*Bookleggers and  
Smuthounds* Rowman  
& Littlefield  
Now in paperback, the  
second book of the  
Aven Cycle explores a  
magical Rome-inspired  
empire, where  
senators, generals, and  
elemental mages vie  
for power. Latona of  
the Vitelliae, mage of

Spirit and Fire, is eager  
to wield her newfound  
empowerment on  
behalf of the citizens of  
Aven--but societal  
forces conspire to keep  
her from exercising her  
gifts, even when the  
resurgence of a  
banished cult plots the  
city's ruin. To combat  
this threat, Latona  
must ally with Fracture  
mage Vibia, the  
distrustful sister of  
Sempronius Tarren.  
While Latona struggles

to defend their home, Sempronius leads soldiers through wartorn provinces to lift the siege of Toletum, where Latona's brother Gaius is hemmed in by supernatural forces. Sempronius must contend not only with the war-king Ekialde and his sorcerers, but with the machinations of political rivals and the temptations of his own soul, ever-susceptible to the darker side of ambition. Though separated by many miles soon after their love affair began, Latona and Sempronius are united by passion as they strive to protect Aven and build its glorious future.

From the editors at Writer's Digest, this fantastic resource for romance writers details hundreds of magazine and book publishers who are interested in acquiring and publishing new romantic fiction. Each market listing provides information on where the publisher is located, what they're looking for, who to contact, how to reach them, and what their terms are. Each entry also comes with special insider tips for getting

their attention. You want to get your romance published? Start by looking here. *Black Belt* Emerald Group Publishing Between the two world wars, at a time when both sexual repression and sexual curiosity were commonplace, New York was the center of the erotic literature trade in America. The market was large and contested, encompassing not just what might today be considered pornographic material but also sexually explicit fiction of authors such as James Joyce, Theodore Dreiser, and D.H. Lawrence; mail-order manuals; pulp romances; and "little dirty comics." Bookleggers and Smuthounds vividly

brings to life this significant chapter in American publishing history, revealing the subtle, symbiotic relationship between the publishers of erotica and the moralists who attached them—and how the existence of both groups depended on the enduring appeal of prurience. By keeping intact the association of sex with obscenity and shameful silence, distributors of erotica simultaneously provided the antivice crusaders with a public enemy. Jay Gertzman offers unforgettable portrayals of the "pariah capitalists" who shaped the industry, and of the individuals, organizations, and government agencies that sought to control them. Among the most compelling

personalities we meet are the notorious publisher Samuel Roth, "the Prometheus of the Unprintable," and his nemesis, John Sumner, head of the New York Society for the Suppression of Vice, a man aggressive in his pursuit of pornographers and in his quest for a morally united—and ethnically homogeneous—America.

On the surface, Brandon Willard seems like your average eight-year-old boy. He loves his mama, peanut butter and jelly sandwiches, and G. I. Joe. But Brandon's life is anything but typical. Wise beyond his years, Brandon understands he's the only one in this world he can count on. It's an outlook that

serves him well the day his mama leaves him behind at the Raleigh bus station and sets off to Canada with "her destiny" -- the latest man that she hopes will bring her happiness. The day his mother leaves, Brandon takes the first step toward shaping his own destiny. Soon he sends himself spending pleasant days playing with his cousins on his grandparents' farm and trying to forget the past. In the safety of that place, Brandon finally is able to trust the love of an adult to help iron out the wiry places until his nerves are as steady as any other boy's. But when Sophie Willard shows up a year later with a determined look in her eye and a new man in tow, Brandon's

grandparents ignore a judge's ruling and flee the state with Brandon. Creating a new life and identity in a small Florida town, Brandon meets the people who will fill him with self-worth and self-respect. He slowly becomes involved with "God's Hospital," a church run by the gregarious Sister Delores, a woman who is committed to a life of service for all members of the community, black and white, regardless of some townsfolk's disapproval.

As a kid, Noam Chomsky handed out the Daily Mirror at his uncle's newsstand on 72nd Street, inadvertently finding himself in a buzzing intellectual and political hub for European immigrants in New York. Iranian

human rights Nobelist Shirin Ebadi and her husband signed their own legal contract, attempting to restore equality to their marriage after the Iranian Revolution effectively erased the legal rights of women. Elizabeth Warren set out to expose those frauds declaring bankruptcy and taking advantage of the system-only to discover, in her research, a very different story of hard-working middle-class families facing economic collapse in the absence of a social safety net. While studying at Oxford, a young Tariq Ali made a bet with a friend that he could work the Vietnam War into every single answer on his final exams. In this rousing, thoughtful,

often funny, and always inspiring volume, a diverse and impressive group of thinkers reflect on those formative experiences that shaped their own political commitments. A fascinating new window into the revealing links between the personal and the political, *Political Awakenings* will engage readers across generations.

From typographic illustrator Marian Bantjes, *I Wonder* will make you think in new ways about art, design, beauty, and popular culture. This unique presentation features

the elaborately crafted word pictures of Marian Bantjes, the most inventive and creative typographic illustrator of our time. Whether intricately hand-drawn or using computer illustration software, Bantjes's work crosses the boundaries of time, style, and technology. There is, however, another side to Bantjes's visual work: her thoughtful treatises on art, design, beauty, and popular culture that add a deeper dimension to the decorative nature of her best-known work. These reflections cover the cult of Santa, roadside advertising, photography and memory, the alphabet's letterforms, heraldry, and stars. Bantjes's writing style ranges from the playful to the confrontational,

but it is always imbued with perspicacity, insight, and a sense of fun. Intended to inspire creatives of any persuasion, this is more than a collection of ideas: Bantjes has meticulously illustrated every page of the book in her inimitable style to create an accessible work of art that is far greater than the sum of its parts. Quirky, poignant, astute, funny--this beautiful book presents a compelling collection of observations on visual culture and design. In Stefan Sagmeister's telling words, Bantjes's work is his "favorite example of beauty facilitating the communication of meaning." This paperback edition is expanded with a new essay from the author. Outstanding Books for
