Dragon's Time Random House

NEW YORK TIMES BESTSELLER • FINALIST FOR THE LOCUS AWARD • The third novel in the legendary and magical series featuring dragons, adventure, romance, and heroism, from Hugo and Nebula Award-winning author Anne McCaffrey, “one of my favorite authors of all time” (Brandon Sanderson) “Anne McCaffrey’s Pern novels are truly foundational books; it’s hard to imagine the modern-day landscape of fantasy and science fiction without them.”—Naomi Novik, author of the Temeraire series When Lessa chose a dragon over her birthright, the hold she was to have inherited passed to Lord Jaxom instead. But Jaxom then muddied generations of Pern tradition by impulsively impressing Ruth, the small and singularly unique white dragon, as a child. From that moment on, the debate has raged. Is Jaxom now a dragonrider, or a lord holder? All anyone agrees on is that he cannot be both. But perhaps it is all academic anyway, for no one expects Ruth to survive. But Ruth not only survives, he thrives. With Jaxom on the cusp of adulthood, the thing the pair most desire is to fight Thread side-by-side with the larger dragons. Jaxom knows what his dragon is capable of, and now that he is—mostly—grown, he is determined to buck tradition. Fortunately, a teenage rebellion may be the key to both Pern’s salvation and winning the woman of his dreams. Don’t miss the original trilogy from Anne McCaffrey’s beloved Dragonriders of Pern series: DRAGONFLIGHT • DRAGONQUEST • THE WHITE DRAGON

Dragonsinger Del Rey

A new hero emerges in a divided world as one of sci-fi’s most beloved series—Anne McCaffrey’s Dragonriders of Pern—relaunches with this original adventure from Anne’s daughter, Gigi McCaffrey. In honor of the fiftieth anniversary of the Dragonriders of Pern series, Gigi does her mother proud, adding to the family tradition of spinning unputdownable tales that recount the adventures of the brave inhabitants of a distant

planet who battle the pitiless adversary known as Thread. The last time Thread attacked Pern, the world was unprepared for the fight—until the Oldtimers appeared. These courageous dragonriders arrived from the past, traveling four hundred years to help their descendants survive. But the collision of past and present took its toll. While most of the displaced rescuers adapted to their new reality, others could not abide the jarring change and found themselves in soul-crushing exile, where unhappiness and resentment seethed. Piemur, a journeyman harper, also feels displaced, cast adrift by the loss of his spectacular boyhood voice and uncertain of his future. But when the Masterharper of Pern sees promise in the young man and sends him undercover among the exiled Oldtimers, Piemur senses the looming catastrophe that threatens the balance of power between the Weyrs and Holds of Pern. When the unthinkable happens, Piemur must rise to the challenge to avert disaster and restore honor to the dragons and dragonriders of Pern. Because now, in a world already beset by Thread, another, more insidious danger looms: For the first time in living memory, dragons may be on the verge of fighting dragons.

The Renegades of Pern Del Rey

NEW YORK TIMES BESTSELLER Even though Lorana cured the plague that was killing the dragons of Pern, sacrificing her queen dragon in the process, the devastating disease has left too few dragons alive to fight the fall of deadly Thread. As morale at Telgar Weyr plunges in the wake of the widespread loss, and Weyrwoman Fiona and the harper Kindan struggle to keep hope from vanishing, a pregnant Lorana decides she must take drastic steps. Nothing short of manipulating time itself will undo the damage done by the plague. But attempting time travel could have devastating consequences—altering history, and destiny, forever. Now, somehow, Lorana must find a way to accomplish what seems impossible: bending the natural laws of the universe without wreaking havoc on existence itself. To ensure the future of Pern, she’s willing to take the fateful chance—even if it demands yet another, far greater, sacrifice. BONUS: This edition contains an excerpt from Anne McCaffrey and Todd McCaffrey's Sky Dragons.

The Death of Sleep Del Rey

Compilation of previously uncollected fiction, including a new novella about Pern.

Dragonsblood Del Rey

In this triumphant return to Pern, Anne McCaffrey takes us on an adventure as surprising and unforgettable as any that has come before . . . It is a time of hope and regret, of endings and beginnings. The Red Star, that celestial curse whose eccentric orbit was responsible for Thread, has been shifted to a harmless orbit, and the current Threadfall will be the last. Technological marvels are changing the face of life on Pern. And the dragonriders, led by F'lessan, son of F'lar and Lessa and rider of bronze Golanth, and Tia, rider of green Zaranth, must forge a new place for themselves in a world that may no longer need them. But change is not easy for everyone. There are those who will stop at nothing—not even violence—to keep Pern and its people pure. And now a brand-new danger looms from the skies . . . and threatens a catastrophe of unimaginable proportions. Once again, the world looks to the dragons and their riders to solve the crisis and save the world. But now, as the friendship of F'lessan and Tia begins to bloom into something more, unforeseen tragedy strikes: a tragedy destined to forever change the future—not just of the two young lovers, but of every human and dragon on Pern . . .

Dragon Drums Del Rey

Not every child who dies goes on to the afterlife. Some are caught halfway between life and death, in a sort of limbo known as Everlost: a shadow of the living world, filled with all the things and places that no longer exist. It’s a magical, yet dangerous place where bands of lost kids run wild and anyone who stands in the same place too long sinks to the center of the Earth. Allie and Nick don't survive the car crash, and end up in Everlost, where coins are more valuable than anyone knows, fortune cookies tell the truth, monsters are real, and the queen of lost souls lives in a once-beloved tower. Nick and Allie have to learn to survive in a world with different rules, and figure out who they can trust—and who they must oppose at all costs. At stake is nothing less than

the fate of Everlost and the living world they have left behind. In this gripping trilogy, Neal Shusterman explores questions of life, death, and what just might lie in between.

NEW YORK TIMES BESTSELLER • “A richly detailed story on a par with the rest of the Pern canon . . . another successful McCaffrey mother-and-son collaboration.”—Booklist At Natalon’s mining camp, Pellar embarks on a secret mission to discover whether the condemned criminals known as the Shunned are stealing coal. But the gifted tracker discovers that a far more treacherous plot is unfolding. A heartless thief named Tenim has realized there is profit to be made from firestone, the volatile mineral that enables the dragons of Pern to burn the lethal Thread out of the sky. When the last remaining firestone mine explodes, a desperate race begins to find a new deposit of the deadly but essential mineral. Sure enough, Tenim has a murderous plan to turn tragedy to his own advantage. Now Pellar and his new friends—the kind and gentle Halla, a child of the Shunned, and Cristov, the son of a corrupt miner—must stop Tenim. If they fail, it will mean the end for Pern and its dragonriders. “Grittier than the early parts of the series; Todd’s apparently brought a wider, more current worldview to Pern.”—The San Diego Union-Tribune “These fabled dragons still cast a spell.”—Publishers Weekly

The Dolphins of Pern Ultramarine Publishing

“[McCaffrey is the] master of the well-told tale.”—Chicago Sun-Times As long as the people of Pern could remember, the Holds had protected them from Thread, the deadly silver strands that fell from the sky. In exchange for sanctuary in the huge stone fortresses, the people tithed to their Lord Holders, who in turn supported the dragonriders, Pern’s greatest weapon against Thread. But not everyone on Pern was protected. Some, like Jayge’s trader clan, simply preferred the freedom of the roads to the security of a hold. Others, like Aramina’s family, had lost their homes. Regardless of their differences, however, they all feared the outlaws who preyed on holds and holdless alike. The Lady Thella’s renegades are the most dangerous yet—all they need is Aramina, whose telepathic link with dragons can help them evade the dragonrider patrols. But Jayge is out to stop Thella . . .and he will never let her have Aramina.
