**The Girl Who Shot JFK** Simon and Schuster

Aristotle Onassis was the most famous shipowner of the twentieth century. He became the archetype and image of the ship-owning magnate, the symbol of Greek enterprise on a global scale. What distinguished him from the rest was that he created the shipping business of the new global era, combining the European maritime tradition and the American institutions and resources. Almost all books written on Onassis focus on his lifestyle and personal life. This is the first book examining all aspects of his multi-faceted global business activities in the shipping, airline and oil industries. It is based on the newly-formed Onassis Archive comprising thousands of new and unpublished files of his core business. Contributors are: Alexandra Papadopoulou, Amalia Pappa, Maria Damilakou, Lars Scholl, and Christos Tsakas.  
[Leadership in World Shipping](#) Simon and Schuster

È tramontata l'epoca di re e imperatori, ma non quella delle grandi dinastie: le "case regnanti" della nostra epoca sono i Grimaldi di Monaco, ma soprattutto si chiamano Agnelli, Rockefeller, Hilton, Kennedy, Chaplin, Onassis, Gucci... Protagonisti dell'economia, finanziaria o industriale, della politica, della moda, dello spettacolo e dell'arte, i loro membri sono attori di vicende che fanno piangere o sognare. Sempre al centro di vortici di denaro, potere, fascino, genio, scandali e tragedie. Come si sono create, spesso partendo dal niente, le grandi fortune delle famiglie più in vista del nostro tempo, dai Versace ai Trump, ai Bush? Questo volume racconta i protagonisti di un secolo di gossip da un'ottica rigorosamente storica, offrendo al lettore una serie di intriganti biografie dei membri delle venticinque famiglie più influenti del XX secolo che, tutte assieme, dipingono il ritratto in chiaroscuro di un'intera epoca.  
*The Man with the Golden Typewriter* St. Martin's Press  
 This open access book belongs to the Maritime Business and Economic History strand of the Palgrave Studies in Maritime Economics book series. This volume highlights the contribution of the shipping industry to the transformations in business and society of the postwar era. Shipping was

both an example and an engine of globalization and structural change. In turn, the industry experienced and pioneered, mirrored and enabled key developments that led to the present-day globalized economy. Contributions address issues such as the macro-level shift of shipping's centre of gravity from Europe to Asia, the political and legal frameworks within which it developed, the strategies and performance of both successful and unsuccessful firms, and the links between the shipping industry and the wider economy and society. Without shipping and its ability to forge connections and networks of a global reach, the modern world would look very different. By bringing together scholars from various disciplinary and national backgrounds, this book advances our understanding of the linkages that bind economies and societies together.  
[Onassis Business History, 1924—1975](#) PLAZA & JANÉS  
 , PRIDE , ENVY , ANGER , COVETOUSNESS , GLUTTONY , SLOTH , LUST AND THEN THERE IS SIN ITSELF! From the Old Testament to W.C. Fields; Anonymous to Cary Grant, many words have been expressed on behalf of Sin, and the seven deadliest of them. This book is a riotous collection of 1,500 of these quotes. With amusing line drawings, and a foreword by James Finn Garner,

bestselling author of Politically Correct Bedtime Stories, that reassures the sinner not to feel guilty all the time, THE SEVEN DEADLY SINS is so witty, wise, and entertaining that it's a downright sin! Pride: "Don't accept your dog's admiration as conclusive evidence that you're wonderful." --Ann Landers Envy: "Jealousy is all the fun you think they had." --Erica Jong Anger: "Arguments only confirm people in their own opinions." --Booth Tarkington Covetousness: "The point is, you can't be too greedy." --Donald Trump Gluttony: "Better belly burst than good liquor be lost." --Jonathan Swift Sloth: "Never do today what you can do as well tomorrow." --Aaron Burr Lust: "Dancing is a perpendicular expression of a horizontal desire." --George Bernard Shaw Sin: "When choosing between two evils, I always take the one I've never tried before." --Mae West With a brief introduction to each sin as well as a definition and many, many synonyms (in case you thought what you did was not really sinful!), THE SEVEN DEADLY SINS and its 1,500 quotations is delicious, delightful--and devilish!

*Grandes dinastías* BRILL

This unconventional and lighthearted introduction to the ideas of the major Western philosophers examines The Simpsons — TV's favorite animated family. The authors look beyond the jokes, the crudeness, the attacks on society — and see a clever display of irony, social criticism, and philosophical thought. The writers begin with an examination of the characters. Does Homer actually display Aristotle's virtues of character? In what way does Bart exemplify American pragmatism? The book also examines the ethics and themes of the show, and concludes with discussions of how the series reflects the work of Aristotle, Marx, Camus, Sartre, and other thinkers.

*Literary Criticism and Theory* Pan Macmillan

"A clear and comprehensive guide to the religious and secular life of the Greek-American community," including naming a baby, planning a baptism, observing name days, baking communion bread, buying popular Greek music, what to say (in Greek) on special occasions, and much more.

**Health of People, Health of Planet and Our Responsibility** U of Nebraska Press

This incredibly useful volume offers an introduction to the history of literary criticism and theory from ancient Greece to the present. Grounded in the close reading of landmark theoretical texts, while seeking to encourage the reader's critical response, Pelagia Goulimari examines: major thinkers and critics from Plato and Aristotle to Foucault, Derrida, Kristeva, Said and Butler; key concepts, themes and schools in the history of literary theory: mimesis, inspiration, reason and emotion, the self, the relation of literature to history, society, culture and ethics, feminism, poststructuralism, postcolonialism, queer theory; genres and movements in literary history: epic, tragedy, comedy, the novel; Romanticism, realism, modernism and postmodernism. Historical connections between theorists and theories are traced and the book is generously cross-referenced. With useful features such as key-point conclusions, further reading sections, descriptive text boxes, detailed headings, and with a comprehensive index, this book is the ideal introduction to anyone approaching literary theory for the first time or unfamiliar with the scope of its history.

*The Publishers Weekly* Bloodlines of the Illuminati

Beautiful, yet mysterious and deadly, Pilar Rivera is forced into a life of kill or be killed. She has killer good looks and knows how to use them as she stalks and shoots the man who raped her in Havana when she was 16 – and becomes entwined in the crime of the ages. Rumored to be Ernest Hemingway's Cuban daughter, Pilar is a female Jason Bourne, a woman without a country, loyal

only to herself, who will kill for money but charges nothing for revenge. It's an amazing tale of sex, murder and intrigue, set in the turbulent times of the Cold War, as it moves from Cuba to Russia, New York to Paris, Miami to New Orleans then on to Dallas that notorious day in November. The story swirls around two larger-than-life figures of the 20th century – John F. Kennedy and Fidel Castro – along with a parade of iconic personalities: Jackie and Bobby, Marilyn and Sinatra, Che and Raul, Oswald and Ruby, the rat pack, the mob, the CIA and Hemingway. It's a fast-paced thriller, as told by Jack Ruby, the last man standing, the only person involved still alive – except for the girl who shot JFK.

**The Deadly Sins of Aristotle Onassis** Harper Collins

A clothbound companion to Marina Abramovic's tribute to Maria Callas, a new performance that recreates the iconic opera diva's famous onstage death scenes An opera production conceived by the legendary performance artist Marina Abramovic (born 1946), 7 Deaths of Maria Callas is a continuation of the artist's lifelong meditation on the female body as a source of both power and pain. Here Abramovic turns her focus to renowned opera singer Maria Callas, whose stunning soprano voice captivated audiences around the world in the mid-20th century. Though she remains one of opera's greatest singers, Callas' life was beset by struggle and scandal. Today, the opera diva is remembered for having been a figure of both talent and tragedy. Through a mix of narrative opera and film, Abramovic recreates seven iconic death scenes from the American-born Greek singer's most important roles--in La Traviata, Tosca, Otello, Madame Butterfly, Carmen, Lucia di Lammermoor and Norma--followed by an interpretive recreation of Callas' own death performed onstage by Abramovic herself. This clothbound volume serves as a companion to the live performance and provides insight into the conception, planning and execution of Abramovic's project, probing the many creative elements that make up this dynamic exploration of female suffering.

*Tales of the Seven Deadly Sins* Pan Macmillan

What if Kennedy were not killed that fateful day? What would the 1964 campaign have looked like?

Would changes have been made to the ticket? How would Kennedy, in his second term, have approached Vietnam, civil rights, the Cold War? With Hoover as an enemy, would his indiscreet private life finally have become public? Would his health issues have become so severe as to literally cripple his presidency? And what small turns of fate in the days and years before Dallas might have kept him from ever reaching the White House in the first place? The answers Greenfield provides and the scenarios he develops are startlingly realistic, rich in detail, shocking in their projections, but always deeply, remarkably plausible. If Kennedy Lived is a tour de force of American history from one of the country's most brilliant and illuminating political commentators. *The Visitors* Springer Nature

"A beautifully crafted novel that sits at the intersection of race and class, that flags the frank truth of the life of migrant workers for whom a flight to freedom can become the most finely woven trap."—JODI PICOULT, #1 New York Times bestselling author of *The Book of Two Ways* From the prize-winning author of *The Beekeeper of Aleppo* comes *Songbirds*, a stunning novel about the disappearance of a Sri Lankan domestic worker and how the most vulnerable people find their voices. Living on the island of Cyprus, Nisha is far from her native Sri Lanka. Though she longs to return home, she knows that working as a "maid" for a wealthy widow is the only way to earn enough to support her daughter, left behind to be raised by relatives. Yiannis is a poacher, trapping the tiny protected songbirds that stop in Cyprus as they migrate each year from Africa to Europe and selling them on the illegal market. He dreams of finding a new way of life, and of marrying Nisha. But one night, Nisha makes dinner, an aromatic dahl curry, for the family who pays her: Petra and her daughter Aliki. Then, after she cleans the kitchen and tucks Aliki into bed, Nisha goes out on a mysterious errand, and vanishes. When the police refuse to pursue the case, Petra takes on the investigation herself, a path that leads her to Nisha's friends—other workers in the neighborhood—and to the darker side of a migrant's life, where impossible choices leave them vulnerable, captive, and worse. Inspired by the real-life disappearance of domestic workers in Cyprus, Christy Lefteri has crafted a poignant, deeply empathetic narrative of the human stories behind the headlines. With infinite tenderness and skill, *Songbirds* offers a triumphant story of the fight for truth and justice, and of women reclaiming their lost voices.

NEW YORK TIMES BESTSELLER One of The Wall Street Journal's Ten Best Books of 2018 One of The Economist's Best Books of 2018 One of The New York Times's Notable Books of 2018 "Unarguably the best single-volume biography of Churchill . . . A brilliant feat of storytelling, monumental in

scope, yet put together with tenderness for a man who had always believed that he would be Britain's savior." —Wall Street Journal In this landmark biography of Winston Churchill based on extensive new material, the true genius of the man, statesman and leader can finally be fully seen and understood--by the bestselling, award-winning author of Napoleon and The Last King of America. When we seek an example of great leaders with unalloyed courage, the person who comes to mind is Winston Churchill: the iconic, visionary war leader immune from the consensus of the day, who stood firmly for his beliefs when everyone doubted him. But how did young Winston become Churchill? What gave him the strength to take on the superior force of Nazi Germany when bombs rained on London and so many others had caved? In Churchill, Andrew Roberts gives readers the full and definitive Winston Churchill, from birth to lasting legacy, as personally revealing as it is compulsively readable. Roberts gained exclusive access to extensive new material: transcripts of War Cabinet meetings, diaries, letters and unpublished memoirs from Churchill's contemporaries. The Royal Family permitted Roberts--in a first for a Churchill biographer--to read the detailed notes taken by King George VI in his diary after his weekly meetings with Churchill during World War II. This treasure trove of access allows Roberts to understand the man in revelatory new ways, and to identify the hidden forces fueling Churchill's legendary drive. We think of Churchill as a hero who saved civilization from the evils of Nazism and warned of the grave crimes of Soviet communism, but Roberts's masterwork reveals that he has as much to teach us about the challenges leaders face today--and the fundamental values of courage, tenacity, leadership and moral conviction.

**Ava Gardner** Litres

Peter Evans's biography of Aristotle Onassis, Ari, metwith great acclaim when it was published in 1986. Ariprieved the world with an unprecedented glimpse of theGreek shipping magnate's orbit of dizzying wealth, twistedintrigues, and questionable mores. Not long after the bookappeared, however, Onassis's daughter Christina and hislongtime business partner Yannis Georgakis hinted toEvans that he had missed the "real story" -- one that provedOnassis's intrigues had deadly results. "I must begin,"Georgakis said, "with the premise that, for Onassis, BobbyKennedy was unfinished business from way back..." His words launched Evans into the heart of a story thattightly bound Onassis not to Jackie's first husband, but tohis ambitious younger brother Bobby. A bitter rivalryemerged between Bobby and Ari long before Onassis andJackie had even met. Nemesis reveals the tangled thread ofevents that linked two of the world's most powerful men intheir intense hatred for one another and uncovers thesurprising role played by the woman they both loved. Theirpower struggle unfolds against a heady backdrop ofinternational intrigue: Bobby Kennedy's discovery of theGreek shipping magnate's shady dealings, which led him tobar Onassis from trade with the United States; Onassis'sattempt to control much of Saudi Arabia's oil; Onassis'suntimely love affair with Jackie's married sister LeeRadziwill; and his bold invitation to First Lady Jackie tojoin him on his yacht -- without the president. Just as theself-made Greek tycoon gloried in the chance to stir thewrath of the Kennedys, they struggled unsuccessfully tobreak his spell over the woman who held the key to all oftheir futures. After Jack's death, Bobby became ever closeto Camelot's holy widow, and fought to keep her frommarrying his sworn rival. But Onassis rarely failed to getwhat he wanted, and Jackie became his wife shortly afterBobby was killed. Through extensive interviews with the closest friends,lovers, and relatives of Onassis and the Kennedys, longtimejournalist Evans has uncovered the shocking culmination ofthe Kennedy-Onassis-Kennedy love triangle: AristotleOnassis was at the heart of the plot to kill Bobby Kennedy.Meticulously tracing Onassis's connections in the world ofterrorism, Nemesis presents compelling evidence that hefinanced the assassination -- including a startling confessionthat has gone unreported for nearly three decades. Alongthe way, this groundbreaking work also daringly paintsthe international icons in all of their true colors. FromEvans's deeply nuanced portraits of the charismatic Greekshipping magnate and his acquisitive iconic bride to hisprobing and revelatory look into the events that shaped anera, Nemesis is a work that will not be soon forgotten.

**Seven Deadly Sins** St. Martin's Press

"The most complete and engrossing biography yet of this exotic Southern girl...Excellent."—Liz Smith She was the sex symbol who dazzled all the other sex symbols. She was the temptress who drove Frank Sinatra to the brink of suicide and haunted him to the end of his life. Ernest Hemingway saved one of her kidney stones as a sacred memento, and Howard Hughes begged her to marry him—but she knocked out his front teeth instead. She was one of the great icons in Hollywood history—star of *The Killers*, *The Barefoot Contessa*, and *The Night of the Iguana*—and

one of the few whose actual life was grander and more colorful than any movie. Her jaw-dropping beauty, charismatic presence, and fabulous, scandalous adventures fueled the legend of Ava Gardner—Hollywood's most glamorous, restless and uninhibited star. In this acclaimed first full biography of Gardner, Lee Server recreates—with great style and vivid detail—the actress's life, from her beginnings as a barefoot North Carolina farm girl to her heady days as a Hollywood goddess. He paints the full spectacle of her tumultuous private life—including her string of failed marriages to Mickey Rooney, Sinatra and Artie Shaw—and Gardner's lifelong search for adventure and love. Ava Gardner: "Love is Nothing" is both an exceptional work of biography and a richly entertaining read.

Soul Sisters by Lesley Lokko is a rich, intergenerational tale of love, race, power and secrets which centres on the lifelong friendship between two women: Scottish Jen McFadden and South African-born Kemisa Mashabane, known to her friends as Kemi. Since childhood, Jen and Kemi have lived like sisters in the McFadden family home in Edinburgh, brought together by a shared family history which stretches back generations. Kemi was educated in Britain alongside Jen and the girls could not be closer; nor could they be more different in the paths they take in life. But the ties that bind them are strong and complicated, and a dark family secret exists in their joint history. Solam Rhoyi is from South Africa's black political elite. Handsome, charismatic, charming, and a successful young banker, he meets both Kemi and Jen on a trip to London and sweeps them off their feet. Partly influenced by her interest in Solam, and partly on a journey of self-discovery, Kemi, now 31, decides to return to the country of her birth for the first time. Jen, seeking an escape from her father's overbearing presence, decides to go with her. In Johannesburg, it becomes clear that

Solam is looking for the perfect wife to facilitate his soaring political ambitions. But who will he choose? All the while, the real story behind the two families' connection threatens to reveal itself - with devastating consequences . . .

[Autonomous Technology](#) Open Court

Robert F. Kennedy's assassination in 1968 seems like it should be an open-and-shut case. Many people crowded in the small room at Los Angeles's famed Ambassador Hotel that fateful night saw Sirhan Sirhan pull the trigger. Sirhan was also convicted of the crime and still languishes in jail with a life sentence. However, conspiracy theorists have jumped on inconsistencies in the eyewitness testimony and alleged anomalies in the forensic evidence to suggest that Sirhan was only one shooter in a larger conspiracy, a patsy for the real killers, or even a hypnotized assassin who did not know what he was doing (a popular plot in Cold War-era fiction, such as The Manchurian Candidate). Mel Ayton profiles Sirhan and presents a wealth of evidence about his fanatical Palestinian nationalism and his hatred for RFK that motivated the killing. Ayton unearths neglected eyewitness accounts and overlooked forensic evidence and examines Sirhan's extensive personal notebooks. He revisits the trial proceedings and convincingly shows Sirhan was in fact the lone assassin whose politically motivated act was a forerunner of present-day terrorism. The Forgotten Terrorist is the definitive book on the assassination that rocked the nation during the turbulent summer of 1968. This second edition features a new afterword containing interviews and new evidence, as well as a new examination of the RFK assassination acoustics evidence by technical analyst Michael O'Dell.

From the highly acclaimed author of The Photographer of the Lost, a BBC Radio 2 Book Club Pick, comes a tale of a young war widow and one life-changing, sun-drenched visit to Cornwall in the summer of 1923... Esme Nicholls is to spend the summer in Cornwall. Her late husband Alec, who died fighting in the war, grew up in Penzance, and she's hoping to learn more about the man she loved and lost. While there, she will stay with Gilbert, in his rambling seaside house, where he lives with his former brothers in arms. Esme is fascinated by this community of eccentric artists and former soldiers, and as she gets to know the men and their stories, she begins to feel this summer might be exactly what she needs. But everything is not as idyllic as it seems - a mysterious new arrival later in the summer will turn Esme's world upside down, and make her question everything she thought she knew about her life, and the people in it. Full of light, laughter and larger-than-life characters, The Visitors is a novel of one woman finally finding her voice and choosing her own path forwards. This open access book not only describes the challenges of climate disruption, but also presents solutions. The challenges described include air pollution, climate change, extreme weather, and related health impacts that range from heat stress, vector-borne diseases, food and water insecurity and chronic diseases to malnutrition and mental well-being. The influence of humans on climate change has been established through extensive published evidence and reports. However, the connections between climate change, the health of the planet and the impact on human health have not received the same level of attention. Therefore, the global focus on the public health impacts of climate change is a relatively recent area of interest. This focus is timely since scientists have concluded that changes in climate have led to new weather extremes such as floods, storms, heat waves, droughts and fires, in turn leading to more than 600,000 deaths and the displacement of nearly 4 billion people in the last 20 years. Previous work on the health impacts of climate change was limited mostly to epidemiologic approaches and outcomes and focused less on multidisciplinary, multi-faceted collaborations between physical scientists, public health researchers and policy makers. Further, there was little attention paid to faith-based and ethical approaches to the problem. The solutions and actions we explore in this book engage diverse sectors of civil society, faith leadership, and political leadership, all oriented by ethics, advocacy, and policy with a special focus on poor and vulnerable populations. The book highlights areas we think will resonate broadly with the public, faith leaders, researchers and students across disciplines including the humanities, and policy makers.
