and 3GS features, so you can start really using your iPhone today!

iPhone for Seniors in easy steps, 2nd Edition Apress

Sometimes, choosing to love your husband is hard. Whether you've been married one year or 31 years, chances are he's done things that have frustrated you, angered you, hurt you, or flabbergasted you. But after arguing over how to load the dishwasher yet again, you might be wondering how you can show him that you really do love him. In as little as 15 minutes a day, you can do something meaningful for your

husband and grow in your faith. From washing his car to writing a positive post about him on social media to watching his favorite movie with him, these pages are full of creative, simple, and interactive ideas on how to bless your husband. You'll discover daily Scripture verses, inspirational readings, and journaling prompts to encourage you as well!

Saints and Social Justice Sourcebooks, Inc.

Brazilian designer Fábio Sasso, who has wildly popular design blog Abduzeedo, has created the definitive guide to design. This book features interviews with designers and offers tutorials on various design styles, an extension of what he does with his site abduzeedo.com. Each chapter addresses a particular style, e.g., Vintage, Neo-surrealism, Retro 80s, Light Effects, Collage, Vector, and starts off with an explanation about the style and techniques that go into that style. Next, the Abduzeedo Design Guide shows images from different visual artists illustrating each style. Fábio interviews a master of each style, such as, in the case of Retro Art, James White. Then he wraps up the chapter with a tutorial

showing the elements and techniques for creating that style in Photoshop. Meant for beginning to intermediate designers as well as more experienced designers looking for inspiration, the book focuses on styles that can be applied both to web or print.

My iPhone for Seniors Harper Collins

With the iOS 6 software and the new iPhone 5, Apple has two world-class hits on its hands. This sleek, highly refined pocket computer comes with everything—cellphone, iPod, Internet, camcorder—except a printed manual. Fortunately, David Pogue is back with this expanded edition of his witty, full-color guide: the world's most popular iPhone book. The important stuff you need to know: The iPhone 5. This book unearths all the secrets of the newest iPhone. Taller screen, faster chip, 4G LTE Internet, thinner than ever. The iOS 6 software. Older iPhones gain Do Not Disturb, the new Maps app, shared Photo Streams, camera panoramas, smarter Siri, and about 197 more new features. It's all here. The apps. That catalog of 750,000 add-on programs makes the iPhone's phone features almost secondary. Now you'll know how to find, manage, and exploit those apps. The iPhone may be the world's coolest computer, but it's still a computer, with all of a computer's complexities. *iPhone: The Missing Manual* is a funny, gorgeously illustrated guide to the tips, shortcuts, and workarounds that will turn you, too, into an iPhone addict.

iPhone for Work In Easy Steps

iPad® and iPhone® Tips and Tricks
Covers iPad Air, iPad 3rd/4th generation, iPad 2, iPad mini, iPhone 5S, 5/5C and 4/4S running iOS 7 Easily Unlock the Power of Your iPad, iPad mini, or iPhone Discover hundreds of tips and tricks you can use right away with your iPad, iPad

mini, or iPhone to maximize its functionality. Learn to use your iOS 7 mobile device as a powerful communication, organization, and productivity tool, as well as a feature-packed entertainment device. In addition to learning all about the apps that come preinstalled on your iPad or iPhone, you will learn about some of the best third-party apps currently available, plus discover useful strategies for how to best utilize them in your personal and professional life. Using an easy-to-understand, nontechnical approach, this book is ideal for beginners and more experienced iPad, iPad mini, or iPhone users who want to discover how to use the iOS 7 operating system with iCloud, and the latest versions of popular apps. If you're using an iPad running iOS 7, this book is an indispensable tool! Here's just a sampling of what the tips, tricks, and strategies offered in this book will help you accomplish:

- Discover how to take full advantage of powerful iOS 7 features, such as Control Center and AirDrop.
- Create and maintain a reliable backup of your iOS 7 device.
- Learn secrets for using preinstalled apps, such as Contacts, Calendars, Reminders, Maps, Notes, Safari, Mail, and Music.
- Find, download, and install the most powerful and versatile apps and content for your iPad, iPad mini, or iPhone.
- Synchronize files, documents, data, photos, and content with iCloud, your computer, or other iOS mobile devices.
- Learn how to interact with your tablet or phone using your voice with Siri and the Dictation feature.
- Discover how to take visually impressive photos using the cameras built in to your iPad, iPad mini, or iPhone, and then share them using iCloud Shared Photo Streams, Facebook, Twitter, email, or other methods.
- Use your iOS mobile device as an eBook

reader, portable gaming machine, and feature-packed music and video player.
