The Cambridge Lower Secondary Complete Global Perspectives Student Book provides a clearly defined route through the subject that completely covers the three-year programme and all the required skills, making it fantastic value for money. This resource helps students to get the most out of Global Perspectives and supports them in developing the outlook of global citizens. It contains materials and exercises that become increasingly challenging as learners make progress, and develops key skills - research, analysis, evaluation, reflection, collaboration and communication - with engaging exercises. There are extension activities throughout, which stretch high-achieving students. End of stage reviews give learners the chance to consider and reflect on the knowledge and skills they have covered. It is written by Karem Roitman, who brings a wealth of valuable experience from her own teaching to the subject. The approach has been reviewed and informed by a team of international experts in the subject.
